EXECUTIVE SUMMARY SUPERINTENDENT'S FY2026 TENTATIVE RECOMMENDED BUDGET

As required by Georgia Statute and the State Board of Education, the Cherokee County School District (CCSD) Annual Budget for the next fiscal year must be prepared by the Superintendent of Schools for presentment to the School Board for consideration and adoption prior to the end of the current fiscal year, June 30, 2025.

The Superintendent's Recommended Tentative Budget provides a detailed plan for next year's operation of the School District, which addresses the Key Priorities, recommendations of School Board Members; and the fiscal, programmatic and operational impact of pending and approved legislation from the 2025 session of the Georgia General Assembly. The Key Priorities are all tied to Elevating Excellence for the nearly 43,000 students, 6,000 staff members, and the growing community in the years ahead. **This is accomplished with no change in the overall millage rate, which is recommended to remain at 16.45 mills for Maintenance and Operations and 1.5 mills for Bond Debt Service. The combined recommended millage rate of 17.95 mills is the lowest millage rate in Cherokee County in more than 30 years.**

The recommended FY26 budget is positioned to further advance the resources that are closest to the students, invest in retaining and recruiting the most talented, dedicated, and skilled teachers and support professionals, and advancing safety and security because of the school board's unanimous decision to maintain CCSD's ability to ensure that local revenue in Cherokee County continues to maintain pace with the development of the local economy and local tax digest. Opting out of applying a new Statewide Floating Homestead Exemption as outlined by HB581/HR1022 positioned the school board to preserve the full tax exemption for eligible seniors age 62 and over, honor existing exemptions, and maintain the same low millage rate for the upcoming school year. The FY26 Budget has been developed with a focus on:

1. Invest in resources as close to students as possible

- Improve teacher-student ratio in 4th and 5th grade (+20 teachers)
- Increase school psychologist (+2 school psychologists)
- Invest in comprehensive K-12 English Language Arts (Reading & Writing) and K-12 Mathematics Instructional Resources to build the toolbox of resources for teachers

and improve the print and digital resources available for students (+\$8.3M)

- Increase school-based budgets to support consumable instructional materials, classroom supplies, and instructional expenses (+\$1.4M)

2. Invest in teachers and the staff that are providing direct support and services to students

- Increase teacher salaries by 3% in addition to the longevity step increase (+\$11.2M local expense)
- Increase support staff salaries by 3% in addition to the longevity step increase (+\$8.1M local expense)
- Honor the current salary schedule for Administrative Staff on the District Organizational Chart
- Fully fund the employer portion of the increase in State Health Benefit Plan premiums and TRS for all employees (+\$5.2M local expense)

3. Invest in resources to advance school safety & security

- Add one Campus Security Monitor for high school campuses with multiple buildings (+3 monitors for CHS, EHS, and SHS).
- Equip School Police with body cameras

4. Invest in the future for Cherokee County students by being excellent stewards of public funds

- Shed redundant, duplicative and/or non-aligned programs and materials
- Leverage current operations and systems to make the best and most efficient use of existing resources
- Continue building fund balance (Reserves).

The balanced budget prepared for FY26 invests more than ever in resources impacting students, our teachers and support staff, and school safety and security. The path to accomplishing this effort relied on the following:

- Cutting the central office budget by more than 3%.
- Re-allocating \$1.4M from central office department funds to school-based allocations.
- Re-aligning \$8.7M (beyond the 3%) from the general operating budget to other eligible sources (i.e. grants, Ed-SPLOST).
- Eliminating four central office positions.

The proposed investments and expenditure adjustments are a direct reflection of the priorities of the Cherokee County School Board coupled with the insights and perspectives gathered by the Superintendent through more than one hundred classroom visits and

focus group discussions with students, teachers, staff, leaders, families, and community partners. The proposed investments and expenditure adjustments will advance the district's four Key Priorities and the district's student achievement goals established by the School Board:

Key Priorities

1. Elevate the Excellence in academics and achievement for all students
2. Elevate the Excellence in effective School Board-Superintendent Governance
3. Elevate the Excellence in the district's coordination of goals, systems, and processes
4. Elevate the Excellence by embracing a pervasive high-quality school environment defined by high standards, effective supports, and consistent practices

CONCLUSION

The Superintendent's Recommended FY2026 Budget is developed through conservative zero-based budgetary frameworks and principles while providing strategies to assure students in Cherokee learn more, grow more and achieve more than they could anywhere else.

