2. Reports are to be completed in a timely manner. If extended time is required the officer's immediate supervisor is to be notified, who makes the decision if the completion of the report can be delayed.
3. At no time are reports to be delayed involving in custody arrests.

F. Mandatory Coverage of Approved District Events

Purpose: To establish guidelines for mandatory officer coverage at all approved district events and to clarify the accrual and utilization of compensatory (comp) time.

All approved district events require mandatory coverage by district officers. Participation in these events provides officers with opportunities to accrue comp time, which can be utilized for future time off.

Procedures:

1. Event Coverage Requirements:

- a. The Operational Sergeant is responsible for determining the coverage needs for each approved mandatory district event.
- b. Officers will be informed of event coverage requirements and available assignments in a timely manner.

2. Assignment Process:

- a. Assignments will be made available for sign-up on a first-come, first-served basis.
- b. Officers are encouraged to volunteer for event coverage to support district initiatives and accrue comp time.

3. Mandatory Assignments:

- a. If officer sign-ups do not meet the event coverage requirements, mandatory assignments will be made by the Operational Sergeant.
- b. In certain situations, coverage may be deemed mandatory for all officers on a case-by-case basis.
- c. Officers are expected to fulfill mandatory assignments unless an absence is approved by a supervisor.

4. Compensatory Time Accrual:

- a. Comp time is accrued when an officer's total worked hours exceed 40 hours within a workweek.
- b. Only actual hours worked count toward the 40-hour threshold; holiday hours or paid time off do not contribute to this total.
- c. Once the 40-hour threshold of worked time is surpassed, additional hours worked will accrue comp time at a rate of one and a half times the hours worked.

5. Utilization of Compensatory Time:

- a. Officers are encouraged to use accrued comp time in a manner that does not unduly disrupt district operations.
- b. Requests to use comp time should be submitted in advance and are subject to supervisory approval.
- c. Supervisors should make reasonable efforts to accommodate comp time usage requests, provided they do not interfere with operational needs.

6. Compliance:

Adherence to this SOP is mandatory. Failure to comply may result in disciplinary action in accordance with department policies.

IV. FIELD TACTICS AND OPERATIONAL PROCEDURES

A. Active Shooter Incident

1. It is the policy of this department to protect life by any legal means possible. Officers responding to an active shooter incident shall accomplish this goal by immediately using any legal means at their disposal to make contact with the active shooter and stop him/ her. This may include arrest, containment, or use of deadly force.
2. The philosophy driving this policy recognizes that the active shooter must be stopped before he can destroy any more innocent lives. This shall be the duty and responsibility of the initial responding officers, and they shall use all legal means to accomplish it. The prioritization of activities, in their order of importance IS:
 - a. Stop the active shooter
 - b. Rescue the victims
 - c. Provide medical assistance
 - d. Preserve the crime scene.
3. While it is important to provide medical treatment to the wounded, it is our duty as law enforcement officers to first protect all innocent life by stopping the actions of the active shooter.
4. An Active Shooter is defined as one or more subjects who participate in a random or systematic shooting spree, demonstrating their intent to continuously harm others. Their overriding object appears to be that of mass murder, rather than other criminal conduct, such as robbery, hostage taking, etc.
 - a. For purposes of this policy, the term "active shooter" will also include anyone who uses any deadly weapon (knife, club, explosives, etc.) to systematically or randomly inflict death or great bodily harm on people.
5. Procedure
 - a. All enforcement personnel who are not on an emergency call shall respond to the scene of an active shooter incident. Campus shall be placed in lock down. Surrounding Campuses shall be placed in lockdown as well.
 - b. *Contact Team* -The first responding officers, up to four, shall form a contact team and go in immediate pursuit of the active shooter. The focus is to make contact as soon as possible and stop the active shooter by arrest, containment, or use of deadly force. The team will be subject to 360-degree vulnerability and will not do a thorough clearing. They will continue on past victims or harmless distractions. The location of victims may be relayed to the rescue team.
 - c. *Rescue Team* -The second set of 4 officers arriving on the scene will form a rescue team, which will locate and remove injured victims, and direct uninjured victims out of the building. Rescue team members should

remember that uninjured victims may nonetheless be in shock, or paralyzed with fear, and not respond to regular verbal commands. Rescue team members are to remain constantly vigilant as the rapidly changing dynamics of the incident may put them in contact with the suspect and they will be subject to 360-degree vulnerability.

- d. Officers should make entry at a location other than the main entrance, if possible, as this is the place where a suspect might logically set up barricades, explosives, or an ambush.
6. All personnel are to restrict their use of the radio for emergency traffic only.
 7. *Incident Command* - The first command officer on the scene, who is not part of a contact or rescue team, will be the incident commander, and will establish a command post, and initiate incident command operations.

B. Building Searches

1. The officer in charge will formulate and direct a search plan based on the physical layout of the building.
2. Dispatch will be notified that officers are entering the building. Other officers should limit their radio conversation and officers entering the building should reduce the volume of their portable radios or use an earpiece.
3. Entry is never to be made through small openings or windows unless there is sufficient visual access to the inside of the building to provide cover for the entering officers. Entry normally should not be made by less than two officers.
4. Emergency conditions in which threat to life or property would result from a lack of immediate action on the part of the responding officer would, of course, require only that officer act as quickly and safely as the situation dictates,
5. Officers should locate the lights and illuminate the area to be searched as the search progresses, however avoid "back lighting " themselves.
6. Officers should determine the means by which a suspect may go from one level to another and secure them. The building should be divided into sectors and search methodically, keeping officers abreast of each other. It is not advisable for officers to separate or lose sight of fellow officers.
7. Officers should anticipate ambush points and examine all possible hiding places, i.e., look up, check trash containers, air conditioning vents, etc.
8. Officers should contact the dispatcher and let others know the building is clear as soon as possible.

C. Felony Stop Procedures

1. Special procedures shall be used in vehicle stops when the occupants are reasonably believed to be armed and dangerous. When an officer locates a vehicle driven by a known or suspected felon, the officer shall notify the dispatcher immediately of the suspect's location and give a thorough description

of the vehicle and its occupants. The officer shall keep the suspect vehicle in view and request sufficient assistance in making the stop.

2. The officer shall keep support units informed of the suspect's location and direction of travel to aid their approach with minimal use of emergency equipment. The suspect vehicle shall not be stopped unless absolutely necessary until adequate support is available and in position. Circumstances may, however, dictate a one-officer felony vehicle stop.
3. The following procedures shall be used in effecting the stop:
 - a. The officer shall plan to stop the suspect vehicle in a location which presents minimal danger to the public.
 - b. When conditions are appropriate and support units available, the officer shall move into position to the rear of the suspect vehicle.
 - c. The officer shall signal the violator to stop, using all emergency equipment to warn other traffic.
 - d. The violator shall be stopped on the extreme right side of the road.
 - e. If the violator is known to be armed and dangerous, the officer shall have his weapon easily accessible and ready for immediate use.
 - f. When the suspect vehicle begins to stop, the officer shall turn off the siren and turn on the public address system.
 - g. The officer shall park the patrol vehicle so that it provides maximum protection and cover.
 - h. At night, the officer shall focus all lights on the interior of the suspect vehicle.
 - i. The officer shall leave the patrol vehicle quickly but remain behind the door and accessible to the public address system microphone.
 - j. The officer making the stop is in command and shall direct each occupant on what to do. First, once suspects are stopped, the officer shall order the driver to shut off the motor and drop the keys on the ground outside his door. Next, the officer shall order occupants to place their hands, palms up, on the ceiling of the vehicle. Normally officers shall then order occupants to exit the vehicle on the driver's side only, but circumstances may dictate exiting the occupants on the passenger side, one at a time. Occupants shall then be ordered to lie face down on the ground.

- k. If a public address system is not available, the officer shall give voice commands if they can be heard; if this fails, the officer should consider that the commands have been heard but ignored. Consistent with training, the officer shall consider other options before leaving a position of cover. [Note: The tactics described for high-risk vehicle stops should be consistent with the methods taught in training courses.]
- l. To reduce confusion, the officer shall instruct support officers, as appropriate, and shall be the only officer to direct the suspects.
- m. The support officers shall cover the arresting officer and normally remain on the curb side of the vehicle until all occupants are in the search position.
- n. Officers shall exercise extreme caution not to get within each other's line of fire.
- o. When all occupants have been removed from the vehicle, the support officers shall move to cover the arresting officer while the suspects are searched.
- p. All arrestees shall be searched and handcuffed before transportation.

D. Foot Pursuits

- 1. Although it is an officer's decision to initiate a stop, it is the suspect or violator who decides to precipitate a foot pursuit by fleeing. An officer's decision to pursue on foot shall be made with an awareness of and appreciation for the risk to which the officer and others will be exposed. No officer or supervisor shall be criticized or disciplined for a decision not to engage in a foot pursuit if, in the officer's assessment, the risk exceeds that which is reasonably acceptable.
- 2. Where necessary, an officer may pursue persons who he or she reasonably believes have committed an act that would warrant a stop, investigative detention, or arrest.
- 3. In deciding whether or not to initiate a pursuit, an officer shall consider the following alternatives to foot pursuit:
 - a. Containment of the area
 - b. Canine search
 - c. Saturation of the area with patrol personnel
- 4. In deciding whether to initiate or continue a foot pursuit, officers shall also consider risk factors whenever officers are:
 - a. acting alone,
 - b. in an unfamiliar area,
 - c. in an area that is hostile, such as a notorious drug trafficking location,

- d. pursuing suspects who are known to be or suspected of being armed,
 - e. unable to obtain backup in a timely manner,
 - f. not in adequate physical condition to conduct a foot pursuit,
 - g. unable to establish and maintain contact with the communications center, or
 - h. pursuing in inclement weather, darkness, or reduced visibility conditions.
5. Officers initiating foot pursuits shall be in field command and shall bear operational responsibility for the foot pursuit unless circumstances dictate otherwise or until relieved by a supervisor. Pursuing officers are reminded that voice transmissions while running and in other field tactical situations may be difficult to understand and may have to be repeated.
6. The officer initiating a foot pursuit shall, as soon as practical, provide the following information to Communications:
- a. Unit identifier
 - b. Reason for the foot pursuit
 - c. Officer location and direction of pursuit
 - d. Number of suspects and description
 - e. Whether or not the suspect(s) is armed
 - f. Location to which assisting officers are to respond
 - g. Location, if required, of any perimeter
7. Assisting officers shall immediately attempt to contain the pursued suspect. Such officers shall not respond to the primary officer's location unless the suspect has been stopped and the primary officer requests assistance to take the suspect into custody.
8. When two or more officers are in pursuit, they will normally not separate unless they remain in sight of each other and maintain communication, but they shall allow the lead officer to concentrate on the suspect's actions while the second officer provides backup and maintains communications with dispatch and other assisting officers.
9. Unless there are exigent circumstances such as an immediate threat to the safety of other officers or civilians, officers shall not engage in or continue a foot pursuit under the following conditions:
- a. If the officer believes the danger to pursuing officers or the public outweighs the necessity for immediate apprehension.
 - b. While acting alone. If exigent circumstances warrant, the lone officer shall keep the suspect in sight from a safe distance and coordinating containment.
 - c. Into buildings, structures, confined spaces, or into wooded or otherwise isolated areas without sufficient backup and containment of the area. The primary officer shall stand by, radio his or her location, and await the arrival of officers to establish a containment perimeter. At this point, the incident shall be considered a barricaded or otherwise noncompliant suspect.
 - d. If the officer loses possession of his firearm.
 - e. If the suspect's location is no longer known.

- f. If primary officers lose communications with EOC or communication with backup officers is interrupted.
- g. If an officer or third party is injured during the pursuit who requires immediate assistance and there are no other police or medical personnel able to render assistance.
- h. If the officer loses visual contact with the suspect.
- i. If the officer is unsure of his or her own location or direction of travel

E. In-Progress Calls For Service

1. In progress calls demand three primary considerations. First to ensure the greatest level of safety available to all officers concerned with the call. Second, to contain the scene to prevent the escape of suspects; and third, to preserve the scene for all evidence.
2. The following are general guidelines for the handling of the majority of in progress calls:
 - a. The responding unit should go to the site of the premises where the case is most likely occurring.
 - b. If, possible, officers should position their vehicle short of the scene to avoid showing your presence and position.
 - c. Take appropriate time to size up the situation and formulate a plan, and to advise your cover officer.
 - d. On armed robbery calls, for the safety of the victim and bystanders, arrests can best be affected outside the building.

F. Adverse Weather Response

1. In the event of severe weather such as a thunderstorms passing through the area with damaging hail, high surface winds, and extremely heavy rain which reduces visibility or endangers personnel or vehicles, all units not on a call will immediately seek shelter at any protected area in your district:

I. POLICY

Law enforcement agencies provide essential services to foster safe communities through crime reduction and deterrence. Administrators of these law enforcement agencies are obligated to train, supervise, and guide personnel in performing the myriad tasks that are necessary for creating safe communities.

At the same time, these administrators must seek to improve employee confidence and competence in performing tasks while reducing vulnerability to liability. To meet these obligations, agencies must manage themselves according to written directives. A manual of policies and procedures guides the day-to-day legal and ethical functioning of a law enforcement agency.

To that end, this manual furnishes a blueprint for the performance of this agency’s activities in accordance with established state and national standards. Providing all members of the department with an understanding of the department’s mission and its values provides guidance for decision making when situations are not covered by direct policy or procedure.

II. PURPOSE

The Department strives to earn the respect of those we serve by providing caring, professional service and treating all persons with dignity and respect.

The Department is committed to school-based service and a campus/community-oriented policing and problem-solving approach to school safety and security.

3. Core Values

Integrity: The Joshua ISD Police Department is built upon a foundation of ethical and professional conduct. We are committed to the highest level of moral principles and ethics. All members of the department will adhere to the Law Enforcement Code of Ethics, which is a part of this manual.

Honesty: We will be truthful and trustworthy at all times.

Fairness: We are committed to equal application of the law to offenders and members of the public as well as the equal application of rules and regulations to all members of the department.

Courage: We are dedicated to meeting all challenges with the courage needed to accomplish our mission.

Compassion: We understand our role as community caretakers, and temper our application of the law with compassion and empathy.

IV. DEFINITIONS

A. Policy: *A policy is a statement of the department's philosophy on a given issue.*

1. Policy consists of principles and values that guide the performance of department employees.
2. Further, policy is based upon ethics, experience, the law, and the needs of the community.
3. Each section of the manual will begin with an agency policy statement.
4. Only the Chief of Police determines policy.

B. Rule: *A rule is a specific prohibition or requirement governing the behavior of employees.*

1. Rules permit little, if any, deviation. The violation of a rule normally results in discipline.

2. Rules appear in the *Policy and Procedure Manual* as well as other departmental documents.

C. Procedure: *A procedure defines the acceptable method of performing an operation or activity. It differs from policy in that it directs employees' actions in performing specific tasks in a prescribed manner within the guidelines of policy.*

1. Failure to follow a procedure may or may not result in disciplinary action, depending on the circumstances.

2. Procedures constitute the agency-approved guide to performing tasks.

3. Employees may depart from procedures only when, in their professional judgment, the situation warrants.

4. Employees must be prepared to justify their actions if they decide not to follow the defined procedure.

D. Memorandum:

1. A memorandum provides useful, specific information to employees and may constitute a directive affecting specific behavior for a specific event or period of time, and is usually self-canceling.

NOTE: Memoranda are not part of this manual; however, memoranda may be incorporated into future editions of the policy manual. Memoranda may be issued by the Chief of Police or by other personnel or agencies. Employees are advised that they may not alter components of this manual based on memoranda unless the memo was issued by the Chief of Police or a designee.

V. **WRITTEN DIRECTIVES** (TBP 1.04)

A. Departmental Policy Manual and Standard Operating Procedures.

1. The policy manual contains policy statements, rules, and procedures as defined above, and is a written directive governing organizational matters.

2. A standard operating procedure (SOP) primarily contains procedures, and is a written directive governing operational matters and routine daily tasks, such as how to respond to alarms, how to book a prisoner, etc.

a. Because they contain many procedural statements, SOPs permit some discretion. While SOPs are the preferred method of accomplishing a task, the agency recognizes that an employee may depart from procedures if unusual circumstances warrant, and supervisors approve. Employees must justify their actions and document any departure from a standard operating procedure.

b. While created by various offices within the department, the Chief of Police approves all SOPs.

- B. No policy, rule, regulation, procedure, or memorandum is valid unless signed by the Chief of Police or a designee.
- C. Within the context of any directive, the use of the word "shall" or "will" denotes an action or behavior that is mandatory and unequivocal. The words "may," "can," or "should" denote an action or behavior that is discretionary.
- D. Any member of the department may suggest or recommend changes to the Chief of Police concerning the *Policy Manual* or an SOP by forwarding the suggestion through the chain of command.
- E. The Chief of Police or a designee will completely review the policy manual and the standard operating procedures at least biennially to ensure continued compliance with Texas law and operations. Revisions may be made at any time. Once a revision is approved and published, each employee shall be deemed to be on notice with regards to the current version.

NOTE: The office of the Chief of Police is responsible for distribution of all material to the employees of the department. A system for ascertaining that each employee has received the material must be set up and maintained. It must include a method for determining that each employee has received the information.

VI. COMPLIANCE WITH DIRECTIVES

- A. All employees of this department shall read, adhere to, and are held accountable for all directives, policies, procedures, rules, and instructional training material that they have received and signed for.
- B. All employees are responsible for adherence to all written directives that they have signed for and that affect the employee and the employee's work status.
- C. All employees are responsible for maintenance of all directives that are distributed to that employee. Each employee of the department shall sign a statement acknowledging that the member has received, read, understands, and agrees to abide by the directive supplied to them in the appropriate manual(s), including revisions. If an employee does not understand the content of an order or directive, or believes that an order or directive is illegal or in conflict with other orders or directives, he or she should immediately notify a supervisor who shall provide instruction or training as necessary.
- D. Copies of the statements of receipt (see above) shall be maintained in the written directive file.

- E. All employees shall comply with the provisions of these directives and with the District Employee Handbook. If an issue is not addressed in the Employee Handbook, these directives shall apply. In the event a conflict exists between these directives and the Employee Handbook, the Employee Handbook shall control unless the Department Policy Manual is more restrictive.
- F. The policies in this manual and the standard operating procedures (SOPs) apply to all sworn officers and non-sworn employees of the police department both on and off duty.

	Policy 1.2 Jurisdiction, Organization, and Authority	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  _____ Chief of Police	
Reference: TBP 1.01, 1.05, 1.06, 1.07, 2.03, 3.07, 6.05, and 8.10		

I. POLICY

The department is established by state law and local ordinance, and consists of a Chief of Police, two sergeants, and other full and part-time officers and non-sworn employees as determined by the JISD Board of Trustees and Superintendent. The Chief executive of the police department is the Chief of Police, appointed by and subordinate to the Superintendent. The Chief, in turn, recommends police officers who are charged with enforcing the laws of the State of Texas and all local ordinances. The jurisdiction of the police department is limited to the property of Joshua ISD, any property leased by Joshua ISD, and any event that is in conjunction with school events for Joshua ISD, or when another department requests assistance, or when enforcing laws on property owned by the District but outside its boundaries. The organization of the police department shall support the effective and efficient accomplishment of departmental responsibilities and functions according to community-oriented policing principles.

II. PURPOSE

The purpose of this policy is to describe the jurisdiction and organization of the police department, outline its rank structure, and assign responsibilities, functions, and duties.

III. AUTHORITY AND AGENCY JURISDICTION

The jurisdiction of the JOSHUA ISD Police Department shall include all territory within District boundaries, as well as all real and personal property outside the boundaries of the District that is owned, leased, or rented by the District, or is otherwise under the District's control. (TBP: 1.05, 1.06, JISD POLICY CKE (LOCAL))

- A. Police officers appointed by the District have all the authority granted to them by the State of Texas as Peace Officers. Appointed officers have the responsibility to act within the law, preserve order, arrest offenders, and protect the residents and visitors to our district.
- B. Officers have arrest authority anywhere within the State of Texas; however, the exercise of that authority will be limited when outside the District boundaries to those situations involving a felony or the use of violence or threatened use of violence against a person, and then only to the extent that the officer is able to safely intervene. When off-duty or out of our primary jurisdiction, officers seldom have appropriate equipment, communications, or the assistance needed to properly intervene in dangerous situations. Intervention in these cases may be resolved by

calling appropriate authorities and remaining on scene to provide witness information. (An official map of the District jurisdiction will be maintained in each campus officer's office.)

- C. Officers have authority to enforce the law on property owned by the District but outside the District boundaries.
- D. Officers have authority to pursue offenders outside the District boundaries who have committed violations inside the District boundaries pursuant to the department's pursuit policy. When investigating a crime that occurred inside the District, officers may utilize their authority to conduct investigations, including interviewing witnesses, interrogating suspects, executing search and arrest warrants, and making lawful arrests without warrants anywhere in the State of Texas.
- E. Officers have authority to enforce the law in another jurisdiction pursuant to a properly executed mutual aid agreement.
- F. While officers have full authority to make arrests, issue summonses, and use force in enforcing the law, officers are also expected to use discretion and common sense in the application of this authority. Officers should always seek the least intrusive level of intervention appropriate to preserve the peace and protect the public safety.

IV. ORGANIZATIONAL STRUCTURE, CHAIN OF COMMAND, AND AUTHORITY

1. The Joshua ISD School Board authorizes the creation of a police department to be headed by a Chief of Police. The Chief of Police is responsible for directing all activities of the department. 2. Supervisors shall, without specific instructions, undertake the required details and assignments necessary to carry out the business of the department.

Supervisors shall be guided in the assignment of personnel by the number of officers available for duty and the necessity to assign them where they will be most useful.

C. Authority and responsibility

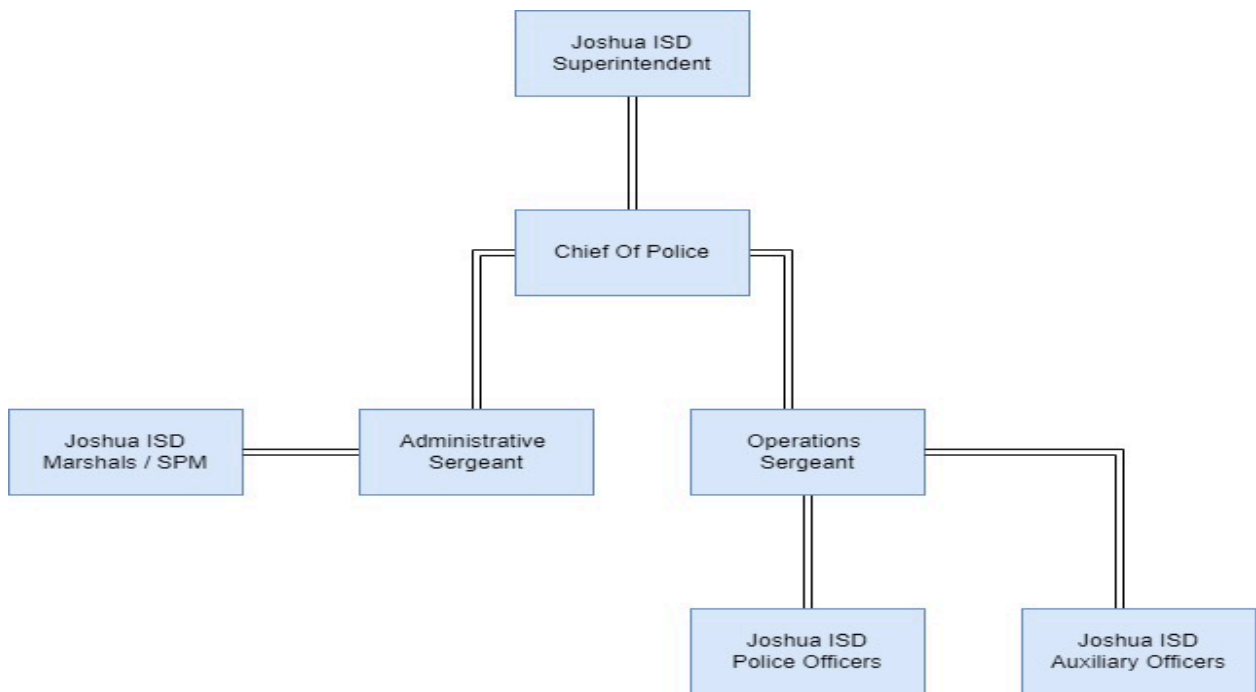

1. At each rank within the department, personnel are given the authority to make necessary decisions for the effective performance of their responsibilities. The department is committed to fostering an organizational climate that rewards employees for initiative, innovation, community involvement, and problem solving.

G. AUTHORITY TO CARRY WEAPONS AND USE FORCE (TBP: 6.05)

1. Sworn officers who are licensed peace officers of the State of Texas are authorized to carry firearms and other weapons as identified in these directives, and to use force when necessary and to the extent authorized by these orders and state law in enforcing the law and protecting the public.
2. Sworn officers who are off-duty are encouraged to carry firearms in order to take action when necessary to preserve life and property. When not in uniform, officers will not allow any weapon to be visible to the public unless it is carried in a holster and the officer's badge is displayed adjacent to the weapon.
3. Officers are not to carry any weapon when off-duty if they have consumed or intend to consume any alcoholic beverages.

H. OFF-DUTY AUTHORITY

1. Liability Protection: Officers of this agency have liability protection for the on and off-duty performance of official duties. This protection does not extend to those actions that the police officer knew, or reasonably should have known, were in conflict with the law or the established policies of this department.

Authorized Off-Duty Arrests: When off duty and within the legal jurisdiction of this law enforcement agency, an officer may make an arrest only when all of the following occur:

- a. There is an immediate need to prevent a crime or apprehend a suspect.

- c. The arresting officer possesses appropriate police equipment and police identification.

2. Off-Duty Responsibilities

While off duty, the police officer is responsible for immediately reporting any suspected or observed criminal activities to on-duty authorities. Where an arrest is necessary, the off-duty arresting officer shall abide by all departmental policies and procedures.

3. Prohibitions of Off-Duty Arrests

Despite the fact that a police officer has police powers and responsibilities 24 hours a day throughout the jurisdiction, the off-duty officer generally should not attempt to make arrests or engage in other enforcement actions when the provisions of this section are not met or when any of the following circumstances exist:

I. POLICY

Inspections of the department shall be conducted on a regular basis to help ensure that the department is operating at peak efficiency and in compliance with established professional standards. When conducted properly, inspections enable managers to assess the department's ability to perform its mission, provide the information necessary to plan for the improvement of departmental operations, and ensure full capability to perform the department's mission. Inspections are a vital component of departmental self-assessment and as such will be carried out with care, attention to detail, and the full cooperation of all personnel concerned.

II. PURPOSE

The purpose of this policy is to establish procedures for conducting inspections of the department's administrative functions, facilities, property, equipment, operations, and personnel.

III. DEFINITIONS

- A. Line Inspection. Line inspections are ones conducted by the supervisory personnel directly responsible for the person, equipment, or facility being inspected. They are designed to examine, evaluate, and improve the performance of departmental personnel and equipment. A written report is not required for a line inspection unless it reveals a critical problem that should be brought to the attention of a higher command level.

- B. Readiness Inspections. A readiness inspection is one conducted to evaluate both equipment and operational readiness of the department to respond to exceptional or emergency circumstances. Such inspections are regularly scheduled but may be initiated at any time at the direction of the Chief of Police or a designee.

IV. PROCEDURES

4. Wherever possible, deficiencies discovered during line inspections shall be corrected immediately by the inspecting supervisor. Where immediate correction is not possible, a re-inspection of the deficient item or personnel shall be conducted at the earliest possible date to ensure that corrective action has been taken.
5. Repeated failure to correct deficiencies shall be reported to the appropriate authority, and action will be taken to compel compliance by the person or unit responsible for the deficiency. Failure to correct deficiencies may be the subject of disciplinary action.

B. Readiness Inspections (TBP: 7.25)

	Joshua ISD POLICE DEPARTMENT	
	Policy 1.5 Mutual Aid	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference:	

I. POLICY

On occasion the need arises to request assistance from or give assistance to a neighboring law enforcement agency. This need may result from an emergency such as civil disorder, fire, flood, or other disaster, but it is most often requested for backup on calls where officers are at risk and local backup is unavailable. Before the need arises, agencies must clarify and plan emergency procedures. Available county and state support systems shall be used to support operations.

II. PURPOSE

The purpose of this policy is to establish procedures, duties, and responsibilities for providing assistance to or requesting assistance from another law-enforcement agency and to provide for the use of statewide law-enforcement support systems.

III. PROCEDURE

A. Jurisdiction

1. Generally, the legal jurisdiction of the department stops at the District boundaries, as defined by charter and ordinances; however, officers also have authority to act as peace officers in other areas within the state when requested through a properly executed mutual aid agreement. This authority may be used for the following reasons:
 - a. Assisting neighboring law-enforcement agencies, the county sheriff, or the Texas Department of Public Safety in handling emergency calls and at times when they are unable to respond immediately.
 - b. Assisting neighboring law-enforcement agencies, the county sheriff, or the Texas Department of Public Safety when they are in need of assistance in safely completing a task or assignment.

B. Mutual aid

1. For the purpose of this policy, mutual aid is defined as the assistance given or asked for between the department and other law- enforcement agencies

during emergencies. The circumstances that require mutual aid can include one or more of the following situations:

- a. Enforcement of laws that control or prohibit the use or sale of controlled drugs;
 - b. Any law-enforcement emergency involving an immediate threat to public safety;
 - c. When executing orders for the temporary detention or emergency custody of people for mental health evaluation;
 - d. Any public disaster, such as fire, flood, epidemic, or civil disorder.
2. Mutual aid may be requested from or provided to another law-enforcement agency by the department at the discretion of the on-duty supervisor. However, officers must remember that they are primarily responsible for providing law-enforcement service to their own jurisdiction. There are generally three levels of mutual aid assistance as follows:
- a. Short duration, approximately 30 minutes or less, where an additional show of force, backup, traffic control, or assistance with prisoner transportation is required.
 - b. Medium duration, approximately one to four hours, where the senior officer on duty may provide or request assistance from the neighboring law-enforcement agencies, the county sheriff, or Texas DPS; however, their role is normally confined to a show of force, backup, transporting prisoners, or traffic control.
 - c. Long duration, more than four hours, when full-scale assistance is required. The on-duty supervisor shall immediately notify the chief of police who will assist in coordinating additional aid as required.
3. Any mutual aid support between the department and neighboring law-enforcement agencies shall be coordinated in advance through a written agreement. A list of cities with existing mutual aid agreements can be found in the district emergency action plan and in the communications center.

II. PURPOSE

III. CODE OF ETHICS (TBP: 2.02)

All officers shall display the integrity required by the Law Enforcement Code of Ethics:

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality, and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear, favor, malice,

or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other law enforcement officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession – law enforcement.

Employees retiring or resigning will not be permitted to retain their badge when doing so will hamper normal operations of the department. All badges must be purchased unless exempted by the Chief of Police.

E. Plainclothes Officers – Identification. A uniformed officer shall neither acknowledge nor show recognition of another police officer in civilian clothes unless that officer first addresses the uniformed officer.

XII. Maintenance of Property

A. Use of District Property or Service. Officers shall not use or provide any District equipment or service other than for official business.

B. Responsibility for District Property. Employees shall be responsible for the proper care and use of department property and equipment assigned to or used by them and shall promptly report to their supervisors any loss, damage, destruction, or defect therein.

- C. Departmental Vehicles. Employees shall operate department vehicles and other equipment in such a manner as to avoid injury to persons or damage to property. Whenever a police vehicle is involved in an accident, the operator shall notify a supervisor immediately. Under no circumstances shall an officer investigate his or her own accident. The Department of Public Safety or Sheriff's Department will be requested to investigate police involved accidents.
- D. Reporting Damage. At the beginning of a tour of duty, employees shall examine any vehicle assigned to them and report any operational deficiencies, damage, or defects to their supervisors. Failure to report damage or defects creates the presumption that the employee inspected the vehicle and found no damage or defects. The employee, in this case, shall be held responsible for the damage.
- E. Responsibility for Private Property. Employees are responsible for protecting private property or equipment that has come into their possession by reason of their office against loss, damage, or destruction.
- F. Care of Quarters. Employees shall keep their offices, lockers, and desks neat, clean, and orderly.
- G. Property and Evidence. Employees shall not convert to their own use, manufacture, conceal, falsify, destroy, remove, tamper with, or withhold any property or evidence held in connection with an investigation or other official action except in accordance with established procedures. Any property or evidence coming into the possession of an employee shall be submitted to the property room prior to the end of shift.
- H. Alteration or Modification of Police Equipment. Officers shall not use any equipment that does not conform to departmental policy or specifications. All equipment shall be carried and utilized only as issued and authorized, and no changes, alterations, modifications, or substitutions shall be made to such equipment unless approved by the Chief of Police.

XIII. Relationship with Courts and Attorneys

- A. Attendance in Court. Employees shall arrive on time for all required court appearances and be prepared to testify. Each member shall be familiar with the laws of evidence and shall testify truthfully on any matter.
- B. Recommending Attorneys or Bondsmen. Employees shall not suggest, recommend, advise or counsel the retention of a specific attorney or bondsmen to any person (except relatives) coming to their attention as a result of police business.
- C. Testifying for a Defendant. Any employee subpoenaed or requested to testify for a criminal defendant or against the JOSHUA ISD or against the

interests of the department in any hearing or trial shall immediately notify the Chief of Police through the chain of command.

- D. Interviews with Attorneys. Interviews between an officer and a complainant's attorney about a case arising from the officer's employment by the department shall be done in the presence of or with the knowledge and consent of the officer's commanding officer, department legal counsel, or prosecutor.
- E. Assisting and Testifying in Civil Cases. Officers shall not serve civil-process papers nor render assistance in civil cases except as required by law. No employee shall volunteer to testify in civil actions.
- F. Notice of Lawsuits against Officers. Employees who have had a suit filed against them because of an act performed in the line of duty shall immediately notify the Chief of Police in writing and furnish a copy of the complaint as well as a full and accurate account of the circumstances in question.
- G. Notice of Arrest or Citation. Employees who have become the subject of a citation (other than traffic citations) or arrest action in any other jurisdiction shall immediately notify the Chief of Police.
- H. Arrest of Officer from Another Agency. An officer who arrests a sworn officer of another law enforcement agency shall immediately notify his or her own supervisor of the fact. Officers shall take whatever action is appropriate to the circumstances including issuance of summonses or making a physical arrest. That the person cited or arrested is a law-enforcement officer shall make no difference.
- I. Arrest of JOSHUA ISD Officer. If an officer has probable cause to arrest a sworn officer of our department, the officer shall first contact his or her immediate supervisor to review and confirm probable cause. In most cases, the officer may obtain a warrant against the suspect officer. Some occasions may demand an immediate custodial arrest.

XIV. Expectation of Privacy

- A. Employees shall have no expectation of personal privacy in such places as lockers, desks, departmentally owned vehicles, file cabinets, computers, or similar areas that are under the control and management of this law enforcement agency. While this agency recognizes the need for officers to occasionally store personal items in such areas, officers should be aware that these and similar places may be inspected or otherwise entered—to meet operational needs, internal investigatory requirements, or for other reasons—at the direction of the agency chief executive or his or her designee.
- B. No member of this agency shall maintain files or duplicate copies of official agency files in either manual or electronic formats at his or her place

of residence or in other locations outside the confines of this agency without express permission.

	Policy 2.2 Bias Based Policing	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP 2.01	

I. POLICY

We are committed to a respect for constitutional rights in the performance of our duties. Our success is based on the respect we give to our communities, and the respect members of the community observe toward law enforcement. To this end, we shall exercise our sworn duties, responsibilities, and obligations in a manner that does not discriminate on the basis of race, sex, gender, sexual orientation, national origin, ethnicity, age, or religion. Respect for diversity and equitable enforcement of the law are essential to our mission.

All enforcement actions shall be based on the standards of reasonable suspicion or probable cause as required by the Fourth Amendment to the U. S. Constitution and by statutory authority. In all enforcement decisions, officers shall be able to articulate specific facts, circumstances, and conclusions that support probable cause or reasonable suspicion for arrests, searches, seizures, and stops of individuals. Officers shall not stop, detain, arrest, search, or attempt to search anyone based solely upon the person's race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group.

All departmental orders are informed and guided by this directive. Nothing in this order limits non-enforcement consensual contacts between officers and the public.

II. PURPOSE

The purpose of this order is to inform officers that bias-based policing is prohibited by the department. Additionally, this order will assist officers in identifying key contexts in which bias may influence these actions, and emphasize the importance of the constitutional guidelines within which we operate.

III. DEFINITIONS

Most of the following terms appear in this policy statement. In any case, these terms appear in the larger public discourse about alleged biased enforcement behavior and in other orders. These definitions are intended to facilitate on-going discussion and analysis of our enforcement practices.

- A. Bias: Prejudice or partiality based on preconceived ideas, a person's upbringing, culture, experience, or education.

- B. Biased-based policing: Stopping, detaining, searching, or attempting to search, or using force against a person based upon his or her race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group.
- C. Ethnicity: A cluster of characteristics that may include race but also cultural characteristics or traits that are shared by a group with a common experience or history.
- D. Gender: Unlike sex, a psychological classification based on cultural characteristics or traits.
- E. Probable cause: Specific facts and circumstances within an officer's knowledge that would lead a reasonable officer to believe that a specific offense has been or is being committed, and that the suspect has committed it. Probable cause will be determined by the courts reviewing the totality of the circumstances surrounding the arrest or search from an objective point of view.
- F. Race: A category of people of a particular decent, including Caucasian, African, Hispanic, Asian, Middle Eastern, or Native American descent. As distinct from ethnicity, race refers only to physical characteristics sufficiently distinctive to group people under a classification.
- G. Racial profiling: A law-enforcement initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.
- H. Reasonable suspicion: Specific facts and circumstances that would lead a reasonable officer to believe criminal activity is afoot and the person to be detained is somehow involved. Reasonable suspicion will be determined by the courts reviewing the totality of the circumstances surrounding the detention from an objective point of view.
- I. Sex: A biological classification, male or female, based on physical and genetic characteristics.
- J. Stop: An investigative detention of a person for a brief period of time, based on reasonable suspicion.

IV. PROCEDURES

A. General responsibilities

1. Officers are prohibited from engaging in bias-based profiling or stopping, detaining, searching, arresting, or taking any enforcement action including seizure or forfeiture activities, against any person based solely on the person's race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group. These characteristics, however, may form part of reasonable suspicion or

probable cause when officers are seeking a suspect with one or more of these attributes. (TBP: 2.01)

2. Investigative detentions, traffic stops, arrests, searches, and property seizures by officers will be based on a standard of reasonable suspicion or probable cause in accordance with the Fourth Amendment of the U.S. Constitution. Officers must be able to articulate specific facts and circumstances that support reasonable suspicion or probable cause for investigative detentions, traffic stops, subject stops, arrests, nonconsensual searches, and property seizures. Except as provided in number 3 below, officers shall not consider race/ethnicity in establishing either reasonable suspicion or probable cause. Similarly, except as provided below, officers shall not consider race/ethnicity in deciding to initiate even those nonconsensual encounters that do not amount to legal detentions or to request consent to search.
3. Officers may take into account the reported race or ethnicity of a specific suspect or suspects based on trustworthy, locally relevant information that links a person or persons of a specific race/ethnicity to a particular unlawful incident(s). Race/ethnicity can never be used as the sole basis for probable cause or reasonable suspicion. Except as provided above, reasonable suspicion or probable cause shall form the basis for any enforcement actions or decisions. Individuals shall be subjected to stops, seizures, or detentions only upon reasonable suspicion that they have committed, are committing, or are about to commit an offense. Officers shall document the elements of reasonable suspicion and probable cause in appropriate reports.
4. Officers shall observe all constitutional safeguards and shall respect the constitutional rights of all persons.
 - a. As traffic stops furnish a primary source of bias-related complaints, officers shall have a firm understanding of the warrantless searches allowed by law, particularly the use of consent. How the officer disengages from a traffic stop may be crucial to a person's perception of fairness or discrimination.
 - b. Officers shall not use the refusal or lack of cooperation to justify a search of the person or vehicle or a prolonged detention once reasonable suspicion has been dispelled.
2. All personnel shall treat everyone with the same courtesy and respect that they would have others observe to department personnel. To this end, personnel are reminded that the exercise of courtesy and respect engenders a future willingness to cooperate with law enforcement.
 - a. Personnel shall facilitate an individual's access to other governmental services whenever possible, and shall actively provide referrals to other appropriate agencies.
 - b. All personnel shall courteously accept, document, and forward to the Chief of Police any complaints made by an individual against the department. Further, officers shall provide information on the complaint's process and shall give copies of "How to Make a Complaint" when requested or when it is reasonable to assume
3. When feasible, personnel shall offer explanations of the reasons for enforcement actions or other decisions that bear on the individual's well-

being unless the explanation would undermine an investigation or jeopardize an officer's safety.

4. When concluding an encounter, personnel shall thank him or her for cooperating.
5. When feasible, all personnel shall identify themselves by name. When a person requests the information, personnel shall give their departmental identification number, name of the immediate supervisor, or any other reasonable information.
6. All personnel are accountable for their actions. Personnel shall justify their actions when required.

