

ABOUT THE SCHOLARSHIP

The Health Care Communicators (HCC), the sole local organization representing the healthcare, biotech, and medical device industries in advertising, marketing, graphic design, and public relations, is pleased to announce a scholarship opportunity. In partnership with AMN Healthcare, the title sponsor of the annual Finest Awards, HCC will award one or more scholarships to promising students demonstrating a passion for healthcare communications.

High school seniors and college students currently enrolled in a school district within San Diego, Orange, or Los Angeles counties, and who intend to pursue a career in healthcare, are invited to apply. A minimum **scholarship award of \$3,000**, generously provided by AMN Healthcare, will be granted. Scholarship recipients will also be recognized at the prestigious Finest Awards event in May, alongside leading communications professionals in the healthcare industry.
