

Attention Seniors:

Many of our local organizations recognize various seniors for the contributions during their high school careers. Some of these awards are based around athletic accomplishments, academic accomplishments and community service. To help us better understand the accomplishments of our student-athletes, please complete the attached document to provide information to our school committee who will be making the selections. As much information as you can provide will be most helpful.

This form should be submitted to the Athletic Office when completed by the athlete.

If you have any questions, please see your coach or Athletic Director, Jeff Todd.

Spring sport athletes will have the opportunity to add an addendum at the conclusion of their spring season.

Student-Athlete Information

Must have a minimum of 3.0 GPA

This information will be used to determine eligibility for nominations for awards given by outside institutes.

Name _____ Season _____

Sport _____ Current GPA _____

Are you receiving a Division I or II scholarship in any sport? Yes No If yes, which sport? _____