B. Supervisory responsibilities

1. Supervisors shall be held accountable for the observance of constitutional safeguards during the performance of their duties and those of their subordinates. Supervisors shall identify and correct instances of bias in the work of their subordinates.
2. Supervisors shall use the disciplinary mechanisms of the department to ensure compliance with this order and the constitutional requirements of law enforcement.
3. Supervisors shall be mindful that in accounting for the actions and performance of subordinates, supervisors are critical to maintaining community trust in law enforcement. Supervisors shall continually reinforce the ethic of impartial enforcement of the laws, and shall ensure that personnel, by their actions, maintain the community's trust in law enforcement.
4. Supervisors are reminded that biased enforcement of the law engenders not only mistrust of law enforcement, but increases safety risks to personnel as well as exposing the employee(s) and department to liability.
5. Supervisors shall be held accountable for repeated instances of biased enforcement of their subordinates if the supervisor knew, or should have known, of the subordinate's actions.
6. Supervisors shall ensure that all enforcement actions are duly documented per departmental policy. Supervisors shall ensure that all reports show adequate documentation of reasonable suspicion and probable cause, if applicable. Any enforcement action that begins as a consensual encounter will also have the circumstances of the initial encounter documented.
7. Supervisors shall facilitate the filing of any complaints about law-enforcement service.
8. Supervisors will randomly review at least three video tapes per officer (either body camera and/or in-car camera video) per quarter. For this policy a "quarter" is defined as a 3-month period of time. Supervisors are not required to watch each incident of an entire shift; however, reviewing the footage in a manner intended to gain an understanding of that officer's performance and adherence to policy and law is required. Supervisors will document the random review of the video and any violations of policy or law will be addressed through the use of existing internal affairs policy. (TBP: 2.01)

9. Section 8 above applies only to first-line uniformed officers and their immediate supervisors. In the absence of a first-line supervisor this responsibility will move to the Chief of Police.

C. Disciplinary consequences

Actions prohibited by this order shall be cause for disciplinary action, up to and including dismissal.

D. Training (TBP: 2.01)

Officers shall complete all training required by state law regarding bias- based profiling.

II. COMPLAINTS

- A. The department shall publish “How to Make a Complaint” folders and make them available at district facilities and or other public locations throughout the district. The department’s complaint process and its bias-based profiling policy will be posted on the district’s website. The information shall include, but is not limited to, the email, physical address, and telephone contact information for making a complaint against an employee. Whenever possible, the media will be used to inform the public of the department’s policy and complaint process.
- B. Complaints alleging incidents of bias-based profiling will be fully investigated as described under Policy 2.4.
- C. Complainants will be notified of the results of the investigations when the investigation is completed.

III. RECORD KEEPING

- A. The department will maintain all required records on traffic stops where a citation or warning is issued or where an arrest is made subsequent to a traffic stop.
- B. The information collected above will be reported to the Superintendent and School Board as required by law.
- C. The information will also be reported to TCOLE in the required format.

	Joshua ISD POLICE DEPARTMENT	
	Policy 2.3 Sexual or Other Illegal Harassment	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP 2.11	

I. POLICY

The department's policy is to provide a professional, businesslike work environment free from all forms of employee discrimination, including incidents of sexual or other forms of illegal harassment, which include color, race, religion, age, and national origin.

No employee shall be subjected to unsolicited or unwelcomed sexual overtures or conduct, either verbal or physical. The harassing behavior, to be subject to this order, need not occur only during work hours on agency premises, but may occur before or after work and at other locations. Sexual or other unlawful harassment, regardless of the type, is misconduct and the department shall apply appropriate disciplinary sanctions.

Two kinds of sexual harassment apply: quid pro quo harassment and hostile work environment harassment, defined below. The two forms of harassment may overlap.

II. PURPOSE

The purpose of this policy is to define and give examples of sexual and other unlawful harassment, outline prohibited behavior, and describe reporting procedures. (TBP: 2.11)

III. DEFINITIONS

A. Sexual harassment

The Civil Rights Act of 1964 prohibits discrimination based on color, race, religion, age, national origin, and sex. Sexual harassment is a form of sex discrimination. It is defined as follows:

1. Unwelcome sexual advances
2. Requests for favors
3. Verbal or physical conduct that enters into employment decisions
4. Conduct that unreasonably interferes with an employee's work performance
5. Conduct that creates an intimidating, hostile, or offensive working environment.

B. Quid pro quo harassment. ("Quid pro quo" means "something for something.")

This form of sexual harassment occurs when an employee is being pressured to engage in sexual conduct or else lose a tangible job benefit. This form of harassment usually occurs between a supervisor and a subordinate where the harasser has power to control the employee's work benefits, or working conditions, or promotion prospects. Note that this form of harassment is not limited to express demands for sexual favors, but may be implied by circumstances, e.g., offering an employee sexually explicit magazines.

Examples of this form of harassment include the following:

- A request for sexual favors, accompanied by implied or overt threats concerning a person's employment status.
- Promise of preferential treatment in terms of benefits or status.
- Granting job favors to those who participate in consensual sexual activity or penalizing those who refuse to participate.
- Unwanted, intentional touching (patting, massaging, rubbing, hugging, pinching).
- Telephoning or following an employee, during work hours or not, and harassing the employee by requesting sexual favors or in other ways.

C. Hostile work environment harassment

This form of harassment is unwelcome conduct that is so severe or pervasive as to change the conditions of the victim's employment, thus creating an intimidating, hostile, or offensive work environment. Examples of this kind of harassment include the following:

- The employee tolerates unwelcome, pervasive conduct including sexual comments of a provocative or suggestive nature.
- One employee makes jokes or suggestive remarks intended for and directed to another employee.
- An employee leaves sexually explicit books, magazines, photographs, or other items where employees will find them.
- An employee makes unwelcome, demeaning comments (such as talking about physical attributes) to another employee.
- Ridicule, offensive language, propositions, or other similar actions are directed toward an employee, or more than one employee.
- An employee makes unwanted, unwarranted, unsolicited off-duty telephone calls and/or contact.
- An employee leaves signed or anonymous notes or drawings on or in desks, on bulletin boards, in lockers or others places.
- An employee deliberately singles out women in front of men co-workers (or vice versa) and subjects them to demeaning or derogatory remarks.

IV. PROHIBITED CONDUCT

- A. Employees shall not commit or participate in any form of sexual or other illegal harassment.

- B. The department considers romantic relationships between supervisors and subordinates potentially non-consensual. Personal relationships between supervisors and subordinates should be brought to the attention of the Chief of Police at the earliest point so that a proper course of action can be determined. Failure to do so may result in discipline.
- C. Supervisors shall ensure that pornographic or suggestive photographs, illustrations, cartoons or any other form of suggestive material are not posted or kept in any area of the department, including locker rooms, desks, offices or other locations. Materials of this kind used for investigative purposes shall be properly secured according to evidentiary standards.
- D. Supervisors shall order employees on department premises who are making sexually hostile comments or degrading remarks about other persons of the same or opposite sex to cease doing so or face discipline.
- E. Employees shall avoid inappropriate physical contact with one another unless required by a training situation or police procedure. Actions such as kissing, back rubbing, embracing, and any other unnecessary touching are prohibited on department premises or while on duty.
- F. Personnel shall not retaliate against any person for reporting sexual harassment, giving testimony, or participating in the investigation. Retaliation in any form shall result in discipline.

V. PROCEDURES

A. Employee Responsibilities

1. An employee who believes he or she has been sexually harassed should first tell the offender to cease the inappropriate behavior, although circumstances may not always allow the complainant to make this request. If the conduct does not stop, or if the complainant is unable to confront the offender, the complainant shall contact his or her own immediate supervisor. The employee or supervisor shall immediately submit a memorandum to the Chief of Police through the chain of command detailing circumstances. Employees may also report incidents of harassment directly to the Chief of Police, Superintendent, Assistant Superintendent, or human resources director if the offender is a higher-ranking member of the department.
If a supervisor learns of an incident of harassment, he or she shall report the matter to the Chief of Police even if the victim did not submit a complaint.
2. If the complainant is not an employee of the department, the complaint itself is considered no less valid and shall be investigated according to the procedures set forth in this order and in Policy 2.4.
3. Employees must understand that sexual harassment can become a criminal matter. Allegations of stalking, assault, and sexual assault shall be handled immediately as criminal investigations.

4. Each employee of this agency is responsible for assisting in the prevention of harassment and discrimination by:
 - a. refraining from participation in or encouragement of action that could be perceived as harassment and/or discrimination;
 - b. reporting observed acts of harassment and discrimination to a supervisor, and
 - c. encouraging any employee who confides that he or she is being harassed or discriminated against to report these acts to a supervisor.
5. Failure of any employee to carry out these responsibilities as defined in this policy will be considered in any performance evaluation or promotional decision and may be grounds for discipline.

B. Supervisor Responsibilities:

1. Although all employees shall be responsible for preventing harassment and/or discrimination, supervisors shall be responsible for:
 - a. advising employees on the types of behavior prohibited and the agency procedures for reporting and resolving complaints of harassment and discrimination;
 - b. monitoring the work environment on a daily basis for signs that harassment and discrimination may be occurring;
 - c. stopping any observed acts that may be considered harassment and discrimination;
 - d. taking appropriate steps to intervene, whether or not the involved employees are within his/her line of supervision;
 - e. utilizing all reasonable means to prevent a prohibited act from occurring when he or she knows or should know that an employee will or may perform such an activity;
 - f. taking immediate action to prevent retaliation towards the complaining party;
 - g. eliminating the hostile work environment where there has been a complaint of harassment and/or discrimination.
2. No supervisor shall make any employment decision that affects the terms, conditions, privileges, or responsibilities of an individual's employment based on that person's race, sex, religion, national origin, color, sexual orientation, age, or disability.
3. If a situation requires separation of the parties, care should be taken to avoid action that punishes or appears to punish the complainant.
4. Transfer or reassignment of any of the parties involved should be voluntary if possible and, if non-voluntary, should be temporary pending the outcome of the investigation.
5. Any proscribed conduct covered by this policy that comes to the attention of a supervisor shall result in an investigation.
6. Each supervisor has the responsibility to assist any employee of this agency who comes to that supervisor with a complaint of harassment and discrimination in documenting and filing a complaint.

- C. When an employee reports an allegation of sexual harassment, a confidential internal investigation shall begin immediately.
 - 1. The Chief of Police shall immediately take action to limit the employee(s) involved from any further work contact with the alleged offender.
 - 2. The Chief of Police shall conduct an investigation pursuant to the provisions of Policy 2.4.
 - 3. If the sexual harassment allegation is not resolved to the satisfaction of the complainant, eligible employees may invoke the departmental grievance procedure.

- D. The Chief of Police shall report such allegations to the Superintendent without delay.

VI. TRAINING

The department will provide ongoing training, at least once per year, on sexual and other unlawful harassment, reporting, and investigation procedures.

	Policy 2.4 Internal Investigation Process	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP 2.04, 2.05, 2.06, 2.07, 2.08, 2.09, and 2.10	

I. POLICY

The department's image and reputation depend on the personal integrity and discipline of all departmental employees. To a large degree, the public image of the department is determined by what kind of response the department gives to allegations of misconduct against its employees. The department must competently and impartially investigate all allegations of misconduct by employees and complaints bearing on the department's response to community needs. The department recognizes that its personnel are often subject to intense pressures in the discharge of their duties. The employee must remain neutral under circumstances that are likely to generate tension, excitement, and emotion. In these situations, actions and events frequently result in misunderstanding and confusion. It is to the advantage of all employees to have a procedure for the investigation of the more serious allegations and underlying circumstances so that complaints can be resolved in light of the complicated pressures of law-enforcement work.

II. PURPOSE

The purpose of this policy is to describe the procedure that a citizen must follow in making a complaint against department personnel, to outline the procedure for investigating complaints, and to list and define the dispositions of complaints.

III. PROCEDURES – GENERAL (TBP: 2.04)

A. Receipt of complaints

The department encourages any person to bring forward grievances regarding misconduct by employees. Department members shall receive all complaints courteously and shall handle them efficiently. All officers are obligated to explain complaint procedures to anyone who inquires.

B. Responsibilities of supervisors

1. First-line supervisors are primarily responsible for enforcing conformance with departmental standards and orders.
2. First-line supervisors shall know the officers in their charge by closely observing their conduct and appearance.
3. First-line supervisors shall be alert to behavioral changes or problems in their subordinates and, if necessary, document these changes and confer with

higher authorities. The first-line supervisor shall assess the behavior, and take or recommend appropriate action.

4. The supervisor shall recommend and, if appropriate, help conduct extra training for officers not performing according to established standards.
5. The first-line supervisor shall employ counseling techniques sanctioned by the department. Counseling is used to adjust and correct minor, infrequent errors or instances of poor performance and to ascertain the nature of any professional or personal problems that bear on performance.
6. The supervisor shall document all instances of counseling.

C. How to make a complaint

A copy of "How to Make a Complaint" will be posted in the public area of the department, provided to media representatives, and given to any person requesting information on how to make a complaint.

D. Responsibility for handling complaints

1. All complaints alleging a violation of the law or policy will be investigated.
2. Complaints regarding law-enforcement operations will usually be handled through the chain of command, beginning with the first-line supervisor.
3. Complaints involving how law-enforcement service is provided or a failure to provide service or improper attitudes or behavior may be investigated by an assigned supervisor or by the Chief of Police.
4. Depending on the nature of the complaint, the Chief of Police may request another agency or DPS to undertake the investigation. (TBP: 2.06)

E. Complaint-handling procedures. NOTE: This same procedure can also be used by agency employees who wish to file a complaint against another employee.

1. All complaints, regardless of nature, can be filed in person, by mail, or by phone at any time. As part of the follow-up investigation, persons making complaints by mail or phone normally shall be interviewed and a written, signed complaint prepared.
2. A signed letter of complaint will be accepted as a signed complaint without requiring any specific form.
3. Anonymous complaints shall be followed up to the extent possible. In case of an anonymous complaint, the officer or other person who receives the anonymous complaint shall reduce the complaint to writing in a memorandum with as much information as possible and forward the report to the Chief of Police.
4. Every effort shall be made to facilitate the convenient, courteous, and prompt receipt and processing of any person's complaint. An employee of the department who interferes with, discourages, or delays the making of complaints shall be subject to disciplinary action.
5. Normally, a person with a complaint shall be referred to a supervisor or the Chief of Police, who shall assist the individual in recording pertinent information. If initially reported to a supervisor, the first-line supervisor shall conduct a preliminary investigation. The Chief of Police may, if

appropriate, conduct a preliminary investigation. The preliminary investigation consists of questioning the officer, complainants, or witnesses, and securing evidence. Upon completion of the preliminary investigation, the following documents shall be prepared and forwarded through the chain of command:

- a. a report of the alleged violation
 - b. any documents and evidence pertinent to the investigation
 - c. recommendations for further investigation or other disposition.
6. If the first-line supervisor or other investigators determine that the complainant is apparently under the influence of an intoxicant or drug, or appears to have a mental disorder, or displays any other trait or condition bearing on his or her credibility, the supervisor or investigator shall note these conditions.
 7. Any visible marks or injuries relative to the allegation shall be noted and photographed.
 8. Prisoners or arrestees also may make complaints. Circumstances may require that a department representative meet the complainant at a jail or prison for an interview. If appropriate, the representative will have photographs taken of any injuries suffered by the complainant.
 9. An employee who receives a complaint through U.S. mail shall place the correspondence and envelope in a sealed envelope and forward it to the Chief of Police, who shall determine investigative responsibility.
 10. Complaints received by telephone by dispatchers or other employees shall be courteously and promptly referred to a supervisor or the Chief of Police. The dispatcher or employee shall record the name and telephone number of the complainant and state that the Chief of Police or, if unavailable, the supervisor will call back as soon as practical.
 11. In every case, the Chief of Police will be notified of any complaint as soon as possible by the supervisor receiving the complaint. Complaints received overnight will be brought to the Chief's attention the next workday. Complaints alleging a violation of the law or any other serious violation should be reported immediately regardless of the time of day. (TBP: 2.07)

F. Disposition of complaints generally

The Chief of Police or his/her designee shall:

1. Notify the complainant, in writing, as soon as practical, that the department acknowledges receipt of the complaint, that it is under investigation and that the complainant will be advised of the outcome.
2. Enter the complaint into the complaint log, assign a complaint number, and have the complaint investigated. Minor complaints alleging rudeness, minor policy violations, and general performance issues may be assigned to a supervisor for investigation and resolution. Allegations of a violation of the law or serious policy violations will be investigated by the Chief of Police, an investigator assigned by the Chief of Police, or an outside agency as determined by the Chief.
3. Maintain complaint files separate from personnel files.
4. Take disciplinary action following the investigation, if appropriate.

G. Disposition of a serious complaint

1. Allegations of misconduct that might result in discharge, suspension, or demotion, or allegations of criminal charges are serious complaints. The term "serious complaint," in this manual, means that there will be an "internal investigation." Internal investigations examine alleged brutality, gross excesses of legal authority, or allegations involving supervisory or multiple personnel.
2. If a criminal offense is alleged, two separate investigations shall be conducted: a criminal investigation and an administrative or internal investigation. The criminal investigation examines compliance with criminal law while the internal investigation determines compliance with policy and procedure. The Chief of Police will assign these investigations as required.
3. In cases of a serious complaint the Chief of Police shall:
 - a. Determine if the officer complained of should remain on-duty, be relegated to non-contact assignments, or put on administrative leave until the investigation is complete.
 - b. Determine and assign responsibility for the investigation.
 - c. Cause the complaint to be registered and assigned an investigation number in the complaint log.
 - d. Maintain close liaison with the district attorney in investigating alleged criminal conduct. Where liability is at issue, the Chief shall similarly maintain contact with the district's administration or legal counsel.
4. All investigations will be completed within 20 days to include the taking of disciplinary action when necessary. If additional time is necessary to conclude the investigation, a request for extension will be presented to the Chief in writing providing justification for the extension. If the Chief agrees to an extension a specific number of days will be approved. A copy of the request for extension will be provided to the involved officer and the original placed in the case file. (TBP: 2.05)
5. Upon completion of any investigation, the Chief of Police will notify the complainant in writing of the results of the investigation and any action taken. (TBP: 2.10)

IV. INVESTIGATIVE PROCEDURES

- A. Two types of investigations may take place: administrative or criminal. Different rules govern interviews of employees in each case.
- B. Assistance of legal counsel
 1. Employees are permitted to have an attorney, supervisor, or other representative with them in the room during any interview regarding allegations of misconduct.

2. The employee's representative is limited to acting as an observer at the interview, except that where the interview focuses on, or leads to, evidence of criminality, the attorney may advise and confer with the employee during the interview.

C. All Interviews

1. Prior to being interviewed, the subject employee shall be advised of the nature of the complaint and provided a copy of the complaint.
2. All interviews will be conducted while the employee is on duty, unless the seriousness of the investigation is such that an immediate interview is required.
3. During interviews conducted by the department, one employee will be designated as the primary interviewer.
4. The complete interview shall be recorded. The recording will note the date and time of the interview, who is present at the interview, the time at which breaks are taken in the interview process, who requested the break, the time the interview resumed, and the time the interview was ended.
5. The employee shall be provided with the name, rank, and command of all persons present during the questioning.

D. Interviews for criminal investigative purposes

1. If the Chief of Police believes that criminal prosecutions are possible and wishes to use statements against the employee in a criminal proceeding, or at least wishes to maintain the option of their use, he/she or another interviewer shall:
 - a. Give the employee the rights as specified in the Texas Code of Criminal Procedure, Article 38.22.
 - b. In addition to the rights set forth in state law, the Chief or designee shall advise the employee that if he/she asserts the right not to answer questions no adverse administrative action will be taken based upon the refusal.
 - c. If the employee decides to answer questions at this point, the responses may be used in both criminal and disciplinary proceedings.

E. Interview for administrative purposes

1. If the Chief of Police wishes to compel an employee to answer questions directly related to his or her official duties, the Chief of Police or another interviewer shall advise the employee of the following:
 - a. You are advised that this is an internal administrative investigation only.
 - b. You will be asked and are required to answer all questions specifically related to the performance of your duties and your fitness for office.
 - c. All questions specifically related to employment must be fully and truthfully answered.
 - d. If you refuse to answer these questions, you can be subject to discipline that can be as much as discharge or removal from office.

- e. Any answers given are to be used solely for internal administrative purposes and may not be used in any subsequent criminal prosecution should such occur.
 - f. The purpose of the interview is to obtain information to determine whether disciplinary action is warranted. The answers obtained may be used in disciplinary proceedings resulting in reprimand, demotion, suspension, or dismissal.
2. In an interview for administrative purposes, no Miranda rights are required.

V. INVESTIGATIVE TOOLS AND RESOURCES

A. In addition to interviews of the employee and witnesses, other activities in support of a complaint investigation or internal investigation may be required, including:

1. The Chief of Police may order medical and laboratory examinations.
2. The Chief of Police or officer in authority may, based on reasonable suspicion or his/her observation, require a department employee to submit to a test for alcohol or drug use while on duty. The results may be used in a disciplinary hearing. Refusal to submit to the examination will be grounds for disciplinary action and may result in the employee's dismissal.
3. If the employee is believed to be under the influence of alcohol, a licensed breathalyzer operator shall administer the test. The Chief of Police or officer in authority shall witness the test and sign the report.
4. If the employee has a reading of .02 or higher, or there is other competent evidence of impaired abilities to perform duties, the officer shall be relieved of duty by the Chief of Police or officers in authority.
5. If the employee is believed to be under the influence of self-administered drugs, he/she may be compelled to submit to a blood or urine test. The test shall be administered under medical supervision where hygienic safeguards are met. The sample shall be handled using the same safeguards as evidence in a criminal process.
6. If the test shows positive results, or there is other competent evidence of impaired abilities to perform duties, the employee shall be relieved of duty as soon as possible by the Chief of Police or other officers in authority.
7. If an employee refuses to submit to a test, (alcohol or drugs) the Chief of Police or other officer in authority shall immediately relieve the employee from duty (on paid leave) for failure to cooperate in an administrative investigation.
8. Property assigned to the employee but belonging to the department is subject to inspection if the department has a reasonable suspicion that evidence of work-related misconduct may be found therein. Department property includes files, storage lockers, desks, and vehicles.

B. Photograph and lineup identification procedures

1. Officers may be required to stand in a lineup for viewing for the purpose of identifying an employee accused of misconduct. Refusal to stand in a

properly conducted lineup is grounds for disciplinary action and may result in dismissal if criminal prosecution is not anticipated.

2. A book of photos of department employees may be maintained for the purpose of identification of an employee accused of misconduct.

C. Financial disclosure statements

An employee may be compelled to make financial disclosure statements when directly and narrowly related to allegations of misconduct involving any unlawful financial gain.

D. Polygraph

1. All personnel shall be required to submit to a polygraph if ordered to do so by the Chief of Police.
2. The Police Chief may order employees to take a polygraph under the following circumstances:
 - a. The complainant has taken and passed a polygraph concerning the incident, unless the complainant is willing to submit to testing but the polygraph operator determines the complainant is not a fit subject due to mental condition, age, or medication.
 - b. Regardless of whether or not the complainant takes a polygraph (or is positively identified), and the complaint is of such a nature as to bring severe discredit and suspicion on the department and cannot be satisfactorily resolved in any other manner.
3. The results of the polygraph examination shall not be used as the sole basis for disciplinary action against any employee.
4. Any polygraph examination given under the provisions of this order shall be administered by a private contractor licensed to administer polygraph examinations in the State of Texas or must be a licensed examiner from another law-enforcement agency. No employee shall administer an examination to another employee.
5. Refusal to submit to a polygraph examination or to answer all questions pertaining to the charges in the polygraph examination, or deliberately impeding the administration of the polygraph shall be grounds for disciplinary action and may result in dismissal from the department.

	Policy 2.5 Employee Disciplinary Process	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  _____ Chief of Police	
Reference:		

I. POLICY

It is the department's policy to impose any necessary disciplinary action fairly and impartially and to offer adequate appeal procedures to ensure that the rights of employees are protected.

Discipline is the process of taking specific actions that will help train, develop, or modify the inappropriate actions of an employee, preferably through positive rather than negative measures.

Discipline in the department takes two approaches: (1) rewarding employees for excellence and positive actions and (2) training, counseling, and in some cases sanctioning for inappropriate actions or behavior.

II. PURPOSE

The purpose of this policy is to establish procedures concerning informal and formal disciplinary practices within the department.

III. DEFINITIONS

A. Days: The term "days," as used herein, means "work days provided"; however, if the last day of any time period mentioned is a Saturday, Sunday, or holiday, the time period shall be extended to the next day.

B. Moral turpitude: An intentional act or behavior displayed in words or actions that violates public morals or the common sense of the community involving but not limited to intent to defraud, intentional dishonesty for personal gain, lying, perjury, subornation of perjury, cheating, bribery, unlawful possession of controlled substances, sexual harassment, unlawful sexual conduct, or excessive use of force.

C. Relief from duty: An administrative action by a superior whereby a subordinate officer is temporarily relieved from performing his or her duties.

D. Discipline: The taking of specific actions intended to help train, develop, or modify the actions of an employee. Discipline may be positive (awards and training) or negative (punishment).

IV. PROCEDURES

A. Positive Reinforcement

1. Positive discipline seeks voluntary compliance with established policies, procedures, and orders. Methods of positive discipline include:
 - a. Recognition of excellent job performance through rewards or awards.
 - b. When people outside the department compliment an employee's performance, the person who receives the information shall make a record of the comments and pass them to the employee's supervisor. A chief who receives compliments about an employee should write a thank-you note to the individual. Copies of the person's statement and the chief's response shall be sent to the officer involved and the supervisor. A copy of all correspondence shall be placed in the employee's personnel file.
 - c. Truly exceptional acts shall be clearly and promptly identified to the Chief of Police. These acts may be the basis for special awards or for special recognition by community groups or media coverage.
2. Discussion and counseling
3. Training

B. Consistency in discipline

1. The department abides by the philosophy that discipline must be applied consistently and uniformly.
2. The department provides employees with descriptions of prohibited behavior in the "Rules of Conduct Policy" and elsewhere in these orders. No list, however, can be all-inclusive. Employees are expected to have a reasonable perception of what constitutes proper behavior, based on training and experience.

C. Relief from duty

1. An employee may be relieved from duty whenever a supervisor, whether the Chief of Police, sergeant, or senior officer, questions an employee's physical or psychological fitness for duty. An internal investigation may follow.
2. The sergeant or senior officer has authority to relieve an employee from duty, but must promptly report this action to the Chief of Police, accompanied by a written report setting forth details and circumstances.
3. If the necessity to relieve from duty is not immediate, the behavior or actions of the employee shall be deemed a matter for internal investigation. In an internal investigation, only the Chief of Police may relieve an employee from duty. Only the Chief of Police, in consultation with the Superintendent, may suspend an officer without pay.
4. An officer who refuses to obey a direct order in conformance with the department's orders may be relieved from duty by the sergeant or senior officer, who may recommend suspension to the Chief of Police. The chief, in consultation with the Superintendent, may then suspend without pay.

D. Penalties: Documented oral reprimand, counseling, and/or training.

1. Oral reprimands resulting from improper actions, while informal, require documentation with an employee's acknowledgment of such record. The following steps shall be observed:
 - a. At the time of an oral reprimand, the employee receiving it shall be counseled as to correct behavior, and further advised that a written record shall be maintained concerning the reprimand/counseling, and that the employee may read the record.
 - b. The employee shall be further advised that he or she has the right to file a statement in his or her personnel file setting forth his or her position, in case of disagreement.
2. The reprimanding supervisor shall prepare a memorandum for the personnel record that contains the following information:
 - a. Employee's name
 - b. Date of reprimand/counseling
 - c. Summary of reasons for reprimand/counseling
 - d. Summary of employee's response
 - e. Suggestions for improvement or specific actions suggested
 - f. Name and signature of counselor
 - g. The following statement must appear:

"I acknowledge that I have today received counseling and I have been advised of the following rights: (1) that a written record of reprimand/counseling shall be maintained; (2) that the employee has a right to review the record and respond in writing; (3) that the form shall become part of the personnel file; and (4) that the employee is required to acknowledge the reprimand/counseling by signing the record."
 - h. The employee shall sign and date the form on which the statement appears.
3. Oral reprimand/counseling may involve remedial training. This training may be deemed necessary to rectify the improper behavior. Remedial training may include attendance at academy classes, in-service, or other training specially created to help the employee correct or modify his or her behavior. Remedial training is reasonably offered until the employee can demonstrate proficiency in the correct behavior. All training shall be documented.
4. If the employee's actions did not result in a formal internal investigation and employee has not behaved improperly following counseling for two years, the record of counseling shall be expunged from the employee's personnel file.
5. Accumulation of three oral reprimands in a twelve-month period may result in a written reprimand or suspension, depending on circumstances.
6. Supervisors are expected to informally counsel employees regularly without waiting on instances of poor performance. Most counseling is informal, positive, supportive, and often undocumented.
7. Supervisors are responsible for counseling employees concerning job-related matters within their capabilities. Since many things can affect the job and an

employee's performance, job-related counseling may involve family and other individual, personal subjects. Counseling may include identification of unacceptable behaviors or actions, specifically what was done wrong and the desired or acceptable performance. Counseling can attempt to determine the reason for the particular behavior, determine and recommend how to correct or improve performance or to solve the problem.

E. Written reprimand. A written reprimand becomes a permanent part of the officer's file.

1. A written reprimand, issued by the Chief of Police:
 - a. cautions an employee about poor behavior,
 - b. sets forth the corrected or modified behavior mandated by the department,
 - c. specifies the penalty in case of recurrent poor behavior.

An employee may appeal a written reprimand in writing within five days of its receipt. The employee may appeal the reprimand to the Superintendent, who shall be the final arbiter.

F. Demotion or suspension without pay

1. If the situation warrants, the Chief of Police, in consultation with the Superintendent, may demote an employee, suspend without pay, or take other measures normally considered equivalent, such as the forfeiture of vacation or compensatory time.
2. Suspensions without pay will normally apply to a period of up to 15 days, as determined by the Chief of Police and Superintendent.
3. If an employee becomes a candidate for suspension a second time within one year after the first suspension, the employee may be dismissed.
4. Suspensions resulting from the arrest or criminal investigation of an employee may be indefinite or result in termination.
 - a. Should an employee be arrested or identified as a suspect in any felony, misdemeanor involving violence or moral turpitude, family violence or DWI, he/she shall immediately be placed on administrative leave with pay and an internal investigation shall commence. At the conclusion of the internal investigation the Chief of Police may take appropriate disciplinary action based on the results of the internal investigation, including indefinite suspension or termination.
 - b. Terminations may result from other criminal infractions.
 - c. An employee who is acquitted of criminal charges may yet be disciplined at the discretion of the Chief of Police or reinstated with full or partial back pay.
5. Any employee suspended for a period five days or longer shall return all department-owned property. On any suspension, the officer must return to department custody his or her badge, identification card, and issued firearm.
6. During a suspension, the employee shall not undertake any official duties.

7. Demotion shall be to the next lowest rank. Demotion shall apply only to the sergeant or senior officer.
8. An employee may appeal a suspension within five days of notice. An employee may appeal a suspension through the Chief of Police to the Superintendent, whose decision is final.

G. Termination

1. Terminations are made in cases of extreme misfeasance, malfeasance, or nonfeasance of duty. A complete record of the circumstances of the misbehavior shall be made by all persons having knowledge of the misbehavior.
2. Employees may appeal a dismissal within five days of receipt of notice, and may appeal in accordance with the procedure outlined under Policy 4.7

H. Reporting arrests

Any employee arrested for, charged with, or convicted of any crime, or required to appear as a defendant in any criminal or civil proceedings must so inform the Chief of Police in writing as soon as possible. Employees do not have to report parking tickets. Employees must report summonses or arrests for reckless driving, DWI, or any other hazardous or moving- traffic offenses. Failure to notify the department of the foregoing shall be cause for dismissal.

V. PROGRESSIVE DISCIPLINE

- A. Except for gross breaches of discipline, moral turpitude, or serious violations of law or conduct, the department generally follows the principles of progressive discipline.
- B. Probationary employees shall be dismissed, suspended, or otherwise disciplined according to the foregoing. The only difference is that a probationary employee has no right of appeal. In the case of a dismissed probationary employee, the official record shall merely indicate that the person was dismissed during probationary employment.

VI. ADMINISTRATION OF SUSPENSIONS, DEMOTIONS, OR DISMISSALS

- A. After an appropriate investigation, should the Chief of Police sustain the allegation and determine that the discipline may be a suspension, demotion, or termination the chief may request review of the investigation by the officer's chain of command to obtain their recommendations for disciplinary action.
- B. Upon receipt of the recommendations, if the Chief of Police believes the discipline should be greater than a written reprimand, the chief shall request that the officer read the written investigation summary and initial each page. The review will take place in the presence of the investigating officer or other staff member. The employee will be allowed to add a written statement to the investigative package stating any arguments with the evidence or investigation process. This statement

will be prepared and added to the investigation summary before the employee and the investigating officer leave the review site.

- C. The Chief of Police will meet with the employee and allow the employee to make any statement regarding the evidence or investigation, and review any written statement provided by the employee. The Chief of Police will then have the employee report back after a period of time determined by the chief.
- D. The Chief of Police will again review the investigation, considering the employee's input and may then decide on the discipline or send the investigation back for further investigation.
- E. The chief will meet with the employee to inform him or her of his/her decision. The chief will present the employee with a letter outlining the discipline, the effective date of the discipline, the reason for the discipline, and the employee's appeal rights.
- F. Copies of all investigation reports that indicate disciplinary action and all other disciplinary paperwork will be filed in the employee's personnel file. A copy of the investigation report will be maintained in the internal investigations files.

 - b. offering online-reporting opportunities,
 - c. sharing crime maps and data
 - d. soliciting tips about unsolved crimes (e.g., Crime Stoppers, text-a-tip).

4. Social media can be a valuable recruitment mechanism, since many people seeking employment and volunteer positions use the internet to search for opportunities.
5. Background investigations.
 - a. This department has an obligation to include internet-based content when conducting background investigations of job candidates.
 - b. Search methods shall not involve techniques that are a violation of existing law.
 - c. Vetting techniques shall be applied uniformly to all candidates.
 - d. Every effort must be made to validate internet-based information that is considered during the hiring process.

D. Use of Covert Social Media Sites for Investigative Operations

1. Covert or undercover social media sites are exempt from the requirements of sections 1, 2, and 3 above.
2. Only the Chief of Police may approve the use of any covert or undercover social media site or postings to other social media sites for undercover investigative operations. A supervisor will be assigned to monitor the operation of the investigation.
3. Prior to operating any covert or investigative social media site, or posting to other social media sites for purposes of a covert or undercover investigation, the Operations Sergeant shall contact the prosecuting attorney to determine the admissibility and requirements of the law regarding preservation of information for both prosecution and open government as well as records retention requirements.

V. PERSONAL USE OF SOCIAL MEDIA

A. Precautions and Prohibitions

Barring state law or binding employment contracts to the contrary, department personnel shall abide by the following rules when using social media:

1. Members of the department may not access social networking or social media sites through the use of departmentally provided information systems unless authorized to do so on behalf of the department or during the course of an investigation.
2. While on duty, employees may only use personal communications devices to access social networking sites strictly during **authorized** meal breaks, provided such usage does not in any way interfere with the performance of job duties. Employees are prohibited from authoring posts on a social networking site at any time while on-duty, even during meal breaks.
3. Due to concerns for officer safety and to preserve tactical advantage, the posting of information related to any police response by any officer or an assisting agency is absolutely prohibited without the approval of the Chief of Police.
4. All matters of, by, within, and about department details regarding calls for service and the customers we interact with are generally considered confidential

information that may not be released, blogged about, posted, or otherwise shared outside the department without prior authorization that has been obtained through an official open- records request, or without the information already being in the public realm [already otherwise released officially].

5. Display of departmental logos, uniforms, uniform patches, or departmental badges on their own or other social media sites is prohibited without written approval of the Chief of Police.

6. Department personnel are free to express themselves as private citizens on social media sites to the degree that their speech does not impair working relationships of this department for which loyalty and confidentiality are important, impede the performance of duties, impair discipline and harmony among coworkers, or negatively affect the public perception of the department.

7. As public employees, department personnel are cautioned that speech, whether on or off-duty, made pursuant to their official duties—that is, speech which owes its existence to the employee’s professional duties and responsibilities—may not be protected speech under the First Amendment and may form the basis for discipline if deemed detrimental to the department.

8. Department personnel should assume that their speech and related activity on social media sites will reflect upon their office and this department.

9. Department personnel shall not post, transmit, or otherwise disseminate any information to which they have access as a result of their employment without written permission from the Chief of Police.

a. For safety and security reasons, department personnel are cautioned not to disclose their employment with this department nor shall they post information pertaining to any other member of the department without that member’s permission. In relation to this, department personnel are cautioned not to post personal photographs or provide similar means of personal recognition that may cause them to be identified as a police officer of this department. Officers who are working, or who may reasonably be expected to work, in undercover operations shall not post any form of visual or personal identification.

b. Personnel are reminded that many individuals that we contact in our profession become angry and on occasion seek revenge for official actions taken. Employees are encouraged not to post any information that could be used to identify an employee’s residence, vehicle, or the identity of family members.

10. When using social media, department personnel should be mindful that their speech becomes part of the worldwide electronic domain. Employees are required to be credible witnesses in criminal prosecutions and that credibility can be attacked using inappropriate posts on social media sites. Therefore, adherence to the department’s code of conduct is required in the personal use of social media. In particular, department personnel are prohibited from the following:

a. Speech containing obscene or sexually explicit language, images, or acts and statements or other forms of speech that ridicule, malign, disparage, or otherwise express bias against any race, any religion, or any protected class of individuals.

b. Speech involving themselves or other department personnel reflecting behavior that would reasonably be considered reckless or irresponsible.

- c. Engaging in prohibited speech noted herein may provide grounds for undermining or impeaching an officer's testimony in criminal proceedings. Department personnel thus sanctioned are subject to discipline up to and including termination of office.
 - d. Department personnel may not divulge information gained by reason of their authority; make any statements, speeches, appearances, and endorsements; or publish materials that could reasonably be considered to represent the views or positions of this department without express authorization.
 - e. Department personnel should be aware that they may be subject to civil litigation for the following:
 - i. publishing or posting false information that harms the reputation of another person, group, or organization (defamation);
 - ii. publishing or posting private facts and personal information about someone without that person's permission that has not been previously revealed to the public, is not of legitimate public concern, and would be offensive to a reasonable person;
 - iii. using someone else's name, likeness, or other personal attributes without that person's permission for an exploitative purpose;
 - iv. publishing the creative work of another, trademarks, or certain confidential business information without the permission of the owner.
11. Department personnel should expect that any information created, transmitted, downloaded, exchanged, or discussed in a public online forum may be accessed by the department at any time without prior notice.
12. Department personnel should be aware that privacy settings and social media sites are constantly in flux, and never assume that personal information posed on such sites is protected.
13. Department personnel are reminded that the department policies and Code of Conduct applies to on-line activities.
14. There should be no expectation of privacy for items or activities conducted on-line.

B. Monitoring of Social Media

- 1. Supervisors within the department may make random investigations into the postings of employees for purposes of protecting the integrity and reputation of the department, protecting the integrity of investigations, and ensuring privacy and security of departmental records and information.
- 2. Any employee becoming aware of or having knowledge of a posting or of any website or web page in violation of the provision of this policy shall notify his or her supervisor immediately for follow-up action.

3. No supervisor or member of the department below the rank of Chief of Police is authorized to cancel, modify, or make exceptions to the contents of this order at any time.

I. POLICY

Today’s society is both multi-faceted and complex. In order to provide effective law enforcement services, it is imperative that officers as well as non-sworn employees have the training necessary to accomplish their mission. The JOSHUA ISD Police Department is committed to providing the training necessary to meet and exceed Texas state requirements and contribute to every employee’s career goals.

II. PURPOSE

The purpose of this policy is to provide members of the department with details of the training required by the department and their responsibilities with regard to maintaining that training.

III. REQUIRED TRAINING

A. Basic Training

1. Sworn members of the department are required to have a peace officer license issued by the Texas Commission on Law Enforcement. This license currently requires officers to attend a basic peace officers’ course and pass a commission licensing examination. Officers must possess their peace officer license prior to performing any law enforcement duty or function. (TBP: 1.09)
2. Previously licensed officers who apply for employment must have their license in good standing, all in-service training completed, or the ability to complete in-service requirements prior to the end of the Commission training cycle, which ends August 31 of odd-numbered years.
3. In addition to the training required for licensing, all sworn officers and reserves will complete the National Incident Management System training, appropriate for their rank, prior to completion of field training, or prior to completion of promotional probation in the event of promotion to a higher rank. (TBP: 8.11)

B. Field Training

1. Sworn members of the department may be required to complete the department’s field training program as outlined in Policy 3.2 within the time period specified.

2. Officers with prior experience may qualify for expedited field training if they are able to demonstrate proficiency in all required areas.

C. In-service training (TBP: 3.06)

1. All sworn personnel of the department shall, within each Commission training period as required by law, obtain at least 40 hours of in-service training. In-service instruction may include the following:

3. Sworn personnel are responsible for obtaining the training necessary to maintain their license and any special certifications they may hold. The department will provide officers with the training or provide the time and funding necessary to obtain the training. Much of the required training can be obtained on-line from the Commission website.
4. Reserve officers will meet the same in-service training requirements as regular officers. (TBP: 3.07)

D. Supervisory training (TBP: 3.09)

In some cases, attendance at a training program may be excused, such as for court appearance or sickness. Any absence must be properly excused by the administrators of the program. Any time lost must be made up before any certificate of completion is issued. Certificates will be issued to those students who complete any training program. Employees shall provide a copy of any certificates to the department for inclusion in the employee's training file.

If personnel are required to use their personal vehicles they will be reimbursed at the current mileage rate.

V. DEPARTMENTAL TRAINING

A. Performance-based training

The Commission requires performance-based training. This method of training requires the development of performance objectives. The use of performance objectives acquaints the training participants with the information they are required to know, the skills that must be demonstrated, and the circumstances under which the skills will be used. This approach also enables the instructors to relate training directly to the job performance that will be expected by supervisors. An employee who develops an outline for instruction of a topic must develop objectives that have the following characteristics:

1. Focus on the elements of the job/task analysis for which training is needed.
2. Provide clear statements of what is to be learned.
3. Provide the basis for evaluating the participants.
4. Provide the basis for evaluating the effectiveness of the training program.