As part of the School Board's Meeting on March 20, 2025, the Superintendent will be requesting that the School Board review and table the Tentative Budget. After public advertisement and public hearings as required by Georgia Law, the School Board will receive final comments on the Tentative Budget, make revisions as necessary and be requested to adopt a final CCSD FY2026 Budget and set the 2025 millage rate at its April 17, 2025 School Board Meeting.

FY2026 SCHOOL BOARD MEMBER BUDGET PRIORITIES

- Continue to support the financial well-being of the district by opting out of the floating homestead exemption, utilizing Ed-SPLOST funds to the fullest potential, reducing non-classroom expenditures, auditing instructional resources for effectiveness and shedding ineffective materials, re-aligning resources and staff as needed to address gaps in services, increasing reserves, improving the credit rating, and maintaining the overall millage rate.
- Provide teachers with the necessary standards-based instructional resources to meet the needs of all levels of learners in ELA/Reading and Math.
- Continue to make improvements to facilities, staffing/compensation, policies and procedures to build on and improve safety and security measures for students, faculty, and staff.
- Continue to use ongoing furniture and equipment audits to indicate further purchasing needs in all areas. Ensure all leases of CCSD property are increased to cover increased energy, security, etc.
- Explore grants the District might qualify for while advocating for increased state and local funding to address the needs of a diverse student population (economically disadvantaged, English Learners, Special Education, etc.).
- Continue to evaluate staffing of student support professionals (behavior coaches, nurses, social workers, psychologists, etc.) and Instructional Lead Strategists and adjust as needed to address the needs of students and teachers.
- Honor CCSD salary scales and fairly compensate all CCSD employees to attract and retain the best professionals in the industry with an emphasis on those in roles that directly impact students and the classroom. Consider improvements to employee work calendars as a part of the compensation package.
- Maintain a full instructional calendar for students and no furlough days for staff.
- Continue to evaluate and enhance CTAE offerings and Career Pathways that will benefit all students and help them graduate ready to enter the workforce or continue to a college/university, trade school or workforce.
- Continue to upgrade buses and routes to ensure that the transportation provided by CCSD is safe and meets the needs of the community.
- Continue to put academic performance of students and accountability first.

CHEROKEE COUNTY SCHOOL DISTRICT

OPERATING OVERVIEW

LEGAL ENTITY

The Cherokee County Board of Education (School Board) was established under the Constitution and laws of the State of Georgia. The School Board members are elected by the voters and the Superintendent is appointed by the School Board. The School Board is organized as a separate legal entity and has the power to levy taxes and issue bonds and its budget is not subject to approval by any other entity. Accordingly, the School Board is a primary government and consists of all the organizations that compose its legal entity.

BUDGET PROCESS

The Cherokee County Board of Education's budget is a detailed operating plan presented in a financial format as required by the State of Georgia, which identifies estimated expenditures in relation to estimated revenues. The budget reflects the School Board's priorities and represents a process through which policy decisions are developed, implemented and controlled. The budget is prepared on the modified accrual basis. The Office of Financial Management reviews the budgets for reasonableness and compliance, monitors them throughout the fiscal year and, if necessary, modifies them to assure the overall integrity of the School District's Annual Budget. If at any time during the budget year expenditure of funds in any budget function for any fund is anticipated to exceed by five percent the amount budgeted for that function in the School Board-approved budget, the Superintendent must recommend a budget amendment by the School Board to authorize the additional anticipated expenditures.

BASIS OF ACCOUNTING

The current financial resources measurement focus and the modified accrual basis of accounting are utilized for Governmental Funds, Expendable Trust Funds, and Agency Funds, meaning revenues are recognized in the accounting period in which they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Significant revenues susceptible to accrual include ad valorem taxes, reimbursable-type grants and interest on investments. The School Board considers ad valorem taxes as available if they are collected within sixty (60) days after year-end. Expenditures are recorded when the fund liability is incurred.

