Student Advisory Board Newsletter
Folsom Cordova Unified School District

By Rhea Khatra

"Society is unity in diversity."
- George Herbert Mead

Success! FCUSD had its first-ever district-wide International Night at Cordova High School on April 26th. The event was very successful, and the diversity of cultures was prevalent from Tonga to the Philippines to India to El Salvador and much more. Students' performances were amazing, in addition to all of the booths. The appreciation of cultural diversity was the hallmark of the event. Special thanks to the Student Advisory Board, district employees, volunteers, performers, and booth runners who made the night memorable.