B. Lesson plans

1. Lesson plans are required for all training courses conducted or sponsored by the department. It is the responsibility of the individual instructor, whether a member of the department or not, to provide the Chief or his/her designee, with a copy of the lesson plan for approval. A copy of the lesson plan will be maintained along with rosters of personnel attending the training.

2. The lesson plan should include a statement of performance objectives, the content of the training, specification of the appropriate instructional techniques, references, relationship to the job tasks, responsibilities of the participants for the material taught, and plans for evaluation of the participants. The instructional techniques that might be used include the following:
 - a. Conferences (debate, discussion groups, panels and seminars)
 - b. Field experiences (field trips, interviews, operational experiences, and observations)
 - c. Presentations (lectures, lecture-discussion, lecture-demonstration)
 - d. Problem investigations (committee inquiry, critical incidents)
 - e. Simulations (case study, simulation, games, and role-playing).

C. Instructors

1. Instructors for all department training programs shall:
 - a. Have a minimum of two years law-enforcement experience, or
 - b. Have completed a TCOLE instructor's course and be certified as an instructor, or
 - c. Possess a demonstrated skill in an area of instruction, or
 - d. Have knowledge of teaching theories, methods, and practices along with some knowledge of law-enforcement practices.
2. Instructors enlisted from outside the department shall be approved by the Chief or his/her designee. The instructor must have demonstrated skill in his/her area of instruction and comply with requirements for lesson plans as previously stated. Any compensation will be determined by the Chief of Police.
3. Before being allowed to instruct any state-mandated courses at the department, instructors shall receive, at a minimum, training in:
 - a. Lesson plan development
 - b. Development of performance objectives
 - c. Instructional techniques
 - d. Learning theory
 - e. Testing and evaluation techniques
 - f. Resources.
4. Normally, officers selected and trained as instructors in a particular subject will be expected to teach it when needed for a minimum of two years.

VI. REMEDIAL TRAINING

- A. Remedial training is directed at solving a particular problem or improving performance in a particular area within a designated time and with clearly defined, expected results.
- B. Remedial training may be assigned as a result of discipline or counseling.

1. Examples of Community Outreach Programs that are endorsed by this agency include, but are not limited to (TBP 2.24):
 - a. Community forums
 - b. Social media outlets
 - c. Officers eating lunch at area schools with students
 - d. Community surveys
 - e. Shop with a Cop
 - f. Hoot Alley

2. Community Feedback Mechanisms (TBP 2.24) – seeking community feedback, and just as important - following up on the feedback, is crucial to the success of police community relations. The Joshua ISD Police Department is committed to actively seeking community feedback and whenever viable options for improvement can be found – to act on those

findings. The following methods will be used to seek community feedback (with prior approval of Chief of Police and or ISD administration):

- a. An annual electronic survey will be created and posted on the Joshua ISD web site. The community will be encouraged by all personnel to take the survey.
 - b. Social Media polls / surveys will be made available to the public through the departments Social Media Outlets.
3. Social Media is an effective tool for community outreach; however, the Joshua ISD Police Department will not rely solely on this mechanism for community outreach (TPB 2.24). It is important for all employees to seek out effective outreach programs that impact all segments of our community.
 4. All survey results will be sent to the Chief of Police for review and action.

1. A peace officer may not inquire into the immigration status of a victim or witness to a crime unless the officer determines the inquiry is necessary to:
 - (1) investigate the offense; or
 - (2) provide the victim or witness with information about federal visas designed to protect individuals providing assistance to law enforcement.
2. Community outreach regarding immigration status shall include, but shall not be limited to, outreach to the following persons:
 - (1) family violence, as that term is defined by Section 71.004, Family Code, including those receiving services at family violence centers under Chapter 51, Human Resources Code; and

PURPOSE: Monitoring a member’s fitness for duty, both medically and psychologically, is essential for the safety and welfare of the members of the agency and the community. The purpose of this policy is to ensure that all members of this agency remain medically and psychologically fit for duty and able to perform their essential job functions.

1. POLICY

1.1 This agency strives to provide a safe and productive work environment and ensure that all members of this agency can effectively perform the essential functions of their jobs. Under limited circumstances, the agency may require a professional examination of a member’s physical or mental capabilities to determine the ability to perform essential functions.

2. MEMBER RESPONSIBILITIES

2.1 It is the responsibility of each member of this agency to maintain physical stamina and psychological stability sufficient to effectively perform the essential duties of the position.

2.2 Any member who feels unable to perform their duties shall promptly notify a supervisor. In the event a member believes that another agency member is unable to effectively perform their duties, such observations or belief shall be promptly reported to a supervisor.

3. SUPERVISOR RESPONSIBILITIES

3.1 All supervisors should be alert to any indication that a member may be unable to safely perform their duties due to an underlying physical or psychological impairment or condition.

3.2 Such indications may include, but are not limited to the following:

- a) An abrupt and negative change in the member’s usual or normal behavior;
- b) A pattern of irrational conduct, hostility, or oppositional behavior;

- c) Personal expressions of instability;
- d) Inappropriate use of alcohol or other substances, including prescribed medication;
- e) A pattern of questionable judgment, impulsive behavior, or the inability to manage emotions; and
- f) Any other factor or combination of factors causing a supervisor to believe the member may be suffering from an impairment or condition requiring intervention.

3.3 Supervisors shall maintain the confidentiality of any information consistent with this policy.

4. REPORTING

4.1 A supervisor observing a member, or receiving a report of a member, who has just cause to believe the member is unable to effectively perform their duties shall promptly document all objective information or observations.

4.2 The supervisor should attempt to meet with the member to inquire about the conduct or behavior giving rise to the concerns.

4.3 If a meeting does not resolve the supervisor's concerns or does not take place, the supervisor shall promptly document observations and actions in writing and inform the appropriate supervisor within the member's chain of command.

5. DUTY STATUS FITNESS-FOR-DUTY EXAMINATION

5.1 The appropriate supervisors within the member's chain of command should make a preliminary determination regarding the member's duty status.

5.2 If a determination is made that the member can effectively perform essential job functions, the member should be returned to duty and arrangements made for appropriate follow-up.

5.3 If a preliminary determination is made that there is just cause to believe the member's conduct or behavior represents an inability to effectively perform essential job functions, the appropriate supervisor should immediately relieve the member of duty pending further examination.

5.4 Members relieved of duty shall comply with the administrative leave provisions as set out by agency policy.

5.5 The chief administrator shall be promptly notified if any member is relieved of duty.

6. FITNESS-FOR-DUTY EXAMINATION

6.1 A fitness-for-duty examination (FFDE) may be ordered whenever circumstances reasonably indicate that a member is unfit for duty.

6.2 DEFINITION OF A FFDE: An FFDE is a formal, specialized examination of an incumbent member that results from:

- a) Objective evidence that the member may be unable to effectively perform a defined job function; and
- b) A reasonable basis for believing that the cause may be attributable to a medical or psychological condition or impairment.

As such, an FFDE is considered a “medical” examination under the terms of the Americans with Disabilities Act. The central purpose of an FFDE is to determine whether the member is able to effectively perform his or her essential job functions.

6.3 THRESHOLD CONSIDERATIONS FOR A FFDE: Referring an member for an FFDE is indicated whenever there is an objective and reasonable basis for believing that the member, as a result of a medical or psychological condition or impairment:

- a) May be unable to perform one or more essential job functions; or
- b) Poses a direct threat to themselves or others.

An objective basis is one that is not merely speculative but derives from direct observation or other reliable evidence.

6.4 When deciding whether to conduct an FFDE, both the employer and examiner may benefit from considering its potential usefulness and appropriateness given the specific circumstances, and the employer may consider whether other remedies (for example, education, training, discipline, physical FFDE) are appropriate.

6.5 The examiner strives to remain impartial and objective and to avoid undue influences by any of the parties involved in the case.

6.6 Mental health professionals refrain from rendering fitness-for-duty opinions when they are not conducting an FFDE.

7. PROCESS FOR NON-SWORN PERSONNEL

7.1 The chief administrator, in cooperation with the personnel department, may order a member to undergo an FFDE whenever a question arises as to whether the member is medically or psychologically fit to continue in their duties. The examination shall be conducted by the member’s personal physician, psychiatrist, or psychologist, as required by agency policy.

7.2 To facilitate the examination of any member, the agency will provide all appropriate documents and available information to the person or entity responsible for

conducting the examination.

7.3 The examining practitioner will provide the agency with a report indicating whether the member is fit for duty. If the member is unfit for duty, the practitioner will include the existing restrictions or conditions in the report.

7.4 A second examination may be ordered by the appropriate authority if the member, the civil service commission, or the chief administrator questions the practitioner's report. The examination will be conducted by a physician, psychiatrist or psychologist appointed in accordance with the procedure adopted by the governing body. If the report of the appointed practitioner disagrees with the report of the initial practitioner, the final determination as to the member's fitness shall be decided in accordance with applicable laws, provisions of collective bargaining, meet and confer, other agreements, or policies.

7.5 All reports and examinations submitted by the examining practitioner shall be part of the member's confidential medical file.

7.6 Determinations regarding duty status of members who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the personnel department.

7.7 Any member ordered to undergo a fitness-for-duty examination shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the member to discipline, up to and including termination.

8. PROCESS FOR PEACE OFFICERS

8.1 The chief administrator, in cooperation with the personnel department, may order an officer to undergo an FFDE whenever a question arises as to whether the officer is medically or psychologically fit to continue in their duties. The examination shall be conducted by the officer's chosen physician, psychiatrist, or psychologist, as appropriate and in accordance with applicable laws, including Texas Local Government Code §§ 143.081 and .1115, provisions of collective bargaining, meet and confer, other agreements, or policies.

8.2 The chief administrator shall provide written notice of the examination to the license holder not later than the tenth business day before the deadline to submit to the examination. Written notice shall include the reasons for the examination.

8.3 To facilitate the examination of any member, the agency will provide all appropriate documents and available information.

8.4 The examining practitioner will provide the agency with a report indicating whether the officer is fit for duty. If the officer is unfit for duty, the practitioner will include the existing restrictions or conditions in the report.

8.5 A second examination may be ordered by the appropriate authority if the officer,

the civil service commission, or the chief administrator questions the practitioner's report. The examination will be conducted by a physician, psychiatrist or psychologist appointed in accordance with the procedure adopted by the governing body. If the report of the appointed practitioner disagrees with the report of the initial practitioner, the final determination as to the officer's fitness shall be decided in accordance with applicable laws, provisions of collective bargaining, meet and confer, other agreements, or policies.

8.6 All reports and examinations submitted by the examining practitioner shall be part of the officer's confidential medical file.

8.7 Determinations regarding duty status of officers who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the personnel department.

8.8 Any officer ordered to undergo an FFDE shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the officer to discipline, up to and including termination.

9. AGENCY'S RESPONSIBILITIES TO NOTIFY TCOLE

9.1 License Holder: A Texas County Jailer, Peace Officer, or Telecommunicator.

9.2 The chief administrator shall notify the Texas Commission on Law Enforcement (TCOLE) upon a final determination that a license holder is unable to effectively perform essential job functions. This notification shall be in writing and submitted to TCOLE within 30 days of the final determination that the license holder is unable to effectively perform essential job functions.

9.3 The chief administrator shall notify TCOLE if a license holder fails to submit to an examination within the deadline set by the agency. This notification shall be in writing and submitted to TCOLE within 30 days after the deadline set by the agency has expired.

9.4 The chief administrator shall notify TCOLE as soon as practicable if a license holder has completed the required examination or received notice that the license holder's circumstances have been successfully resolved.

10. FITNESS-FOR-DUTY EXAMINATION MINIMUM STANDARDS

10.1 Given the nature of these examinations and the potential consequences to the employer, the examinee, and the public, it is important for examiners to perform FFDEs with maximum attention to the relevant legal, ethical, and practice standards and guidelines. Such standards include, but are not limited to, the American Psychological Association's Ethical Principles of Psychologists and Code of Conduct. Consequently, it is recommended that these examinations be conducted by a psychologist, psychiatrist, or medical doctor with the appropriate qualifications.

10.2 Depending on the referral question and the examiner's professional judgment, an FFDE examiner strives to utilize multiple methods and data sources to optimize the

accuracy of findings. Examiners integrate the various data sources, assigning them relative weight according to their known reliability and validity. The range of methods and data sources used by an FFDE examiner can vary, but such suggestions and further information about this process can be found in the International Association of Chiefs of Police (IACP) 2018 Psychological Fitness-for-Duty Examination.

10.3 When conducting the FFDE, it may be necessary for the examiner to receive background and collateral information regarding the member's past and recent performance, conduct, and functioning. The information may include, but is not limited to, job class specifications or job description, performance evaluations, previous remediation efforts, commendations, testimonials, internal affairs investigations, formal citizen or public complaints, use-of-force incidents, reports related to officer-involved shootings, civil claims, disciplinary actions, incident reports of any triggering events, health care records, prior psychological examinations, and other supporting or relevant documentation related to the member's psychological fitness for duty. In some cases, an examiner may ask the examinee to provide relevant medical or mental health treatment records and other data for the examiner to consider. It is important that all collected information be related to job performance issues or the suspected job-impairing mental condition. Where possible and relevant, it may prove helpful to gather information from other collateral sources.

11. APPEALS

11.1 Members disputing the application or interpretation of this policy may submit a grievance as provided in the applicable grievance policy.

	Approved:  Chief of Police	
	Reference: TBP 5.01, 5.02 5.03 and 10.02 f	

I. POLICY

A “records unit” that functions well is critical for the effective delivery of law enforcement services. An efficient means of storing, cataloging, and retrieving records is essential for meeting the management, operational, and informational needs of the police agency.

II. PURPOSE

The purpose of this policy is to assist records personnel in setting up and maintaining an effective record keeping system.

III. RECORDS SECURITY (TBP: 5.01)

- A. Police records are housed in a restricted area. Personnel assigned to maintaining records are supervised by the Chief of Police.
- B. Access to police records is restricted to authorized police personnel only. Entry by unauthorized personnel is prohibited.
- C. Police records will be secured and locked when it is not accompanied by authorized police personnel.

IV. RECORDING OF INCIDENTS BY CATEGORY

- A. In order to develop a comprehensive reporting system, it is necessary to record actions taken by law enforcement personnel whether in response to a request for service or for self-initiated actions. Each reported incident occurring within the department’s service area will be categorized as one of the following and will receive a sequential incident or case number:
 - 1. Individual’s request for service, crime reports, or complaints that require one of the following:
 - a. an officer to be dispatched
 - b. an assigned employee to investigate
 - c. an assigned employee to take action at a later time.
 - 2. Self-initiated criminal and non-criminal cases by officers.
 - 3. Incidents involving arrests, citations (other than traffic), or summonses.

B. Assignment of Case Numbers

1. Dispatch personnel who become aware of an incident occurring within the jurisdiction service area that requires the initiation of police activity will assign an incident number generated by the CAD (Computer Aided Dispatch) system.
2. Case numbers may be assigned in numerical order by Joshua ISD Officers through the report writing system.
3. Other reports, such as an accident, impoundment, property and evidence recovery, etc., will be assigned a CAD incident number.
4. When an incident is assigned a CAD number, the following information regarding that incident will be entered into the CAD system by dispatch personnel:
 - a. Date and time of the initial reporting
 - b. Name and address of the complainant or victim requesting the service
 - c. Nature of the incident and the location
 - d. Identification of the officers assigned to the call
 - e. Time when officers were dispatched, arrived, and returned to service
 - f. Status, date, and time of action taken on the call.

C. Officer's Responsibilities

1. Officers will complete all required reports and turn them in to a supervisor within 72 hours of incident. Reports requiring additional time are to be approved by a supervisor.
2. Officers shall provide only a short summary narrative of the event on the first page of the offense or incident report (who, what, when, and where). Details, including any listing of evidence, identification of witnesses, description of injuries, and any exculpatory information, shall be provided in an offense or incident supplemental report.
3. Supervisors will review all reports for accuracy and completeness and submit approved reports.
4. Reports returned to officers for correction will be documented by the supervisor. At the next shift the supervisor shall follow up, making sure that the report has been corrected and submitted.

D. Juvenile Records (TBP: 10.02 f)

1. A file is maintained on each juvenile (age under 16) arrested, referred, or detained by an officer. The file includes all documents associated with the contact as indicated in this section, as well as a running list of the juvenile's detentions and dispositions.
2. State and federal laws require that juvenile files be kept separate from adult files.
3. Juvenile fingerprints and photographs, if any, will be turned over to the Juvenile Probation Department intake officer.

4. Police records will not maintain fingerprints or photographs of juveniles. Should fingerprints or photographs be turned over to police records they will be destroyed as specified in the Family Code sections 58.001 and 58.002.

E. Computerized Criminal History Information

1. Computerized criminal history information (CCH) is a federal/state cooperative system of a variety of databases (arrests, convictions, driving records, outstanding warrants, and others). The CCH database lists all arrests and convictions for offenses above Class C misdemeanor that have not been purged in accordance with state/federal age purge criteria.
2. Access to the TCIC/NCIC criminal history database is limited to designated personnel. The program generates its own log showing who accessed the system. The log is computerized and maintained by information systems personnel.
3. Access to CCH information through local law enforcement agencies is limited to criminal justice uses.
4. Individuals who request a copy of their computerized criminal history must do so through the Texas Department of Public Safety in Austin.
5. Numerous agencies have been given authority to access criminal history information on prospective licensees or applicants. The statutes giving this authorization do not permit use of local police agency TCIC/NCIC lines for obtaining the CCH. Requests of this nature are to be referred to a supervisor.

V. REPORT NUMBER AUDIT AND REPORT STATUS

- A. Reports will be placed in numerical order by service number.
- B. When a report has not been turned in within three days of the incident, a print out of the audit report is made and one copy kept for follow up. Follow-ups for missing reports will be made until all missing reports are accounted for.
- C. When a report has not been received within 72 hours after the end of the shift on which the call was taken, a notice will be made to the Officer by the officer's supervisor. Notice will also be made to the Chief of Police.

VI. DISTRIBUTION OF REPORTS AND RECORDS

- A. After reviewing reports for completeness, the supervisor will approve and file all appropriate records.
- B. Originals are maintained in secured police records storage locations.
- C. All corrections or amendments to an original report are made by supplement and not by changing the original report. Supplementary reports will be filed in storage whenever additional information is processed.
- D. Citations are entered into the computer system and forwarded to the municipal court.

VII. RECORDS RETENTION AND DESTRUCTION (TBP: 5.02)

- A. Records will be retained in the records unit as specified in this policy until they are purged or destroyed in accordance with the approved Records Retention Policy and any court orders requiring them to be expunged.
- B. Accident Reports: Files will be maintained in numerical order by month in the records office. A copy of each accident report will be kept for two years, at which point they will be destroyed. Persons wanting accident reports older than two years can order a copy directly from the Texas Department of Public Safety.
- C. Offense Reports: Because some offenses do not have a limitations period -- they can be prosecuted at any time -- because the limitations period for some offenses is based on the age of the victim at the time of the offense, offense report purging cannot be based solely on a calculation of the number of years from the date of the offense. Careful consideration will be given to these circumstances during the records retention process.
- D. All Other Information Reports: The originals of miscellaneous incident reports will be kept for an indefinite period of time, and they will be kept in numerical order just as offense reports are kept.
- E. Adult Arrest Files: Adults may obtain a court order to have their arrest records expunged as specified in Chapter 55 of the Code of Criminal Procedure. If no such order is obtained, adult arrest files will be kept until there is a report of the death of the arrestee or for a period of 75 years.
- F. Juvenile Arrest Files: (TBP: 10.02 f)
 - 1. A juvenile arrest file will be created for every juvenile taken into custody by members of this department. Juvenile files are maintained separately from adult files and, like all files, are kept secure from unauthorized disclosure.
 - 2. Persons may have their juvenile records sealed (not destroyed) by court order as specified in Family Code section 58.003.
 - 3. A court may order destruction of juvenile detention files as specified in Family Code section 58.006.
 - 4. Arrest report files on juveniles who were referred to juvenile court may be purged after the person reaches the age of 23.
 - 5. Arrest report files on juveniles who were not referred to the juvenile court may be purged after the person reaches the age of 18.
 - 6. As specified in Chapter 58 of the Family Code, police records will not maintain fingerprints or photographs of juveniles because the juvenile was detained by police or suspected of a criminal offense. Fingerprints and photographs taken as part of the juvenile intake process will be turned over to juvenile probation department officials. Should it happen that fingerprints or photographs have been turned over to police records they will be destroyed as specified in Family Code sections 58.001 and 58.002.

7. Any juvenile records that are in a gang or criminal street gang intelligence file will be maintained, managed, and removed pursuant to the Texas Code of Criminal Procedure Articles 61.04 and 61.07.

G. Destruction of files and records will be done by shredding, burning, or other means of destruction approved by the Chief of Police or designee when documents have been held beyond the required retention schedule.

VIII. UNIFORM CRIME REPORT (UCR) AND RELEASE OF RECORDS (TBP: 5.03)

A. It is the responsibility of the records supervisor to complete the monthly UCR and department crime report in a timely manner.

B. The records supervisor must read and be familiar with the UCR handbook, including all UCR reporting standards.

C. The records supervisor must perform several audit checks for each crime reported.

D. The Texas Public Information Act governs release of information reported to law enforcement agencies.

E. Any request for information contained in any report made or compiled by the department is to be referred to the records unit.

F. All arrest files maintained in the records files and the computer will be the responsibility of the records supervisor. Copies of files will be released only to the following authorized persons:

1. Personnel of this department
2. Sworn officers from other agencies upon written request
3. Courts of law under proper process
4. District attorneys
5. Federal law enforcement agencies
6. Probation departments
7. Military personnel with a written request and signed waiver of the named person. Copies of waivers will be kept for a period of three (3) years.

G. Juvenile arrest information is closed to public information requests and will not be released without a court order or signed waiver from the juvenile and a parent or guardian.

H. Original reports will be released only to members of this department. Every release will be documented in the records check-out log, showing the date, name, file name and number, and the name of the clerk releasing the files. A copy of the report will be made prior to release of any original report. Upon the return of original records, the records clerk will review the contents of the return against the "check-out log," checking for discrepancies. The records clerk will note who returned the files, as well as the date and time. If there are no discrepancies in the contents of the records

being checked in, the receiving person will initial the “check-out log” and return the record to its original file location.

- I. Records personnel will respond to all requests from the courts for original records. A complete copy of the requested records will be made before they are removed from the original records unit.
- J. Any individual may request a “clearance letter” for a number of purposes, such as travel visas and adoptions. Such a letter must be submitted to records personnel along with at least two pieces of identification, one of which must include a photo. Records personnel will check local records only. Records personnel will prepare a “To Whom It May Concern” letter indicating that no criminal record has been recorded in the Joshua ISD. The individual makes state or federal criminal history inquiries directly to those agencies.

This includes any electronic document, report, audio or video recording, image, email, voice communication, and any other form of electronic data created while on or off duty.
3. All department-owned equipment and its use are subject to routine or specific review and/or investigation by department supervisors as needed to ensure appropriate use.
4. On-duty use of any electronic device, such as a mobile phone or phone camera, for strictly personal purposes not related to departmental operations is generally considered private unless the information would tend to show inappropriate activity. Off-duty use of personal electronic devices is also generally considered private unless the use results in a violation of departmental general orders or state or federal law.
5. All employees that directly access the TCIC/NCIC database will be trained in the appropriate level of access.
6. If any form of digital evidence exists, formal departmental reports will include a notation that such evidence exists, including the type of evidence and the storage location.

Joshua ISD Information Technology utilizes Goverlan a remote access control software.

All communications between the Goverlan management console and the Goverlan agents take place via a single TCP port (by default, port 21158) allowing for easy firewall configuration. There is no middle web-service tier involved between the administrator and the client.

To ensure a secure connection and protect against malicious hacking, our communication protocol encrypts all data transmitted between the client and the administrator at the lowest level. Goverlan uses AES 256-bit or RC4 128-bit encryption where supported.

Once the data frame is decrypted on the client side, the frame is then securely authenticated using Microsoft SSPI (Security Service Provider Interface). Microsoft's SSPI technology allows clients and servers to establish and maintain a secure channel, provide confidentiality, integrity, and authentication. Using SSPI, Goverlan guarantees the identification of the administrator to the client and impersonates the administrator's credentials locally to authorize the request.

12. WIRELESS ACCESS

The Joshua ISD IT Department shall:

- a. Establish usage restrictions, configuration/connection requirements, and implementation guidance for wireless access.
- b. Authorize wireless access to the information system prior to allowing such connections.

	Joshua ISD POLICE DEPARTMENT	
	Policy 6.1 Use of Force	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  _____ Chief of Police	
Reference: 3.01, 3.02, 3.04, 6.01, 6.02, 6.03, 6.06, 6.07, 6.08, 6.09, and 6.10		

I. POLICY

This department values the sanctity of human life. It is, therefore, the policy of this department that officers use only the force that is reasonably necessary to effectively bring an incident under control while protecting the lives of the officer and others.

The use of force must be objectively reasonable. The officer must use only the force that a reasonably prudent officer would use under the same or similar circumstances.

The officer's actions will be reviewed based upon the information known to the officer at the time the force was used. Information discovered after the fact will not be considered when assessing the reasonableness of the use of force.

Officers are prohibited from using any force as a means of punishment or in the process of an interrogation.

II. PURPOSE

The purpose of this policy is to provide law enforcement officers of this agency with guidelines for the use of deadly and non-deadly force. Nothing in this policy is intended to create any benefit for third parties, nor does this policy set forth a higher standard of care with respect to third party claims.

III. DEFINITIONS

- A. **Deadly force:** Any use of force that creates a substantial risk of causing death or serious bodily injury.
- B. **Non-deadly force:** Any use of force other than that which is considered deadly force. Non-deadly force includes but is not limited to handcuffing and any physical force, effort or technique used against another.
- C. **Serious Bodily Injury:** "Serious bodily injury" means bodily injury that creates a substantial risk of death or that causes death, serious permanent disfigurement, or protracted loss or impairment of the function of any bodily member or organ.
- D. **Objectively reasonable:**
 - 1. "Objectively reasonable" means officers shall evaluate each situation in light of the known circumstances, including, but not limited to, the seriousness of the crime, the level of threat or resistance presented by the subject, and the danger to themselves and the community when determining the necessity for force and the appropriate level of force.

2. In evaluating the reasonable application of force, officers may consider their own age, size, strength, skill level with department weapons, state of health, and the number of officers opposing the number of suspects.

IV. PROCEDURES

A. Use of non-deadly force

1. Where deadly force is not authorized, officers may use only that level of force that is objectively reasonable and necessary to bring an incident under control. (TBP: 6.01)
2. Officers are authorized to use department-approved, non-deadly force techniques and issued equipment when one or more of the following apply:
 - a. To protect the officer or others from physical harm.
 - b. To restrain or arrest an individual who is resisting a lawful arrest or detention.
 - c. To bring an unlawful situation safely and effectively under control.

B. Use of deadly force

Law enforcement officers are authorized to use deadly force when one or both of the following apply:

1. To protect the officer or others from what is reasonably believed to be an immediate threat of death or serious bodily harm. (TBP: 6.02)
2. To prevent the escape of a fleeing violent felon whom the officer has probable cause to believe will pose a significant threat of death or serious physical injury to the officer or others.
3. Where practicable, prior to discharge of the firearm, officers shall identify themselves as law enforcement officers and state their intent to shoot.

C. Deadly Force Restrictions

1. Warning shots shall not be fired. (TBP: 6.09)
2. Firearms shall not be discharged at a moving vehicle in an attempt to disable the vehicle.
3. Officers threatened by an oncoming vehicle shall make a reasonable effort to attempt to move out of its path, if possible, instead of discharging a firearm at it or any of its occupants. However, if an officer reasonably believes that a person is immediately threatening the officer or another person with deadly force by means of a vehicle, an officer may use deadly force against the driver of the vehicle.
4. Officers may use deadly force to destroy an animal that represents a threat to public safety or as a humanitarian measure if the animal is seriously injured and the officer reasonably believes that deadly force can be used without harm to the officer or others. In these circumstances, a supervisor shall be contacted prior to the use of deadly force if time permits.

V. LIMITATIONS ON FORCE

The following acts associated with the use of force are prohibited:

- A. Application of a chokehold or carotid-control holds, except when the officer reasonably believes such holds are the only means of protecting himself or herself or another person from an imminent threat of serious physical injury or death and the use of deadly force would be authorized.
- B. Use of flashlights as batons. An officer may use a flashlight or other object designed for a use other than as a weapon only to defend himself or herself or another from imminent serious bodily injury or death and then only if departmentally sanctioned methods are not available or are impractical. The use of a flashlight or other alternative weapon under such circumstances, depending on the manner of use, may be deemed an application of deadly force.

VI. TRAINING

- A. All officers shall receive training in the use of their firearms and all non-lethal weapons authorized by the department, hands-on arrest and defensive tactics, as well as the “Use of Force” policy prior to performing any law enforcement duties.
- B. All officers shall be trained and qualified with their firearms at least annually. (TBP: 3.01, 3.02)
- C. All officers shall receive training in the department’s “Use of Force” policy at least annually. (TBP: 3.02)
- D. All officers shall receive hands-on arrest and defensive-tactics training at least every two years. (TBP: 3.06)
- E. Officers shall receive training in all non-lethal weapons issued or used by the department and demonstrate proficiency with those weapons at least every two years. (TBP: 3.04)
- F. All use-of-force training shall, at a minimum, comply with the standards established by TCOLE.

VII. REPORTING USE OF FORCE (TBP: 6.03, 6.06)

- A. Officers shall document any application of force except for those arising in training, departmental demonstrations, or off-duty recreational activities.
- B. If officers have employed any use of physical force (other than the routine use of handcuffs or use of a firm grip to direct the movements of a subject) or used any impact, electrical, or chemical weapons, or pointed or discharged any firearm, they shall first provide for appropriate medical aid for the subject (TBP: 6.07) and then they will do the following:
 - 1. Immediately notify the on-duty supervisor or the Chief of Police (if the on-duty supervisor is unavailable) of any use of force or discharge of a weapon. The supervisor or Chief of Police shall determine if an immediate investigation is required.
 - 2. Photographs of the subject will be taken as soon as possible after the use of force to document any injury or lack of injury.

3. Submit a use-of-force form to the on duty supervisor or the Chief of Police prior to the end of shift describing the incident, the force used, and any medical aid rendered. The use of force form shall be in addition to any other required reports.

VIII. Unauthorized Use of Force

- A. The Joshua ISD Police Department does not allow any of its employees and officers to use choke holds or carotid artery neck restraints. The only exception to the use of a choke hold or a carotid artery neck restraint could be when the officer involved is justified in the use of deadly force. Any officer using such force will cease immediately upon control of the subject (normally when the person has been handcuffed or no longer actively resisting) and begin the application of an appropriate medical response if needed. Officers are required to report these incidents through the process outlined in this agency's use of force reporting policy.

IX. DEPARTMENTAL REVIEW

A. Review

1. The officer's supervisors and the Chief of Police shall review all reported uses of force to determine the following:
 - a. If there was a violation of law or departmental orders were violated.
 - b. If the relevant departmental policy was clearly understandable and effective enough to cover the situation.
 - c. If departmental training was adequate.
 - d. If departmental equipment operated properly.
2. At least annually, the Chief of Police shall conduct an analysis of use-of force incidents and to determine if additional training, equipment, or policy modifications may be necessary. (TBP: 6.10.)
3. The department shall comply with all state mandated reporting requirements.

B. Internal Investigations

1. An internal investigation will be conducted on any firearms discharge (other than training), and any other use of deadly force by any member of the department. An internal investigation may be conducted on other use- of- force incidents if a violation of law or department policy is suspected. In addition to the internal investigation, a criminal investigation shall also be conducted of any incident involving the discharge of firearms or any other use of force incident where an officer or other person is injured or killed and in any other circumstances where a violation of law is suspected. The criminal investigation may be conducted by another law-enforcement agency with concurrent jurisdiction, and the results may be presented to the grand jury for review.

2. Procedures for officer-involved-shooting investigations are covered in Policy 6.6.

C. Assignment

Pending administrative review, any officer whose actions have resulted in the death or serious bodily injury of another person, either through the intentional use of force or by accident involving a use-of-force weapon or action or a vehicle accident, shall be removed from line-duty assignment. A. Required instruction and qualification

2. Training shall cover the mechanics of the weapon, sound safety practices, and departmental policy governing the use of the weapon and the use-of-force.
3. Tactical considerations shall be a part of this training.
4. Officers will receive training and demonstrate proficiency (qualify) at least annually on all departmental non-lethal or less-than-lethal weapons systems. Failure to qualify with a non-lethal or less-than-lethal weapons will be cause for remedial training. The officer will not carry or utilize the non-qualifying weapon until properly trained and qualified. (TBP: 3.04)
5. Instructors for any non-lethal or less-than-lethal weapon where the manufacturer recommends the instructors be certified before providing initial

or refresher training shall be certified before providing the said training.
(TBP: 3.04)

B. Qualification rules

1. The firearms instructor or armorer shall be in charge at all times when officers are qualifying with non-lethal or less-than-lethal weapons.
2. The armorer will maintain records of each officer's qualifications with non-lethal and less-than-lethal weapons including:
 - a. The officer's name and identification number
 - b. The date of qualification and the name of the weapon system.

V. ASP BATON

- A. The department authorizes the carrying and use of the ASP baton as the only striking weapon for officers. All other forms of striking or punching weapons are prohibited, including but not limited to saps, blackjacks, brass knuckles, slapjacks, nunchaku, and similar sticks.
- B. Flashlights carried by officers are not to be used as striking instruments, unless and to the degree that, the officer reasonably believes its use is immediately necessary to protect the officer from injury.
- C. Officers who carry the ASP shall be trained and demonstrate proficiency in its use. The weapon may be used in quelling confrontations involving physical violence where higher levels of force are unnecessary or inappropriate and lesser levels are inappropriate or ineffective.
 1. The ASP should not be used to strike handcuffed individuals or to threaten or intimidate people.
 2. Officers shall not raise the ASP above the head to strike a blow to a person's head.
- D. All uses of the ASP baton will be immediately reported to a supervisor and documented in an incident report as well as a use-of-force report.

VI. NON-LETHAL SHOTGUN

A. Authorization

1. Less-lethal shotguns may be issued to members of the department who have been trained and who demonstrate proficiency in the use of the weapon.
2. These shotguns are identified by the orange tape around the barrel and stock of the weapon. Care should be used in ensuring the appropriate weapon is selected for use.
3. The less-lethal shotgun may be loaded with any number of less-lethal munitions, including bean-bag rounds, rubber batons, and rubber pellets.

4. Officers must be qualified by the department in the use of all munitions approved for this weapon in order to be allowed to carry the weapon.
5. Officers will not handle lethal shotgun ammunition around a less-lethal shotgun.
6. Officers will load only less-lethal munitions into the less-lethal shotgun at the time of need to ensure the use of proper munitions.
7. Departmentally approved less-lethal munitions will be carried in the munitions carrier on the stock of the weapon.

B. Less-Lethal Shotgun Use

1. Officers may utilize the less-lethal shotgun when reasonably necessary and in a manner consistent with the department's use-of-force policy. It is a use-of-force option that has potential risks but may be used as an alternative to the use of deadly force when time and opportunity permit.
2. Officers should be aware of their surroundings and have a backup officer present who is prepared to transition to other force methods if the less-lethal shotgun fails to subdue a subject.
3. Where possible, officers should inform other police personnel in the immediate vicinity that impact rounds will be deployed in order that the shot will not precipitate the use of firearms by other officers.
4. Officers shall deploy the less-lethal shotgun at the mid-section and lower extremities of suspects, never aiming for the head or upper torso.
5. In the event an individual is struck by a less-lethal round, officers shall properly restrain the individual and transport him/her to a medical facility for examination.
6. All use of the less-lethal shotgun will be immediately reported to a supervisor and documented in an incident report as well as a use-of-force form.

VII. CONDUCTED ENERGY DEVICE

A. Conducted Energy Device

1. A conducted energy device (CED) is used to electrically disrupt muscular control. It allows officers to quickly subdue a resisting subject without having to resort to the use of deadly force.
2. As with any other weapon, precautions must be observed in the use of CEDs. Any subject who has been controlled with the CED must be monitored for any medical problems.
3. The duties of supervisors of officers issued the CED include active supervision, maintaining managerial controls, and ensuring that officers are in compliance with this order.

B. Training and Qualification Procedures

1. Only personnel who successfully complete the department's training course and demonstrate the required proficiency in the use of the CED shall be certified and allowed to carry the CED.
2. All training and qualification for the CED shall be conducted by certified instructors.
3. It shall be the responsibility of the Chief of Police or Department Training Instructor to train and certify all eligible officers on the proper techniques for using the CED.
4. The firearms instructor shall be responsible for compiling and analyzing data from incidents involving the use of the CED to identify training related needs and issues.
5. In order to maintain proficiency in the use of the CED, all officers certified to carry the weapon shall receive mandatory in-service training at least annually.

C. Carrying the CED

1. Certified officers shall carry the CED on their duty belts.
2. The CED shall never be left unsecured.
3. Only holsters approved by the training unit will be utilized.
4. The CED shall always be carried on the side opposite the duty handgun.
5. Personnel issued the CED shall be responsible for the proper maintenance and care of the weapon. This shall include periodically checking battery life and the expiration date of air cartridges, wiping away dirt and dust, and insuring the rubber stopper is secured on the data port.

D. Authorized Use of the CED

1. The CED may be utilized in situations when necessary to subdue a noncompliant subject when lesser means of control have not been successful and the suspect is *physically* resisting officers.
2. The act of verbal non-compliance shall not justify the use of the CED weapon.
3. The CED may be utilized to debilitate a subject who poses an immediate threat of serious bodily injury or death to himself/herself, the officer, or others.

E. Prohibited Use. Use of the CED is strictly prohibited under the following circumstances.

- a. When flammable gases or liquids are known to be in close proximity to the subject.
- b. One at a time: No more than one officer at a time should activate a CED against any person.
- c. Where the suspect is at an elevated location and there exists risk of serious injury or death from a fall. This includes proximity to deep water or other similar locations.
- d. On higher risk populations unless the situation would justify a high level of force, including deadly force, and the use of the CED is an

effort to avoid using the higher level of force. Higher risk populations refer to visibly pregnant females; young children or obvious juveniles; the visibly frail or infirm; elderly (over 65); those who appear to weigh less than 100 pounds. (This requirement is promulgated out of an abundance of caution as there is no scientific evidence to suggest that higher risk populations have been clinically established to be at greater risk from CED deployment than the general population.)

- e. Handcuffed prisoners, without the expressed authority of a supervisor. Exigent circumstances must exist, such as to prevent the subject from injuring himself or others and other means of control are ineffective or unavailable.
- f. On a subject who is confined to a wheelchair unless it is objectively clear that CED is needed to prevent serious injury to the individual and/or if deadly force is justified.
- g. On a subject in control of a vehicle.
- h. On individuals with known neuromuscular disorders, such as muscular sclerosis, muscular dystrophy, or epilepsy.
- i. On persons known to be wearing pacemakers or other biomedical devices sensitive to electrical current.
- j. On a person known to have a heart condition.

F. CED Deployment

1. Prior to deploying the CED, whenever reasonable and practical, verbal warnings shall be issued to the subject, which will allow the subject the opportunity to comply with the officer's commands.
2. In situations where CED use is a possibility, officers should consider requesting EMS before use.
3. Prior to deploying the CED, the deploying officer shall announce the word "CED" or "Taser" (a verbal notification consistent with the training received by the officer deploying the weapon) to alert others of the impending use of the weapon.
4. "Clear" shall be announced by the deploying officer subsequent to the use of the CED and prior to affecting the arrest, so as to alert others that the weapon is no longer being deployed.
5. When activating a CED, the officers should use it for one standard cycle and stop to evaluate the situation. (A standard cycle is five seconds.) If subsequent cycles are necessary, only the number and duration of cycles necessary to place the subject in custody will be used.
6. Officers should consider that CED exposure lasting longer than 15 seconds (whether due to continuous or multiple cycles) may increase risk of death or serious bodily injury.
7. Applications of more than 15 seconds should be weighed against other force options.
8. Officers will be particularly alert for medical distress of the subject.
9. Officers should make every effort to avoid firing darts or directing the contact stun method at a subject's head, neck, front chest area, or genitalia.

Preferred targeting is the center mass of the subject's back. Where back targeting is not possible, officers should avoid chest shots unless deadly force would otherwise be justified.

10. The CED direct contact stun method may be utilized as an alternative deployment method when both probes fail to make contact with the subject and its effectiveness is reduced or the regular deployment method is either not possible or likely to be ineffective.
11. The CED shall not be used in any manner that constitutes torture or torment.
12. It shall not be used to elicit statements, awaken an intoxicated subject, or punish any individual.

G. Post Deployment

1. Immediate Restraint: The subject will be restrained immediately to prevent additional resistance or injury. The subject will not be restrained in a manner that impairs respiration. If other restraints are unavailable, the subject may be handcuffed in front using a belt or strap to secure the cuffs to the body.
2. Medical Monitoring. Emergency medical services (EMS) shall be requested to respond to all instances where the CED has been deployed. The requesting officer shall monitor the subject until EMS personnel have arrived.
3. Supervisor Response. The on-duty supervisor or command officer will immediately respond to the scene of any CED use. The supervisor will review the circumstances of the use and conduct a preliminary investigation.
4. Removal of Probes. CED probes shall be removed as soon as possible. CED probes that are imbedded in a subject's skin (as opposed to just clothing) shall be removed only by EMS personnel, other medical personnel, or police personnel who are trained in the removal of the probes.
5. Police personnel shall not remove CED probes that have struck a subject's head, throat, groin, or any other sensitive area.
6. A CED probe that has penetrated a person's skin shall be considered a biological hazard and shall be handled with the appropriate care.
7. All persons who have been subjected to a CED activation should be monitored regularly while in police custody even if they received medical care.
8. Anyone subject to CED deployment showing any signs of physical distress shall be transported immediately to a medical facility.

