Executive Summary

This monthly financial report meets the requirements of Washington Administrative Code (WAC) 392-123-110, which mandates each school district prepares and shares monthly budget status reports. These reports include statements of revenues, expenditures, and changes in fund balance, along with any other pertinent financial information, for the Board of Directors.

Governmental Funds

The district records transactions and budgets in five distinct funds, each serving a specific purpose:

<p>General Fund (GF)</p>	<ul style="list-style-type: none"> • This fund accounts for all expendable financial resources, except those required to be tracked in another fund. It supports the annual operations of the school district, including teachers, food services, maintenance, curriculum, assessment, security, and student transportation. • Revenues are sourced from State, federal, and local revenues fund to these operations.
<p>Associated Student Body (ASB)</p>	<ul style="list-style-type: none"> • This special revenue fund collects and uses financial resources exclusively for student activities. The revenues, derived from fees, fundraisers, and donations, are legally restricted to benefit these activities.
<p>Debt Service Fund (DSF)</p>	<ul style="list-style-type: none"> • This fund manages resources for the payment of principal and interest on long-term debt. Revenues come from taxpayer-approved property taxes and interest earnings.
<p>Capital Projects Fund (CPF)</p>	<ul style="list-style-type: none"> • This fund is dedicated to financing the acquisition and construction of major capital assets such as land and buildings. Revenues are sourced from voter-approved bonds, special levies, building sales, and interest earnings.
<p>Transportation Vehicle Fund (TVF)</p>	<ul style="list-style-type: none"> • This fund covers the purchase, major repair, rebuilding, and debt service expenditures related to student transportation equipment. It is primarily financed by state reimbursements for depreciation and local levies.

I. Enrollment

As of December 2024, enrollment has decreased by **2.27%** compared to the prior year's average. The current average **K-12 FTE enrollment** is **17,965**. Local population shifts, such as declining birth rates and changes in housing affordability, have contributed to fewer school-aged children within the district. Additionally, migration patterns since the pandemic may have resulted in families relocating to or from other areas.

Initiatives are underway to improve student retention and attract new families by enhancing support services, program expansion, and opening enrollment to out of district families.

Table 1.1 Ten-Year Enrollment Trend

The table below illustrates the ten-year enrollment trends for the district. This chart shows Kindergarten through 12th grade average enrollment FTE over the last ten years and does not include Running Start or Transition to Kindergarten (TTK).

Table 1.2 Running Start Ten-Year Enrollment Trend

The table below shows the ten-year average enrollment FTE trends of district students who participated in the Running Start program.

Table 1.3 Transition to Kindergarten (TTK) Enrollment Trend

Beginning in the 2020-2021 school year, the Transition to Kindergarten (TTK) program continues to show strong growth. The table below illustrates the average enrollment FTE trends of our young learners.

The graph below shows the monthly K-12 enrollment for the past three years. Current FTE enrollment as of November 2024 is 17,995.

II. GENERAL FUND

The General Fund includes resources from local, county, state, and federal sources. These funds support the operations of the school district including classroom instruction, classroom support, specialized instruction, food services, maintenance, and transportation. In Washington State, the General Fund may also cover Associated Student Body (ASB) expenditures, although ASB has its own dedicated fund.

Revenues

The largest portion of general fund revenue comes from the state’s prototypical school funding model. This model standardizes funding based on a hypothetical or prototypical school at each grade level intending to address student needs with a balanced approach. The formula is set by the legislature for base salaries, employee benefits, full-time equivalent allocations, materials, supplies, and operating costs. The state also provides categorical funding for programs such as Specialized instruction, Transportation, English as a second language, and Learning Assistance.

The chart below illustrates the percentage of state apportionment received each month. Fluctuations in these payments impact the district’s cash flow throughout the year.

Table 2. 2024-25 State Apportionment Payment Schedule

The second-largest revenue source is the local levy, approved by the community every four years. The levy is capped at \$2,500 per student or \$2.50/1000 of assessed value whichever is less adjusted by consumer price index (CPI) annually.

In April 2022, the community approved a four-year Educational Programs & Operations (EP&O) Levy. The table below outlines the maximum amounts the district is authorized to collect. Actual collections may vary based on student enrollment and CPI adjustments.

Table 2.1. EP&O Levy

2023 Voter Approved	2024 Voter Approved	2025 Voter Approved	2026 Voter Approved
\$61,000,000	\$64,000,000	\$67,000,000	\$70,000,000
2023 Actuals	2024 Actuals	2025 Budget	2026 Estimated
\$57,309,288	\$60,551,247	\$62,014,261	\$64,431,988

For calendar years of 2025 and 2026, the district anticipates collecting \$62M and \$64M. However, actual collection is estimated to be \$8-10 million lower than the voter approved levy dollars.

Additionally, the community supports the operations of fee-based programs such as Food Service program and Before & After School Care through tuition and fees.

Federal funding accounts for a minimal percentage of total revenue, primarily supporting Special Education and Title programs. For the prior school year:

- 72% of revenue came from state funding.
- 26% came from local sources.
- 2% came from federal funding.

