Penny War!

## Points

### ADDING

\$20 bill	+2000 points

### SUBTRACTING

Nickles	-5 points
Dimes	-10 points
Quarters	-25 points

Pennies are "positive." Here's how it works:

- Containers are located in the front hallway by the steps.
- Each penny counts as one positive point for YOUR grade.
- Each silver coin counts as negative points for OTHER grades. In other words, dropping a quarter in another grade's bucket takes 25 points from their total.
- At the end of the day on March 28th, all change/points will be tallied ...

 The grade with the most points will win a [popsicle party!](#)

Start saving your spare change and put it towards a great cause!  
All proceeds from our penny war fundraiser will go to support the school.