H. Reporting and Investigation

1. A use-of-force report shall be completed on all CED incidents. Personnel must clearly articulate the reasons for the initial use and all subsequent cycle(s) in the use-of-force report. This includes the actual or threatened use of the CED by an officer.
2. The supervisor responding to the scene shall conduct an immediate preliminary investigation that should include the following:
 - a. Location and interview of witnesses (including other officers)
 - b. Photographs of subject and officer injuries;
 - c. Photographs of cartridges/darts;

- d. Collection of CED cartridges, darts/prongs, data downloads, car video, body camera video, confetti ID tags, and copies of the device data download.
3. Photographs of the subject shall be taken in all instances involving a subject who is injured or complains of being injured as a result of the use of the CED. Photographs should depict overall condition of the suspect, any injuries, and the locations where the probes made contact. If there is no injury, taking photographs is discretionary.
4. All CED deployments or discharges, including test firings, shall be recorded in a CED log. A supervisor must sign the CED log verifying that the information contained therein is accurate. The presence of a supervisor during testing is not required.
5. Expended CED cartridges shall be submitted to the property unit as evidence. After showing the property clerk a completed CED report signed by a supervisor, the officer shall be provided with a replacement cartridge.
6. The Chief of Police may request an outside investigation by the sheriff's department or Department of Public Safety when any of the following factors are involved:
 - a. A subject experiences death or serious injury;
 - b. A person experiences prolonged CED activation;
 - c. The CED appears to have been used in a punitive or abusive manner;
 - d. There appears to be a substantial deviation from training;
 - e. A person in a high-risk population category has been subjected to activation (see list above)
 - f. Any other activation as determined by a supervisor.

I. Inspection

Supervisors shall, on a monthly basis, inspect their officer's CED log and data port to determine if there have been any discharges since the previous inspection. Any undocumented discharges shall require the officer to prepare a memorandum to the Chief of Police explaining the circumstances surrounding the discharge.

J. General Considerations

1. Officers should be aware that multiple activations and continuous cycling of a CED appear to increase the risk of death or serious injury and should be avoided where practical.
2. Officers must be aware of the limitations of the CED and be prepared to transition to other force options as needed.
3. Officers should be aware that there is a higher risk of sudden death in people under the influence of drugs and/or symptoms associated with excited delirium.
4. Officers should also be aware that CED cartridges have experienced firing problems in extremely cold weather.

K. Defense Against CED Use

1. When a subject is armed with a CED and attacks or threatens to attack a police officer, the officer may defend himself when he/she reasonably believes it is immediately necessary to avoid becoming incapacitated and risking the possibility that the subject could gain control of the officer's firearm. When possible, officers should attempt to move outside the device's range (approximately 21 feet) and seek cover, as well as request back-up officers to mitigate the danger.

The supervisor shall ensure that all audio/video recording systems, including squad-car video systems that were at the scene at the time of the incident, are stopped and secured to protect any evidence thereon. This process shall be consistent with the in-car and body worn camera policy of this agency.
6. If the officer is not immediately transported to the hospital, the supervisor shall briefly meet with him/her. Only minimal, preliminary questions should be asked about the incident. The officer should be advised that a more detailed debriefing will be conducted at a later time. The supervisor must, however, obtain sufficient information to protect the scene and begin an investigation. At a minimum the supervisor should determine the following:
 - a. If any other suspects are at large and get descriptions;
 - b. Approximate number and direction of shots fired (to protect crime scene and ensure no other persons are injured);
 - c. Description and location of any known victims or witnesses;
 - d. Description and location of any known evidence;
 - e. Any other information necessary to ensure officer and public safety and to assist in the apprehension of at-large suspects.
7. During any period where the involved officer is required to remain on the scene but has no immediate duties to fulfill, the supervisor should see that the officer is taken to a quiet area away from the scene of the incident. If available, a peer counselor or other supportive friend or officer should remain with him/her, but that person should be advised not to discuss details of the incident.
8. The supervisor will see that a color picture of the involved officer is taken.
9. The supervisor will ensure that the overall scene and evidentiary items are photographed and videotaped.
10. The supervisor will ensure that all persons at the scene are videotaped.

11. The supervisor should advise the officer that he/she may seek legal counsel.
12. The supervisor will explain to the officer that any standard investigations concerning the incident will be discussed with the involved officers, and that the investigations shall include a criminal and an internal investigation.
13. The supervisor shall advise the officer not to discuss the incident with anyone except a personal or agency attorney, or departmental investigator until the conclusion of the preliminary investigation.
14. The supervisor will ask all officers present at the time of the incident if they are carrying any firearms other than their primary duty weapon. If so, these weapons will be examined before crime-scene personnel have left the scene.
15. The supervisor shall determine whether the circumstances of the incident require that the officer's duty weapon be taken for laboratory analysis. If the duty weapon is taken, the supervisor shall:
 - a. Take custody of the officer's weapon in a discrete manner;
 - b. Replace it with another weapon, or advise the officer that it will be returned or replaced at a later time, as appropriate.
16. The supervisor should ensure that the involved officer may notify his/her family about the incident as soon as possible. Where an officer is unable to do so, an agency official shall personally notify his family and arrange for their transportation to the hospital if needed.
17. At all times, when at the scene of the incident, the supervisor should handle the officer and all involved personnel in a manner that acknowledges the stress caused by the incident.
18. Once the scene is secure, if investigators have not yet arrived, the supervisor shall begin doing the following:
 - a. Locate and secure in place the officer's weapon and shell casings.
 - b. Locate and secure the weapons and shell casings of any suspects.
 - c. Collect information about the suspect including name, address, age, and DOB.
 - d. Locate and secure any clothing that may have been removed from the suspect or officer by medical personnel.
 - e. Attempt to determine the original shooting positions of the suspect and officer.
19. Upon arrival of investigators, the supervisor will brief the appropriate personnel on the details of the incident.
20. The supervisor shall prepare the original basic offense report concerning the incident and prepare a detailed supplement report of his/her activities after being notified.
21. The supervisor shall also complete a departmental use-of-force report on the incident.

C. Investigation: This agency requests another agency to investigate incidents of officer-involved shootings. (Johnson County Sheriff's Office and or DPS Texas Ranger's)

1. Two different investigations may be conducted after an officer involved shooting incident.
 - a. If the officer was shot at, injured, killed, or otherwise the victim of a criminal offense, a criminal investigation will be conducted to determine the identity of the suspect and for subsequent prosecution.
 - b. If an officer shot at a suspect, an administrative investigation shall be conducted to determine compliance with departmental policy, as well as a criminal investigation to determine if the officer is criminally culpable.
 - c. If an officer shot at and hit a suspect, a criminal investigation shall be conducted to determine if the officer is criminally culpable for his or her actions, as well as an administrative investigation to determine compliance with departmental policy.
2. These investigations, if both are required, may run simultaneously with the criminal investigation taking precedence. The same investigator shall not conduct both the internal and criminal investigations.
3. To avoid improper contamination of the criminal investigation internal affairs investigators will be well versed in the issues of Garrity v. NY.
4. Upon arrival, investigators will first ensure the tasks itemized above have been completed. They shall then conduct their investigation, which will include the following:
 - a. The investigators will receive a general briefing and walk-through by the supervisory officer regarding the circumstances surrounding the shooting. The decision to conduct a walk-through with the involved officer present at this time must be made based on the following:
 1. The type of investigation being conducted
 2. The physical and mental state of the officer
 3. The availability of the officer's attorney
 4. The circumstances at the scene
 - b. The investigators will make a thorough inspection of the scene and they will review the collection of all items and substances of evidentiary value, including photos and videotapes taken at the scene.
 - c. The investigators will obtain statements from the suspects. These statements will be obtained in compliance with all legal requirements and shall be both audio and video recorded.
 - d. The investigators will ensure that notification is provided to next-of-kin of injured or deceased suspects.
 - e. The investigators will locate and identify witnesses and conduct initial tape-recorded interviews.
 - f. The investigators will tape record interviews with fire department personnel, emergency medical service providers, and other first responders to the scene.
 - g. They will conduct separate tape-recorded interviews with each officer involved. (Involved officers will not be required to provide written or videotaped statements sooner than 48 hours after an incident.)

- h. They will conduct the interview in a private location away from sight and hearing of agency members and others who do not have a need or a right to the information.
 - i. They will advise the officer not to discuss the incident with anyone except a personal or agency attorney, union representative, or departmental investigator until the conclusion of the preliminary investigation.
 - j. They will be cognizant of symptoms of post-traumatic stress, which might include time and space distortions, confusion, hearing and visual distortion, and emotional impairment, including shock. (Defer tape-recorded interviews if these symptoms are evident.)
 - k. They will take any weapon fired by the officer into custody and handle it as evidence. Firearms shall be taken from officer in a discrete manner and the OIC shall ensure that arrangements are made to replace them with other firearms or advise the officer that they will be returned or replaced at a later time.
 - l. They will contact the coroner and obtain the autopsy report for any officer and/or suspect if required.
 - m. They will determine entrance and exit wounds, estimates of the shooter's position, the presence of alcohol or controlled substances, or other related evidence.
5. The results of any criminal investigation conducted will be presented to the grand jury for independent review.

D. Post-Incident Procedures

1. Involved personnel shall be removed from line duties pending evaluation but shall remain available for any necessary investigations.
2. All officers directly involved in the shooting incident shall be required to contact an agency-designated specialist for counseling and evaluation as soon as practical after the incident. Involved support personnel should also be encouraged to contact such specialists after a shooting incident. After the counseling sessions, the specialist shall advise the agency as to the following:
 - a. Whether it would be in the officer's best interest to be placed on administrative leave or light duty, and for how long;
 - b. Where the officers were relieved of their duty weapons after an incident, at what point they should be returned; (This is at the discretion of the Chief of Police)
 - c. What will be the best course for continued counseling. (The agency strongly encourages the families of the involved officers to take advantage of available counseling services.)
 - d. If placed back on full duty and another deadly-force situation presented itself in the first work shift, would the officer be capable of defending himself/herself or another with the use of deadly force.
3. Any agency investigation of the incident shall be conducted immediately.

4. The agency should give a general briefing to other agency members concerning the incident.
5. All personnel involved in a shooting incident should be advised that they are not permitted to speak with the media about the incident. Officers shall refer inquiries from the media to a designated agency spokesperson, unless they are otherwise authorized to release a statement pertaining to the incident.
6. In order to protect against crank or abusive calls, officers should be advised to have phone calls answered by another person for several days if their names are released to the public.

E. Daily Stress Recognition

1. As post-traumatic stress disorders may not arise immediately, or the officers may attempt to hide the problem, each supervisor is responsible for monitoring the behavior of unit members for symptoms of the disorder.
2. If a supervisor believes that stress may be disrupting the officer's job performance or other life skills, the Chief of Police should be informed immediately. The Chief of Police may refer the officer back into counseling. Or the officer may be referred to a "fitness for duty" examination.

	Policy 7.1 Constitutional Safeguards	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.04	

I. POLICY

The federal and state constitutions guarantee every person certain safeguards from unreasonable government intrusion into their lives. These safeguards have become the cornerstone for the application of criminal justice in America. The department expects officers to observe constitutional safeguards. The department further expects that officers understand the limits and prerogatives of their authority to act. Respect for the civil liberties of all persons shall be the paramount concern in all enforcement matters.

II. PURPOSE

The purpose of this policy is to define the legally mandated authority for the enforcement of laws; to establish procedures for ensuring compliance with constitutional requirements during criminal investigations; to set forth guidelines concerning the use of discretion by officers; and to define the authority, guidelines, and the circumstances under which officers should exercise alternatives to arrests and pretrial confinement.

III. THREE LEVELS OF ENCOUNTERS

There are only three levels of encounters between civilians and police officers: consensual encounters, temporary detentions, and arrests. Detentions and arrests are considered seizures of the person for purposes of constitutional analysis.

In order to be lawful a consensual encounter must be voluntary as seen through the eyes of a reasonable person. In other words, if a reasonable person would not believe he or she could simply walk away from the encounter, then the encounter shall be considered a seizure by the courts.

In order to be lawful a temporary detention must be based upon reasonable suspicion, i.e. specific, articulable facts and circumstances that would lead a reasonable officer to conclude criminal activity is afoot.

In order to be lawful and arrest must be based upon probable cause, i.e. specific articulable facts and circumstances that would lead a reasonable officer to conclude a specific person had committed a specific crime.

Reasonable suspicion and probable cause are evaluated by analyzing the totality of the information known to the officer at the moment the person is seized. Information discovered incident to a detention or an arrest cannot retroactively support the seizure.

IV. PROBABLE CAUSE AND REASONABLE SUSPICION

- A. Probable Cause: in all circumstances an officer must have probable cause to make an arrest. Probable cause is also required in most circumstances to search, but there are some exceptions to that requirement.
 - 1. According to the U.S. Supreme Court, "Probable cause exists where the facts and circumstances within their [the arresting officers'] knowledge and of which they had reasonable trustworthy information are sufficient in themselves to warrant a man of reasonable caution in the belief that an offense has been or is being committed." See 7.3 for additional information.
 - 2. When an officer has sufficient probable cause, he or she may arrest or, in certain circumstances, search a person. The purpose of an arrest is to make a formal charge. While formal charges may not be filed for any number of reasons, officers should make a custodial arrest only if a formal charge is anticipated.
 - 3. The test for evaluating the existence of probable cause is based on the totality of the circumstances known to the officer at the moment of the arrest.

- B. Reasonable Suspicion: An officer must have reasonable suspicion to temporarily detain a person. The purpose of a detention is to further the investigation into potential criminal activity
 - 1. Reasonable suspicion involves a somewhat lower standard than probable cause, generally defined by the courts as a circumstance or collection of circumstances that would lead a trained, experienced officer to believe that criminal activity may be afoot. The same types of facts and circumstances which can be used to build probable cause can also be used to build reasonable suspicion. The test for evaluating the existence of reasonable suspicion is the same test used to evaluate probable cause: the totality of the circumstances known to the officer at the moment of the detention.
 - 2. When an officer has reasonable suspicion, he or she may detain a person for a temporary period of time during which time the officer must work efficiently towards confirming the need for the continued detention of the person, or the release of the person detained. Officers have greater authority to detain a suspect in a crime as opposed to a witness to an offense. "Temporary period of time" shall mean only that relatively brief amount of time that an officer may detain a person so the officer may initiate or continue the investigation, having reasonable suspicion to believe the person is involved in the criminal activity. Once the officer has determined that he or she has insufficient facts and circumstances to establish probable cause, or is not likely to obtain sufficient facts or circumstances to establish probable cause, the officer shall release the person.
 - 3. Frisk authority: officers do not have the authority to automatically frisk a person who has been detained. The frisk has one lawful purpose – to insure

the safety of the officer. In order to support a claim that the officer was at risk the frisking officer must articulate what the detainee was doing at that moment in time that caused the officer to be concerned for his or her safety.

V. AUTHORITY AND DISCRETION

A. Law-enforcement authority: State law invests peace officers with authority to prevent crime, apprehend criminals, safeguard life and property, and preserve the peace. These goals are accomplished by enforcing state and local laws and ordinances. Texas restricts a peace officers authority with regards to making warrantless arrests. In order to effect a warrantless arrest under Texas law an officer must have probable cause to believe the person to be arrested committed the offense and there must be a specific statute which authorizes the warrantless arrest in that situation. Warrantless arrest authority is found primarily in Chapter 14 of the Code of Criminal Procedure, but is also found in other statutes. It is the officer's responsibility to confirm that such statutory authority exists.

B. The use of discretion by officers

1. While officers have the authority to arrest an offender under many circumstances, they seldom are able to make an arrest for every offense they observe. Officers must prioritize their activities to provide the highest level of service to their community. As a result they must often use discretion in deciding the level of enforcement action based on the circumstances.

2. Departmental policy gives officers procedures to follow for common or critical enforcement tasks. Departmental policies and procedure are to be followed unless unusual or extreme circumstances dictate another course of action. In these cases, officers shall make reasoned decisions in their discretion based on good judgment, experience, and training. It is up to the individual officer to consider the relevant facts, the situation, and then, using knowledge, training, and good judgment, make appropriate decisions. Supervisors must closely observe the use of discretion by their subordinates and point out factual errors or alternatives that may be more appropriate.

3. Officers should understand that their decisions regarding arrests and searches are in all cases subject to review by their supervisors. Additionally, these decisions are subject to review by prosecuting attorneys, defense attorneys, and judges.

4. Supervisors shall observe and review the activities of officers and counsel them as needed regarding the use of discretion. In addition to counseling, officer's decisions are subject to review and discipline through the chain of command.

C. Alternatives to arrest/pre-arraignment confinement

1. Officers are required to arrest suspects for all felony offenses and those major misdemeanor offenses where a victim was injured, property was stolen or damaged, or the public or an individual was placed at risk of great harm. Officers shall only make warrantless arrests in situations authorized by state law. In all other situations officers shall obtain an arrest warrant.

If the immediate arrest of a suspect is not advisable due to the suspect's health, age, infirmity, or family situation, the officer should contact a supervisor for disposition. A supervisor or the Chief of Police can authorize the officer to release the individual and seek a warrant for an arrest at large. Once the arrest is made and the suspect is transported to jail, the officer may contact the magistrate to see if the individual can be released on his own recognizance.

2. In misdemeanor criminal cases where there is no victim or property loss, where an individual or the public was not placed in danger of great harm, and in traffic offenses, officers may occasionally be faced with situations where formal action is not advisable. In such cases, officers may elect to exercise alternatives, such as the issuance of citations, referral to a social service agency, or simply to give a warning.
3. In determining whether a citation should be used, the officer shall:
 - a. Decide whether the offense committed is serious.
 - b. Attempt to understand the contributing factors to the incident and evaluate whether a reasonable person would be influenced by those factors.
 - c. Make a judgment as to whether the accused poses a danger to the public or himself/herself.
4. Officers often deal with situations where the public interest would be better served by social service agencies or crisis and professional organizations. In such cases the officer may refer the person to an appropriate social services agency, if the person is agreeable to such a referral.
5. The use of warnings may sometimes provide a solution to a problem and may enhance the public perception of the department. Normally, the use of a warning occurs in traffic offenses, but occasionally may be applied to criminal offenses. In determining if a warning should be issued, the officer shall consider:
 - a. The seriousness of the offense.
 - b. Whether a victim was injured or had property damaged by the offender.
 - c. Attempt to understand the contributing factors to the incident and evaluate whether a reasonable person would be influenced by those factors.
 - d. The likelihood that the violator will heed the warning.

VI. PROTECTION OF INDIVIDUAL RIGHTS

- D. Officers will at all times act to preserve and protect the rights of all persons.
- E. Miranda warnings are required prior to any custodial interrogation. A custodial interrogation occurs when a person is not free to leave and is asked questions that are intended to elicit an incriminating response. Officers are expected to understand the requirements of the Code of Criminal Procedure, articles 38.22 and 2.32 before taking any statements from suspects. All custodial interrogations shall be videotaped and audiotaped. If the custodial interrogations are not recorded, the officer conducting the interrogation shall explain why in the officer's report.

1. Listed below are representative examples of situations that may not require a Miranda warning;
 - a. Questioning during a routine traffic stop or for a minor violation, which includes driving while intoxicated (DWI) stops until a custodial interrogation begins. Such questions may include, but are not limited to, inquiries about: vehicle ownership, the driver's destination, the purpose of the trip, and insurance documents. Any questions focusing on the person's participation in criminal activity may require warnings.
 - b. During routine questioning at the scene of an incident or crime when the questions are not intended to elicit incriminating responses.
 - c. During voluntary appearances at the police facility when a suspect is not in custody but is responding to questions designed to elicit incriminating responses.
 - d. When information or statements are made spontaneously, voluntarily and without prompting by police. (Note: Follow-up questions that exceed simple requests for clarification of initial statements may require Miranda warnings.)
2. Administering Miranda.
 - a. Miranda warnings shall be read by officers from the card containing this information to all persons subjected to custodial interrogation. Officers shall confirm that the warning text on the card matches the warning language found in article 38.22 of the Code of Criminal Procedure.
 - b. Freelancing, recitation from memory, or paraphrasing the warnings is prohibited because it precludes officers from testifying in court as to the precise wording used.
 - c. Officers shall ensure that suspects understand their right to remain silent and their right to an attorney. Suspects may be questioned only when they have knowingly and intelligently acknowledged they understand their rights and have affirmatively waived those rights. Threats, false promises, or coercion to induce suspect statements are prohibited.
 - d. Waivers of the Miranda rights must be performed affirmatively and shall be audio or video recorded as required by state law. If a recorded statement is not an option the statement shall be in writing as required by state law.
 - e. Officers arresting deaf suspects or those suspects that appear to have limited proficiency in English shall notify their immediate supervisor and make arrangements to procure the assistance of an interpreter in accordance with this agency's policy and state and federal law.
 - f. The administration of the Miranda warning shall be recorded. State law prescribes those circumstances under which a non-recorded statement might be admissible. Officers shall comply with state law in these matters.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.2 Field Interview, Consensual Encounters, and Detentions	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: 7.07	

I. POLICY

Per the US Supreme Court, there are only three types of encounters between police and civilians: (1) a consensual encounter in which the civilians voluntarily elect to stay and interact with the officer, (2) a detention based upon reasonable suspicion, which may include a frisk for weapons if the officer can state the facts and circumstances that justify the officer's fear for their safety, and, (3) an arrest based upon probable cause. The agency expects and encourages officers to conduct field interviews. Field interviews are important contacts with individuals that aid in preventing and investigating crime. The agency expects officers to gather information with proper observance of constitutional safeguards. Strict constitutional guidelines exist that protect both the civil rights of all persons and the need of officers to obtain information crucial to the reduction and prevention of crime.

II. PURPOSE

The purpose of this policy is to clearly establish the difference between a consensual encounter and an investigative detention or stop, and to assist officers in determining what compliance is required during field interviews and when frisks for weapons are lawful, necessary, and useful, and to establish procedures for conducting both safely. (TBP: 7.07)

III. DEFINITIONS

- A. Field interview: A brief interview of a person to determine the person's identity and to gather information or to resolve the officer's suspicions about possible criminal activity or to determine if the person has information about a criminal offense. A field interview may take place during a consensual encounter or during a temporary detention. The difference is in the information known to the officer at the outset of the encounter which establishes the encounter as either consensual in nature or a temporary detention based upon reasonable suspicion. Field interviews require voluntary cooperation of the subject for purposes of answering questions.

- B. Frisk: A "pat-down" search of outer garments for weapons.

- C. Reasonable suspicion: Articulable facts that, within the totality of the circumstances, lead an officer to reasonably suspect that criminal activity has been, is being, or is about to be committed. The reasonableness of an officer's actions will be determined by reviewing the totality of circumstances known to the officer at the time he or she takes the action.

- D. Detention also known as an investigative detention, stop, Terry stop, or stop-and-frisk: Requiring an individual to remain with the officer for a brief period of time for the purpose of investigating the actions of the individual. In order to make the stop, the officer must have reasonable suspicion to believe that criminal activity is afoot and that the person to be detained or stopped is involved. The combination of facts and circumstances must lead a reasonable officer to believe that the person to be detained is involved in criminal activity. It is not permissible to detain a person based upon mere suspicion or the officer's inarticulate hunch that the person is up to no good.

The following list of factors and circumstances may be used to build reasonable suspicion. This list is not all-inclusive nor is the presence of any one of these circumstances alone always sufficient for reasonable suspicion.

1. Officer has knowledge that the person has a criminal record;
 2. A person fits the description of a wanted person;
 3. A person has exhibited furtive conduct, such as attempting to conceal an object from the officer's view;
 4. The appearance, behavior, or actions of the suspect indicate the person is involved in criminal activity;
 5. The time of day or night;
 6. The officer observes a vehicle that matches that of a broadcast description of a suspect vehicle;
 7. A person exhibits unusual behavior, such as staggering or conduct indicating a need for medical assistance;
 8. The suspect is in geographical and temporal proximity to the crime scene;
 9. The suspect is carrying an unusual object, or his/her clothing bulges in a manner consistent with concealing a weapon;
 10. Flight from the officer may be considered as a fact or circumstance, but mere flight alone, without additional facts or circumstances, will be insufficient to establish reasonable suspicion.
 11. Firsthand observations by the officer;
 12. Information from informants or members of the community;
 13. Collective knowledge or information shared by other officers;
 14. Reasonable inferences made by the officer from information known to the officer.
-
- E. Consensual encounter: an encounter between a police officer and a civilian in which a reasonable person would believe, based upon the circumstances of the encounter, that compliance is not mandatory and he or she is free to decline to talk with the officer and is free to leave.

IV. CONSENSUAL ENCOUNTERS

A. Making the consensual encounter

1. An officer may conduct a field interview at any time if an individual is willing to speak with the officer. A field interview requires voluntary cooperation from the individual. The individual may decline to answer any and all questions during either a stop or consensual encounter. The individual may leave at any time during a consensual encounter. The individual may refuse to produce identification or otherwise identify himself/herself during either a stop or a consensual encounter.
2. The officer shall articulate all the reasons for contacting the individual in the first place. The officer shall explain all the steps taken in contacting the individual. Officers should note that if the initial encounter is deemed a seizure by the court, the officer will be required to justify his/her initial detention by describing specific and articulable facts which, taken together with rational inferences from those facts, established reasonable suspicion for that detention. See III. D. above.

B. Place of the interview

1. As a general rule, field interviews may be conducted anywhere the officer has a right to be, including the following:
 - a. District-owned or controlled property, normally open to members of the public.
 - b. Areas intended for public use or normally exposed to public view.
 - c. Places to which an officer has been admitted with the consent of the person empowered to give such consent.
 - d. Places where circumstances require a lawful immediate law enforcement presence to protect life, well-being, or property.
 - e. Areas where an officer may be admitted pursuant to a lawful arrest or search warrant.
2. Consensual encounters or stops shall not be done to coerce a person to leave an area or place where he or she has a legitimate right to be and where no violation of law has occurred.

C. Conduct of Interviews during a Consensual Encounter

1. Officers shall clearly identify themselves and, if not in uniform, display identification.
2. As noted above, a person participating in a consensual encounter with an officer may discontinue the interview at any time. To repeat, during a consensual encounter, persons shall not be detained in any manner against their will nor shall they be required to answer questions or respond in any manner if they choose not to do so. Since the distinction between a consensual encounter and a detention depends to a great extent on whether, under the circumstances, the subject perceives that he/she is free to leave, officers shall comply with the following guidelines:

- a. All requests during the interview should be phrased with neutral or optional words, such as "may," "would you mind," etc.
 - b. The duration of an interview should be as brief as possible unless it is prolonged by the subject.
 - c. During the interview, officers should confine their questions to those concerning the suspect's identity, place of residence, and other matters necessary to resolve the officer's suspicions.
 - d. Miranda warnings are not required during consensual encounters. The warnings are not required until custodial questioning takes place.
3. The success or failure in obtaining information beneficial to crime analysis and criminal investigation will depend upon an officer's ability to put individuals at ease and establish rapport. However, during a field interview, if the person should ask whether he/she must respond, or indicate that he/she feels compelled to respond, the officer shall immediately inform him/her of the right to refuse and the right to leave.
 - a. When a person refuses or ceases to cooperate during an interview, the refusal itself cannot be used as the basis for escalating the encounter into a detention.
 - b. Individuals cannot be compelled to answer any questions during field interviews conducted during consensual encounters.

V. INVESTIGATIVE DETENTION OR STOP (and frisk when warranted)

- A. The legal authority to conduct an investigative detention or stop (and frisk when warranted) is based in federal and state constitutions as interpreted by court decisions. A frisk is defined as a limited search for weapons.
- B. Investigative detentions may involve two distinct acts. The first is the actual detention or stop and it is based on reasonable suspicion. A second component may be a frisk of the detainee for weapons. The frisk must be justified by the officer's reasonable fear for his/her safety during the detention. The safety concern must arise from the conduct of the detained person, not from safety concerns in general. For example, a frisk could not be justified solely on the claim that "all drug dealers are dangerous." Not every detention will result in a frisk. Examples of safety factors justifying a frisk may include but are not limited to the following:
 1. The type of crime being investigated, particularly those involving weapons;
 2. When the officer must confront multiple suspects;
 3. The time of day and location of the stop;
 4. Prior knowledge of the suspect's propensity for violence;
 5. Any indication that the suspect is armed;
 6. Age and sex of the suspect. Officers shall exercise caution with very young or very old people or persons of the opposite sex;
 7. Demeanor of the suspect;
 8. Failure or refusal to follow simple commands;
 9. Statements made by the suspect;
 10. Aggressive actions or statement made by the suspect.
- C. Manner of conducting a frisk

1. Ideally, two or more officers will conduct the frisk, one to search and the other to provide protective cover.
2. The minimally intrusive nature of a frisk permits the suspect to be searched while standing, or with hands placed against a stationary object, feet spread apart, which is the preferred method.
3. When frisking, officers shall pat-down only the external clothing for objects that reasonably could be weapons and remove them. Retrieval of the weapon may give probable cause to arrest. If so, officers may then conduct a complete custodial search of the suspect incident to arrest.
4. If, during a lawful detention based on reasonable suspicion, the officer conducts a frisk and feels an object whose contour or mass makes its identity as contraband immediately apparent, pursuant to the plain-touch doctrine, it may be withdrawn and examined.
5. If the suspect is carrying a bag, purse, suitcase, briefcase, sack, or other container that may conceal a weapon, officers may squeeze the container to determine if it contains a weapon. Officers shall not open the container but shall place it beyond the subject's reach for the duration of the stop.

D. Protective search

1. Under some conditions, the protective frisk may be extended beyond the person detained. This frisk occurs most often involving vehicles. A lawful, protective search for weapons, which extends to an area beyond the person in the absence of probable cause to arrest, must have all of the following elements present:
 - a. A lawful detention as defined herein or a lawful vehicle stop.
 - b. A reasonable belief that the suspect poses a danger.
 - c. A frisk of the subject must occur first.
 - d. The search must be limited to those areas in which a weapon may be placed or hidden.
 - e. The search must be limited to an area that would ensure that there are no weapons within the subject's immediate grasp.
 - f. If the suspect has been arrested and removed from immediate access to the vehicle, a search of the vehicle cannot be made for protective reasons. The protective frisk of the vehicle may only occur if the suspect is to be returned to the vehicle. A search may be made of the vehicle if other exceptions to a search warrant exist.

E. Period of detention:

1. Investigative detention must be conducted as quickly as possible. Once the detaining officer determines that the basis for reasonable suspicion no longer exists, or that additional facts and circumstances are not being developed, the person detained shall be released. Should the initial reasonable suspicion be reinforced with additional information that develops probable cause, the period of detention could be lengthened. The courts have not established a exact time limit for detentions, but case law suggests detentions are measured in increments of less than an hour.

VI. DOCUMENTING THE INTERVIEW OR STOP

For purposes of successful prosecution and of defending departmental actions to the public, all field interviews and investigative detentions must be recorded. The following methods will be utilized:

- A. Patrol officers will record all field interviews in their entirety on the in-car audio video systems. Officers will attempt to position the vehicle or camera in a position to record the interview. If not possible, the use of the audio portion is required.
- B. If an interview or investigative detention results in an arrest, the arresting officer will clearly detail the reasonable suspicion that led to the interview or detention in the narrative of the arrest report as well as maintaining the audio/video recording as evidence.
- C. Officers not equipped with in-car or portable audio/video recording systems will obtain a service number and create an incident report entitled "Field Interview" and record the reasonable suspicion and details of the interview or detention. The report will be forwarded through the officer's supervisor to the records unit.

I. POLICY

Short of the application of force, an arrest is the most serious action an officer can undertake. Being arrested can cause repercussions throughout a person's life, even if eventually found not guilty or never brought to trial. It is of paramount importance that officers not undertake an arrest without the utmost care.

There are two important legal questions facing officers making an arrest in Texas. The first deals with the existence of probable cause. Without probable cause, the arrest violates the Fourth Amendment and any evidence that flows from the arrest is inadmissible. Secondly, the state of Texas mandates that any warrantless arrest by an officer must be authorized by statute. See generally Ch. 14, Code of Criminal Procedure. Officers shall accordingly exercise critical judgment in making arrests. Critical judgment includes consideration for bystanders, the time, place, and location of offenses, the presence of probable cause and statutory authority and the use of force that may be required to make the arrest.

Officers shall consider alternatives to arrest consistent with their law-enforcement mission.

II. PURPOSE

The purpose of this policy is to define the authority of officers to make arrests and to outline the mechanism for making an arrest with and without a warrant.

III. DEFINITIONS

- A. Arrest: An arrest is the physical seizure of a person, and it must be supported by probable cause.
- B. Probable cause: According to the U.S. Supreme Court, "Probable cause exists where the facts and circumstances within [the arresting officers'] knowledge and of which they had reasonable trustworthy information are sufficient in themselves to warrant a man of reasonable caution in the belief that an offense has been or is being committed" and that the person to be arrested committed it. An officer must have probable cause to obtain a warrant or to make a warrantless arrest. Generally, probable cause has been interpreted to mean – specific and articulable facts and circumstances known to the officer that would cause a reasonable officer to conclude that a specific person has committed a specific offense.

IV. DISCRETION

- A. Officers shall demonstrate discretionary judgment. Discretion shall be applied reasonably and shall be guided by the oath of office, the limits of authority as established by law, the decisions and interpretations of the courts, the policies of our department, and any instruction provided by field supervisors.
- B. Officers shall not make arrests or take any enforcement action based in whole or in part on a person's sex, race, creed, color, age, general or assumed attitude, ethnic or natural origin, economic status, disabilities, or sexual orientation. The exception to this policy is that race and/or other identifying characteristics listed above may be used to build probable cause if they are relevant factors identifying a suspect.

V. ARRESTS WITH A WARRANT (TBP: 7.02)

- A. General Procedures for Obtaining an Arrest Warrant and Arresting with a Warrant.
 - 1. Obtaining an arrest warrant will be made pursuant to Chapter 15 of the Texas Code of Criminal Procedure (TCCP). All officers shall become familiar with the specific language/laws concerning obtaining arrest warrants found in Chapter 15 of the TCCP. The following are shortened versions of Articles 15.01, 02, 03, and 05. If departmental approval is received, an officer may obtain an arrest warrant by following these requisites:
 - a. (15.01) An arrest warrant is a written order from a magistrate, directed to a peace officer commanding the officer to arrest a person accused of an offence who is to be dealt with according to law.
 - b. (15.02) A warrant must be issued by a magistrate, in the name of the State of Texas, and must specify the name of the person to be arrested or a reasonable, definite description of the person. The warrant must state that the person is accused of a crime and name the crime. The warrant must be signed by a magistrate and it must indicate the identity of the magistrate's office.
 - c. (15.03) A magistrate in the State of Texas may issue an arrest warrant when a person (the officer) makes an oath (affidavit or complaint) that another has committed an offense against the laws of the State of Texas.
 - d. (15.05) An officer's complaint or affidavit must state the name of the accused or some reasonably definite description of the individual. It must show directly that the person has committed a crime or that there is good reason to believe that the person has committed a crime. The complaint/affidavit must state the time and place of the offense, as definitely as can be done by the affiant, and it must be signed by the affiant.

2. Unless assigned as an investigator or detective, officers will obtain supervisory approval before applying for an arrest warrant for any individual.
3. All members of the department will utilize approved affidavit and arrest warrant forms provided by the department. Upon completion of the affidavit and warrant, all officers shall have the documents reviewed and approved by a supervisor prior to requesting judicial approval.
4. Warrants will be carried only to a Johnson County JP Judge or to a county or district court judge for judicial review. If a warrant approval is refused by any judge, the affidavit and warrant shall not be taken to any other judge until substantial additional information proving probable cause has been added to the affidavit. Subsequent reviews will be done by the same magistrate unless he/she is unavailable.
5. Except as authorized by the Texas Code of Criminal Procedure, Chapter 14, or Section 18.16, an officer shall not arrest anyone without an arrest warrant.
6. An officer shall not alter any information on an arrest warrant in any manner after a magistrate has issued it.
7. An officer shall presume that any arrest warrant which appears in proper form is valid. To be in proper form and valid on its face, an arrest warrant shall have the following features:
 - a. Be issued in the name of "The State of Texas"
 - b. Specify the name of the person whose arrest is ordered, or provide a reasonable description if the name is not known
 - c. State that the person is accused of a named offense
 - d. Be signed by a magistrate whose office must be named.
8. An officer shall execute a valid arrest warrant as provided by law and departmental policies.
9. If the arrest warrant lacks proper form, the officer shall not execute the warrant, but shall return the warrant to the magistrate who issued it.
10. An officer who has any question about the details or validity of an arrest warrant shall attempt to verify the information before making an arrest under authority of that warrant.
11. Whenever practical, an officer shall automatically verify the currency of any arrest warrant issued thirty days or more before the date of execution.
12. Any decision to send regional or statewide messages concerning a warrant will be made by a supervisor or the investigator assigned to the case.
13. An officer need not have actual physical possession of an arrest warrant in order to execute it. However, before executing a warrant not in his possession, the officer shall personally determine the location of the warrant and shall ensure that the arrestee sees a copy of the warrant as soon as possible after his/her arrest.
14. In executing an arrest warrant, whether or not he/she has the warrant in his/her possession, an officer shall announce to the person being arrested that the arrest is made pursuant to an arrest warrant. An officer has the warrant in his possession shall show it to the arrestee. If the officer does not possess the warrant, he/she shall advise the arrestee of the charge, the bond, and the originating agency that issued the warrant.
15. Officers may enter a third party's residence in the following situations:

- a. with consent to search from the resident or person having control of the property, or
- b. with a search warrant for that residence in order to enter and make the arrest, or
- c. while in fresh pursuit of the wanted person in felony cases only.

B. Warrants from Other Jurisdictions

1. If an officer has knowledge that another Texas law-enforcement agency holds a valid arrest warrant for a particular person, the officer may arrest that person. If an officer makes an arrest on a warrant from another Texas law-enforcement agency, the officer shall do the following:
 - a. Arrest the defendant.
 - b. Notify the agency holding the warrant that this department executed the warrant and give the location of the arrestee.
 - c. Make certain that a supervisor is notified if the defendant is booked into this department so that the defendant can appear before a magistrate within 24 hours of the arrest.
 - d. An officer shall also execute an arrest warrant telegraphed under the authority of a Texas magistrate.
2. The department shall hold the arrestee as the magistrate prescribes until releasing the arrestee to the custody of the department holding the warrant, or until transferring the person to the custody of the county sheriff's department.
3. If the department holding the warrant cannot take custody of the arrestee within 24 hours after the execution of the warrant, or if that department at any time indicates that it will not take custody of the arrestee, the arrestee may be released from our custody.

C. Warrants from Other States: When any officer has probable cause to believe that a person stands charged of a felony in another state, the officer shall do the following:

1. Arrest the person only after the warrant has been confirmed using accepted methods of warrant confirmation. (Such an arrest is made under the authority granted to Peace Officers in the Texas Code of Criminal Procedure, Chapter 51, Fugitives from Justice.
2. Book the arrested person directly into the custody of the county sheriff's department.
3. The existence of a warrant from another state does not provide officers the authority to enter a third person's residence to make the arrest. Officers may only enter a third person's residence in the following circumstances:
 - a. With consent to search from the resident or person having control of the property
 - b. With a search warrant for that residence in order to enter and make the arrest, or
 - c. While in fresh pursuit of the wanted person.

D. Chance Encounters

1. An officer who lawfully stops or otherwise detains and identifies a person may concurrently initiate a records check to determine whether any arrest warrant is outstanding against that person.
2. An officer may detain a person whom he/she has lawfully stopped for a reasonable period of time in order to conduct a routine records check by radio, telephone, teletype, or computer terminal. However, detention may be extended, but no longer than necessary, if the officer has a reasonable suspicion that a warrant is outstanding.
3. The detained person may be required to wait in the officer's vehicle, in his/her own vehicle, or in some other convenient place.
4. The person may be frisked if the officer can articulate a reasonable fear for his/her safety.

E. Planned Executions of Arrest Warrants

1. Prior to executing an arrest warrant, the officer in charge shall notify his/her chain of command.
2. The time of day for executing the arrest warrant shall be based on the following rules:
 - a. Execute during daylight, unless circumstances make this dangerous or impractical.
 - b. Execute when the person named in the warrant is most likely to be present.
 - c. Execute when resistance is least expected and best controlled.
 - d. Execute so as to minimize the danger or inconvenience to other persons who may be on the premises, unless other circumstances make this impractical.
 - e. Whenever possible, arrests shall be made in a location where the arrest will not pose a threat to the safety of the public, as it might in, e.g., crowded places where bystanders may be injured should the arrestee offer resistance, particularly resistance involving the use of firearms.
3. An officer may serve the warrant at any place, public or private, where the individual named is reasonably believed to be located (subject to the third-party, private-location rule.)
4. Officers need not execute the warrant at the first possible opportunity but may choose the time and place in accordance with these rules.
5. An officer shall not select the time and place of arrest solely to embarrass, oppress, or inconvenience the arrestee.
6. An officer shall not use force to enter private premises to execute a misdemeanor arrest warrant.
7. In general, when seeking to enter a private premise, an officer shall ring the doorbell or knock on the door, announce his/her intentions and purpose, and demand admittance. He/she then may then wait for a reasonable time under the circumstances to be admitted.
8. Officers may only enter a third person's residence in the following circumstances:
 - a. With consent to search from the resident or person having control of the property, or

- b. With a search warrant for that residence in order to enter and make the arrest, or
 - c. While in fresh pursuit of the wanted person in cases of felony.
9. If the execution of an arrest warrant may involve significant risk to officers, a statement of the circumstances of this risk should be included in the affidavit with a request that the magistrate include a “No Knock” authorization to the warrant. If a “No Knock” provision has not been authorized by the magistrate, and articulable circumstances occur at the time of execution of the warrant (such as efforts to destroy evidence, evade arrest, or endanger officers) an immediate entry may be made without the required notice and waiting period.
10. An officer who must make a forcible entry shall enter the premises by the least forceful means possible under the circumstances. Although entry may necessarily include breaking a door or window, an officer must strive to inflict as little damage as possible to the premises.
11. When it is necessary to forcibly enter private premises to execute a felony arrest warrant, the officer in charge of the operation shall have enough officers present, and take other appropriate measures, to protect the safety and security of all persons present. To identify the group as officers, at least one fully uniformed officer should lead the entry into the premises.
12. After forcibly entering private premises to execute a felony arrest warrant, officers shall immediately secure the premises by locating and controlling the movement of all persons who reasonably appear to present a threat to the safety of the officers. Officers shall also control any object that may be used as a weapon. An officer may frisk any person whom the officer reasonably suspects may have a weapon concealed upon his/her person.
13. Officer shall leave the premises at least as secure as when they entered by leaving it in the hands of a responsible person or by locking all doors and windows. If the premises are left unsecured, a guard will remain until the site can be turned over to a responsible party or otherwise secured from illegal entry.