FINANCIAL ACCOUNTS

The accounts of the School District are organized based on funds and account groups. The individual funds account for the governmental resources allocated for the purpose of carrying out specific activities in accordance with special regulations, restrictions or limitations. Governmental funds are used to account for the programs and activities of the governmental functions of the School District:

- **General Fund:** serves as the primary operating fund of the School District. It is used to account for all financial resources except those required to be accounted for in other funds.
- **Debt Service Funds:** used to account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt.
- **Capital Outlay Funds:** used to account for financial resources to be used for acquisition or construction of capital facilities and equipment.

EXPENDITURES

Expenditures are generally recognized when the related liability is incurred and the transaction or event is expected to draw upon current spendable resources. To incur an expense, the item purchased must be received and consumed or the service purchased must be performed. Expenditures are categorized under seven dimensions that are needed for reporting data to the Georgia Department of Education:

- **Object:** identifies the type of service or commodity as a result of a specific expenditure. There are eight major object categories: (1) Personal Services - Salaries, (2) Personal Services - Benefits, (3) Purchased Professional and Technical Services, (4) Purchased Property Services, (5) Other Purchased Services, (6) Supplies, (7) Property, and (8) Other Expenses.
- **Function:** identifies group-related activities that aim to accomplish a major service or regulatory responsibility. The major categories are Instructional Services, Pupil Services, Improvement of Instructional Services, Instructional Staff Training, Educational Media Services, General Administration, School Administration, Support Services-Business, Maintenance and Operation of Plant Services, Student Transportation Services, Support Services-Central, School Nutrition Program, Community Services Operations, Facilities Acquisition and Construction Services, and Other Uses.
- **Facility:** designates the location where costs occur (schools and departments).
- **Program:** provides information on the objectives of expenditures.
- **Fiscal Year:** defines the 12-month period for which the budget applies (7/1/25 - 6/30/26).
- **Grant:** identifies State and Federal grants for reporting by code numbers assigned by the Georgia Department of Education.

- **Project/Reporting:** accounts for expenditures on projects funded through grants and to account for construction projects.

REVENUE SOURCES

The School District receives revenues for the purpose of educating students from three primary sources: state, local and federal sources.

State Support – The focus of the State educational funding program bases financial support for education upon the individual student participating in a particular educational program rather than upon the number of teachers or classrooms. The Georgia Quality Basic Education (QBE) funding formula is based on full-time equivalent (FTE) student counts in 19 instructional programs. Each of the programs is weighted to reflect the State's estimated costs associated with the program. School districts with higher concentrations of students requiring special education or remedial education receive additional funding needed to provide appropriate instructional services.

In addition, State funds are appropriated to meet other needs by means of categorical programs and special allocations. These include Indirect Costs, Media Center Program, 20 Days Additional Instruction, Staff and Professional Development, Pupil Transportation Program, State Principal Supplements and Nursing. **Projected State funding as a percent of total revenue is 37.7% for FY2026.**

Local Support – Local revenue for school support is derived largely from ad valorem property taxes. Each school board is required under Georgia Quality Basic Education (QBE) to contribute a "local fair share" equal to approximately a five mill levy on the statewide equalized, adjusted tax digest. In addition, school boards are allowed to levy property taxes in excess of the required five effective mills to provide or support programs not funded by the State, up to a maximum of 20 mills for Maintenance and Operations (M&O). School Boards may also elect to levy additional mills for the purpose of re-paying bond indebtedness. **Projected Local funding as a percent of total revenue is 56.4% for FY2026.**

Federal Support – Federal revenue for schools comes in two primary forms: flow-through grants from the Georgia Department of Education that are based on formulas intended to support students with high needs; and support of the United States Department of Agriculture School Nutrition Program. **Projected Federal funding as a percent of total revenue is 4.3% for FY2026.**

CAPITAL OUTLAY BUDGET PROCESS

Funds to be budgeted for capital outlay appropriations are derived and estimated from the funding sources listed below:

- State Sources (Requires Legislative Approval):
 1. Georgia State Financing Investment Commission (GSFIC)
 2. Capital Outlay Entitlement
- Local Sources:
 1. Bond Sales supported by 1% Special Local Option Sales Tax (Ed-SPLOST) Collections
 2. 1% Ed-SPLOST Collections
 3. Interest on Investments
 4. Transfers

The determination of the capital outlay budget is made in a multi-step, five-year planning process. The major components of the capital outlay budget are facilities projects, land acquisitions, technology and miscellaneous repairs/renovations. New school projects are budgeted over a multiple-year period and the annual appropriation amounts are determined based on the latest approved project budgets.

