PRESENTS

COOKING CREATIONS

Unleash your child's inner chef with our exciting and interactive Creative Cooking Lab! This hands-on program is designed to spark creativity, build confidence, and make cooking fun. Kids will dive into easy, delicious recipes like 1-minute cookies, pinwheel sandwiches with fresh homemade pesto, indulgent chocolate truffle balls, and vibrant, from-scratch cheese spreads—just to name a few! Through engaging activities, young chefs will master essential cooking skills, explore bold new flavors, and experience the joy of creating their own tasty masterpieces. All of this happens in a safe, supportive environment that encourages exploration and fun. Perfect for kids ready to mix, roll, spread, and taste their way to a lifelong love of cooking! Students must be signed out and picked up by a person 18 years of age or older—no late