F. Execution of Local Warrants Issued by Other Jurisdictions

1. When another law-enforcement agency within Texas holds a prisoner on a warrant from this department, this department shall either pick up the prisoner within twenty-four (24) hours or notify the holding agency to release him/her.
2. When an out-of-state department notifies this department that the out-of-state department has executed a felony arrest warrant held by this department and is holding the person arrested, this department shall immediately pursue extradition proceedings.

VI. ARREST WITHOUT A WARRANT (TBP: 7.03)

- A. Federal and state constitutions protect individuals from unreasonable searches. Further, officers must have probable cause to believe that a crime has been committed, and that the person to be arrested has committed the crime.

B. When warrantless arrests may be made

1. The Texas Code of Criminal Procedure, in Chapter 14, gives officers the authority to make warrantless arrests, supported by “probable cause,” as follows:
 - a. Officers may arrest persons found in suspicious places and under circumstances that establish probable cause that such persons have been guilty of a felony or breach of the peace, or threaten or are about to commit an offense against the laws.
 - b. An officer who has probable cause to believe that a person has committed an assault resulting in bodily injury to another, and there is probable cause to believe there is danger of further bodily injury to the victim, may arrest that person.
 - c. An officer who has probable cause to believe that the person has committed an offense involving family violence may arrest the violator.
 - d. If a person prevents or interferes with an individual’s ability to place an emergency telephone call as defined in the Penal Code, an officer may arrest the violator.
 - e. Officers shall arrest a person who violates a valid protective order when the violation is committed in the officer’s presence.
 - f. Officers may arrest a person who violates a valid protective order, if the offense is not committed in the officer’s presence or view.
 - g. Officers may arrest an offender for any offense committed within the officer's presence or view, including traffic violations.
 - h. Officers may arrest at the direction of a magistrate when a felony or breach of the peace has been committed.
 - i. Where it is shown by satisfactory proof to a peace officer, upon the representation of a *credible* person, that a felony has been committed, and that the offender is about to escape, so that there is not time to procure a warrant, said officer may, without warrant, pursue and arrest the accused.
 - j. Officers may arrest a person who confesses to a felony crime, provided the confession complies with state law regarding the admissibility of confessions.

2. Warrantless Arrests Outside Officer’s Jurisdiction:

- a. Although officers are discouraged from making arrests outside their jurisdiction, officers may make warrantless arrests in compliance with state law. [Municipal police officers who are outside their jurisdiction may arrest for any offense committed in their presence or view. These officers may only arrest for violations of Subtitle C, Title 7 of the Transportation Code if the violation occurs in the county or counties in which the officer’s municipality is located.] Non-municipal Officers who are outside their jurisdiction may arrest, without warrant, a person who commits an offense within the officer’s presence or view, if the offense is a felony, breach of the

peace, or violation of Chapter 42 or 49 of the Texas Penal Code.

- b. Any officer making a warrantless arrest outside his/her jurisdiction shall notify the law-enforcement agency of proper jurisdiction. The law-enforcement agency shall take custody of the prisoner and arraign the prisoner before a magistrate in compliance with state law.

VII. POST-ARREST PROCEDURES

A. Injury before or during arrest

If a person receives an injury before or during an arrest and either requests medical attention or, in the officer's judgment, medical attention is needed, officers shall transport the suspect or arrange for his/ her transportation to a hospital for an examination before booking.

B. Mirandizing Arrestees

1. Arrestees shall be advised of their Miranda rights before any questioning.
2. A waiver of the Miranda rights must be obtained before any questioning of an arrestee.
3. If the arrestee has not waived his or her Miranda rights, no questioning shall be conducted beyond that necessary to accomplish the booking procedure (name, address, etc.).
4. If the arrestee declines to waive his or her Miranda right to counsel, or if the arrestee, after waiving that right, elects to reassert it, questioning must cease immediately and no further questioning may be conducted unless
 - a. An attorney representing the arrestee is present, or
 - b. The arrestee voluntarily initiates a further interview.
5. If the arrestee has not waived his/ her Miranda rights, officers shall refrain from engaging in conversation among themselves in the presence of the arrestee that is calculated to elicit incriminating statements or admissions from the arrestee, even if the conversation does not contain questions.
6. All custodial interrogations of arrested persons shall comply with the requirements found in state law.

VIII. RELEASE FROM ARREST

A. Officers may encounter a circumstance where probable cause develops to arrest a person for an offense only to find out shortly thereafter that the person under arrest did not commit a crime or that the event was not a crime. It is imperative, then, that the officer end the arrest process and release the person as soon as possible.

B. Procedure

1. If the arresting officer determines that probable cause no longer exists to arrest a suspect, and the officer is satisfied that the person under arrest either did not commit the crime or that a crime did not occur, the officer shall release the suspect and immediately notify the officer's supervisor.

2. An officer who releases a subject from arrest shall return the person to the place of the arrest, if the location is safe. The officer shall not release the person along the roadside. If a vehicle has been towed, the vehicle shall be returned to the operator/registered owner unless it is required as evidence, or some other legal authority assumes custody of the vehicle.
3. Upon releasing a person in this manner, the officer shall immediately contact the on-duty supervisor and advise him/her of the incident.
4. The officer shall document the following in an incident report:
 - a. The date and time of arrest.
 - b. The person arrested (name, address, date of birth, race).
 - c. The location of arrest.
 - d. Probable cause for the arrest and the specific charge(s).
 - e. The location and time of release from arrest and whether the person was transported.
 - f. The reasons or discovery of information that led the officer to release from arrest.
 - g. Any witnesses to the alleged crime, or to the fact the person arrested was allegedly involved.
 - h. Whether force was used in making the arrest, and if so, the nature of the force used and the consequences, including medical aid.

IX. IMMUNITY FROM ARREST

A. Legislative immunity

1. Members of the United States Congress are exempt from arrest when Congress is in session, or when they are en-route to or from congressional business, except for traffic summonses.
2. Members of the Texas Legislature are exempt from arrest during a legislative session (or allowing for one day for every 20 miles such member may reside from the place where the legislature meets before the beginning or after the ending of any session) except in cases of treason, a felony, or a breach of the peace.

B. Diplomatic immunity

1. While a person claiming diplomatic immunity may present any number of identification papers, the only one that is indicative of the level of privilege and immunity is a card issued by the U.S. State Department. The holder's level of immunity will be indicated on the card. If a person claiming immunity does not possess this card and the incident involves a criminal offense, officers may detain the person either at the scene or at the department long enough to verify official status.
2. Upon exhibiting proof of diplomatic immunity, persons shall be released upon being stopped for a misdemeanor traffic violation. If questions arise about this procedure, or if an arrest for a felony is necessary, call and advise the U.S. State Department Office of Security (202-647-4415, days, or 202-647-1512, nights and weekends).

3. When encountering a criminal suspect who claims diplomatic immunity, officers shall first take reasonable measures--including pat-downs or other legal searches--to ensure safety to the public and other officers. Verification of the diplomatic claim shall take place after any danger has been neutralized. A criminal investigation shall proceed as if no valid diplomatic immunity claim has been made. Interviews, interrogations, seizures of evidence, or issuance of warrants shall proceed per departmental procedure. In a criminal investigation, the Chief shall remain in contact with the U.S State Department.
4. Regardless of the claim of immunity, in any case where officers arrest or detain foreign nationals the suspects shall be advised of their right to have their consular officials notified. In some cases, this notification is mandatory. Note: The list of countries that require mandatory notification of consular officials in the event that one of its citizens has been arrested is extensive. The State Department shall be contacted for guidance. (TBP 10.22)

	Policy 7.4 Search Incident to Arrest and Other Searches Without a Warrant	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  <small>Chief of Police</small>	
Reference: 7.07, 10.14, and 10.15		

I. POLICY

In order to ensure that constitutional rights are protected, officers will obtain search warrants upon probable cause in all appropriate criminal cases except for the following circumstances. (Search warrants are discussed under Policy 7.5.)

Searches without a judicial warrant are strictly limited to those circumstances where the courts have granted officers limited exceptions. One of those exceptions was described in Policy 7.2, where, if during an investigative stop (detention), an officer has reasonable suspicion that an individual may be armed, and is able to articulate that suspicion, the officer may conduct a limited pat-down of the individual's outside clothing to protect the officer. Other exceptions to the search warrant requirement are provided in this policy.

II. PURPOSE

The purpose of this policy is to establish guidelines for searches incident to arrest and other searches without a warrant.

III. SEARCH INCIDENT TO LAWFUL ARREST

- A. The general rule is that a reasonable search may follow a valid arrest. The officer has the authority to make a search that may extend to articles carried by the suspect and to the suspect's immediate surroundings. The purpose of this search is to remove any weapons from the arrested person that could be used against the officer while in custody, to remove any items that might facilitate an escape, and to prevent the destruction of any evidence by the arrested person.
- B. A search incident to an arrest must occur in such a way that it and the arrest are part of a continuous, uninterrupted transaction. Two conditions are necessary for this to occur:
 - 1. The search must be made as soon as practical after the arrest.
 - 2. The search must be made at or near the place of the arrest.
- C. An officer making a search incident to an arrest may search only the following places:

1. The entirety of the person being arrested.
 2. The area within the wingspan or physical arm's reach of the person being arrested where the suspect might reach for a weapon or for evidence.
- D. Accessories, such as a purse or a backpack, carried by the suspect may be searched incident to a full custodial arrest for they are within the area in which the defendant might reach to grab a weapon or an item of evidence.
- E. Vehicles may be searched contemporaneous with the arrest of the occupant or driver only in the following circumstances:
1. The arrested vehicle occupant is unsecured and within arm's reach of the passenger compartment at the time of the search and the officer can articulate a safety concern, or
 2. The officer has a reasonable belief that evidence related to the crime for which the arrest was made is located within the passenger compartment.
 3. Once an occupant has been arrested and secured and is unable to effectively reach the passenger compartment, the authority to search the vehicle for safety reasons is removed.
- F. Strip searches (TBP 10.14)
1. Strip searches shall not be conducted.
- G. Body-cavity searches (TBP 10.15)
1. Department personnel do not conduct body cavity searches other than an individual's mouth.

IV. CONSENT SEARCH

A. Consent Searches

A search warrant is not necessary where a person who has authority or control over the thing or place to be searched consents to the search. Note that the officer is not required to have reasonable suspicion or probable cause to request a consent search. He or she may merely ask for permission from someone with control over the item or premises. If that person grants permission, the search may take place. The sole justification for a consent search is the existence of knowing, intelligent, and voluntary consent.

1. Consent searches must observe the following rules:
 - a. Generally, the person granting consent must use, access, or control the property. A person having use, access, or control of only a part of a jointly owned property can give consent for a search only of that part.
 - b. If two people have joint ownership of property, either may give consent where only one of the owners is present. If possible,

- officers should have all the consenting parties present sign a written permission-to-search form.
- c. If both or multiple parties with joint ownership are present and any party refuses to consent to the search, the search cannot be performed.
 - d. A landlord, including a hotel or motel manager, cannot consent to a search of a tenant's premises unless the tenant has been evicted or has abandoned the property.
 - e. A husband or wife, or one member of a cohabiting unmarried couple, may consent to a search of areas in common ownership or use where only one is present. If both or multiple parties with joint ownership are present and any party refuses to consent to the search, the search cannot be performed.
 - f. A parent may consent to a search of premises occupied by a child under the age of majority if the parent also has access to the premises. If a dependent child is present and is over the age of majority, he or she may legally object to the search of an area that is jointly owned or possessed.
 - g. An employee cannot give valid consent to a search of his/her employer's premises unless he/she has been left in custody of the premises.
 - h. An employer may generally consent to a search of premises used by employees, except premises used solely by another employee (e.g., a locker).
 - i. Consent must be given voluntarily. If an officer requests consent from a person under circumstances which a reasonable person would consider coercive, the search would not be consensual and the officers should seek a warrant. The officer has the burden of demonstrating that the consent was given voluntarily.
 - j. A person who initially gives consent may withdraw it at any time. Officers shall then secure the premises and seek a warrant if probable cause exists.
 - k. Refusal to give consent, in itself, cannot justify further law-enforcement action.
 - l. The scope of a consent search is limited to the area for which consent has been given, and within this area officers may search only into areas where the objects sought could reasonably be hidden.

2. Documentation of Consent Searches

- a. Although verbal consent is valid, police officers will carry and use the Voluntary Consent to Search form. The form should be completed and signed by the consenting parties. All Consent to Search Forms shall be forwarded to the records unit for filing.
- b. If a person gives verbal consent but refuses to give written consent, police officers should consider the severity of the case along with viable options (e.g., obtaining a search warrant or some other

- exception to the search warrant requirement) before proceeding with the search.
- c. A police officer who is equipped with a body camera or dash camera shall record the request for consent and the person's response. The recording shall be preserved as evidence should evidence or contraband be discovered, or other enforcement action result from the search.
 - d. A police officer who proceeds to search on verbal consent should remember that the burden of proof is always on the government.
 - e. Police officers will not only have to prove the consent was voluntary, but that it was actually given (officer's word against defendant). Officers should attempt to take additional steps to eliminate this argument. For example, they could have an impartial third party witness the consent by signing the form.
 - f. Police officers should make every effort to minimize conditions that could be offered as "threat or intimidation," such as the following:
 - i. Number of police officers present (especially in uniform)
 - ii. Amount of force used to detain or arrest, e.g., displaying firearms, use of handcuffs, etc.
 - iii. Language and tone of voice used in requesting consent
 - iv. Other non-verbal communications.

V. EMERGENCY SEARCH

An emergency search is a search in which an officer makes a warrantless nonconsensual entry into a residence or building in order to protect someone's life or render emergency life-saving assistance to an occupant. This search is not based in criminal law enforcement principles; rather it is to save life. Examples of emergency searches include, but are not limited to:

1. Fire
2. Shouts for help
3. Unconscious person
4. Welfare checks, if the information known to the officer gives rise to a reasonable concern for the well-being of an occupant
5. Sounds of a fight coming from inside the residence

Officers should understand that once entry is made and the emergency has been rendered safe his or her authority to be in the residence has expired. Additionally, entry pursuant to an emergency does not then give the officer authority to search the residence for evidence of a crime.

The test for the validity of an emergency search will be whether a reasonable officer, under the same circumstances, would have believed there was a threat to life or limb of an occupant.

VI. MOTOR VEHICLE SEARCH BASED ON PROBABLE CAUSE

- A. In recent years, the U.S. Supreme Court has modified and expanded the conditions under which officers may search vehicles. Preferably, officers shall search vehicles

under the authority of a warrant, although it often happens that there is not sufficient time to obtain one. However, warrantless searches of vehicles may take place under a number of conditions and circumstances. It is imperative that officers understand the different types of vehicle searches and their limitations. The U.S. Supreme Court has ruled that this exception will not authorize the intrusion into a residence's curtilage to search a vehicle parked within the curtilage.

NOTE: With a warrant, a search may extend anywhere within the vehicle unless the warrant itself imposes limits.

B. Definitions

1. For the purposes of this section, a motor vehicle is any vehicle operating or capable of being operated on public streets or highways, from trucks to automobiles to mobile homes. A vehicle that has been immobilized in one location for use as a storage facility or home is not a motor vehicle for fourth amendment purposes.
2. For the purposes of this section, a search is an examination of a motor vehicle with an investigative motive, that is, to discover evidence or to examine the vehicle identification number (VIN) to ascertain ownership.

A motor vehicle may be searched without a warrant if the following conditions are present:

1. The officer has probable cause to believe the motor vehicle is being used to transport contraband
2. The motor vehicle is mobile or readily mobile

The scope of a motor vehicle search is the entire motor vehicle, including containers in the motor vehicle in which the suspected contraband could fit.

If contraband is located by way of a lawful frisk or search of an occupant of the motor vehicle, the officer may rely upon this as probable cause to search the motor vehicle for additional contraband. The reverse is not the case. The discovery of contraband in a motor vehicle will not automatically authorize a search of the occupants of the motor vehicle. Officers must be able to articulate individualized probable cause to search the occupants.

An entry into the vehicle to examine the VIN or otherwise determine ownership must be limited to these purposes.

An emergency search of the vehicle may be conducted but the extent of the search must not exceed whatever is necessary to respond to the emergency.

Note: If the initial search under the above conditions gives rise to probable cause that evidence, contraband, fruits of a crime, or instrumentalities of the crime might be found elsewhere in the vehicle, officers may search those areas that might reasonably contain such items.

A. Containers within the vehicle

1. As a rule, no container within a vehicle shall be searched unless it might contain the item(s) sought.

2. Procedures for unlocked containers
 - a. In a probable cause search, containers may be opened wherever found in the vehicle.
 - b. When the passenger area is searched incident to an arrest, containers within the passenger area may be opened.
 - c. During a consent search, containers may be opened provided that the terms of the consent either permit the search or reasonably imply permission.
 - d. Containers found in or discarded from a vehicle under circumstances not amounting to probable cause or in connection with a search incident to an arrest shall not be searched but shall be secured until a warrant is obtained.
 - e. The abandonment doctrine does apply to containers thrown from a vehicle by a suspect.
3. Procedures for locked containers
 - a. Under most conditions, locked containers shall be opened under a warrant unless one of the following circumstances has been met:
 - i. Consent has been given.
 - ii. Probable cause exists to search the vehicle and the object of the search might be found in the container. (Even in this circumstance, a warrant is preferred.)
 - iii. Inventory, only if a key is present.

B. Conduct of the vehicle search

1. When possible, searches of vehicles shall be conducted contemporaneously with the stopping or discovery of the vehicle. As a general rule, vehicle searches shall be conducted as soon as reasonably possible.
2. When possible, officers shall avoid damaging a vehicle or its contents, and shall minimize the intrusiveness of the search and any inconvenience suffered by the passengers or owner.

As vehicles may contain sharp or pointed objects, and perhaps even syringes or other materials with body fluids on them, officers shall take precautions to minimize exposure to communicable diseases.

VII. INVENTORY OF A MOTOR VEHICLE

When an officer has made a decision to lawfully impound a motor vehicle the officer shall inventory the contents of the vehicle. An inventory is not considered a search – it is an administrative caretaking procedure to protect the department from false claims.

Prior to impounding a motor vehicle an officer shall consider reasonable alternatives to impounding the vehicle. Those alternatives include:

1. Leaving the vehicle at the scene, or
2. Releasing the vehicle to a licensed driver at the scene

Officers shall follow policy 7.16 when impounding motor vehicles.

VIII. FRISK

A. PERSONS:

A frisk is a limited search for weapons. A frisk, by definition, occurs during a lawful detention. Officers shall not frisk a person during a consensual encounter unless the circumstances escalate to the point where the officer has reasonable suspicion to detain and can articulate a fear for his or her safety. A frisk of a person during a consensual encounter will most likely turn the consensual encounter into a seizure. Officers should conduct a full search of a person who has been arrested.

Officers do not have the authority to automatically frisk a person who has been detained. Officers shall articulate and document specific facts and circumstances that caused the officer to fear for her or his safety.

A frisk is conducted by patting down the outer clothing for weapons. If an officer detects contraband during a frisk the officer may proceed under the plain touch doctrine.

B. MOTOR VEHICLES

A motor vehicle may also be frisked. The following requirements must be met:

1. It must be a lawful detention
2. Facts and circumstances must be present to cause a reasonable officer to fear for her or his safety from an occupant of the vehicle
3. The occupant causing the concern must be frisked first
4. The officer must intend to release the detainee and allow the person back into the car, e.g. a traffic citation as opposed to an arrest
5. The officer may frisk the area in the passenger compartment that is immediately accessible to the detained person once returned to the vehicle.

IX. PLAIN TOUCH

The plain touch doctrine authorizes an officer to go into a detainee's pocket to retrieve contraband if the officer detects the contraband through the sense of touch during a lawful frisk.

Extensive manipulation of the item to ascertain its nature is not permitted.

If the officer detects a solid container of some sort the plain touch doctrine does not authorize the officer to open the container to ascertain its contents. The officer will have to have another search warrant exception to open the opaque container.

X. IMMINENT DESTRUCTION OF EVIDENCE

An officer is authorized to make a warrantless, nonconsensual entry into a residence or building to prevent the imminent destruction of evidence:

1. It must be the type of evidence that can be easily lost or destroyed
2. The destruction of the evidence must be imminent
3. The attempted destruction cannot be prompted by police misconduct

Once the evidence that was the subject of the attempted destruction is secured officers shall secure the residence and obtain a search warrant to search the residence for additional evidence or contraband.

XI. ENTRY INTO A RESIDENCE TO EFFECT ARREST

Both state statutes and federal case law regulate entry to make an arrest. The primary focus of any entry to make an arrest is the safety of the officers executing the warrant and the occupants of the residence. Knocking on the door affords the occupants time to answer the door and comply with the officer's orders.

A. WITH ARREST WARRANT

Officers may force entry to execute an arrest warrant subject to the following rules:

1. Felony warrant
2. Officer is entering the residence where the person named in the warrant resides
3. Denied admittance after knocking and announcing
4. Knocking and announcing may be waived under the following circumstances: knocking and announcing will prompt an escape attempt, place the officer(s) in danger, or the suspect is already aware of the officer's presence.

B. WITHOUT ARREST WARRANT – SUSPECT OBSERVED OUTSIDE RESIDENCE

When officers observe a dangerous felon in a public place and are authorized to arrest without a warrant, officers may pursue and force entry into a residence to arrest the dangerous felon without an arrest warrant. The following requirements must be met:

1. The offense must be a dangerous felony. A dangerous felony can best be characterized as one that involves a component of violence or threatened violence
2. The officer must already have probable cause to effect the arrest
3. There must be a true exigency to justify the entry e.g. escape, danger to occupants

C. WITHOUT ARREST WARRANT – OFFENSE OCCURS INSIDE RESIDENCE WITHIN OFFICER'S VIEW

1. Police officers who observe criminal activity occurring inside a private place from outside the private place may not always be able to secure a proper warrant in a timely manner and will adhere to the following guidelines:
 - a. If the offense is a misdemeanor, police officers will not enter except under the following circumstances:
 - i. Valid consent is given by a person with authority to grant such permission and who lives at the residence.
 - ii. There is reason to believe someone inside the residence is in immediate danger of life or limb

- iii. The officer reasonably believes the destruction of contraband or other evidence is imminent if it is not immediately recovered.
- b. If the offense is a felony, police officers will not enter except under the following circumstances:
 - i. Valid consent is given by a person with authority to grant such permission and who resides at the location.
 - ii. The officer reasonably believes the destruction of contraband or other evidence is imminent if it is not immediately recovered.
 - iii. There is reason to believe someone inside the residence is in immediate danger of life or limb.

XII. PLAIN VIEW

Plain view. A plain-view seizure is, technically, not a search. To make a plain-view seizure of property, such as contraband, fruits of a crime, or instrumentalities of a crime, the following two requirements must be met:

From a lawful vantage point, the officer must observe contraband left in open view.

2. It must be immediately apparent to the officer that the items he or she observes may be evidence of a crime, contraband, or otherwise subject to seizure.

XIII. OPEN FIELDS, CURTILAGE, ABANDONMENT

A search warrant is not required for property that has been abandoned.

1. For property to be considered abandoned the following three conditions must apply:
 - a. The property was voluntarily abandoned.
 - b. The abandonment was not a result of police misconduct.
2. Open fields are not protected by the Fourth Amendment, but officers must distinguish them from curtilage, searches of which require a warrant. Curtilage is the area of a dwelling that is necessary, convenient, and habitually used by the family for domestic purposes. The extent of curtilage of a private residence is determined by the following:
 - a. Whether the area is enclosed, but an enclosure is not required to establish curtilage.
 - b. The nature and use of the area.
 - c. The proximity of the area to the home.

Note that under some circumstances surveillance (e.g., aerial surveillance) of activities within curtilage may take place without a warrant.

	Policy 7.5 Search Warrants	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP 7.06	

I. POLICY

Both federal and state constitutions guarantee every person the right to be secure in their persons, houses, papers, and effects against unreasonable searches and seizures. U. S. Supreme Court decisions regarding search and seizure place the responsibility on the police to ensure that every person's fourth amendment rights are protected.

Officers shall scrupulously observe constitutional guidelines when conducting searches, and they will always remain mindful of their lawful purpose. Unlawful searches can result in harm to members of the community, put officers at risk, and possibly damage the department's image in the community.

Search warrants are one of the most valuable and powerful tools available to law-enforcement officers. Officers of this department shall have a thorough knowledge of the legal requirements involved in obtaining and executing search warrants.

II. PURPOSE

The purpose of this policy is to establish guidelines and procedures that officers must follow when conducting searches and seizures.

III. DEFINITIONS

- A. Search Warrant: A written order, issued by a magistrate and directed to a peace officer commanding him/her to search for a particular item or person and to seize the same and bring it before such magistrate, or commanding him/her to search for and photograph a child and deliver to the magistrate any of the film exposed pursuant to the order. Search warrants are also issued for biological specimens.
- B. Search Site: The premises to be searched, as explicitly stated in the search warrant.
- C. Lead Officer/ Investigator: The officer primarily responsible for the investigation who will prepare, plan, and implement the search warrant.

- D. Protective Sweep: A quick and limited search of premises incident to an arrest or service of an arrest warrant performed in order to locate other persons inside who might pose a risk to the officers. Officers must be able to articulate a reasonable basis their safety concerns.
- E. Curtilage: Curtilage usually refers to the yard, garden, or any piece of ground that is immediately adjacent to a premises and is used as part of the activity of the premises. While the term has no absolute definition that applies under all circumstances, the curtilage of a private residence, for instance, may be defined by the size of the lot on which the dwelling stands, whether the area around the dwelling is enclosed, the nature and use of the area, the proximity of the area to the home, and any measures taken by the owner to protect the area from observation.

IV. PROCEDURES - General

A. State Law

- 1. Chapter 18 of the Texas Code of Criminal Procedure controls the use of search warrants in Texas. It states that a judge or magistrate may issue a search warrant if the following circumstances exist:
 - a. There is probable cause to do so, and
 - b. There is a complaint on oath supported by an affidavit.
- 2. Search warrants may be issued for the search of specified places, things or persons, and seizure therefrom of the following things as specified in the warrant:
 - a. Weapons or other objects used in the commission of a crime.
 - b. Articles or things the sale or possession of which is unlawful.
 - c. Stolen property or the fruits of any crime.
 - d. Any object, thing, or person, including documents, books, records, paper, or body fluids constituting evidence of a crime.

Please see the applicable statutes for a more comprehensive listing.

B. Supreme Court Decisions

- 1. The Supreme Court of the United States issues decisions that must be used as guidelines in conducting searches. Because the fourth amendment to the Constitution prohibits unreasonable searches and seizures, officers bear the burden of proving that the search is reasonable. The court will examine reasonableness based on the answers to these questions:
 - a. Was there probable cause to issue the search warrant?
 - b. Was the scope of the search appropriate?

C. Exceptions to search warrant requirements are discussed in Policy 7.4.

V. PROCEDURES: Obtaining a Search Warrant

- A. Prior to obtaining a search warrant, officers should consult a departmental supervisor for review of the probable cause and for approval to seek a search warrant. This

review may be conducted by telephone if necessary. If the supervisor approves the warrant application, the supervisor shall notify the Chief of Police immediately and inform the Chief of the circumstances surrounding the offense and the need for the warrant.

B. The approving supervisor will be in charge of the warrant execution. While the lead officer may develop the case information, construct the affidavit, the approving supervisor is responsible for the proper and safe execution of the warrant, including compliance with this policy.

C. Essential legal requirements

1. To obtain a search warrant, an officer must show probable cause to believe that specific evidence, contraband, or fruits of a crime may be found at a particular place.
2. The officer shall prepare an affidavit that carefully documents specific facts that constitute probable cause. Two kinds of facts must be considered:
 - a. The facts from which the officer concluded that the person or thing is probably located at the place to be searched;
 - b. The facts that address the reliability of the source of the officer's information;
 - c. The information upon which the officer relies is not stale, within the context of the offense being investigated.
3. The court considers only those facts presented in the affidavit.
4. Conclusions and suspicions are not facts.
5. Apart from the officer's personal knowledge or observations, facts may derive from a reliable informant.
6. Reliability of facts is established by the following:
 - a. Personal observation or knowledge possessed by an officer;
 - b. Witnesses who have knowledge of information pertinent to the case;
 - c. Informants if they have proven to be reliable or if their information is corroborated by personal observation of an officer.

D. Affidavits

1. The accuracy of the affidavit is vital to the validity of the search warrant. CCP 18.01 requires officers to swear to the facts of the affidavit before a judge or magistrate.
2. The affidavit shall include the following elements:
 - a. A detailed description of the place, thing, or person to be searched.
 - b. A description of the things or persons to be seized pursuant to the warrant
 - c. A substantial allegation of the offense in relation to which the search is to be made.
 - d. An allegation that the object, thing, or person to be searched or searched for constitutes evidence of the commission of the offense.
 - e. Material facts that would show that there is probable cause for issuing the search warrant.

- f. Facts that establish probable cause and that the item or person to be seized is at the location to be searched.

E. Language of the warrant

1. Only the things specified in the search warrant can be seized. (For a discussion of exceptions to this, such as plain-view seizures and searches incident to arrest, see Policy 7.4).
2. The warrant shall state precisely the areas to be searched.
3. If officers wish to search a home and its surroundings, the affidavit must specify a "premises" search and its curtilage, and must identify all outbuildings, such as garages or tool sheds, as appropriate.
4. If motor vehicles to be searched are on the premises, the warrant shall so specify.
5. If searches of specific persons (other than frisks) are to be included during the search, the warrant shall so specify. If the warrant states that all persons present shall be searched, probable cause to do so must be stated in the affidavit.
6. The items to be searched for shall be precisely described. If an item to be searched for may be dismantled (e.g., firearms), the warrant must specify the search for parts, pieces, or components of the item.
7. If officers anticipate searching for and seizing computers or similar complex technological items, experts must be consulted to determine the appropriate language to list in the affidavit and for outlining appropriate guidelines in the warrant for seizure of hardware and software.
8. If time and opportunity permit, the affidavit and warrant should be reviewed by the district attorney or legal counsel prior to presenting it to a magistrate.
9. If officers believe it is in the best interest of officer safety or that evidence may be destroyed if advanced warning is given and wish to utilize a "no-knock" warrant execution, the reasons for that belief should be clearly explained in the affidavit. The magistrate should be requested to review and authorize the no-knock entry.

VI. PROCEDURES: Executing a Search Warrant

A. When a search warrant must be executed

1. An officer is required to execute a warrant within the limitations imposed by statute. If it has not been executed during that time, the officer shall void the warrant and return it to the magistrate who issued it.
2. An officer may execute a search warrant either during the day or at night. The time of day selected to execute the warrant should take into consideration the likelihood that a specific category of individuals will or will not be present, e.g., children or elderly. Officer safety will also be considered in determining when to execute a warrant.

B. Preparing to execute the warrant

1. Before executing the warrant, the on-duty supervisor shall review the warrant and the affidavit, and brief the search team officers on the procedures to be followed. The supervisor shall ensure that the entire warrant process is documented. Written reports shall be supplemented with photographs or videotape, if available and appropriate.
2. All members of the search team shall be in uniform or wear a clearly marked jacket with "POLICE" in large letters on the front and back.
3. All members of the search team shall wear protective body armor during the execution of all warrants.

C. Gaining entrance to premises

1. Prior to execution of the warrant, the lead officer shall attempt to determine if any circumstances have changed that make executing the search warrant undesirable at that time. Where possible, pre-search surveillance shall be conducted up to the point at which the warrant is executed.
2. The lead officer shall make a final assessment of the accuracy of the warrant in relationship to the location to be searched.
3. The search team shall first deploy around the premises to be searched, ensuring that all exits are covered.
4. Uniformed officers shall be the most visible members of the search team and shall conduct the initial entry.
5. In most cases the officer shall do all of the following before entering the premises to be searched:
 - a. He/she must announce his/her presence as a law-enforcement officer.
 - b. The officer must announce that his/her purpose is to execute a search warrant.
 - c. The officer must wait a reasonable time either to be admitted or refused admission to the premises.
6. When entrance is refused:

An officer who is refused entrance after a reasonable time may force his/her way into the premises using only that force which is applicable to the circumstances. "Reasonable time," in this context, depends on the circumstances. A refusal may be expressed or implied.

 - a. No one has admitted the officer within a time that a reasonable person would expect someone to let the officer in if he or she is going to be admitted at all.
 - b. The officer waiting to be admitted sees or hears suspicious circumstances, such as flushing toilets or footsteps running away from the door, which indicate that someone might be concealing or destroying evidence or trying to escape.
7. No-knock or exigent entry:
 - a. No-Knock warrants will not be executed by this agency.

D. Conduct of the search

1. Upon entry, the occupant shall be given a copy of the search warrant.
2. The supervisory officer shall ensure that a protective sweep of the site is performed immediately.
3. After the site has been secured, a photographic and/or videotape record of the premises shall be made prior to conducting the search.
4. The search must cease when all the evidence being searched for is located.
5. Officers should exercise reasonable care in executing the warrant to minimize damage to property. If damage occurs during an entry to premises that will be left vacant, and the damage may leave the premises vulnerable to security problems, arrangements shall be made to guard the premises until it can be secured.
6. If damage occurs, justification for actions that caused the damage and a detailed description of the nature and extent of the damage shall be documented. Photographs of the damage should be taken where possible.
7. Officers shall not use a search warrant to conduct a fishing expedition, i.e., if the search warrant is for a large item, such as a television set, small places, such as jewelry boxes, may not be searched.
8. An officer may seize only the property listed in the warrant with two exceptions:
 - a. The other evidence is reasonably related to the offense for which the search warrant was issued.
 - b. It is property that the officer knows or has probable cause to believe is evidence of another crime.
9. Currency taken as evidence shall be verified by a supervisor and transported to a safe as designated by department policy.
10. If items are taken from the search site, an itemized receipt shall be provided to the resident/occupant, or in the absence of the same, left in a conspicuous location at the site.

E. Searches of persons found on premises

1. A person's presence on the premises to be searched with a warrant does not, without more evidence than the person's mere presence, give rise to probable cause to search that person beyond a frisk for officer safety.
2. A warrant to search the premises for contraband does carry with it the authority to detain the occupants of the premises while a search is being conducted. If the search of the premises gives rise to probable cause to arrest the detainee, he or she may be arrested and his or her person searched incident to arrest.
3. A person on the premises may be searched if the officer has probable cause to believe that items listed in the warrant are concealed on the person.
4. If an officer determines a frisk is necessary, the officer must articulate the facts present that justify the frisk of the person.

VII. PROCEDURES: Return of the search warrant

- A. An officer who has finished a search shall perform the following:

1. Note the date and time of execution on the search warrant.
2. Make an inventory of all the property seized and leave a copy with the person in charge of the premises.
3. Make return of the warrant within three days following the execution of the search (excluding Saturdays, Sundays, and legal holidays) or as otherwise required by statute. The return includes the following:
 - a. The search warrant.
 - b. The affidavit.
 - c. Either the inventory of articles seized or a notation that nothing was seized during the search.

B. Responsibility for property seized

1. Officers must provide a rigorous chain-of-custody procedure for all property seized. Documentation must appear in all narrative reports pertaining to the chain of custody of any items seized. The department evidence tag shall be used to identify all seizures.
2. Officers shall place evidence in the property room or locker reserved for the purpose prior to the end of shift.
3. Officers shall observe the property and evidence procedures as detailed in Policy 12.1.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.6 Limited English Proficiency	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference:	

I. POLICY

Our country has always been a melting pot of cultures. Throughout our history, individuals with limited English proficiency have found it difficult to clearly understand important rights, obligations, and services. It is, therefore, the policy of this department to take reasonable steps to ensure that all individuals have equal access to the rights, liberties, and services of government, regardless of their national origin or their primary language. (Title VI of the Civil Rights Act of 1964, § 601, 42 USC § 2000d)

II. PURPOSE

The purpose of this policy is to establish direction in dealing with members of the public who have limited English proficiency.

III. DEFINITIONS

- A. Limited English Proficiency (LEP): This term is used to describe individuals whose primary language is not English and who have a limited ability to read, write, speak, or understand English. LEP individuals may be competent in certain types of communication (e.g., speaking or understanding), but still be LEP for other purposes, such as reading or writing. Similarly, LEP designations are context specific. For example, an individual may possess sufficient skills in the use of English to function in one setting but not in others.
- B. Interpretation: The act of listening to a communication in one language and orally converting it to another language while retaining the same meaning.
- C. Translation: The replacement of written text from one language into an equivalent written text of another language.
- D. Bilingual: The ability to communicate in two languages fluently, including the ability to communicate technical and law-enforcement terminology. For purposes of this policy, employees who are identified as bilingual must initially and periodically demonstrate, through a procedure to be established by the department, a level of skill and competence such that the department is able to determine how their skills can be used.

- E. Authorized Interpreter: An employee or other designated individual who is bilingual and has successfully completed department-prescribed interpreter training and is authorized to act as an interpreter or translator.

IV. COMMUNICATIONS

A. Receiving and Responding to Requests for Service

1. In order to provide LEP individuals with meaningful access to police services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 911 lines as its top priority for language services. Department personnel will make every reasonable effort to promptly accommodate such LEP individuals utilizing 911 lines through any or all of the resources listed below.
2. While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this department by utilizing interpreters or translators, as described above in “Definitions.”

B. Emergency Calls to 911

1. When a 911 calltaker receives a call and determines that the caller is an LEP individual the calltaker should quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed and the language is known, the calltaker should immediately transfer the LEP caller to an available authorized interpreter to handle the call.
2. If an appropriate authorized interpreter is not available, the calltaker will promptly contact the contracted telephonic interpretation service directly for assistance in completing the call.
3. Dispatchers will make every reasonable effort to dispatch a bilingual officer to the assignment, if available.

V. FIELD RESPONSE TO LIMITED ENGLISH PROFICIENCY

A. Identification of an Individual’s Primary Language

1. Officers may encounter individuals in the field who do not clearly understand spoken English. Officers should be alert to clues that will indicate individuals do not clearly understand the officer.
2. An officer who believes an individual does not clearly understand English will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual’s primary language in an effort to avoid misidentifying the language and failing to provide adequate service.
3. Officers needing assistance in communicating with the individual will utilize other options, including the use of signs and gestures, writing notes, or using others at the scene to attempt to communicate with the individual.

4. Except for exigent or very informal and non-confrontational circumstances, the use of an LEP individual's bilingual friends or family members, particularly children, is generally not recommended, and departmental personnel shall make case-by-case determinations on the appropriateness of using such individuals.
5. If further assistance is needed, the officer will contact communications in order to locate an interpreter or make contact with the telephone interpretation services.

B. Field Enforcement and Investigations

1. Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control, and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Department personnel must assess each situation to determine the need and availability for translation services to all involved LEP individuals and utilize the methods outlined in this policy to provide appropriate language assistance.
2. Although not every situation can be addressed in this policy, it is important that department personnel are able to effectively communicate the reason for a contact, the need for information, and the meaning or consequences of any enforcement action taken with an LEP individual. It would, for example, be meaningless for an officer to request consent to search if he/she is unable to effectively communicate with an LEP individual.

C. Investigative Interviews

1. In any situation where the translation of an interview may contain information that might be used in a criminal trial, it is important to take steps to improve the chances of admissibility. This includes interviews conducted during an investigation with victims, witnesses, and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identifying the contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.
2. Any person selected as an interpreter and/or translator must (1) have demonstrated competence in both English and the non-English language involved, (2) have knowledge of the functions of an interpreter that allow for correct and effective translation, and (3) not be a person with an interest in the case.
3. The person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation to the court.

D. Custodial Interrogations and Booking

1. In an effort to ensure that the rights of LEP individuals are protected this department places a high priority on providing competent interpretation during arrests and custodial interrogations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. Toward this end, department personnel providing interpretation services or translated forms in these situations will have demonstrated competence in interpretation/translation and make every reasonable effort to accurately interpret/translate all communications with LEP individuals.
2. If time and opportunity exist, the district attorney should be consulted regarding the proper use of an interpreter prior to any interrogation.
3. In order to ensure that translations during criminal investigations are documented accurately and that they are admissible as evidence, interviews with victims and all interrogations should be recorded whenever possible.
4. Employees providing interpretation or translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of department personnel. It is important for members of this department to make every reasonable effort to provide effective language services in these situations. Medical screening questions are commonly used to elicit information on an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, symptoms that manifest themselves upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners.

E. LEP Contacts and Reporting

When interpretation or translation services are provided to any involved LEP individual such services should be noted in the related report or any other required documentation.