CHEROKEE COUNTY SCHOOL DISTRICT COMPARISON OF 2024-25 MILLAGE RATE TO RECOMMENDED 2025-26 MILLAGE RATES FISCAL YEAR 2025-26

In order to participate in the State's Quality Basic Education (QBE) Program, each school district is required to contribute a "required local effort" amount, determined by the State to be equal to a five mill levy on the equalized, adjusted statewide property tax digest.

For Cherokee County School District this required local effort is expected to be **\$86,421,654 in 2025-26**, representing 5 mills of local property tax. Cherokee County Government also assesses taxpayers 2.0% or 0.33 mills annually to collect local taxes, which is also included in the Maintenance and Operation millage rate.

For Fiscal Year 2025-26 the proposed total millage rate will remain 17.95 mills, with 16.45 mills for Maintenance and Operation and 1.50 mills for repayment of bonds issued in previous years.

CHEROKEE COUNTY SCHOOL DISTRICT FUNDING PRIORITIES BUILDING FUND FISCAL YEAR 2025-26

The Building Fund consists of three primary sources of revenue: proceeds from the issuance of General Obligation Bonds, collection of the 1% Special Purpose Local Option Sales Tax for Education (Ed-SPLOST) and limited funds earned through the State of Georgia capital outlay funding process [Georgia State Financing and Investment Commission (GSFIC)].

On November 2, 2021, the citizens of Cherokee County were asked to support the School District through approval of continuation of the Ed-SPLOST. The referendum was overwhelmingly supported by citizens (more than 74% voted “yes”) and approved for the continuation of the 1% Ed-SPLOST for the years 2022 through 2027. Funds derived from Ed-SPLOST are used to pay the debt service on previously issued bonds as well as pay for current capital outlay needs as stated in the referendum, including technology infrastructure and equipment, repair/renovation/maintenance of existing buildings and other items.

*Does NOT include federal subsidies on the Series 2009B BABs or the Series 2010B QSCBs because they are subject to Congressional appropriation annually. The District anticipates receiving a federal subsidy payment totaling \$328,122 on August 1, 2025 and \$205,958 on February 1, 2026 for the Series 2009B BABs and \$1,007,335 on August 1, 2025 and February 1, 2026 for the Series 2010B QSCBs.

**The School District makes an annual payment of \$3,680,866 on or around January 15 of each year into the Series 2010B QSCB Invested Sinking Fund. The Invested Sinking Fund is structured to fully pay the debt service on the Series 2010B Bonds, thereby making the annual deposit into the Invested Sinking Fund the debt service obligation on the Series 2010B Bonds.

CHEROKEE COUNTY SCHOOL DISTRICT PROJECTED DEBT SERVICE FUND BALANCE FISCAL YEAR 2025-26 BUDGET

The following chart shows the scheduled debt service payments, the Ed-SPLOST income projected (assuming a 1% annual growth and continued voter renewals), projected property tax and IRS subsidy revenue, and the fund balance that would grow as a result. This also assumes debt service payments as currently scheduled. Higher payments would eliminate more principal and reduce interest payments accordingly.

INSTRUCTIONAL SERVICES--FUNCTION 1000						
Function 1000 includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as online, television, radio, telephone and/or correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.

INSTRUCTIONAL SERVICES--FUNCTION 1000					
Function 1000 includes activities dealing with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as online, television, radio, telephone, and/or correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.

INSTRUCTIONAL SERVICES--FUNCTION 1000 (continued)					
Function 1000 includes activities dealing with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as online, television, radio, telephone, and/or correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.
