**Note: If you do not see your event group daily specific instruction, you will receive your specific workout at the start of practice.**

**Vets:** You had a good first week, most of you were even able to be on the outdoor track this past week for much of the week. We had a very good first team inter squad last Friday night. We will have a very competitive team this season and our depth in all areas in much stronger this year! Continue to take ownership of the team this week. We have one more indoor meet this week to test ourselves. This week, on Friday afternoon, we will dual Mounds View at Bethel University

Indoor Fieldhouse. Final roster for the following weeks Saint Johns Midwest Minnesota Showcase will be determined AFTER this weeks indoor meet at Bethel

**Rookies:** You made it through your first week as members of Wayzata Track & Field. Practice and workouts should start to feel routine this week. Continue this week to “find an event” each day. When we do hurdles, jumps, or vault consider going with that group. Throws practice everyday in gym 9. The first meet of the year is always tough but you did well. You found your way to the line/runway/ring and got a time/mark tom now improve upon.

**Parents:**

You are welcome to attend Friday’s meet at the Bethel Indoor Fieldhouse. There is no price for admission. Keep in mind there is VERY LIMITED standing room only places to watch the meet. There are no bleachers and parents will need to stand against the walls if they want to watch. Parents, We need you to join the Wayzata Boosters on behalf of Boys Track and Field. The boosters covers our indoor rentals. Keep in mind, we do not charge for any meet admission at Wayzata hosted events so please considering joining on behalf of our team. If you are looking to get more involved, the boys track and field team is always looking for Wayzata Boosters representatives. The group meets once a month and is the primary fundraising group for all Wayzata athletics. Contact Coach Berndt if you would like to get involved

**Reminders for ALL:**

- Still have clothes to workout OUTSIDE – Temps are going to go back down to the 30’s/40’s by midweek. Your body can ill afford to lose precious heat when getting a workout in. Always error on the side of having too much in your locker to go outside, you can always shed layers. The first days of the week, most of the team will be outside at some point.
- BE CAREFUL OUTSIDE. Cars are not used to athletes using the sidewalks. Make sure you cross the street in the sidewalks. Even if you have a green light at an intersection, make eye contact with the drivers coming your way. In a battle between car and human, the car usually wins no matter what color the crossing light is. Be careful walking to the stadium, the ~~racetrack~~ road past the stadium can be tricky sometimes.
- Make sure to check the schedule for Friday afternoon. We have a lot of moving pieces starting during school. Plan on bringing some light foods for right after you compete. Do not rely on vending machines prior to departure.
- Do not throw snow at other people/cars/animals outside. It is annoying and counterproductive to getting a workout in outside.

**Next Week:**

- We will take around 60 varsity athletes to Saint Johns for the Midwest Minnesota Showcase indoor invite at Alexandria and Minnetonka. Final roster will be determined after this Friday’s indoor meet. Keep in mind, for those competing at SJU, will leave with about 5 minutes left in block 4. This will also be the last day of term 3
- Many of you have term 3 finals next week. Use the weekend to prepare for these final exam/projects/labs... Spring Break starts at the end of next week. Remember, our team policy is that if you are in town, you need to be at practice, if not you need to let us know and follow the practice schedule on your own. You will receive spring break specifics next week.
- Make sure to communicate with your event coaches next week as to when you might be out of town for spring break starting at the end of this week. It is expected that if you are in town you should be at practice. If you are traveling for spring break you should have a plan for workouts. Don’t lose your fitness after almost three weeks of the season completed.

fast down, and from the ground, fast up.**