VI. DEPARTMENTAL RESPONSE FOR LEP

- A. Since there are potentially hundreds of languages department personnel could encounter, the department has and will continue to utilize the four-factor analysis outlined by the Department of Justice in determining which measures will provide reasonable and meaningful access to various rights, obligations, services, and programs to individuals within this jurisdiction. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and requires an ongoing balance of the following four factors:
 1. The number or proportion of LEP individuals eligible to be served or likely to be encountered by department personnel or who may benefit from programs or services within the department's jurisdiction or a particular geographic area.
 2. The frequency with which LEP individuals are likely to come in contact with department personnel, programs, or services.

3. The nature and importance of the contact, program, information, or service provided.
 4. The cost of providing LEP assistance and the resources available.
- B. As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the department or on department personnel.
- C. While this department will not discriminate against or deny any individual access to services, rights, or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

D. Types of LEP Assistance.

1. Department-provided assistance. Depending on the balance of the four factors listed in A above, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. Department-provided interpreter services may include, but are not limited to, the assistance methods described in this section
2. Non-departmental assistance. LEP individuals may elect to accept interpreter services offered by the department at no cost, or they may choose to provide their own interpreter services at their own expense. Department personnel should document in any related report whether the LEP individual elected to use interpreter services provided by the department or decided to use a resource of his/her own choosing.
3. Non-certified employee interpreters. Employees utilized for LEP services need not be certified as interpreters, but must have demonstrated, through established department procedures, a level of competence to ascertain whether the employee's language skills are best suited to monolingual (direct) communications, interpretation, translation or all or none of these functions.
4. Out-of-department assistance. When bilingual employees of this department are not available, employees from other city departments who have the requisite training may be requested.

E. Written Forms and Guidelines

This department will determine the most frequently used and critical forms and guidelines and translate these documents into the languages most likely to be requested. The department will arrange to make these translated forms available to departmental personnel and other appropriate individuals.

F. Telephone Interpreter Services

The communications section will maintain a list of qualified interpreter services which, upon approval of a supervisor, can be contacted to assist LEP individuals.

Such services shall be available to, among others, department personnel who have access to official cellular telephones.

G. Community Volunteers and other Interpretive Sources

Where competent bilingual departmental personnel or other certified staff are unavailable to assist, responsible members of the community who have demonstrated competence in either monolingual (direct) communication and/or in interpretation and translation may be called upon to assist in communication efforts. Sources for these individuals may include neighboring police departments, university languages and linguistics departments, local businesses, banks, churches, neighborhood leaders, and school officials. NOTE: If these outside resources are used, department personnel should ensure that these community members are able to provide unbiased assistance.

H. Complaints

The department shall ensure access to LEP persons who wish to file a complaint regarding the discharge of departmental duties. The department may do so by providing interpretation assistance or translated forms to such individuals. The department's response to complaints filed by LEP individuals will be communicated in an accessible manner.

I. Community Outreach

Community outreach programs and other such services offered by this department have become increasingly recognized as important to the ultimate success of more traditional law-enforcement duties. This department will continue to work with community groups, local businesses, and neighborhoods to provide equal access to such programs and services to LEP individuals and groups.

J. Training

In an effort to ensure that all employees in public-contact positions or employees having contact with those in custody are properly trained, the department will provide periodic training to personnel about departmental LEP policies and procedures, including how to access department authorized, telephonic, and in-person interpreters and other available resources.

K. Interpreters and Translators

1. Training: Employees called upon to interpret, translate, or provide other language assistance will be trained on language skills, competency (including specialized terminology), and ethical considerations.
2. Assessment: Department personnel identified as bilingual who are willing to act as authorized interpreters will have their language skills assessed by a professional interpreter using a structured assessment tool. Those employees found proficient in interpreting into and from the target language will be placed on the authorized-interpreters list.

3. Reassessment for Authorized Interpreters: Those persons who have been placed on the authorized interpreter list must be re-assessed periodically
4. Additional or refresher language training will be provided by the department periodically.
5. Employees will be responsible for maintaining their proficiency and having their training and assessment results maintained in the training record.
6. The communications supervisor will ensure that the authorized-interpreters list is kept current and a copy of the current list is maintained in the communications center.

L. Supplemental Materials Provided

The following materials will be made available to employees to assist in providing access and service to LEP individuals:

1. Listing of departmental bilingual employees, languages spoken, contact, and shift information.
2. Listing of department certified interpretation services bilingual interpreters, languages spoken, contact, and availability information.
3. Phone number and access code of telephonic interpretation services.
4. Language identification card.
5. Translated Miranda-warning cards and other frequently used documents.
6. Any audio recordings/warnings that are developed in non-English languages.

M. LEP Coordinator

1. The Chief of Police will appoint a department supervisor as LEP coordinator who is to be responsible for coordinating and implementing all aspects of the LEP services.
2. Using the four- factor analysis, the LEP coordinator shall assess demographic data, review contracted language access services utilization data, and consult with community-based organizations annually in order to determine if there are additional languages into which vital documents should be translated.
3. The LEP coordinator will also be responsible for annually reviewing all new documents issued by the department to assess whether they should be translated.

	Policy 7.7 Communication with the Deaf or Hard of Hearing	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  <small>Chief of Police</small>	
Reference:		

I. POLICY

It is the policy of this agency to ensure that a consistently high level of service is provided to all community members, including those who are deaf or hard of hearing. This agency has specific legal obligations under the Americans with Disabilities Act and the Rehabilitation Act. To carry out these policies and legal obligations, and to continue to provide the highest level of services to all members of the community, officers will use every means at their disposal to ensure appropriate understanding by those who are deaf or hard of hearing.

II. PURPOSE

It is the purpose of this policy to outline the management of communication with individuals who are deaf or hard of hearing.

III. GENERAL PRINCIPLES

- A. People who identify themselves as deaf or hard of hearing are entitled to a level of service equivalent to that provided hearing persons.
- B. The agency will make every effort to ensure that its officers and employees communicate effectively with people who are deaf or hard of hearing.
- C. Effective communication with a person who is deaf or hard of hearing who is involved in an incident -- whether as a victim, witness, suspect, or arrestee -- is essential in ascertaining what actually occurred, the urgency of the matter, and type of situation.

IV. PROCEDURES

Communication problems in police-public encounters provide the basis for potential frustration and embarrassment. Failure of officers to recognize that a person has a hearing impairment, or that person's failure to make his or her impairment known to officers, can also lead to critical misunderstandings. To avoid such potentialities, officers shall be cognizant of the following:

- A. Be alert to indications that a person may be deaf or hard of hearing. Such indications include but are not limited to the following:

1. The appearance of bumper stickers, rear window decals, or visor notices/symbols indicating the disability.
 2. Use of signs, hand signals, or gestures in an attempt to communicate.
 3. Display of cards by the person noting his or her hearing disability.
 4. Inability or difficulty of a person to follow verbal instructions or to reply to requests for information.
 5. A need to see the officer's face directly, suggesting that the person is attempting to lip-read.
 6. Evidence of assistive devices such as hearing aids, cochlear implants, or picture symbols.
 7. Evidence of behaviors such as increased agitation or irritability, low frustration levels, withdrawal, poor attention, or impaired equilibrium.
- B. When dealing with persons who are, or who are suspected of being, deaf or hard of hearing, officers shall never assume that the person understands until it can be confirmed by appropriate responses to questions or directives.
- C. Once someone is identified as deaf or hearing impaired, officers shall determine by written or other forms of communication the person's preferred means of communication—sign language, reading and note writing, lip reading, or speech.
- D. For persons who use sign language, a family member or friend may interpret (1) under emergency conditions or (2) in minor situations and for the sake of convenience, when an interpreter is not available or required by law. In all other situations, officers shall not rely on family members or friends for sign-language interpretation due to their potential emotional involvement or conflict of interest.
- E. Officers shall test comprehension by seeking appropriate responses to simple questions or directives.
- F. Officers must realize that deaf or hard-of-hearing persons may require more time to understand and respond to commands, instructions, and questions than those who hear well.

V. COMMUNICATION AIDS

Various types of communication aids --- known as “auxiliary aids and services” --- are used to communicate with people who are deaf or hard of hearing. These include use of gestures or visual aids to supplement oral communication, an exchange of written notes, use of a computer or typewriter, use of assistive listening devices (to amplify sound for persons who are hard of hearing), and use of qualified oral or sign-language interpreters.

- A. The type of aid that will be required for effective communication will depend on the individual's usual method of communication, and the nature, importance, and duration of the communication at issue. The more lengthy, complex, and important the communication, the more likely it is that a qualified interpreter will be required for effective communication with a person whose primary means of communication is sign language or speech reading. For example:
 - 1. If there has been an incident and the officer is conducting witness interviews, a qualified sign language interpreter may be required to communicate effectively with someone whose primary means of communication is sign language.
 - 2. If a person is asking an officer for directions to a location, gestures and an exchange of written notes will likely be sufficient to communicate effectively and a sign language interpreter is often not required.
- B. To serve each individual effectively, primary consideration should be given to the communication aid or service that works best for that person. Officers must ask persons who are deaf or hard-of-hearing what type of auxiliary aid or service they need. Officers must defer to those expressed choices, unless there is another equally effective way of communicating, given the circumstances, length, complexity, and importance of the communication, as well as the communication skills of the person who is deaf or hard of hearing.
- C. The agency is not required to provide a particular auxiliary aid or service if doing so would fundamentally alter the nature of the law-enforcement activity in question, or if it would cause an undue administrative or financial burden. Only the Chief or his or her designee may make this determination.
- D. The input of people who are deaf or hard of hearing who are involved in incidents is just as important to the law-enforcement process as the input of others. Officers must not draw conclusions about incidents unless they fully understand -- and are understood by -- all those involved, including persons who are deaf or hard of hearing.
- E. People who are deaf or hard of hearing must never be charged for the cost of an auxiliary aid or service needed for effective communication.

VI. ON-CALL INTERPRETIVE SERVICES

- A. The agency will maintain a list of sign language and oral interpreting services that are available (on-call 24 hours per day) and willing to provide qualified interpreters as needed. Each of these services will be chosen after having been screened for the quality and skill of its interpreters, its reliability, and other factors such as cost. The agency will update this list annually.
- B. A qualified sign-language or oral interpreter has the following characteristic:
 - 1. Must be able to interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

2. Must be able to interpret in the language the deaf person uses (e.g., American Sign Language or Signed English) and must be familiar with law-enforcement terms and phrases.

NOTE: Certification is not required in order for an interpreter to be “qualified.” For example, a certified interpreter who is skilled in American Sign Language would not be qualified to interpret for a person who uses Signed English. Some who are certified might not be familiar with law-enforcement terms or phrases.

- C. In cases where a deaf or hard-of-hearing individual may be charged with a serious crime, the District Attorney should be consulted for appropriate determination of the interpretive services required prior to any interview or interrogation.

VII. ARREST SITUATIONS

- A. Recognizing that some persons need their hands free in order to communicate, officer should not use handcuffs unless it is absolutely necessary for the safety of officers or others. If handcuffs are required, all essential communication with the suspect should be completed prior to their application if at all possible.
- B. Deaf persons and persons who have severe hearing impairments often have poor verbal communication skills. Their speech that may be incoherent or otherwise resemble that of an individual who is intoxicated. They may have difficulty with equilibrium. Officers shall avoid administering standard field sobriety tests to such persons. Breathalyzer, blood alcohol, or horizontal gaze nystagmus should be employed as alternative tests.
- C. Some deaf and hearing-impaired persons have limited written language skills, particularly involving difficult matters such as legal warnings and admonitions. Therefore, officers shall not assume the effectiveness of this form of communication and should gain confirmation of a person’s understanding whenever possible.
- D. Officers shall ensure that deaf and hearing-impaired persons who are arrested and transported to a booking site have their communication devices with them.

VIII. TTY AND RELAY SERVICES: Emergency call takers and dispatchers

- A. The emergency call center of this agency shall be equipped to receive calls from TDD and computer modem users and all call takers will be trained to communicate with callers using TTY and TDD equipment.
- B. The deaf and hearing impaired shall be provided with direct, equal access to all emergency services provided by this department by communication through TTYs, TDDs, or alternative devices that are equally effective.
- C. Emergency call takers shall place a high priority on response to emergency calls for service from persons who are deaf or hearing impaired.

- D. All call takers and dispatchers shall receive training in the use of TDDs, TTYs, and related devices as well as training in procedures and techniques for handling callers who have communication difficulties.
- E. All call takers and dispatchers shall receive training on the use of relay systems.

IX. TECHNIQUES FOR OFFICERS TO COMMUNICATE EFFECTIVELY

Officers must review and have a working knowledge of “Guide for Law Enforcement Officers When In Contact With People Who Are Deaf or Hard of Hearing.” This document reviews how officers should communicate effectively in situations that officers frequently encounter. These situations include the following:

- A. Issuing a non-criminal or motor vehicle citation.
- B. Communicating with a person who initiates contact with an officer.
- C. Interviewing a victim or a witness to an incident.
- D. Questioning a person who is a suspect in a crime.
- E. Making an arrest or taking a person into custody.
- F. Issuing Miranda warnings to a person under arrest or in custody.
- G. Interrogating a person under arrest or in custody.

	Policy 7.8 Arrests of Transgender, Intersex, Gender Nonconforming (TIGN) Individuals	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  <small>Chief of Police</small>	
Reference:		

I. POLICY

It is the policy of this department to recognize the rights of all persons and to treat all persons with the dignity and respect due every individual as a human being. Personnel will act, speak, and conduct themselves in a professional manner, recognizing our obligation to safeguard life and property and to maintain a courteous, professional attitude in all contacts with the public. Personnel will not exhibit any bias or prejudice and they will not discriminate against an individual or group of TIGN individuals. Department personnel shall take all necessary precautions to ensure the safety of TIGN individuals who are arrested and detained.

Inappropriate or disrespectful interactions with TIGN individuals can interfere with the ability to provide police assistance. A pattern of this kind of conduct can generate a climate of fear or apprehension in which TIGN individuals are afraid or are too uncomfortable to report crime, limiting the department in its ability to provide a safe community.

II. PURPOSE

The purpose of this policy is to establish standards for interactions with transgender, intersex, and gender nonconforming (TIGN) individuals that provide safety and respect for all persons. It also defines certain terms that pertain to processing TIGN individuals and establishes procedures for processing and holding TIGN arrestees.

III. DEFINITIONS

- A. Gender Identity or Expression: The actual or perceived identity or behavior of a person as being male or female.
- B. Transgender: Refers to any person whose gender identity or expression differs from the one which corresponds to the person's sex at birth. This term includes transsexuals, intersex individuals, and those whose identity is perceived to be gender nonconforming.
- C. Transsexual: A person whose personal sense of their gender conflicts with their anatomical sex at birth.

- D. Sexual Orientation: An individual's enduring romantic, emotional, and/or sexual attraction to individuals of a particular gender.
- E. Intersex: an individual displaying sexual characteristics of both male and female.
- F. Cross-Dresser: A term that refers to individuals whose clothing is typically associated with the clothing of the opposite sex.

IV. PROCEDURES

A. Determining Transgender Status

1. Officers shall follow the below procedures governing interactions with transgender persons when either of these conditions are met:
 - a. An individual explicitly informs an officer that he/she is a transgender person.
 - b. An officer has good reason to believe that the individual is a transgender. Good reason may be based on apparent intention of gender appearance and presentation, reasonable observation, frisking that inadvertently discloses transgender status, background checks, third-party information, and routine policing procedures.
2. When an individual self-identifies as a transgender person, officers shall not question this identity or ask about the person's surgical status except for compelling and professional reasons that can be clearly articulated.

B. When coming into contact with a TIGN individual, personnel will do the following:

1. Respectfully treat TIGN individuals in a manner appropriate to the individual's gender expression.
2. Use pronouns as requested by a TIGN individual. Use "she," "her," "hers" for a person who self-identifies as a female. Use "he," "him," "his" for an individual who self-identifies as a male.
3. When requested, address the TIGN individual by a name based on their gender rather than that which is on their government-issued identification.
4. If a custodial arrest is made, conduct field searches as prescribed in Department Policy 7.4 Searches Incident to Arrest.
5. If a custodial arrest is made, and the individual has had gender change operative procedures and considers himself/herself a gender different than at birth, personnel should check for warrants under both genders.

C. When coming into contact with a TIGN individual, personnel will not do the following:

1. Stop, detain, frisk, or search any person for the purpose of determining that person's gender or in order to call attention to the person's gender expression.

2. Use language that a reasonable person would consider demeaning or derogatory, specifically language aimed at a person's actual or perceived gender identity or expression or sexual orientation.
 3. Consider a person's gender identification as reasonable suspicion or prima facie evidence that the individual is or has engaged in a crime.
 4. Consider the possession of condoms as evidence or intent of criminal activity.
 5. Disclose an individual's TIGN identity to other arrestees, the public, or non-department individuals absent a proper law-enforcement purpose.
- D. Responders to domestic-violence situations shall respond to transgender individuals in a manner that is appropriate to their gender identity. When responding to a domestic violence call, officers will not automatically determine the batterer and survivor based on actual or perceived gender identity and/or sexual orientation but rather on an assessment of the particular situation.

V. GENDER CLASSIFICATION OF TIGN ARRESTEES

- A. For purposes of departmental records and operations, an arrestee's gender will be classified as it appears on the individual's government-issued identification card.
- B. Arrestees who are post-operative gender re-assigned are the exception to the government-issued identification card.
 1. Male-to-female will be processed as female.
 2. Female-to-male will be processed as male.
- C. In the event that a government-issued identification is unavailable, the following criteria will be used in determining gender.
 1. An arrestee who has male genitalia will be classified as a male.
 2. An arrestee who does not have male genitalia will be classified as a female.
- D. In the event a TIGN individual objects to any questioning regarding this sexual classification, the officer should explain the need for searching prior to transport, and the officer should attempt not to unduly embarrass the individual by using an inappropriate search method or jeopardize the individual's safety by inappropriate placement in the holding facility.
- E. In the event that there is uncertainty regarding the appropriate classification of an arrestee's gender, a supervisor will be consulted for further guidance on the appropriate classification.

VI. SEARCHING AND TRANSPORT OF TIGN INDIVIDUALS

- A. Searches of TIGN individuals:

1. Field searches will be conducted by a member who is the same gender as the arrestee based on the gender guidelines as prescribed in Section V of this policy and in accordance with established department search procedures.
2. Personnel taking a TIGN individual into custody, accepting custody from another, or conducting a custodial search will be responsible for conducting a thorough search in accordance with established department procedures.
3. If or when requested by a TIGN individual, department personnel of the TIGN individual's gender identity or expression will be present to observe the custodial search. When practical, the observing member will be a sworn supervisor.
4. Personnel will not conduct more frequent or more invasive searches of TIGN individuals than other individuals.
5. Requests to remove identity-related items -- such as prosthetics, clothing, wigs, and cosmetic items -- will be consistent with requirements for the removal of similar items from non-TIGN arrestees.
6. The possession of a needle that is purported to be for hormonal use will not be presumed to be evidence of criminal misconduct, specifically if the person or arrestee has documentation from a physician for being in the process of a sex modification.

B. Transporting TIGN Individuals:

1. Whenever practical, TIGN arrestees will be transported alone.
2. When requested by a TIGN individual, department personnel of the TIGN individual's gender identity or expression, if available, will be present during the transport.
3. In situations with multiple TIGN arrestees, mass arrests, where a TIGN individual's gender identity or expression is unavailable, or where individual transport is not practical, TIGN arrestees will be transported by gender classification.

VII. HOUSING OF TIGN ARRESTEES

- A. In all cases where a TIGN arrestee is turned over to any other authority for processing or holding it is the officer's responsibility to ensure the receiving officer is made aware of the arrestee's status.
- B. TIGN arrestees held in our holding facility will be processed and held in accordance with Policy 10.1 "Holding Facility Operations."

	Policy 7.9 Citizen Recording of Police Activity	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference:	

I. POLICY

It is the policy of this department that the seizure and searching of portable video, audio, and photo recording devices shall be governed by federal constitutional and statutory laws as well as departmental investigatory policies.

II. PURPOSE

The purpose of this policy is to establish guidelines and procedures for investigation, seizure, and searching of portable video, audio, and photo recording devices that contain data of an evidentiary value pertaining to a criminal act.

III. PROCEDURES

A. General

1. The department recognizes that the taking of photographs and/or videos by private citizens and media personnel is permitted within areas open to general public access and occupancy and is protected by the First Amendment.
2. Any civilian or media personnel may video record or photograph a police employee's activities as long as he/she abides by the following guidelines:
 - a. Remains at a distance that does not physically interfere with the officers' duties;
 - b. Does not physically interfere with the duties and responsibilities of law-enforcement personnel;
 - c. Does not violate any existing statute while taping, e.g. stand in the roadway while filming.
3. Employees are prohibited from seizing a person's portable video, audio, and/or photo-recording devices.

B. Initial Contact of an Individual Non-Media Photographer or Videographer: Officers are reminded that there are only three types of encounters between civilians and officers: consensual encounters, temporary detentions based upon reasonable suspicion of criminal activity and an arrest based upon probable cause.

It is not a crime to videotape or photograph the police. A sworn employee may only contact a person recording images pursuant to these established rules of contact. Sworn employees shall follow the guidelines below:

1. Determine if the encounter is to be consensual in nature, or a lawful seizure;
 1. Announce his/her authority and identity;
 2. Plain clothes sworn employees shall identify themselves by prominently displaying departmental credentials;
 3. Advise the individual of the purpose of the contact;
 4. Ask the individual whether he/she recorded/captured data relevant to the incident;
 5. Request that the individual provide his or her personal identification and contact information;
 6. The encounter can last no longer than necessary to effect its purpose.
7. Persons who have been detained, as witnesses or suspects, or those who are participating in a consensual encounter, do not have to give their names, produce identification, or answer questions.

C. Consent to Search and/or Seize Portable Video, Audio, and/or Photo Recording Devices belonging to an Individual (Non-Media Photographer/Videographer)

1. Sworn employees may ask an individual for consent to a search and/or seize a portable photo and/or video recording device to determine if data of evidentiary value pertaining to a criminal act is present.
2. The employee's supervisor shall be notified immediately after any seizure and prior to any search of the device. The supervisor shall determine whether an immediate search is warranted.
3. If a consensual seizure occurs, the property shall be inventoried and documented by the seizing sworn employee pursuant to SOP #006 – Property and Evidence.
4. Authorization to search the device shall be documented by the seizing sworn employee on a consent-to-search form.
5. The seizing sworn employee shall accurately and completely document the basis for the seizure and findings of the search in a case report/offense incident report.

D. Non-consensual Seizure of Portable Video, Audio, and Photo Recording Devices of an Individual (Non-Media Photographer/Videographer)

1. When there is probable cause to believe that the portable video and/or photo recording device depicts visual and/or audio items pertaining to a criminal act, the device may be seized without consent if exigent circumstances exist.
2. The most common type of exigent circumstance is the imminent destruction of evidence. Two requirements must be met for this exigency to exist:

- a. Sworn employees must have probable cause to believe that evidence that can be destroyed exists;
- b. Sworn employees must have reason to believe the evidence might be destroyed if they delay taking action until a subpoena/search warrant is issued.
3. The sworn employee's supervisor shall be notified immediately after any seizure, and the supervisor shall respond to the scene.
4. No search of the device shall be conducted until a subpoena/search warrant is issued unless there is reason to believe that the immediate search of such materials is necessary to prevent the death of, or serious bodily injury to, a human being.
5. An on-duty or on-call detective shall be notified of the seizure, and shall be responsible for preparation of an application for subpoena/search warrant.
6. A sworn employee's response to an individual's resistance to a non-consensual seizure shall be in compliance with department policy.
7. The seizing sworn employee shall accurately and completely document the basis for the seizure in a case report/offense incident report.
8. If a non-consensual seizure occurs, the property shall be inventoried and documented by the seizing sworn employee pursuant to department policy.

E. Initial Stop of Media Personnel

1. A sworn employee who stops a media photographer/videographer believed to have recorded/captured data of evidentiary value pertaining to a criminal act shall do the following:
 - a. Announce his/her authority and identity
 - b. Non-uniform sworn employees shall identify themselves by prominently displaying departmental credentials
 - c. Advise the media person of the purpose of the stop
 - d. Ask the media person whether he/she recorded/captured data relevant to the incident
 - e. If the media person acknowledges recording/capturing relevant data and agrees to allow review and/or supply a copy to the department, the sworn employee shall do the following:
 - i. Immediately notify his/her supervisor
 - ii. Collect and document receipt of the data pursuant to "SOP #006 – Property and Evidence"
 - iii. Document the request and response on a case report/offense incident report.
 - f. If the media person acknowledges recording/capturing relevant data and refuses to allow review and/or provide a copy of the recorded/captured relevant data, or refuses to state whether he/she recorded/captured relevant data, the sworn employee shall do the following:

- i. Immediately notify his supervisor
 - ii. Instruct the media person not to destroy, alter, or delete the recorded/captured relevant data
 - iii. Document the request and refusal on a case report/offense incident report
 - iv. Prepare appropriate subpoena and/or warrant documents for production of the requested data
 - v. Request that the media person provide their personal identification, media credentials, and contact information.
 - g. The stop shall last no longer than necessary to effect its purpose. NOTE: Brevity is important in determining whether or not a stop is reasonable. A prolonged stop may be warranted if the employee reasonably and diligently pursues investigative means to determine whether the media person possesses data that may have evidentiary value, and to confirm the person's identity.
2. Sworn employees shall not seize portable video, audio, and/or photo recording devices from media personnel unless they are under arrest or otherwise directly involved in the criminal act.
3. A warrantless search of portable video and/or photo recording devices seized incident to the direct involvement or arrest of media personnel is prohibited unless there is reason to believe that the immediate search of such materials is necessary to prevent the death of, or serious bodily injury to, a human being.

F. Supervisory Notification

1. The employee's supervisor shall be notified immediately after the seizure of a portable video, audio and/or recording device, whether consensual or non-consensual, and advised of the following:
 - a. The totality of the circumstances surrounding the stop and seizure
 - b. The type of device seized
 - c. The status of the person from whom the device was seized (e.g. detained, arrested, etc.).

G. Supervisor's Responsibilities

1. The supervisor shall do the following:
 - a. Immediately respond to the scene
 - b. Ensure that the circumstances surrounding the seizure as conveyed by the sworn employee are serious enough to warrant the seizure, and that the actions of the officer were in compliance with this general order and the department's SOP.
 - c. If the supervisor determines that the stop and seizure is appropriate, he/she shall determine whether or not a search warrant is appropriate.
 - d. If the supervisor determines that the seizure is not appropriate, he/she will ensure that the portable video and/or photo recording

device is immediately returned and the person detained is made whole.

- e. The supervisor shall document these findings in a case supplemental report/supplemental report.
- f. Ensure that the seizing sworn employee documents the circumstances and actions taken in a case report/offense incident report.
- g. Ensure that all required documentation is completed.
- h. Ensure that proper evidence handling protocols are followed.
- i. Ensure that a use of force report is completed if necessary.
- j. Ensure that any questions or concerns regarding the appropriateness of the stop and/or seizure shall be immediately directed to the next supervisory level in the chain-of-command.
- k. Ensure that the public information office is notified, if the supervisor believes that is necessary.

H. Impounding of Property

A sworn employee who impounds any portable video, audio, or photo recording device shall follow department policy regarding property/evidence.

I. Prohibited Actions

1. Employees shall not order or participate in the destruction of any portable video, audio, or photo recording devices.
2. Employees shall not order or participate in the erasure, deletion, or destruction of digital, analog, or film evidence.
3. Employees shall not impede a person's right to photograph or video record an event unless that person's actions will have any of the following effects:
 - a. Endangering the safety of the public, employees, or property
 - b. Interfering with an active crime scene
 - c. Violate an existing statute

J. Statutory Limitations and Liability

1. Pursuant to federal statute, 42 USC Section 2000aa-6, it is unlawful for a sworn officer or employee, in connection with an investigation or prosecution of a criminal offense, to search for or seize the work product of a media photographer or videographer except in the following circumstances:
 - a. There is reason to believe that the immediate seizure of such materials is necessary to prevent the death of, or serious bodily injury to, a human being;
 - b. There is probable cause to believe that the person possessing such materials has committed or is committing the criminal offense to which the materials relate.

2. A search or seizure of the work product is prohibited when the offense is merely the withholding of such material.
3. Sworn officers and employees may be held personally liable in an action for civil damages for violation of federal statute, 42 USC Section 2000aa-6.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.10 Prisoner Restraints	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP 10.01e	

I. POLICY

The officer's responsibility for the safe custody of prisoners permits some discretion in the use of handcuffs and other restraining devices. The department requires officers to observe their own safety and that of the people they transport by carefully utilizing restraints on prisoners (except children) who must be taken to a jail or some other location. See also Policy 7.11, Transporting Prisoners.

II. PURPOSE

The purpose of this policy is to establish guidelines for the use of handcuffs and other restraining devices.

III. PROCEDURES - Arrested Persons

A. General

1. Officers shall handcuff all arrested adults unless the application of handcuffs will aggravate or cause injury due to age, infirmity, physical condition or prior injury.
2. Officers must be able to justify any exception they make to the policy that all arrested adults must be handcuffed, with particular attention to safety issues.
3. A prisoner who is not handcuffed shall be transported in a vehicle with a prisoner cage, and two officers shall conduct the transport.
4. Juveniles should not be handcuffed unless they have been taken into custody for a violent offense, pose an escape risk, or where the officer reasonably believes handcuffing is necessary for the safety of the juvenile or the officer.

B. Handcuffs

1. In most circumstances safety concerns mandate that arrested subjects be handcuffed. Officers must be able to justify expectations with particular attention to the risks involved when no handcuffs are used. Listed below are some possible exceptions:
 - a. Children under 10 years of age
 - b. Pregnant females
 - c. Handicapped or disabled suspects
 - d. Elderly suspects

2. Normally, officers shall handcuff a subject with the hands in back, but they may choose to handcuff hands in front if the suspect is handicapped or disabled. If the suspect is handcuffed in front, officers should secure the handcuffs to the body by use of a belt if possible.
 3. Officers should double lock the handcuffs. This will help ensure prisoner and officer safety. Double locking reduces the chance of having the lock picked or that the handcuff will accidentally tighten, which could restrict circulation.
 4. Officers shall apply the handcuffs according to recognized professional standards, which means no hard strikes to the wrist and no over tightening of the handcuffs.
 5. Individuals will not be handcuffed to any portion of a police vehicle during transport.
- C. Body Belt: The body belt allows the officer to handcuff the prisoner in front while still restricting the movement of the prisoner's arms and hands. The body belt will be used when the officer deems it appropriate.
- D. Ankle Shackles: Ankle shackles shall be used by officers when transporting any prisoner they have reason to believe might be an escape risk or when circumstances deem it appropriate.
- E. Plastic Handcuffs: Plastic handcuffs shall be used when officers take several prisoners into custody, or when a prisoner requires multiple restraints. Officers must understand that, once applied, plastic handcuffs can be removed only with a knife, scissors, or other cutting instrument.
- F. Hobble Technique
1. The hobble technique refers to the use of a hobble device to secure a prisoner's feet while in transport in a police car. It involves looping a rope around the prisoner's ankles and then extending the other end of the device onto the door jam and then shutting the door, thus holding the prisoner's feet in place.
 2. The hobble device should be applied only to a prisoners legs when the officer feels that the prisoner poses an imminent threat of physical harm to himself/herself or another with the use of his/her feet or legs, or when the prisoner attempts to damage the inside of the patrol car during transport.
 3. Two officers are required to transport a prisoner restrained by the hobble device. One officer monitors the status of the prisoner while in transport to prevent the prisoner from harming himself/herself, for example, by head strikes against window.

IV. PROCEDURES -- Persons not arrested

- A. If officers have a reasonable suspicion that an individual has been involved in a violent offense, handcuffs may be applied to such individuals while officers investigate the incident. This restraint should be for safety reasons, and the officers should be able to articulate the reasons for their safety concern.

B. Persons not arrested but who are subject to investigative detention may be restrained under the following circumstances:

1. Suspects shall be handcuffed only as long as necessary to accomplish the investigative goal.
2. Handcuffing of suspects shall be accomplished with minimal discomfort to the suspect.
3. Officers shall limit the number and type of restraints used on the suspect to what is reasonably necessary to accomplish the investigation.
4. If an individual is handcuffed or otherwise restrained for officer safety reasons during an investigation and later released, officers shall document their actions in an offense or incident report and include the reasons officers handcuffed the individual, the approximate length of time of the restraint, and the results of the investigation.

V. SPECIAL CIRCUMSTANCES -- Restraint prohibitions

A. Officers shall not place subjects in a prone position with the hands and ankles bound behind with handcuffs, belts, or other devices.

B. As soon as any suspect who is lying on his or her stomach has been handcuffed, officers shall roll the suspect onto his or her side, or place the suspect in a sitting position.

C. Suspects shall never be transported in a prone, face-down position.

D. All suspects will be monitored during custody and transport for indications of medical problems, and medical treatment will be obtained if the officer believes it is needed.

E. Officers should be aware that intoxication, recent use of drugs or alcohol, the presence of a head injury, obesity, physical disability, and recent exertion are all circumstances that can increase difficulty breathing when a person is restrained.

	Policy 7.11 Prisoner Transport	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved: <u><i>James Novick</i></u> Chief of Police	
	Reference: TBP 10.01, 10.10, and 10.12	

I. POLICY

Transportation of persons in custody is a constant requirement and a frequent activity. Transportation usually occurs in two instances. The first is immediately after arrest when the arrestee is taken by the arresting officer for booking and holding or transfer to another facility. The second concerns the movement of prisoners from the detention facility for various reasons, such as to the county jail, to a hospital or other medical facility, to court, and for other reasons. Transporting prisoners is a potentially dangerous function. Therefore, it is the policy of this law-enforcement agency to take the precautions necessary while transporting prisoners to protect the lives and safety of officers, the public, and the person in custody.

II. PURPOSE

The purpose of this policy is to establish procedures to ensure that prisoners are transported safely.

III. PROCEDURES (TBP: 10.01)

A. General

1. All prisoners shall be transported in secure, caged vehicles, unless such a vehicle is not available.
2. In no case shall a juvenile known or believed to be under the age of 17 years be transported with adults suspected of or charged with criminal acts.
3. When picking up a prisoner from any facility, the officer shall verify the identity of the prisoner.
4. The transporting officer shall obtain from the custodian of the prisoner any paperwork, property, or medical records that should accompany the transfer of the prisoner.

B. Searching the prisoner

1. The transporting officer shall always search a prisoner before placing him or her into the vehicle.
2. Officers must never assume that a prisoner does not possess a weapon or contraband or that someone else has already searched the prisoner.
3. The transporting officer shall conduct a search of the prisoner each time the prisoner enters custody of the officer.

4. When handling and searching prisoners, officers shall remain mindful of the department's plan for the control of infectious diseases and shall use personal protective equipment when necessary.

5. Any items removed from the prisoner prior to transport will be securely maintained and returned to the prisoner or turned in to the booking officer upon arrival at the location of detention for placement in the prisoner's property. (TBP: 10.10)

C. Searching the police vehicle

The transporting officer shall search the vehicle immediately before each prisoner transport to ensure that no contraband or weapons are available to the prisoner. Further, after delivering the prisoner to his/her destination, officers shall again search the police vehicle to ensure that the prisoner did not hide anything in the vehicle. (TBP 10.01)

D. Transport equipment

1. Most marked vehicles are equipped with a metal or plastic screen to separate the front and rear compartments. Normally, these vehicles will be used in all prisoner transports in order to prevent prisoner access to the driver's compartment.

2. All vehicles equipped with metal or plastic screen barriers and used in transporting prisoners will have the rear interior door and window handles removed in order to minimize the risk of escape by prisoners being transported.

3. At the beginning of each shift and before transporting prisoners, officers shall check their vehicles for proper security measures and any contraband.

E. Positioning of prisoners in the transport vehicle

1. When an officer transports a prisoner in a caged vehicle, the prisoner shall be positioned in the rear seat and secured with a seat belt. Further, the prisoners shall be handcuffed with their hands behind their backs, palms outward, except for the exceptions detailed in Policy 7.10.

2. When a single officer transports a prisoner in a non-caged vehicle, the prisoner shall be placed in the right front seat and secured with a seat belt. The prisoner shall be handcuffed with his or her hands behind the back, palms outward.

3. A single officer shall never transport two or more suspects in a non-caged vehicle unless directed to do so by the on-duty supervisor.

4. If more than one officer transports prisoners in a non-caged vehicle, the following procedures shall be observed:

a. One officer shall sit in the rear of the transporting vehicle behind the driver with the prisoner on the rear passenger side with the seat belt fastened.

b. When more than one prisoner is transported by two officers in the same vehicle, the prisoners shall be positioned on the front and rear

passenger sides (seat belted) and the assisting officer shall sit behind the driver in order to protect the driver and to be able to see the prisoners at all times.

5. Officers shall not transport prisoners who are restrained in a prone position. Doing so increases the risks of medical complications.

F. Control of prisoners while transporting: Observation and Medical Assistance (TBP: 10.12)

1. During custody and transportation, officers shall continually observe the prisoner, even when it becomes necessary to allow the prisoner the use of a toilet.
2. If a prisoner appears lethargic, particularly after an active confrontation with officers, or is unresponsive, immediate medical help may be necessary. The officer should observe the suspect carefully and if the officer is in any doubt about the prisoner's health medical assistance shall be summoned immediately.
3. Officers should ask an apparently ill prisoner if he or she wishes medical assistance.
4. The transporting officer shall advise the receiving officer or deputy of any medical conditions of the prisoner, or any suspicions or concerns about the prisoner's physical or mental health.
5. Prisoners shall not be left unattended at any time during transport with the exception of situations in section G. below.

G. Stopping to provide law-enforcement services while transporting

1. When transporting a prisoner, the transporting officer shall provide law-enforcement services only under the circumstances listed below:
 - a. A need exists for the transporting officer to act immediately in order to stop or prevent a violent act and prevent further harm to a victim.
 - b. A person has been injured and assistance is required immediately.
2. In the above situations, the transporting officer shall ensure at all times that the prisoner is secured and protected.
3. Under no circumstances shall an officer transporting a prisoner engage in a pursuit.

H. Escape: If a prisoner escapes while being transported, the transporting officer shall observe the following procedures:

1. Request assistance immediately from the jurisdiction the officer is in at the time of the escape.
2. Provide dispatch with the following information:
 - a. Location.
 - b. Direction and method of travel, and means of escape.
 - c. Name and physical description of escapee.
 - d. Possible weapons possessed by the escapee.
 - e. Pending charges.
3. Try to recapture the escapee as soon as possible.

4. Submit a written report to the Chief of Police as soon as practicable explaining the circumstances of the escape.

I. **Prisoner Communication:** The transporting officer shall not allow prisoners to communicate with other people while in transit unless, in the judgment of the officer, the situation requires it.

J. **Arrival at Destination:** Upon arriving at the destination, the transporting officer shall observe the following procedures:

1. Firearms shall be secured in the designated place at the facility being entered. If there is no designated place, the firearms shall be locked inside the trunk of the police vehicle.
2. Restraining devices shall be removed only when the officer is directed to do so by the receiving facility or when the officer is sure that the prisoner is properly controlled and secure.
3. The proper paperwork (booking sheet, arrest report, property form, etc.) shall be submitted to the receiving facility and, in situations that require it, the officer shall ensure that proper signatures are obtained on paperwork to be returned to the department.

K. **Sick/injured prisoners and medical facilities**

1. Any time -- before, during, or after an arrest -- that the prisoner is injured or becomes sick, the officer shall seek medical attention immediately. Medical attention shall be obtained before transporting the prisoner to the jail if the injury/sickness happens before they arrive at the jail.
2. The transporting officer shall use discretion in the use of restraining devices on sick or injured prisoners. Obviously, if a prisoner is injured or sick enough to be incapacitated restraining devices are not appropriate.
3. As a rule, do not remove a prisoner's handcuffs at the hospital unless ordered to do so by the attending physician.
4. If the prisoner refuses treatment, the prisoner shall be asked to sign a medical-refusal form or notation of such on a hospital release form. The attending physician or a nurse should sign the form as witnesses. If the prisoner refuses to sign the form, the officer should obtain two witnesses to the refusal, for example, a hospital staff member, another officer, or fire/rescue personnel). The form must be given to the jail during booking.
5. If the prisoner must be admitted to the hospital, the officer shall release the prisoner to the hospital only after consulting the on-duty supervisor. The supervisor, in turn, shall consult the magistrate or the city judge.
6. The prisoner shall be kept under observation at all times and, normally, restraining devices shall be used. Officers shall consult with medical personnel concerning the use of restraining devices.

7. The supervisor shall observe the following procedures to ensure control of the prisoner:
 - a. If the prisoner is admitted and the prisoner was arrested for a felony, arrange for guards.
 - b. Request the presence of a magistrate and arrange for the magistrate's transportation to the hospital so that bail can be set.
 - c. Assist the magistrate in arraigning the prisoner, if necessary, or stand by while the magistrate issues a warrant.
 - d. Serve the warrant, if one has been issued.
 - e. Arrange for a guard to be maintained until the prisoner makes bond or the case is filed if the magistrate will not release the arrestee on personal recognizance.
 - f. When the case is filed attempt to transfer responsibility to the sheriff's office.
 - g. Brief every officer on the duties of guards and ensure that guards have radios.
 - h. Ensure that guards are checked periodically and relieved as necessary until sheriff's deputies relieve them.