Between December 2023 and December 2024, district revenue increased by **4.7%**, as shown below:

Expenditures

The largest portion of general fund expenditures are certificated salaries and goes directly into the classroom. This provides for teachers, counselors, librarians, principals, psychologists, occupational therapists, speech language therapists, physical therapists, and professional development. Certificated salaries also cover classroom support roles like nurses and administrators.

The second largest portion of expenditures is classified salaries. This includes maintenance, custodial services, food service, security, bus drivers, mechanics, office professionals, and administrators.

As of December 2024, 32.7% of the \$180 million budgeted certificated salaries were expended. Employee benefits and taxes are paid by the school district and not directly paid to the employees. As of December 2024, 32.6% of the total budget has been expended.

Materials, Supplies & Operating Costs (MSOC) cover essential items such as supplies, materials, textbooks, curriculum, contractual services, computers, and equipment. These costs are necessary to operate the district.

Over the past year, expenditures increased 9.2% from December 2023 to December 2024. The majority of dollars occurred in certificated salaries, classified salaries, and contractual services due to the cost of living and/or negotiated increases and the cost of services. The district has also renewed curriculum adoption, leading to larger costs in supplies and materials.

Fund Balance

The general fund (GF) five-year fund balance trend shows the range from **\$36 million** in December 2020 to a high of **\$40.5 million** in December 2024.

Monthly fluctuations in the fund balance over the past three years are shown below:

III. ASSOCIATED STUDENT BODY FUND

In Washington State, the Associated Student Body (ASB) Fund is the only allowable special revenue fund for school districts. While the financial resources legally belong to the district and are included in the district's financial statements, the ASB Fund is designated solely for activities related to the operation of the Associated Student Body.

The ASB fund is funded through fundraising, donations, and the collection of fees from students and the community for optional non-curricular activities. These resources enable the district to support student-driven programs and events.

As of December 2024, the ASB fund reported an increase in revenues over expenditures year-to-date, totaling \$594K. This increase is primarily due to the timing of fees and activities scheduled later in the school year.

IV. DEBT SERVICE FUND

The Debt Service Fund accounts for resources used to pay the principal and interest on the district’s long-term general debt. Payments are made by the county treasurer using funds collected through voter-approved taxes. Each year, the district certifies the tax levy necessary to ensure timely payments on the outstanding debt.

As of December 2024, the fund balance totaled **\$15.1 million**, reserved for future principal and interest payments on the district’s voted debt (bonds).

Over the past five years, the Debt Service Fund balance has demonstrated consistent management, with sufficient reserves maintained to meet all debt obligations. The following table illustrates the fund balance trend from December 2020 to December 2024.

Table 4.1. Debt Service Fund - Fund Balance - Five-Year Trend

CAPITAL PROJECT FUNDS

Capital Project Funds account for financial resources designated for the construction or acquisition of major capital assets. The district has two funds that are of the capital projects fund type: The Capital Projects Fund and the Transportation Vehicle Fund.

V. CAPITAL PROJECTS FUND

The Capital Projects Fund is used to manage resources allocated for the acquisition of land, construction of major capital assets, purchase of equipment, capital improvements, and critical repairs. The Capital Projects Fund is primarily financed by voter approved levies and/or bonds, investment earnings, impact fees, and capital project grants.

In April 2022, district voters approved a four-year replacement capital and tech levy, ensuring continued funding for essential projects, infrastructure, and technology.

As of December 2024, the Capital Projects Fund has a balance of \$123.3 million, which will be used for ongoing and future capital and technology costs.

Project Status Key

***In Progress** - Project is in planning, design, material procurement or is under construction.

***Substantially Complete** - ISD may occupy or use the property for its intended purpose. Some minor, corrective or warranty work may remain. Invoice, retainage payments and/or retaining releases from WA State Depts of Labor & Industries, Employment Security or Revenue may be outstanding.

***Complete** - Physical construction and project work is complete. All required WA State retainage releases have been received. Final invoice or retainage payments have been made and any remaining project budget has been moved to reserve.

The Capital Projects Fund balance has decreased over the past five years, from **\$230.9 million** in December 2020 to **\$123.3 million** in December 2024. This reflects the district’s ongoing investment in infrastructure, equipment, and critical repairs to support its mission.

Table 5.3. Capital Projects Fund - Fund Balance - Five-Year Trend

The Capital Projects Fund supports a range of initiatives, including recently completed, active, and planned projects. For detailed information on current budgets and updates, visit the Capital Projects Department webpage:

VI. TRANSPORTATION FUND

The Transportation Fund is dedicated for the purchase, major repair, rebuilding, and debt service expenditures that relate to pupil transportation equipment. This fund ensures the district maintains a safe and reliable fleet to support student transportation. The Transportation fund is financed through the state reimbursement for depreciation of student transportation equipment on a thirteen-year replacement cycle and local levy. The district services 110 square miles and transport students over 1.4 million miles annually. The district operates a fleet of 175 small and large buses in its fleet to provide this service. The district voters approved a one-year transportation levy in 2023, for \$3,000,000 to support the purchase of new school buses.
