## **3. Georgia School Climate Surveys:**

What is School Climate? 'School climate is a broad term that describes the quality of school life by measuring student and adult experiences related to academics, relationships, safety, and the learning environment.' Adapted from a comprehensive literature review by Wang & Degol, 2016 Georgia Department of Education Office of Whole Child Supports (OWCS)

### **Georgia School Climate Star Rating <https://gadoe.org/whole-child-supports/school-climate-star-rating/>**

State law (O.C.G.A. § 20-14-33) requires the development and use of a "star rating" to address school climate. The School Climate Star Rating is a diagnostic tool to determine if a school is on the right path to school improvement.

Georgia Insights features a user-friendly dashboard to display the results of the Georgia School Climate Star Rating. Each school receives a 1- to 5-star rating, with five stars representing an excellent school climate and one star representing a school climate most in need of improvement.

## Who are the Stakeholders that will participate in the Survey?

Parents/Guardians, Teachers/Staff, Students 3-5

## What is the Protection of Pupil Rights Amendment?

“Protection of Pupil Rights Amendment (PPRA) Parents, guardians, or students (18 years or older or emancipated) must be: 1. notified and informed of PPRA 2. given the opportunity to inspect the student survey questions upon request 3. given the option to “opt-out” of the survey by returning a form to the school (“passive” consent) \*Districts may choose “active” consent – each student needs consent to participate.” Office of Whole Child Supports (OWCS)