L. Special transport problems:

1. Transport of prisoner by officer of different sex than prisoner.
 - a. When transporting a prisoner of one sex by an officer of another sex, an additional officer may be requested to accompany the transport.
 - b. At a minimum the transporting officer shall do the following:
 - i. Contact the dispatcher by radio and request that the time and odometer mileage be logged.
 - ii. Go directly to the destination by using the shortest practical route.
 - iii. Upon arrival at the destination, contact the dispatcher by radio and request that the time and the odometer reading be logged.
2. Prisoner with disabilities
 - a. When transporting a prisoner with disabilities, the transporting officer shall request help when needed to complete the transport conveniently, and safely for both the prisoner and the officer.
 - b. The officer may request the dispatcher to contact the fire department or ambulance for assistance in transporting.
 - c. The transporting officer shall take whatever special equipment or medicine is necessary for the prisoner.
 - d. With a disabled person in custody, the transporting officer must use common sense. When the disability is such that no danger of escape or injury to the prisoner or officer exists restraining devices may be inappropriate.
 - e. Any wheelchairs, crutches, prosthetic devices, and medication shall be transported with, but not in the possession of, the prisoner.
 - f. Department personnel have an obligation to provide a "reasonable accommodation" for disabled prisoners. This obligation requires officers

to ensure disabled prisoners are not subjected to the possibility of injury or handling of a disrespectful nature during arrest and transportation procedures.

3. Dangerous/security-risk prisoners. When a prisoner is considered dangerous or a security hazard, the receiving agency or the sheriff's courtroom security personnel shall be notified before the transport takes place in order to plan how best to minimize any chance of escape or of injury to the prisoner or anyone else.

M. Restraining devices: When prisoners are restrained during transport, the following procedures shall be followed unless circumstances require an alternate method:

1. Single prisoner shall be handcuffed with both hands behind his or her back.
2. Leg and waist belt restraints may also be used in order to minimize the risk of injury or escape.
3. Under no circumstances shall a prisoner be handcuffed to a part of the transport vehicle itself, such as the floor post, protective screen barrier, etc.
4. Officers shall use ankle shackles or plastic handcuffs to immobilize legs when transporting any prisoner that might pose an escape risk.

N. Documentation:

1. Officers shall document all prisoner transports and shall note any unusual circumstances or events in the arrest report.
2. Officers shall document the circumstances of any apparently ill or injured prisoners and their medical treatment.
3. Officers will give names (and badge numbers, as appropriate) of personnel
4. from and to whom the prisoner was released or transferred.

I. POLICY

This department is committed to the development and perpetuation of programs for prevention and control of juvenile delinquency. In dealing with juveniles, officers will use the least coercive methods among available alternatives, consistent with preserving public and officer safety, order, and individual liberty. Among factors to consider in making juvenile dispositions is the nature of the offense; the offender's age, circumstances, and record; availability of rehabilitation programs; and juvenile probation or court recommendation for diversion.

II. PURPOSE

- J. Status Offender: A juvenile who is charged with an offense that would not be a crime if committed by an adult, such as violating a curfew or running away.

IV. PROCEDURES – General (TBP: 10.02)

A. Overview

1. All members of the department shall cooperate with juvenile justice authorities and their support activities.
2. Juveniles have all the same constitutional rights as do adults and all requirements for protection of those rights apply to juveniles as well as adults. Additional rules are prescribed by the Texas Family Code. All department personnel are responsible for following the Family Code and this order. (TBP 10.02a)
3. Officers who detain juveniles should first determine if the juvenile is alleged to have been harmed or to be in danger of harm. Those in need of immediate medical treatment will be transported to an appropriate medical facility under the same guidelines as adult prisoners. The Department of Protective and Regulatory Services is to be contacted immediately if there is an indication that the juvenile cannot safely be released to a suitable adult and the juvenile does not meet criteria for transport to the detention facility.
4. Children under 10 cannot be held responsible through criminal law or the juvenile justice system. If a child under 10 is found in violation, the following applies:
 - a. enforcement action cannot be taken;
 - b. children under 10 cannot be detained at a police facility for criminal violations; however, children may be kept in a non-secure area of a police facility pending arrival of a suitable adult;

- c. The officer must document the conduct of children under 10 that would ordinarily be a criminal or juvenile code violation if they were classified as a juvenile on the appropriate report form to include any applicable identifiers.

B. Handling of Juvenile Offenders - General

1. A juvenile offender shall be handled with firmness and respect.
2. The juvenile justice system and laws are designed to give the child a chance to mature without bearing the stigma of a criminal record.
3. The juvenile justice system emphasizes confidentiality of records and the privacy of an adjudicatory hearing.
4. Where appropriate, officers shall reasonably try to keep juveniles out of the criminal justice system.
5. The taking of a juvenile into custody is not an arrest except for the purpose of determining the validity of taking the juvenile into custody or the validity of a lawful search.
6. All investigative detentions and enforcement actions involving juveniles will be documented, either by use of a written warning, citation, or incident report. If a written warning or citation is issued and the circumstances of the contact are recorded on the form, no incident report is required. If no written warning or citation is issued, an incident report will be generated to document the contact and actions taken.
7. All contacts with juveniles will be recorded as best as possible on the in-car audio/video system.

C. Authority for Taking a Child into Custody

1. A juvenile may be taken into custody in the circumstances listed in 52.01 of the Family Code, by a Directive to Apprehend as outlined by 52.015 of the Family Code, or with probable cause. Section 52.01 of the Family Code specifies that a child may be taken into custody by a law enforcement officer when a child engages in any of the following:
 - a. Conduct that violates a penal law of this state or a penal ordinance of any political subdivision of this state,

- b. Delinquent conduct or conduct indicating a need for supervision, or
 - c. Conduct that violates a condition of probation imposed by the Juvenile Court
2. Section 52.01 also authorizes officers to release a juvenile with a warning in lieu of custody. If the child is released with a warning it is necessary to forward a copy of the warning to the parent. In making the decision to handle the juvenile either informally with a warning or formally by referral to the juvenile court, the officer shall consider the following:
- a. Seriousness of offenses
 - b. Prior record of child
 - c. Child's age
 - d. Cooperation and attitude of all parties (child, parent, victim) and
 - e. The possibility of the offense being repeated
 - f. Degree of wrongful intent, violence, premeditation, knowledge of violation

D. Enforcement Alternatives

1. Officers dealing with juveniles in enforcement capacities may exercise reasonable discretion as outlined in this policy in deciding on appropriate actions. Alternatives that may be considered include the following, listed in order of severity:

Release without further action, release with verbal warning, referral to parents or responsible adult, or informal counseling with contact of parents or responsible adult;

- a. field release with written warning or citation, limited custody and station-house warning, arrest under non-secure custody, and release to parents with or without referral to juvenile court or first-offender program; and
 - b. Arrest and secure custody, with transfer to detention and referral to juvenile court.
2. Enforcement criteria for the use of these alternatives are provided below.

3. Even when a juvenile is being handled informally, the juvenile has all the constitutional rights that an adult would have in the same situation.
4. In all cases where a juvenile is believed to have committed a violation, regardless of the disposition, officers shall make every reasonable attempt to notify parents or guardians and inform them of the circumstances of the contact.

V. ENFORCEMENT CRITERIA

- A. The following general guidelines may be used in determining appropriate enforcement and related actions that may be taken when dealing with juvenile incidents.
 1. Release without further action, release with verbal warning, and referral to parents or responsible adult, or informal counseling with contact of parents or responsible adult.
 - a. Appropriate incidents where no violation was determined or where the violation was very minor and officers explained the law and consequences.
 - i. No property damage or personal injury was involved.
 - ii. No prior record exists.
 - iii. May include contact with parent if appropriate.
 - iv. Examples of these incidents include, but are not limited to, curfew violations, minor liquor law violations, and disorderly conduct.
 - b. If a non-traffic citation is issued, the juvenile's parents may be contacted by telephone from the scene and advised of the offense and disposition. If the parents cannot be contacted, officers will make a copy of the citation and forward the copy to the Chief of Police for mailing to the parents. On it, the officer shall give a complete description of the circumstances of the contact.
 - c. If officers detain a juvenile for a non-traffic offense and decide not to issue a warning or citation, officers shall complete an incident report and forward it to the Chief of Police for mailing to parents.
 - i. JISD PD Juvenile Release form

- ii. JISD PD School Notification Form
 - iii. JISD PD Juvenile Intent to Prosecute form
2. Field release with written warning or citation, or limited custody and station-house warning, arrest under non-secure custody, and release to parents with or without referral to juvenile court or first-offender program.
- a. Officers may elect to transport the youth home, make personal or telephone contact with the youth's parents or guardians to provide them with information and counseling on their child's actions, or take the youth into custody and transport the youth to the juvenile processing office until he/she is released to a parent or guardian.
 - i. Appropriate when the nature of the incident is of a more serious or potentially serious nature than in section 1 above;
 - ii. There was property damage or minor injury not amounting to a felony;
 - iii. The youth involved is fully aware of the seriousness or potential seriousness of his/her actions and/or is acting in alliance or collusion with others to commit such acts;
 - iv. The youth fails to cooperate or to positively respond to police intervention and direction;
 - v. The youth's parents or responsible adult have apparently failed to provide appropriate control and supervision.
 - b. Officers may elect to file a referral to the juvenile court depending on the nature of the offense and prior history of the offender.
3. Arrest and secure custody, with transfer to detention and referral to juvenile court. Officers may file delinquency charges against a juvenile when the circumstances surrounding the incident meet or exceed the seriousness of those cited as examples in section 2 above.
- a. Officers should file delinquency charges against juveniles when they commit any of the following:
 - i. Acts that if committed by an adult would be felonies;
 - ii. Delinquent acts involving deadly weapons;

- iii. Serious gang-related offenses;
 - iv. Delinquent acts involving serious assault;
 - v. Delinquent acts while on probation or parole or when they have charges pending against them;
 - vi. Delinquent acts as repeat offenders or when the juveniles have refused to participate in diversion or intervention programs; or
 - vii. When it has been determined that parental or other adult supervision is ineffective.
4. Status Offenses. Based on the seriousness of and circumstances surrounding the offense, the background and demeanor of the juvenile, and other relevant factors, an officer may release a juvenile to his parents, guardian, or other responsible adult.
- a. Juveniles taken into custody for status offenses should normally be frisked for weapons prior to being transported and may be handcuffed or otherwise restrained at any time if, in the judgment of the officer, the juvenile poses a physical risk to the officer, or others.
 - b. Officers shall pay particular attention to juveniles under the influence of alcohol or drugs to determine whether emergency medical services are warranted.
 - c. Juveniles taken into custody for status offenses shall be held in non-secure custody as provided by state law and for the briefest time necessary to conduct identification, investigation, and related processing requirements to facilitate their release to a parent or responsible adult or transfer to a juvenile facility.
 - d. Transportation of a juvenile in a caged vehicle is not considered secure custody.
 - e. Status offenders and other juveniles taken into temporary non-secure custody for status offenses should not be fingerprinted or photographed for purposes of record.
 - f. Status offenders in temporary custody shall not be placed in a holding area with adult suspects and shall also be under constant visual supervision.

Status offenders will be afforded reasonable access to toilets and washing facilities; provided food if they are in need of nourishment to include any special diets necessary for health or medical purposes; provided with reasonable access to water or other beverages; and allowed reasonable access to a telephone.

VI. JUVENILE PROCESSING

A. Searching and Transportation of Juveniles (TBP 10.02 b, c, d)

1. No juvenile under 17 shall be transported in the same vehicle with adults suspected of or charged with criminal acts.
2. Juveniles are searched and transported in the same manner as adult's in compliance with Policy 7.11 Prisoner Transportation.
3. Juveniles are typically not handcuffed unless they have been taken into custody for a violent offense, pose an escape risk, or where the officer reasonably believes handcuffing is necessary for the safety of the juvenile or officer. The utilization of handcuffs is at the discretion of the officer taking the juvenile into custody. Officers will double lock and check the handcuffs for tightness. Officers will check the handcuffs if there is a complaint that they are too tight.
4. An officer transporting a juvenile should notify the dispatcher that the officer will be transporting a juvenile along with the juvenile's gender. The officer should also notify the dispatcher of the officer's location and mileage on the vehicle upon initiating the transport and the officer's ending mileage and location upon arrival at the officer's destination. The officer should monitor the prisoner during the transport for any medical issues.
5. Recording and video equipment should be activated during transport.

4. If a parent or some other responsible party cannot be located, take the juvenile to the juvenile processing office and make contact with the juvenile detention center intake officer for instructions. 5. Notify Communications to remove the runaway report from the computer system.
6. Complete incident reports for any runways taken into custody.

VII. PROTECTIVE CUSTODY

A. A law-enforcement officer may take protective custody of a child without a court order for the following reasons and no others:

1. Upon discovery of a child in a situation of danger to the child's physical health or safety when the sole purpose is to deliver the child without unnecessary delay to the parent, managing conservator, possessory conservator, guardian, caretaker, or custodian who is presently entitled to possession of the child.
2. Upon the voluntary delivery of the child to the law-enforcement officer by the parent, managing conservator, guardian, caretaker, or custodian who is entitled to possession of the child.
3. Upon personal knowledge of facts that would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining order or writ.
4. Upon information furnished by another which has been corroborated by personal knowledge of facts, all of which taken together would lead a person of ordinary prudence and caution to believe that there is an immediate danger to the physical health or safety of the child and that there is no time to obtain a temporary restraining order or writ.

5. Upon personal knowledge of facts that would lead a person of ordinary prudence and caution to believe that the child has been the victim of sexual abuse and that there is no time to obtain a temporary restraining order or writ.
6. Upon information furnished by another that has been corroborated by personal knowledge of facts and all of which taken together would lead a person of ordinary prudence and caution to believe that the child has been the victim of sexual abuse and that there is no time to obtain a temporary restraining order or writ.
7. Emergency Treatment for Juveniles: In the absence of the responsible parent or guardian, police officers are expected to take immediate custody of any juvenile found to be in need of emergency medical care and to see that the juvenile is taken to an emergency hospital for treatment.

B. Procedures for Taking Custody of Juvenile in Need of Emergency Treatment

1. When it is found that a juvenile has been injured or is ill to the extent that immediate emergency care is necessary to protect the physical well-being of the juvenile and no responsible parent or guardian can be found, the below listed procedures are followed to obtain the necessary medical care in an expeditious manner:
 - a. The officer either takes custody of the juvenile or delivers him/her to the nearest competent emergency hospital, or the officer requests an ambulance and orders the juvenile taken to the nearest competent emergency hospital.
 - b. The officer utilizes all available resources to immediately contact a parent or guardian (school officials, etc.).
 - c. The officer then causes the immediate notification of the Child Protective Services office of the circumstances at hand and furnishes the Child Protective Services office the following information:
 - i. Name, race, and date of birth of the juvenile;
 - ii. Name and address of parents if available;
 - iii. What hospital the juvenile has been taken to;
 - iv. What efforts have been made to contact the child's parents or guardian?
2. Follow-Up Investigation:

- a. The officer conducts a follow-up investigation at the receiving hospital, being sure to explain the circumstances at hand to the proper hospital representative.
- b. The Chief of Police will take over hospital follow-up investigations when it becomes apparent that such investigations will be lengthy or complex.
- c. The Chief of Police will follow-up if it becomes apparent that the child's injury is due to criminal conduct on the part of any person.

C. Persons Who May Consent To Medical Treatment:

The Texas Family Code allows any of the following persons to consent to medical, dental, psychological, and/or surgical treatment of a child when the person having the right to consent as otherwise provided by law cannot be contacted and that person has not given actual notice to the contrary:

1. A grandparent, adult brother or sister, adult aunt or uncle of the child; an educational institution in which the child is enrolled that has received written authorization to consent from the person; an adult who has actual care, control, and possession of the child and who has written authorization to consent from the person having the right to consent.
2. A peace officer who has lawfully taken custody of a minor if the peace officer has reasonable grounds to believe the minor is in need of immediate medical treatment.
3. Any court having jurisdiction over the child.

VIII. INVESTIGATIVE PROCEDURES

A. Custodial Interrogation of Juveniles

1. Custodial interrogation of juveniles by department employees shall adhere strictly to procedural requirements established by the Texas Family Code and relevant court rulings.
2. The custodial officer or a detective interviews the juvenile. The officer explains to the juvenile the procedures that will relate to their case. The officer or detective may, at their discretion, allow other persons to be present during the interview. An attorney representing the child is allowed if requested.
3. The interrogation of a juvenile is completed within a reasonable time or terminated if the juvenile requests the interrogation be terminated.

B. Written Confessions/Statements:

Written confessions from juveniles must be taken in compliance with the Texas Family Code, outlined below.

1. A magistrate, outside the presence of law-enforcement officers, first warns the juvenile.
2. An officer then takes the typed or handwritten confession, but leaves the statement unsigned.
3. The officer then returns the juvenile and the statement to the magistrate.
4. The magistrate will review the statement with the juvenile outside the presence of law-enforcement officers.
5. The juvenile is then allowed to sign the statement in the magistrate's presence.

C. Fingerprinting And Photographing Juveniles:

1. Fingerprints and photographs of juveniles are maintained separately from those of adults.
2. Fingerprints and photographs of juveniles are destroyed as directed by the Texas Family Code.
3. Fingerprints are taken to comply with state reporting requirements.
4. All juveniles placed in custody for cases classified as class "B" misdemeanor or higher are fingerprinted and photographed.
5. These records are maintained at the County Juvenile Detention Center and also in the State files.
6. If latent fingerprints are found during the investigation of a case and the law enforcement officer has probable cause to believe that they are those of a particular child, unless otherwise prohibited by law, the officer may fingerprint the child regardless of the age or case for the purpose of immediate comparison with the latent fingerprints.
7. If fingerprints of a child are taken for purposes of comparison and the comparison is negative, the fingerprint card and other copies of the fingerprints taken are destroyed immediately. If the comparison is positive and the child is referred to the juvenile court, the fingerprint card and other

copies of the fingerprints are filed locally and with the State. If the child is not referred to the court the fingerprints are destroyed immediately.

D. Required Notification of Schools

1. An officer who arrests or takes into custody an individual whom the officer believes because of the age of the child may be enrolled in a primary or secondary school as provided by Chapter 52 of the Texas Family Code shall do the following:
 - a. Attempt to determine if the individual is a student.
 - i. If the individual is known to or believed to be enrolled in a school, and
 - ii. The child's alleged offense is an offense under section: 19.02, 19.03, 19.04, 19.05, 20.02, 20.03, 20.04, 21.08, 21.11, 22.01, 22.011, 22.02, 22.021, 22.04, 22.05, 22.07, 28.02, 29.02, 29.03, 30.02, or 71.02, Penal Code, or
 - iii. The Unlawful Use, Sale or Possession of a Controlled Substance, Drug Paraphernalia, or Marijuana, as defined by Chapter 481, Health and Safety Code; or
 - iv. The Unlawful Possession of any of the Weapons or Devices listed in Section 46.01(1)-(14) or (16), Penal Code; or a Weapon listed as a Prohibited Weapon under Section 46.05, Penal Code; or
 - v. Any felony offense.
 - b. If the individual meets these requirements the officer or detective assigned shall give oral notification to the superintendent or the designee of the public school district within 24 hours after the arrest or detention of a child, or on the next school day.
 - i. JISD PD School Notification form shall be filled out and filed to the Chief of Police.
 - c. Written notification shall be mailed within seven (7) days after the date of oral notification to the appropriate afore-mentioned school official, marked "Personal and Confidential" on the mailing envelope.
2. The complete text of this responsibility is found in Article 15.27 Code of Criminal Procedures.

E. Juvenile Records (TBP 10.02f)

1. The computerized Juvenile Justice Information System (JJIS) is designed to track juvenile cases from intake through detention, prosecution, and case disposition, including probation or commitment. The Texas Family Code restricts entries into the JJIS to delinquent conduct offenses that, if committed by an adult, would be punishable by jail or imprisonment.
 - a. JJIS entries are made on Joshua ISD Police Department detentions by the Juvenile Investigation Division when a juvenile is referred to the juvenile court.
 - b. JJIS records may be accessed and disseminated according to the same rules that apply to computerized criminal histories.
 - c. JJIS entries cannot be made for juveniles who are not referred to the juvenile court within 10 days of the detention.
 - d. Records that do not qualify for JJIS entry are to be destroyed.
2. Texas Family Code requires that local law-enforcement records and files concerning a juvenile must be kept separate from adult files and records, and prohibits them from being sent to a central state or federal depository except as specified in the Texas Family Code. Juvenile detention reports will be separated from adult arrest reports as required by the statute.
 - a. Records or files that are required or authorized to be maintained under laws regulating operation of motor vehicles and records that list a juvenile as the victim of a criminal offense are specifically exempt from the file-separation requirement.
 - b. Reports of missing juveniles are specifically authorized to be entered into TCIC and NCIC.
3. The Code of Criminal Procedure authorizes information on juveniles to be included in a local system for the purpose of investigating or prosecuting the criminal activities of criminal combinations. This information may be released to another criminal justice agency, a court, or a defendant in a criminal

proceeding pursuant to the discovery. The record must be destroyed no later than two years after its collection if the juvenile has not been charged with criminal activity.

4. The preservation and destruction of juvenile records is the responsibility of the juvenile investigation division. Juvenile records will be kept under lock and key and access will be limited to juvenile investigators.
5. The Texas Family Code prohibits taking photographs or fingerprints of a juvenile without the consent of the juvenile court or the juvenile probation officer unless the juvenile is taken into custody for a felony or a misdemeanor punishable by confinement in jail. Only the procedures specified in these General Orders will be utilized.
6. Release of Information on juvenile offenders may only be made pursuant to the following:
 - a. A written request under the Texas Public Information Act, Government Code Chapter 552 to the police department as approved by the Superintendent or to the Johnson County JP3 court for fine-only offenses handled there.
 - b. The Sex Offender Registration Act, Code of Criminal Procedures Chapter 62. The request must be made in writing and will be responded to by the police department.
 - c. Code of Criminal Procedures Article 15.27. Notice to schools of specified offenses committed by students. These notices will be made by assigned investigators.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.13 Domestic Violence and Protective Orders	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.08	

I. POLICY

The department assigns domestic or family violence (domestic disturbance) calls a high priority. The nature and seriousness of crimes committed between family or household members are not mitigated because of the relationships or living arrangements of those involved. Law enforcement agencies must exercise leadership in the community in responding to domestic violence. An immediate criminal justice response can make a major difference in the disputants' lives. With all due consideration for their own safety, department personnel responding to a domestic disturbance call shall (1) restore order, (2) arrest persons when probable cause exists that a crime has been committed, (3) provide safety and security for the crime victim(s), and (4) help participants contact appropriate agencies that might help prevent future occurrences.

II. PURPOSE

To define domestic violence and related offenses, outline a safe procedure for handling violent incidents and calls, and describe measures that can be taken to end violence and protect victims.

III. DEFINITIONS

- A. Assault: An act by an assailant who intentionally, knowingly, or recklessly causes bodily injury to another, including the person's spouse. A threat to cause imminent bodily injury to another, including the person's spouse, is also an assault. This definition is not all-inclusive as family violence may also entail aggravated circumstances, sexual assault, and other offenses. The assault definition also extends to intimate partner violence (IPV) that includes unmarried couples. See Chapter 22 and 25 of the Texas Penal Code.

- B. Domestic violence shelters/programs: Services that are provided (usually 24 hours a day) for women and their children who have been physically or emotionally abused, or who have been threatened with abuse by their spouses or partners. Services include crisis intervention, counseling, shelter, escort to court, food, clothing, and transportation. Some shelters also provide information pertaining to jobs, social security services, restraining orders, and various other items of information that is needed if the victim does not wish to return to the previous situation.

C. Family abuse: Any threat or act of violence, including forceful detention, that results in physical injury or that places one in reasonable apprehension of bodily injury and which is committed by a person against such person's family or other household member.

D. Family or household member:

1. Spouses, whether or not residing in the same home.
2. Former spouses, whether or not residing in the same home.
3. Persons who have a child in common, whether or not they have ever been married or resided together.
4. Parents, children, stepparents, stepchildren, grandparents, grandchildren, brothers and sisters, half-brothers and half-sisters regardless of whether they reside in the same home with the suspect.
5. Parents-in-law, children-in-law, brothers- and sisters-in-law regardless of whether they reside in the same home with the suspect.
6. Persons, whether or not related, who cohabit or who previously cohabited with the suspect, and any children of either who then resided in the same home as the suspect.
7. See Sections 71.003, 71.004, and 71.005 of the Family Code.

E. Protective order, sometimes referred to as a “restraining order:” A court order of protection on behalf of an abused family/household member that restrains the abuser from further acts of violence, may order the abuser to refrain from further contact, vacate the residence, relinquish custody of a vehicle, provide temporary child support, plus other measures. A protective order may be valid up to two years.

Types of protective orders:

1. Emergency protective order: A protective order applied for at the scene of a domestic violence incident.
2. Protective order: A protective order that is requested by a victim of domestic at any time other than at the scene of a domestic violence incident.
3. Temporary Ex Parte Orders: an order that is issued without the person who committed family violence present. A person subject to an order (the actor) who violates an ex parte order may not be arrested unless it is established that the actor had been served with the order prior to the commission of the act(s) violating the order. In the event that an officer arrives and the actor is not aware of the order, the officer may assist the protected person in informing the actor of the existence of the order. The officer shall then remain at the scene until the actor has complied with any wording that requires him or her to leave the residence. If the order does not require the actor to leave, the officer shall remain at the scene while the protected person gathers necessary items to leave. See Texas Family Code Chapter 83 for additional information.

IV. PROCEDURES: General responsibilities

- A. Department personnel shall refer victims of domestic violence or serious bodily injury crimes to appropriate community resources (mental health agencies, medical doctors, legal assistance agencies, victim/witness assistance programs, and domestic violence shelters/programs), and shall provide victims with the name, address, and telephone numbers of the district attorney and the investigating law enforcement agency. Where possible, officers shall help victims directly access referral agencies.
- B. Department personnel shall be trained about domestic violence and its impact. Officers are encouraged to consult community resources, such as the local domestic violence shelter and the local victim/witness advocacy program.
- C. Personnel must be well trained in how to confront unexpected violence. Disturbance calls can be dangerous to responding officers.

V. PROCEDURES – Officer Responsibilities

- A. Before arrival at the scene officers should do the following:
 - 1. Obtain all available information from the dispatcher before arrival.
 - 2. When possible, officers should wait for back-up help, discuss a strategy, and approach the dispute scene in pairs.
- B. In the vicinity of the scene officers should avoid the use of sirens and other alarms. The suspect might be dangerous and could turn a weapon on arriving officers.
- C. At the scene the officer should observe the location of the dispute before contacting the complainant. Consider the surroundings. Park the marked car a short distance away. Each officer should follow a separate approach to the scene of the dispute, maintaining maximum cover and an escape route. From this point on, officers should remain within sight of one another, if possible.
- D. Before knocking on the door, officers should listen, and they should look in windows to obtain additional information about the situation (e.g., layout of the house, number of people, weapons, evidence of violence or damage).
- E. Officers must be concerned for their own safety as well as that of the disputants. To minimize the possibility of injury, stand to the side of the door and not in front of windows when knocking. The unexpected may occur when the door opens.
 - 1. Initial contact with occupant(s).
 - a. Identify themselves as law enforcement officers by name, give an explanation of your presence, and request entry into the home (when conditions permit). Ascertain identity of complainant, and ask to see him or her and any other person at the home.
 - b. Officers shall not accept statements from any disputant or witness that the call was a mistake without investigating further.
 - c. Officers shall not leave without interviewing the complainant.

- d. If entry is refused, officers must explain that they must make sure there are no injured persons inside. If no one responds to knocking, officers shall try to establish voice contact by shouting for an answer.
 - e. Refusal of entry or no response to a knock at the door will require a forced entrance only if officers have a reasonable belief that the safety of people inside is in jeopardy.
 - f. Officers may conduct a search of the premises if consent has been given to do so. Although a consent search eliminates the need for a warrant and for probable cause, such consent must be freely and voluntarily given. If two people have joint ownership or possession of a place or thing, either one may give a valid consent. However, the other, if present, may legally object. Once a party refuses consent, officers must obtain a warrant to search or articulate another exception to the warrant requirement.
 - g. A spouse or cohabitant can consent to the search of premises used jointly by both husband and wife or by unmarried cohabitants. However, if both are present, either one may legally object. Once either party refuses consent, officers must obtain a warrant to search or articulate an exception to the warrant requirement.
- F. Officers may also make a warrantless entry to conduct a search if an emergency exists. Officers must have a reasonable belief that such an emergency does exist. For example, if officers believe that someone, perhaps a child, is in need of emergency assistance they may search the premises without a warrant.
1. Officers shall evaluate the following elements when considering a warrantless entry:
 - a. The degree of urgency involved and the time required to get a warrant.
 - b. The possibility of danger to occupants of the house or others, including officers guarding the site.
 - c. Whether the suspected offense is serious and involves violence.
 - d. Whether officers reasonably believe that persons may be armed.
 - e. Finally, officers are reminded that they have a lawful right and duty to investigate any situation that they reasonably believe to be an emergency.
 2. Once inside, establish control by:
 - a. Inquiring about the nature of the dispute.
 - b. Identifying disputants.
 - c. Being aware of potential weapons in surroundings.
 - d. Determining if persons are in other rooms, whether children or adults, and the extent of any injuries. (These persons should be separated from the parties involved and kept out of hearing range so their status as possible witnesses won't be compromised.)
 - e. Protect the victim from further abuse. Separate the victim from the suspect and arrange for medical attention if the victim is hurt. If the victim appears injured and yet refuses medical assistance, carefully document any observed injuries, as well as the refusal of medical treatment. Photograph the victim's injuries if possible.

- f. Ascertain whether a protective order has been violated.
 - g. If weapons -- firearms, knives, or any other object that could be used as a weapon-- are present, secure them away from the disputants, if practicable, while the disputants are being interviewed. If appropriate, seize weapons for evidence.
 - h. Transporting family/household members to a hospital, a safe shelter, or a magistrate.
3. Officers shall transport victims to a safe location as they wish or as the circumstances require.
 4. If a complainant seeks officers' help in entering his or her residence to obtain personal property, the officers must determine that the complainant has lawful authority to do so; must advise all parties that they are accompanying the complainant to obtain items for immediate personal (or children's) use; that the officers' function is to maintain order; that any dispute over property is a matter for the courts to decide.

G. Interviewing all disputants

1. Ensure safety and privacy by interviewing the victim in a place separate from the suspect, assuming the suspect has been identified.
2. Critical to the success of the interview is the officer's manner. Officers must listen, show interest in the disputants and their problem, and remain aware of nonverbal communications signals.
3. Officers shall attempt a low-key approach in domestic violence cases. Maintain good eye contact through natural, spontaneous glances. (Fixed gazes or staring increase fear and hostility.) A relaxed stance and appropriate facial and head movements demonstrate interest and encourage the victim to continue speaking.
4. If possible, separate the parties so that they can individually describe the incident without interruption. (This may help the parties relieve emotional tension.) Although the disputants are to be separated, officers shall remain within sight and hearing of each other.
5. After the parties have given their statements, the officers should ask about details for clarification, and summarize the stated accounts, giving the parties an opportunity to point out anything that might be misrepresented.
6. Officers should be aware that parties may make excited utterances that may have evidentiary value. These utterances should be recorded, when practicable, and should be noted in reports of the incident.
7. Interviewing the victim. Get answers to the following questions from the victim:
 - a. What happened?
 - b. Were there any injuries and who caused them?
 - c. What weapons or objects were used?
 - d. What is the relationship to suspect?
 - e. Were threats made against the victim or others?
 - f. Was there forced sexual contact.
 - g. Are there any court cases pending against suspect.
 - h. Are any protective orders in effect.
 - i. Is suspect on probation or parole?

- j. Did the suspect threaten or hurt others, particularly children or pets.
- k. Was property damaged and if so what was the damage?

H. Interviewing witnesses

1. Interview any witnesses to the incident--children, other family members, neighbors--as soon as possible.
2. Remember that witnesses may be experiencing significant emotional crises that might influence the accuracy of their accounts.
3. If witnesses provide information about prior assaults, document them to help establish a pattern.
4. Children of disputants should be interviewed with care and kindness. Sit, kneel, or otherwise be at their level when speaking to them. Signs of trauma or abuse should be noted.

I. Collection of Evidence

Officers should treat a family violence offense with the same seriousness as other criminal offenses, and conduct a preliminary investigation in the same manner to include:

1. Collecting any physical evidence or calling crime scene personnel to do so.
2. Photographing any damages or injuries received by any party involved in the incident.

VI. PROCEDURES - Arrests

- A. Officers may make an arrest without a warrant if they have probable cause to believe that the individual has committed an assault resulting in bodily injury to a member of the person's family or household. Further, the department promotes a policy of arrest when the elements of an appropriate offense are present.
- B. If officers cannot identify a predominant physical aggressor and do not make an arrest, they shall nevertheless thoroughly document the incident.
- C. Officers shall not threaten to arrest all parties involved for the purpose of discouraging future requests for law enforcement intervention.
- D. If the victim claims that a protective order has been violated, officers shall review the victim's copy of the order, checking it for validity. If a protective order exists and its terms ("no contact," "no trespass," or "no further abuse") have been violated the officer shall arrest the violator, assuming probable cause exists.
- E. Officers making arrests for family violence may petition for an emergency protective order if so requested by the victim or if the officer believes there is a significant danger of future assaults.

- F. Officers shall contact the on-call Child Protective Services worker if a child is abused or if neither parent can reasonably look after the child's safety and well-being. (Child neglect is a separate, reportable offense.)
- G. In determining probable cause, the officer shall NOT consider:
1. Whether the parties are married or living together, or their race, sex, ethnicity, social class, or sexual orientation.
 2. Whether the complainant has not sought or obtained a protective order.
 3. The officer's own preference to reconcile the parties despite the complainant's insistence that an arrest be made.
 4. That the complainant has called for law enforcement protection previously and has not pursued or has withdrawn the criminal complaint against the abuser.
 5. That the complainant has not begun divorce proceedings.
 6. Assurances of either or both disputants that violence will stop.
 7. The lack of visible bruises or injuries.
 8. Denial by either disputant that violence occurred.
- H. Factors favoring the decision to arrest
1. Arrest is the most appropriate response when these factors are present:
 - a. Serious, intense conflict.
 - b. Use of a weapon.
 - c. Previous injury or damage.
 - d. Previous court appearance against the offending party.
 - e. Previous attempt to sever the relationship.
 - f. Previous calls for law enforcement help.
 - g. When a felony has occurred.
 - h. Evidence of drugs or alcohol use at the assault.
 - i. Offenses committed with the officer present.
 - j. Valid warrants on file for other crimes.
 - k. A protective order has been violated.
 - l. Aggressive behavior toward any person or pets, or any other threatening behavior.
- I. If the abusive person is to be arrested, the officer should use the following procedure:
1. If the suspect is present, arrest him/her, apply handcuffs, inform him/her that the decision to arrest is a law-enforcement one, and transport securely to the jail/magistrate.
 2. If the suspect is absent or has been arrested, transport (or arrange transportation for) the victim to a safe shelter or other appropriate place. Circulate a "be-on-the-lookout" message describing the suspect, if necessary, and arrange for an arrest warrant.
 3. If an arrest must be made because a protective order has been violated, verify its validity by:
 - a. Examining the victim's copy, if available.

b. Having communications search TCIC or contact the jurisdiction that issued the order to confirm its currency.

J. If the abusive person is not arrested, the officer should use the following procedure:

1. Complete an incident report and give a copy or arrange to have a copy given to the victim.
2. Inform the victim that the department will begin action to procure a warrant for the offender if an offense occurred.
3. Advise the victim of the importance of preserving evidence.
4. Explain to the victim about protective orders and how to obtain them, and offer to help the victim obtain them later.
5. If the victim wants to leave the premises to ensure safety, remain at the scene while the victim packs essentials. Advise the victim to take only personal items plus important papers, such as a marriage license or divorce decree, health insurance cards, and if children are involved their school records, proof of vaccination, and health information.
6. Regardless of whether an arrest is made, the officer shall provide the "Notice to Adult Victims of Family Violence" to the victim, which explains legal and community resources available, including the name, address, and telephone number of the district attorney and the investigating law enforcement agency
7. Assure the victim that Joshua ISD Police Department shall assist in future emergencies and explain measures for enhancing his/ her own safety.

K. Gathering evidence. Physical evidence takes three forms in domestic violence cases: the injuries sustained by the victim, evidentiary articles that substantiate an attack, and the crime scene itself. The on-the-scene officer should take the following actions:

1. If possible, have a physician corroborate the victim's account of injuries sustained. Since choking is one of the most serious forms of violence but is sometimes hardest to detect, the officer and/or the physician should take particular note of that.
2. When feasible, take photographs of injuries.
3. Photograph the crime scene to show that a struggle occurred; if photography is not possible, write a description of it.
4. Collect evidence according to the same principles applied to any other crime scene.
5. Seize any weapons that the predominant physical aggressor used or threatened to use in the commission of any crime
6. Obtain statements from all witnesses, particularly noting any excited utterances that bear on the incident.

L. Documenting the incident. All incident reports on domestic violence shall follow general reporting procedures. Officers should include the following in their reports:

1. Facts and circumstances of domestic violence including a description of why one disputant was deemed the predominant physical aggressor.
2. Victim's statements as to the frequency and severity of prior incidents of abuse by the same family or household member.

3. The victim's statements as to the number of prior calls for law enforcement assistance.

M. The disposition of the investigation. Officers involved in an incident should do the following:

1. Thoroughly document probable cause to arrest.
2. If an arrest is not made for domestic violence, the incident must still be documented, stating that either no probable cause for arrest existed, or circumstances dictated another course of action. In such cases, in addition to the above considerations, officers shall note:
 - a. What referral information was given.
 - b. The name of any counselor contacted.
 - c. Why no arrest was made, nor any warrant issued.
3. If children were present, make a report of abuse or neglect, if appropriate, and forward it to Child Protective Services.
4. Regardless of whether an arrest is made, the officer shall provide the "Notice to Adult Victims of Family Violence" to the victim, which explains legal and community resources available, including the name, address and telephone number of the district attorney and the investigating law enforcement agency.

N. Arrests of law enforcement personnel

1. If the predominant physical aggressor or abuser is an employee of this agency, the responding officer shall summon the field supervisor, who shall in turn notify his/ her chain of command.
2. The scene shall be secured and medical attention summoned, if required. The employee shall be disarmed or removed from access to weapons. The possibility exists that the employee's departmental weapon may be evidence of an offense.
3. The on-call investigator shall be summoned who shall begin an internal criminal investigation
 - a. If probable cause to arrest exists, the investigator shall arrest and gather evidence (including taking photographs) consistent with this general order.
 - b. The assigned investigator shall work with the responding patrol officer to ensure that the victim receives medical attention, if necessary, is transported to a hospital or safe shelter, and that all reports are completed, evidence gathered, and photographs taken. The responding patrol officer shall assist in obtaining an emergency protective order.
 - c. The investigator shall speedily present the case to the district attorney.
4. Upon termination of the criminal investigation, the Chief of Police may assign an officer to undertake an internal administrative investigation into the incident. The chief may suspend the employee pending the outcome of the investigation.
 - a. Suspended employees shall immediately turn in all agency-issued weapons, vehicles, badges, and identification to the property officer.

- b. If the internal administrative investigation supports a violation of agency policy, the Chief of Police shall take appropriate action. Further, if the investigation confirms that domestic violence occurred, the sheriff may require that the officer receive counseling, psychological evaluation, demotion, or termination of employment.
- c. Federal law states that any person (including a law- enforcement officer) convicted under any state or federal law for a misdemeanor involving the use of, attempted use of physical force, or the threatened use of a deadly weapon when committed by a current or former spouse, parent or guardian of the victim, a person sharing a child in common, or a cohabitant of the victim (past or present), is prohibited from shipping, transporting, possessing, or receiving firearms or ammunition. The offense may have occurred at any time. Law enforcement officers convicted of offenses involving weapons or threats of force may, therefore, be unable to maintain their certification.
- d. Note that officers who are the subject of a protective order shall not carry firearms. Officers who are the subject of a protective order shall turn in all agency-issued weapons.

VII. PROCEDURES - Issuing an emergency protective order

A. Emergency protective orders (EPO) (domestic violence)

1. The EPO aims to protect the health or safety of a victim of domestic violence. It is issued only if the offender is arrested. The judge or magistrate who arraigns the offender after the arrest may issue the EPO on the magistrate's own initiative, upon request of the victim, the guardian of the victim, a peace officer, or an attorney representing the state. If an officer has at least a reasonable belief that an assault has occurred and there exists probable danger of further abuse, the officer shall request the judge or magistrate to issue an EPO.
 - a. If circumstances make it impossible or inappropriate for an officer to obtain the EPO, the officer shall advise the victim that he/ she can request an EPO directly from a magistrate or the district attorney.
 - b. The victim does not need to press charges or swear a warrant. The presence of the victim or suspect is immaterial to obtaining an EPO.
 - c. An EPO may order a stop to abusive behavior, prohibit contact between parties, order the abuser out of a shared home, or deny the abuser the right to possess a firearm, and provide other relief.
2. An officer can petition for an EPO by telephone or in person.
3. The EPO remains in effect for up to 61 days but not less than 31 days. The victim can petition for a permanent protective order before the expiration of an EPO.
4. The offender is served with a copy of the order at the time of arraignment. The victim will be contacted and informed that an EPO has been issued and will be provided with a copy and informed of its requirements.

5. A copy is also delivered to the Chief of Police and the communications center for the jurisdiction where the victim resides.

B. Protective Orders from Other States

Officers shall enforce protective orders from other states or possessions of the United States as if they were issued in Texas. This applies to all orders in which the respondent has received notice and opportunity to attend a protective order hearing. Enforcement of out-of-state protective orders does not require that they be registered in Texas. If officers are unable to verify an outstanding protective order, they must nevertheless honor it. Officers cannot arrest for violation of the order, however, if the violator has not been served with it.

