March 13, 2025

Ms. Mary Calorio
Killingly Town Manager
Town of Killingly
172 Main Street
Killingly, CT 06239

In accordance with Section 1004 of the Killingly Town Charter, I hereby present the Board of Education's Proposed Budget for FY 2026. This budget totals \$49,738,817, representing a 4.97% increase, or \$2,354,978 more than the current 2024-2025 Board of Education budget. This submission follows the Board of Education's approval at our meeting on March 12, 2025. The budget development process adhered to the FY 2026 timeline, ensuring opportunities for presentations by administrators, directors, and supervisors. Additionally, the fiscal subcommittee, acting as a Committee of the Whole, carefully reviewed and deliberated on each budget cost center. The budget book retains the format used in FY 2025.

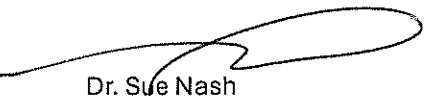

This proposed budget is designed to sustain and enhance support for programs and services that directly impact student success. It prioritizes academic achievement, social-emotional well-being, and improved instructional delivery through enhanced educational technology and replenished supplies.

Key factors considered in budget preparation included, but were not limited to, Board of Education goals, student enrollment trends, health insurance costs, contractual obligations, and a zero-based budgeting approach.

I would like to acknowledge the thoughtful input and collaboration of the Central Office administrative team, school principals, department staff, and faculty. Their collective efforts have resulted in a budget that balances the needs of our students, families, and community while maintaining fiscal responsibility.

We look forward to meeting with the Town Council on Tuesday, April 1, 2025, to discuss the Board of Education's budget and address any questions regarding the process or details outlined in the attached document.

Sincerely,

Dr. Sue Nash
Superintendent of Schools

Title I- Provides federal assistance to "schools with high numbers or high percentages of children from low-income families." Academic support and learning opportunities are offered to enable children to master the curriculum and to meet state standards in core subjects.
Title IIA- Improving Instruction- Designed to increase the academic achievement of all students by helping schools and districts improve teacher and principal quality and ensure that all teachers are highly qualified.
Title III - English Language Acquisition and Language Enhancement for our non-English native speaking students.
Title IV - Student Support and Academic Enrichment Grant - This grant is being used to train teachers in strategies to provide support for students with adverse childhood experiences.
Alliance Grant - The Alliance District grant is an increase in Education Cost Sharing (ECS) funding to support district strategies to dramatically increase student outcomes and close achievement gaps. Allocation of grant funds are approved through an application process with the SDE.
Family Resource Center Grant - Program components include a preschool early childcare and education program for regular and special education students; Parents-as-Teachers home and playgroup based parent support and child development program; Resource and support for home childcare providers, positive youth development activities and community resource and referral.
Primary Mental Health- Awarded through Primary Mental Health Program to address school adjustment problems that may be evidenced through behaviors such as shyness, aggression, phobias, peer relationships, and inattentiveness.
School Readiness - The grant provides funding for affordable, high-quality early care and education services in high-need communities that help children ages 3-5 prepare for kindergarten.
SMART Start (Operations)- The purpose of the grant is to expand the number of preschool opportunities for low-income families. This grant funds the salary and benefits of a preschool classroom teacher.
Carl D. Perkins Grant - Provides financial support to the Career and Technical Education Programs at Killingly High School. The CTE Career Pathways at KHS are financially supported through the purchase of instructional supplies, equipment, pupil transportation, travel to professional development activities, and textbooks.
Education of Homeless Children and Youth - Federal funding provided under the McKinney-Vento Homeless Assistance Act which requires all districts to ensure access to public education and school success for children and youth experiencing homelessness.
IDEA Special Education & IDEA Preschool - These are two entitlement grant programs under the Individuals with Disabilities Act (IDEA), that provides Assistance for Education of all Children with Disabilities and Pre-School Grants for Children with Disabilities. The grant application under Section 611 (Special Education) and 619 (Preschool) must address the intent of the IDEA.
Behavioral Health Pilot- Recognizing the urgent need for more behavioral and mental health supports in all K-12 systems across Connecticut, the State Department of Education (CSDE) will use GEER II funds to launch a pilot involving six (6) high-need districts, each representing a wide range of demographics, school type, and county. Funding will be used to conduct a district-level School Mental Health Quality Assessment (SMHQA) for better understanding the comprehensiveness of schools' mental health systems, examine the efficacy of existing programs, and identify specific priority areas for improvement.

School Mental Health Specialist-The global pandemic has brought to light the need for additional capacity in the mental health care system, specifically as it pertains to school-aged children. Students have been faced with many challenges, including increased anxiety, social isolation, and depression. The Connecticut General Assembly recognized the need and passed Public Act 22-47 and later revised in Public Act 22-116 to address the needs of students and families. The Act provided American Rescue Plan Act (ARPA) funds to support local and regional school districts' ability to hire and maintain school social workers, school psychologists, trauma specialists, behavior technicians, board certified behavior analysts, school counselors, licensed professional counselors, and licensed marriage and family therapists. For this grant, we have identified these eight positions collectively as School Mental Health Specialists (SMHS).

ARPA – FAFSA Completion- The Connecticut FAFSA Challenge aims to strengthen postsecondary access and enrollment by raising FAFSA completion rates among high school seniors. The FAFSA is a critical access milestone in preparing high school students to pursue a higher education. Our FAFSA Challenge school(s) will use this funding to increase the number of students successfully completing the FAFSA.