	Policy 7.14 Vehicle Operations	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.15, 7.20, and 7.24	

I. POLICY

All personnel operating department vehicles shall exercise due regard for the safety of all persons. Protection of life is the paramount goal of the department. No task, call, or incident justifies disregard of public safety. Further, the public expects its law-enforcement officers to demonstrate exemplary driving skills. All department personnel who operate department vehicles will comply with the safe-driving procedures outlined in this policy with particular attention to responding to calls for service or engaging in pursuits. Emergency warning devices shall be used consistent with both legal requirements and the safety of the public and department personnel.

II. PURPOSE

The purpose of this policy is to establish procedures governing the operation of police vehicles.

III. DEFINITIONS

- A. **Emergency driving.** Driving in response to a life-threatening or other serious incident (based on available information) that requires emergency equipment. Emergency driving -- with emergency lights and siren activated -- allows an officer to disregard certain traffic regulations, but officers must still drive with due regard for the safety of the officer and others.
- B. **Emergency equipment.** Emergency lights and a siren, whistle, or air horn designed to give intermittent signals automatically. All marked vehicles have distinctive, reflectorized decals for additional visibility. In this order, an authorized emergency vehicle is one that has this emergency equipment installed.
- C. **Normal or routine driving.** Driving that dictates vehicle speed consistent with the normal flow of traffic, obedience to vehicle laws and posted signs, and adherence to commonly understood "rules of the road."

III. GENERAL PROCEDURES FOR ALL RESPONSES (TBP: 7.15)

- A. General

1. All departmental vehicles shall be driven safely and properly in full compliance with all traffic laws and regulations. Department vehicles are conspicuous symbols of authority on the streets and many people observe an officer's actions. Each officer must set an example of good driving behavior and habits.
2. Under certain emergencies as defined below, the Transportation Code authorizes officers to disregard traffic regulations. Both the operator and the department, however, are not released from civil liability for failure to use reasonable care in such operations.

B. Routine operation

1. In case of accident or damage to any department vehicle, the driver shall immediately request the on-duty supervisor to conduct an investigation.
2. Accidents involving members of this department will be investigated by the sheriff's department, DPS, or some other neighboring police agency.
3. A drivers involved in an accident shall write a memorandum detailing the circumstances.
4. Drivers shall report any found damage or other non-accident damage to their supervisor immediately and document the damage in an incident report.
5. Vehicles used in routine or general patrol service shall be conspicuously marked except those being used for covert patrol operations.
6. Unmarked cars shall not be used in any pursuit but may be used for patrol.
7. Unmarked cars that are provided with emergency lights and a siren may be used to stop vehicles.
8. Standard lighting equipment on marked vehicles includes hazardous warning lights, spotlights, and alley (side) lights on the rooftop light bar.
 - a. Hazardous warning lights may be used at any time the department vehicle is parked where other moving vehicles may be endangered.
 - b. Alley lights and spotlights may be used when the vehicle is stationary or moving at speeds not to exceed 15 miles per hour and shall not be used in a manner that will blind or interfere with the vision of operators of approaching vehicles.
9. Seat belts and shoulder straps shall be worn by the driver and all passengers during vehicle operation. Prisoners shall be strapped in with seat belts whenever possible. (TBP: 7.20)
 - a. Exception: When approaching an incident scene or a call where the officer believes that a rapid exit from the vehicle may be required, the officer may release his/her seat belt.
10. Any young children transported in a police vehicle will be transported in the manner prescribed by the Transportation Code using infant/child car seats when necessary.

C. Inspection (TBP: 7.24)

1. Before each duty assignment, officers shall check their vehicles for cleanliness, operability, and all required equipment.

2. Officers shall also ensure that vehicles have adequate levels of oil, brake fluid, power steering fluid, and gas. Any deficiencies should be reported to the supervisor.
3. Officers shall check the safety features of the vehicle before assuming duty. The check shall include, but is not limited to, all lights, brakes, siren, horn, and steering.
4. Officers shall also check tires for tread wear and proper inflation.
5. Officers shall examine their vehicles at the beginning and the end of their shifts for damage. Officers shall report any damage immediately to the on-duty supervisor.
6. Officers shall examine their vehicles at the beginning and end of their shifts to search for evidence, contraband, or property discarded by prisoners or others. Rear seats shall be thoroughly checked.
7. Officers who discover a department vehicle in need of repairs shall immediately inform the on-duty supervisor.
8. If, in the opinion of the Chief of Police, vehicle damage resulted from abuse or neglect caused by an officer, disciplinary action may result.
9. No driver shall modify, remove, de-activate, or otherwise tamper with the vehicle safety belts, emission control device, or any part of the vehicle that affects its operation.
10. Officers are responsible for maintaining the cleanliness of the interior and exterior of their assigned vehicle. During periods of inclement weather when department vehicles cannot be washed regularly, the driver must ensure that headlight and taillight lenses are kept clean, insofar as circumstances permit.
11. No officer or employee shall operate any department vehicle that he or she believes is unsafe.

D. Driving rules

1. The driver shall carefully observe the surrounding conditions before turning or backing any vehicle.
2. A department vehicle shall not be left unattended with the engine running nor shall the vehicle be left unlocked when the officer has left it to handle other business.
3. The driver must recognize the variable factors of weather, road surface conditions, road contour, and traffic congestion, all of which directly affect the safe operation of any motor vehicle, and shall govern the operation of the vehicle accordingly.
4. Officers responding to certain crimes-in-progress may discontinue the use of the siren upon approaching the location of the occurrence. Officers shall understand that to do so means that, per Texas Law, they are no longer operating an emergency vehicle and must therefore observe all posted speeds and traffic control devices.
5. Emergency driving to the scene of a motor vehicle accident is permissible only when an emergency exists, when specific information indicates that

conditions at the scene require an emergency response, or when directed to do so by a supervisor.

6. Upon approaching a controlled intersection or other location where there is possibility of collision because of traffic congestion, the emergency driver shall reduce the speed of the vehicle, stopping completely if necessary, before entering and traversing the intersection. When faced with a red traffic signal or stop sign, the officer shall stop his or her vehicle and ensure by careful observation that the way is clear before proceeding through the intersection.
7. Regardless of the seriousness of the situation to which the officer is responding, and excepting circumstances that are clearly beyond the officer's control, he or she shall be held accountable for the manner in which he or she operates the vehicle.
8. At the scene of a crime, a motor vehicle crash, or other incident, a department vehicle shall be parked in such a manner so as not to create an obstacle or hazard to other traffic, unless necessary for the protection of an incident scene or injured persons. If a traffic hazard exists, the emergency lights and four-way flashing lights shall be used to warn other drivers approaching the location.
9. Operators of department vehicles must bear in mind that the traffic regulation requiring other vehicles to yield the right of way to any emergency vehicle does not relieve emergency vehicle operators from the duty to drive with due regard for the safety of all persons using the highways. Nor does this traffic regulation protect the driver from the consequences of arbitrary use of this right-of-way regulation.

IV. PROCEDURES FOR EMERGENCY DRIVING

A. General

1. No fixed rule can apply to every circumstance that may arise governing emergency driving. Although an officer may receive information that leads him/her to respond to a call with emergency lights and siren activated, in the majority of such cases an officer discovers, upon arrival, that an emergency response was not justified.
2. Section 546.005 of the Transportation Code states that the exemptions to driving laws granted to emergency vehicle operators "does not relieve the operator from the duty to drive with appropriate regard for the safety of all persons or the consequences of reckless disregard for the safety of others." Recognizing that protection of human life is paramount, responding officers must remember that their objective is to get to the location of the occurrence as soon as possible--safely--without danger to themselves or to others.

B. Response codes

1. Calls for service are classified as Priority 1, 2, 3, 4 or 5 depending on circumstances. Priority 1 calls are authorized by the dispatcher, a field supervisor, or the patrol officer, subject to the considerations discussed below. The codes are defined as follows:

2. Priority 2 responses are utilized for any situation regardless of apparent urgency where the preservation of life is not a consideration. Units responding to Priority 2 calls shall respond to the location without delay, complying with all traffic regulations and shall not use emergency warning devices.
3. Priority 1 responses are authorized for any emergency where the preservation of life is a consideration. Primary and support units responding to Priority 1 calls shall proceed rapidly to the location of the emergency by the most direct means, using all emergency warning devices with a paramount consideration for the safety of the public and the assigned officers.
4. Field supervisors shall monitor the response codes for calls for assistance and shall have the authority to upgrade or downgrade assigned response codes. Field supervisors shall closely monitor all Priority 1 calls and shall respond if necessary.

C. Dispatcher assignments

1. The dispatcher shall assign Priority 1 classification to those calls for service which meet the description under B.1.a above, which indicate a crime involving violence is in progress or where the suspect is armed, and all other requests alleging an implied or immediate threat to the safety of a person. Some felonies-in-progress that do not apparently involve violence are dispatched as Priority 1. Examples of Priority 1 calls (not all inclusive) include:
 - a. An officer who needs urgent help.
 - b. A burglary in progress.
 - c. A robbery in progress.
 - d. A serious-injury or fatal accident or hit/run.
 - e. A riot or large disturbance with fighting or injuries or damages occurring.
 - f. An apparent homicide.
 - g. A fight or an assault-in-progress.
 - h. A sex offense in progress.
 - i. Domestic dispute with an assault in progress, or just occurred with a suspect still present.
 - j. An in-progress suicide attempt.

D. Officer's response to call

1. Upon arrival at the scene of a call, the responding officer shall rapidly evaluate the situation and determine whether additional units are still needed or whether other units responding Priority 1 can be slowed or cancelled.
2. All units responding to robbery-in-progress and burglary-in-progress calls, before coming within hearing distance, shall discontinue the use of the siren and at that time fully comply with all traffic laws. Before coming within sight of the location, officers shall discontinue the use of the emergency warning lights. Officers are reminded that upon deactivation of a siren and flashing lights, their response ceases to be an emergency and they must comply with all posted speeds and traffic control devices.

3. In situations requiring a silent response, e.g., alarms and prowler calls, officers shall respond as rapidly as possible, obeying all traffic laws and signs.
 4. Officer-initiated response.
 - a. When, in the opinion of the officer, an emergency is imminent or exists, or that activation of emergency warning devices is necessary to protect life or render the necessary enforcement, the department authorizes an emergency response.
 - i. Examples include:
 - ii. Any incident where the use of emergency lights constitutes a necessary warning for the safety of life (such as scenes of fires, accidents, or disasters).
 - iii. As a visual signal to attract the attention of motorists being stopped for traffic violations, or to warn motorists of imminent dangers.
 - iv. Responding to Priority 2 calls, where the officer has previous or additional information which, had the dispatcher known it, would have resulted in the call being dispatched as Priority 1.
 - v. Where because of location, distance to be traveled, or traffic conditions, the officer determines that emergency operating conditions are essential in order to provide an appropriate response.
 - vi. In response to an officer's emergency request for assistance.
 - vii. For pursuit, see Policy 7.15
- E. Use of emergency warning devices in non-emergencies
1. Officers shall activate emergency equipment to notify drivers that they must stop and to provide a safe environment for the driver, officer, and the public.
 2. Officers may activate emergency equipment in non-emergencies when expediency is required to eliminate a potential hazard to the public or other officers, such as using emergency lights to protect disabled motorists or when department vehicles are used as protective barriers.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.15 Vehicle Pursuits	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.13, 7.14, 7.18, and 7.19	

I. POLICY

Pursuits represent a dangerous and difficult task that receives much public and legal scrutiny when accidents, injuries, or death result. Pursuing officers and supervisors must justify their actions and, once they have decided to pursue they must continuously evaluate the safety of their actions. Further, forcible measures to stop a fleeing driver, as detailed below, are prohibited except where deadly force is appropriate.

Officers shall comply with all applicable portions of Policy 7.15 when they are involved in vehicle pursuits.

II. PURPOSE

The purpose of this policy is to establish procedures governing the operation of police vehicles, with special attention to emergencies and pursuits.

III. DEFINITIONS

- A. **Boxing in:** A deliberate tactic by two or more pursuit vehicles to force a pursued vehicle in a specific direction or to force it to reduce speed or stop by maneuvering the pursuit vehicles in front of, behind, or beside the pursued vehicle.
- B. **Caravanning:** Direct participation in a pursuit by department vehicles other than the primary and authorized support vehicles.
- C. **Emergency driving:** Driving in response to a life-threatening or other serious incident (based on available information) that requires emergency equipment in operation.
- D. **Emergency equipment:** Emergency lights and a siren, whistle, air horn or any other equipment designed to give intermittent signals automatically. All marked vehicles have distinctive, reflectorized decals for additional visibility. In this order, an authorized emergency vehicle is one that is equipped with emergency equipment.

- E. Normal or routine driving: Driving that dictates vehicle speed consistent with the normal flow of traffic, obedience to vehicle laws and posted signs, adherence to commonly understood "rules of the road."
- F. Primary pursuit vehicle: Normally the department vehicle that begins the pursuit or the vehicle closest to the fleeing suspect. The primary pursuit vehicle may be re-designated by order of the on-duty supervisor.
- G. Pursuit: An active attempt by an officer in an authorized emergency vehicle to apprehend a suspect who is fleeing or evading apprehension, provided the officer reasonably believes that the suspect is refusing to stop and is willfully fleeing capture by high-speed driving or other evasive maneuvers. Pursuits shall be conducted only with activated emergency equipment and under circumstances outlined in this order.
- H. Not a pursuit: An attempt to stop a vehicle that is not fleeing, or an attempt to stop a vehicle that is refusing to stop while still obeying traffic-control devices and not exceeding the speed limit by more than ten miles per hour is not a pursuit.
- I. Risk: The degree of danger or hazard to the public or officers.
- J. Roadblock: Any method, restriction, or obstruction used to prevent free passage of vehicles on a roadway in order to stop a suspect.
- K. Support vehicles: The second or additional department vehicles participating in the pursuit that follow the primary pursuit vehicle at a safe distance. Once the vehicles have stopped, officers in the support vehicles can provide help for the officer in the primary vehicle or they can assume the primary role if circumstances dictate.

IV. PROCEDURES FOR PURSUITS (TBP: 7.13)

A. Only felonies and jailable misdemeanors

1. Any law enforcement officer in an authorized emergency vehicle may initiate a vehicular pursuit when the suspect exhibit the intentions to avoid apprehension for a felony or misdemeanor which would result in jail, by refusing to stop when properly directed to do so. Pursuit may also be justified if the officer reasonably believes that the suspect, if allowed to flee, would present a danger to human life or cause serious injury.
2. Pursuits will not be initiated for class C traffic offenses alone.
3. The decision to initiate pursuit must be based on the pursuing officer's conclusion that the immediate danger to the officer and the public created by the pursuit is less than the immediate or potential danger to the public should the suspect remain at large.

4. In deciding whether to initiate pursuit, the officer shall take into consideration:
 - a. road, weather and environmental conditions;
 - b. population density and vehicular and pedestrian traffic;
 - c. the relative performance capabilities of the pursuit vehicle and the vehicle being pursued;
 - d. the seriousness of the offense; and
 - e. the presence of other persons in the police vehicle.

B. Primary officer responsibilities

1. The officer's primary responsibility in a pursuit is the safe operation of the vehicle. Only marked vehicles with emergency equipment shall pursue.
2. Upon engaging in a pursuit, the pursuing vehicle shall activate appropriate warning equipment.
3. The officer shall notify the dispatcher of the following:
 - a. The location of the officer and the suspect's vehicle.
 - b. The direction of travel.
 - c. The license number (and state) of the suspect's vehicle.
 - d. The description of the suspect's vehicle.
 - e. The reason for the pursuit.
 - f. Traffic conditions (light, moderate, heavy congestion).
 - g. Speeds attained (updated intermittently).
4. The officer will, to the best of their ability, keep the dispatcher informed of the location and direction of travel.
5. Whenever the risk to the public or the officer outweighs the immediate need to apprehend the suspect, the officer will terminate the pursuit.

C. Supervisor's responsibilities

1. The on-duty supervisor shall monitor the pursuit by ensuring compliance with department policy, directing officers to join or abandon pursuit, re-designating primary and support pursuing vehicles if necessary, approving or directing pursuit tactics, and terminating the pursuit.
2. The on-duty patrol supervisor shall monitor the pursuit and may respond to the location of the stopped suspect. The supervisor may end the pursuit at any time that he or she feels circumstances warrant.
3. No more than two department vehicles may pursue a fleeing suspect without the specific authorization of the on-duty supervisor. In

authorizing additional department vehicles to pursue, the supervisor shall consider:

- a. The nature of the offense.
 - b. The number of suspects.
 - c. The number of officers currently participating as primary or support vehicles.
 - d. Any injuries or property damage already sustained as a result of the pursuit.
 - e. Any other clear, articulated facts that would justify the assignment of additional department vehicles.
4. After the incident, the supervisor shall critique the pursuit with all of the officers involved and direct participants to submit reports.
 5. The on-duty supervisor at the time the pursuit was begun will retain authority over the pursuing officers of the department for the duration of the pursuit.
 6. The supervisor may direct the use of tire-deflation devices, as appropriate. See paragraph D.2 below.

D. Supporting officers' responsibilities

Normally the first back-up unit to respond shall help the primary officer in pursuing the suspect and making the arrest. The secondary pursuing officer is responsible for broadcasting the progress of the pursuit and controlling the pursuit tactics. By handling these communications responsibilities, the primary officer can focus attention on the pursuit driving.

E. Dispatcher's responsibilities

1. Communications personnel shall notify any available supervisor of the pursuit, clear the radio channel of non-emergency traffic, and relay necessary information to other officers and jurisdictions.
2. Record all pertinent information about the pursued vehicle.
3. Advise all other officers of the pursuit and the information given by the pursuing officer. Assist in directing back-up units to strategic locations.
4. Alert all other nearby law-enforcement agencies of the pursuit and information given by pursuing officer when continuing beyond the district.
5. Query MVD, TCIC, and NCIC for license data and any warrants.

F. Rules of pursuits

1. Officers shall not intentionally ram, bump, or collide with a fleeing vehicle nor shall officers pull alongside such vehicles in an attempt to force them off the road or into an obstacle.
2. Boxing-in shall be performed only at low speeds and under the direct authorization of the on-duty supervisor and then only if the participating officers have been trained in the technique.
3. Caravanning is prohibited. Only two department vehicles (excluding the supervisor) shall participate in a pursuit at any time unless specifically authorized by a supervisor.
4. Officers shall not fire their weapons from a moving department vehicle.
5. If the on-duty supervisor orders the pursuit to end, then the primary and supporting pursuing officers shall cease immediately. Also, the pursuing officer(s) shall end the pursuit if at any time during the course of the pursuit he or she loses sight of the fleeing vehicle for more than a few seconds.
6. The use of a stationary or rolling roadblock is prohibited. (TBP: 7.18.1)
7. When accompanied by civilian passengers, officers shall not pursue.
8. When two vehicles are involved in pursuit, each unit shall maintain a safe distance especially when passing through intersections. Each unit involved in the pursuit shall use a different siren-sound selection, if circumstances and safety permit. The use of different siren-sound combinations can help the primary and secondary vehicles hear one another and alert motorists and bystanders that two vehicles are operating under emergency conditions.
9. In case of pursuit, should the suspect drive in a direction opposite to the flow of traffic, the pursuing officer shall not follow the suspect in the wrong direction but instead transmit via radio detailed observations about the suspect vehicle's location, speed, and direction of travel. The pursuing officer may be able to follow the suspect on a parallel road.
10. Officers involved in a pursuit shall not try to overtake or pass the suspect's vehicle.

11. Intersections are a particular source of danger. When approaching an intersection where signal lights or stop signs control the flow of traffic, officers shall:
 - a. Slow and enter the intersection at a reduced speed and only when safe, when all other vehicles are aware of the officer's presence.
 - b. Resume pursuit speed only when safe. When using emergency lights, siren, and headlamps, the officer is requesting the right of way and does not absolutely have the right to run a red traffic light or stop sign.

12. Tire Deflation Devices (TBP: 7.19.1)
 - a. The use of Tire Deflation devices is prohibited.

G. Out-of-jurisdiction pursuits

1. Pursuits beyond the local jurisdiction require the direct approval of the on-duty supervisor and, if approved, shall be conducted according to this order. The dispatcher shall notify the appropriate jurisdiction of the pursuit and request help.
2. Once the pursuit has entered another jurisdiction, if officers from that jurisdiction enter the pursuit, department officers shall cease their emergency driving (unless circumstances require their continued pursuit), turn off emergency equipment, and follow the pursuit while observing all posted speed limits and traffic control devices.
3. If officers from another jurisdiction pursue a suspect into our jurisdiction, department officers shall enter the pursuit only if the other agency specifically requests help and the on-duty supervisor approves our participation. Any non-pursuit assistance (including apprehension of a stopped suspect) may be provided as the circumstances dictate.
4. When the fleeing suspect is apprehended in another jurisdiction, the pursuing officer shall take the arrested person before a judicial officer of that jurisdiction. The officers shall then go before our local magistrate to obtain a warrant and ensure that a teletype is sent to the apprehending jurisdiction as soon as possible, acting as a detainer.
5. When a fleeing suspect from another jurisdiction is apprehended within the county, the apprehending officer shall take the arrested person before a magistrate. The on-duty supervisor shall confer with the other jurisdiction to determine which shall maintain custody of the suspect based upon the seriousness of the charges and the likelihood of release by respective magistrate.

H. TERMINATING PURSUITS

1. This order has noted the necessity for a pursuing officer to continuously evaluate the risks and goal of a pursuit. Under some conditions, abandoning a pursuit may prove the most intelligent decision the officer can make.
2. Officers shall discontinue a pursuit under the following circumstances:
 - a. The on-duty supervisor orders it.
 - b. The pursuing vehicle experiences an equipment or mechanical failure that renders the vehicle unsafe for emergency driving.
 - c. The pursued vehicle has outdistanced the pursuing officer such that its location is not known.
 - d. A person has been injured during the pursuit and no medical or department personnel are able to provide help.
 - e. The pursuing officer perceives a clear, unreasonable danger to officers, the fleeing suspect, or the public, and the danger created by continuing the pursuit outweighs the value of apprehending the suspect at the time.
3. Should the person(s) attempting to avoid apprehension stop the fleeing vehicle and proceed on foot, the officer shall stop, give his or her location, and continue efforts to apprehend on foot. Circumstances may dictate, however, a continued pursuit in a vehicle. Support vehicles shall be dispatched in close proximity to offer assistance. The pursuing officer should be cautious, however, that the pursued vehicle may carry other persons who might assault the pursuing officers. Should the individual stop and remain in the vehicle, officers will not rush the vehicle. Appropriate felony stop procedures should be used.

I. FOLLOW-UP REQUIREMENTS (TBP: 7.14.1)

- A. The supervisors shall ensure that all participating officers document their involvement in the pursuit whether or not the suspect was stopped. The initiating officer will complete a departmental Pursuit Report. Other officers involved will prepare a supplemental report documenting their participation. Reports shall be completed before the end of the officer's tour of duty.
- B. The supervisor shall collect and secure all video of the pursuit and shall review the pursuit for compliance with policy and forward all documentation to the Chief of Police for Review.

C. The Pursuit Report with supervisory review will be forwarded to the Chief of Police.

The Chief will also review the report and determine compliance with policy.

The Chief of Police will inform the supervisor of his findings. Should a policy violation be identified, the Chief will direct an investigation be conducted as necessary.

D. Annually, the Chief of Police will cause an analysis of all vehicle pursuits occurring during the previous year to be conducted. The analysis will be designed to determine if the current policy is being followed, whether any changes are needed in the current policy, and any training needs of the department.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.16 Vehicle Impoundment and Inventory	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference:	

I. POLICY

A motor vehicle is an important piece of personal property that must be properly managed and supervised if the police take it into custody. Because abandoned vehicles constitute a public nuisance and a hazard to traffic, members of our community view their removal as an essential police service. Also vehicles involved in accidents or crimes may require towing and inventorying for evidentiary purposes. When towing is performed at an owner's request, the owner will be given the option of specifying a towing company. The department will select a tow company in other cases. Officers will also specify a tow company if there is a traffic hazard and the tow company selected by an individual cannot arrive in a timely manner.

II. PURPOSE

The purpose of this policy is to establish procedures for towing and for keeping an inventory of vehicles.

III. AUTHORITY TO TOW

A. Accident

1. Any vehicle involved in an accident shall be removed to the shoulder of the road or some other place out of the way of traffic as soon as possible after officers have obtained necessary investigative information.
2. Vehicles shall be removed from the shoulder without unnecessary delay.
3. The only departmental vehicles that can be used to push cars are ones that are equipped with push bars. The officer driving must have been trained in their use.
4. If the procedure above is not possible and a traffic hazard results, the officer may order towing of the vehicle at the owner's expense.
5. Vehicles may be impounded if the vehicle is needed for purposes of the investigation following a vehicle crash. Such cases may but do not necessarily involve custody of the operator.
6. Following vehicle crashes, an officer may request impoundment under one or more of the following circumstance:
 - a. The operator is unwilling or unable to take charge of the vehicle.

- b. The vehicle cannot be legally parked and sufficiently secured at the scene.
- c. There is property in or attached to the vehicle that cannot be sufficiently secured at the scene or placed in the custody of a responsible third party.

B. Emergency

Any vehicle found illegally parked in the vicinity of a fire, a traffic accident or an area of emergency that creates a traffic hazard or interferes with the necessary work of police, fire, or other rescue workers may be towed on an officer's orders at the owner's expense. Vehicles being used by radio, T.V., and press are exempt unless they obstruct police, fire, or rescue operations, or create an unreasonable traffic hazard.

C. Impeding/danger to traffic

No vehicle shall be stopped in such a manner as to impede or render dangerous the use of the highway by others except in cases of mechanical breakdown or accident. If a disabled vehicle is not promptly removed and creates a traffic hazard, the officer may order the vehicle towed at the owner's expense.

D. State/county/municipal vehicles

Paragraphs A, B, and C above shall not apply to any vehicle owned or controlled by the state or a local unit of government while actually engaged in construction or highway maintenance.

E. Blocking driveway or parking area

Any officer discovering or having report of any motor vehicle, trailer, or other vehicle blocking a driveway or parking area, or obstructing or interfering with the movement on any driveway or parking area without the landowner's permission may order the vehicle towed at the owner's expense.

F. Unattended traffic hazard/violation of law

Officers may call for the tow of any unattended motor vehicle found on a public street or grounds that constitutes a traffic hazard or is parked in such a manner as to be in violation of the law.

G. Abandoned vehicle

1. Any motor vehicle abandoned on public property is subject to towing at the owner's expense.
2. A vehicle may be presumed to be abandoned if it lacks either a current license plate, a current county, city, or town tag or sticker, or a valid state

inspection sticker, and has been left unattended on public property (other than an interstate or primary highway) for more than 48 hours.

H. Removal from private property

1. No removal shall be ordered from private property.
2. Property or business owners (Joshua ISD Property) may act immediately to have vehicles towed that are occupying a lot, area, space, building, or part thereof without permission of the owner (JISD administration).

I. Evidence/crime involvement

1. Upon supervisory approval, vehicles that are of an evidentiary value or have been used in the commission of a crime shall be towed at the request of the investigating officer to (Johnson County Corrections North Lot 1800 Ridgemar Dr. Cleburne) at department expense. This is for temporary storage and processing only.
2. Impoundment of stolen vehicles or those suspected of being stolen is appropriate under the following circumstances:
 - a. The owner cannot be contacted.
 - b. The owner is contacted and cannot or will not respond in a reasonable amount of time.
 - c. Immediate removal is necessary for safety reasons or purposes of safekeeping.
 - d. Towing of a vehicle that has been reported stolen is at the owner's expense.
 - e. Officers should document reasonable efforts to contact owners with means readily available.

J. Prisoner's vehicles

1. Vehicles belonging to arrested persons that are left at the scene of the arrest may be at substantial risk of theft or of damage to the vehicle or to personal property contained in the vehicle. It is, therefore, the policy of this department to tow all prisoner's vehicles to an impound lot at the owner's expense for protection of the vehicle except in the following situations:
2. A friend or relative of the prisoner is at the scene, and the arrestee wishes to release the vehicle to that person provided the person possesses a current driver's license, and the arrestee consents to the release either in writing or on the audio/video in-car recording system.
3. The arrestee agrees to lock and leave the vehicle in a legal parking space where a parking violation will not occur before arrangements can be made to recover the car.
4. The officer may have the vehicle towed if he or she believes the above methods of vehicle release would not properly protect the vehicle or its contents.
5. A vehicle shall be towed if a subject is arrested and one of the following circumstances exists:
 - a. The vehicle was used in a crime.

- b. The vehicle contains evidence of a crime that cannot be processed at the scene.
 - 6. Officers should not unnecessarily impound motor vehicles for purposes of gathering evidence when such processing can be reasonably, effectively, and safely conducted at or near the scene.
 - 7. A “hold” may be placed on any vehicle impounded for evidence for the period of time necessary to complete evidence collection.
 - 8. Holds on vehicles must be approved by an agency supervisor.
 - 9. Investigating officers shall complete their investigation of the vehicle in a timely manner so that it can be released to the owner.
- K. Impoundment for Forfeiture
- 1. As specified by state law, officers may impound a motor vehicle with the intent of initiating forfeiture proceedings when the vehicle is used in the commission of a crime.
 - 2. Officers should contact a supervisor before initiating forfeiture proceedings and shall follow forfeiture procedures as provided by this agency.

IV. TOWING PROCEDURES

- A. Motor vehicles shall not be impounded for purposes other than those defined by statute or ordinance. For example, vehicles cannot be impounded as a form of punishment, or as a means of conducting vehicle searches when probable cause does not exist or consent to search cannot be obtained.
- B. When an impoundment is ordered, the operator of the vehicle and any passengers should not be stranded. Officers shall take those measures necessary to ensure that the operator and any passengers of the vehicle are provided transportation.
- C. Vehicle operators may be permitted to remove unsecured valuables of a non-evidentiary nature from the vehicle prior to its removal for impoundment. The nature of these valuables shall be noted on the appropriate reporting document.
- D. Officers shall know under which provisions (subparagraphs A-L above) and laws the vehicle is to be towed.
- E. If possible, use the vehicle owner's or operator's choice of towing company.
- F. If the owner/operator does not wish to specify a towing firm or is not available to make a choice, the officer shall ask the dispatcher to send a wrecker.
- G. In an emergency involving major traffic congestion owing to a disabled vehicle, the officer shall notify the dispatcher and request a wrecker.
- H. If the vehicle involved in an emergency is larger than the normal passenger vehicle or pickup size, the officer shall so advise the dispatcher, who has a separate list of specially equipped wrecker services.
- I. Dispatchers shall log each instance of calling a tow service, including the time he or she called the tow service.
- J. When the wrecker arrives on the scene, the officer shall advise the dispatcher of time of arrival and any subsequent problems.
- K. Dispatchers shall be notified of all requests to tow vehicles by officers or owners of private property and shall record date, time, place towed from and to, license number, make or model, and color of vehicle in the towed-vehicle log.
- L. Contracted towing companies agree to respond to scenes within 20 minutes of a call. If a called wrecker does not arrive within the allotted time, the officer may

ask the dispatcher to cancel the original wrecker and order a wrecker from another company.

V. INVENTORY

A. Authority and purpose:

1. A motor vehicle inventory is an administrative procedure designed to protect vehicles and their contents while in departmental custody.
2. The purpose of the inventory is to protect the owner's property and to protect the department against claims and possible dangers.
3. Inventories may be conducted without a warrant or probable cause in the following situations:
 - a. The vehicle has been lawfully seized or impounded.
 - b. Before towing the vehicle for violations, safety reasons, or other purposes as defined by law.

B. Inventory vs. search

1. An examination of the contents of a motor vehicle pursuant to a criminal investigation or with the intent to search for evidence is not an inventory but a vehicle search and as such is governed by Policies 7.4 and 7.5.
2. Vehicles that are towed at the request of the owner/operator or vehicles that are left legally parked shall not be inventoried.
3. Officers are reminded of the "plain view doctrine" and the limitations upon the authority to search incidental to a lawful arrest. See Policy 7.4 for further details.
4. A vehicle inventory report shall be completed whenever an officer assumes responsibility for towing a vehicle, and shall complete an inventory at the location where the vehicle was seized unless reasons of safety or practicality require the inventory to take place later or at a different location.
5. Before the vehicle is removed, officers shall obtain the signature of the tow-truck driver on the inventory report and provide the tow driver a duplicate copy of the report.

C. Inventory procedures

1. The owner or operator of the vehicle shall be asked to remove, if possible, all valuables from the vehicle prior to impoundment. If such items cannot be removed, they shall be inventoried before the vehicle is removed, and the owner/operator shall be requested to verify the completeness of the inventory by signature.
2. The scope of the inventory includes all open and closed containers and compartments and any locked containers or compartments as long as the officer has a key. Locked or sealed areas shall not be forcibly entered if doing so will damage them. Locked areas that are not searched will be noted on the impound report. In general, the inventory extends to all areas of the vehicle in which personal property or hazardous materials may reasonably be found.
3. Officers shall not force open a vehicle's trunk or glove compartment to inventory the contents if a key is not available.
4. Any evidence, contraband, fruits of a crime, or instrumentalities of a crime discovered during an inventory shall be handled in accordance with evidence procedures.

	Policy 7.17 Communicable Diseases	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference:	

I. POLICY

The department bears an obligation to the public and to its own personnel to increase awareness about risks, modes of transmission, and procedures for handling communicable diseases such as hepatitis B, tuberculosis, HIV (Human Immunodeficiency Virus) and AIDS (Acquired Immune Deficiency Syndrome), and AIDS-related infections.

Officers cannot refuse to work with or handle anyone--victim, complainant, or suspect--because of the officer's fears of possible infection. Personnel shall not refuse to arrest or otherwise refuse to handle any person in a legitimate law-enforcement context, provided that appropriate protective equipment is available. The measures provided herein will assist officers in carrying out their duties while simultaneously minimizing health risks. Officers shall act responsibly in minimizing the risk of infection when dealing with any person, male or female, child or adult, or with any body fluids. A few simple precautions, however, will avoid the risk of infection almost entirely.

The department shall provide employees with information and education on prevention of communicable diseases, as well as safety equipment and procedures to minimize their risks of exposure. The department has instituted post-exposure reporting, evaluation, and treatment for all members exposed to communicable diseases.

This policy is not intended to address all known diseases. For example, Ebola and other highly contagious diseases are not specifically addressed. Officers of this department will work closely with all stakeholders to develop response protocols that are safe and effective for everyone involved.

II. PURPOSE

The purpose of this order is to establish guidelines and procedures to be followed when a member of the department is exposed to a communicable disease with a risk of major illness or death, and for handling of evidence or property that may be contaminated.

III. DEFINITIONS

A. Communicable disease

An infectious disease capable of being passed to another by contact with an infected person or his/her body fluids or on an object.

B. HIV (Human Immunodeficiency Virus)

The virus that causes AIDS. HIV infects and destroys certain white blood cells, undermining the body's ability to combat infection. (Also named HTLV-III or LAV). Technically speaking, this general order aims to reduce the chance of HIV transmission, the virus that causes AIDS. HIV is transmitted through very specific body fluids, including blood, semen, vaginal fluids, and breast milk.

C. ARC (AIDS-Related Complex)

A condition caused by the aids virus (HIV) and has a specific set of symptoms. Such symptoms include persistent fever, weight loss, skin rashes, diarrhea, and swollen lymph nodes. Although these symptoms may be debilitating, they are generally not life-threatening.

D. AIDS (Acquired Immune Deficiency Syndrome)

A blood borne and sexually-transmitted disease that attacks and destroys the body's immune system. It makes people susceptible to infections, malignancies, and diseases not generally life-threatening to persons with normal immune systems. AIDS also causes disorders of the central nervous system. There is no vaccine against the virus. Personnel are advised that AIDS is not transmitted through any of the following (according to the Centers for Disease Control):

- a. Sneezing, coughing, spitting.
- b. Handshakes, hugging, or other nonsexual physical contact.
- c. Toilet seats, bathtubs, or showers.
- d. Various utensils, dishes, or linens used by persons with AIDS.
- e. Articles worn or handled by persons with AIDS, i.e., doorknobs, pens, or cups.
- f. Being near someone with AIDS frequently or over a long period of time.
- g. Riding the same transportation.
- h. Eating in the same public place with an AIDS-infected person.
- i. Working in the same office.

E. Seropositivity

Refers to a person having antibodies to HIV, meaning that infection has occurred at some time in the past. A seropositive person can be infected with HIV for years without ever developing symptoms of AIDS. Infected persons can transmit the virus even though they may not have symptoms of AIDS.

F. Hepatitis B (HBV)

A viral infection that can result in jaundice, cirrhosis, and, sometimes, cancer of the liver. The virus is transmitted through exposure to blood, semen, vaginal secretions, breast milk, and possibly saliva. Two vaccines are currently available against hepatitis B [Recombivax (synthetic) or Heptivax (serum derived)].

G. Tuberculosis

A bacterial disease that can be transmitted through saliva, urine, blood, and other body fluids by persons infected with it. Tuberculosis is spread primarily by inhaling airborne droplets from infected coughing people. It can enter the body through infected mucous on the skin (as from coughing or sneezing) or from droplets that are inhaled. It is an airborne, opportunistic disease and it primarily causes lung infection. Although no vaccine against tuberculosis exists, medications are available to treat the disease.

H. Exposure control program

A written agency plan, available to all employees, which details the steps taken to eliminate or minimize exposure incidents, and identifies at-risk tasks and assignments.

I. Personal protective equipment (PPE)

Specialized clothing or equipment worn or used by employees for protection against infection. PPE does not include uniforms or work clothes without special protective qualities.

J. Universal precautions

Controls or procedures advised by the Centers for Disease Control (CDC) that emphasize precautions based on the assumption that blood and body fluids are potentially infectious. This is true, for example, with persons thought to have been infected with the Ebola virus.

IV. GENERAL RESPONSIBILITIES

A. The Chief of Police shall ensure that adequate supplies are available for communicable disease control within the department. Supervisors are responsible for maintaining continuously an adequate supply of Personal Protective supplies for all affected personnel within their purview. Further, supervisors must ensure that:

1. Personal protective equipment and supplies (PPE) can be found in sufficient quantities at advertised locations.
2. Hypoallergenic gloves and other materials are available for employees allergic to standard-issue gear.

3. Supplies are routinely inspected, replaced, cleaned.
 4. First Aid supplies and disinfectants are available always.
- B. The Chief of Police, through his or her subordinate supervisors, shall ensure that the department vehicles will each contain the following PPE supplies at all times:
1. Stocked First Aid Supplies kit.
- C. Personnel shall use protective equipment under all appropriate circumstances unless the officer can justify otherwise.
- Officers who, for whatever reason, do not use protective gear when appropriate shall document the incident as soon as practicable for department review.
- D. All personnel whose skin comes into contact with body fluids of another shall begin disinfection procedures immediately: these procedures range from simple soap-and-water washing to the use of alcohol or antiseptic towelettes. All open cuts and abrasions shall be covered with waterproof bandages before personnel report for duty.

V. GENERAL PRECAUTIONS

A. General

Whenever possible, officers shall wear disposable latex gloves when doing any of the following:

1. Handling persons or items with any blood or body fluid products (hypodermic needles, syringes, or surfaces soiled with blood or body fluids, gun or knife wounds).
2. Packaging and handling such items as evidence.
3. Cleaning up blood or other secretions which appear on floors, seats, equipment, handcuffs, shoes, clothing, pens, pencils, etc.

B. Specialized devices

1. Masks shall be worn whenever splashes, spray, spatter, or droplets of potentially infectious fluids endanger contamination through the eyes, nose, or mouth. Masks may be worn with other protective devices such as goggles. Gowns, jackets, coats, aprons, or coveralls shall be worn as determined by the degree of exposure anticipated.
2. Fire Department personnel have access to complete bio-hazard suits and equipment if needed. (TBP: 8.10)

C. Handling people

1. Wash hands thoroughly for thirty seconds with warm water and soap after removing gloves (when handling evidence) or after contact with the subject (if bleeding or vomiting). If water is unavailable, use pre-moistened towelettes found in the communicable disease control kit to decontaminate skin.
2. Penetration resistant gloves or their equivalent shall be worn when searching persons or dealing in environments, such as accident scenes, where sharp objects and bodily fluids may reasonably be encountered. Search techniques shall be used that require suspects to empty their own pockets or purses and remove sharp objects from their persons.
3. When transporting prisoners do not put fingers in or near any person's mouth.
4. Transport persons with body fluids on their persons in separate vehicles from other persons. A person who is bleeding or producing a fluid may have to wear a protective covering.
5. Notify other support personnel or law-enforcement officers during a transfer of custody that the suspect has fluids on his or her person, or that the suspect has stated that he or she has a communicable disease. Booking forms should so state.

D. Handling objects

1. Objects contaminated with body fluids shall be completely dried, double bagged, and marked to identify possible disease contamination.
2. Contaminated items to be disposed of shall be placed in Bio-Hazard bags and sealed.
3. Officers shall use extra care when handling any sharp objects. If officers find syringes, they shall not bend, recap, or otherwise manipulate the needle in any way, but shall place them in puncture-resistant containers provided by the department.

E. Handling fluids

1. Clean up blood spills or other body fluids with regular household bleach diluted 1 part bleach to 10 parts water (or use undiluted bleach, if easier). Bleach dilutions should be prepared at least every 24 hours to retain effectiveness.
2. Wear latex gloves during this procedure.

3. A soiled uniform (by blood or body fluids) should be changed as soon as possible. Wash in hot water and detergent or Dry Clean. If Dry Cleaning, advise the Dry Cleaner staff of the bio-hazard.
4. Departmental vehicles within which body fluids are spilled require immediate disinfection procedures. Employees who have the vehicles assigned to them shall notify their supervisor of the spill and arrange for a thorough cleaning as soon as possible.
5. All police vehicles will be cleaned with disinfectant as part of a routine, scheduled washing and maintenance check.

F. Precautions when bitten

The danger of infection through bites is low. The victim cannot be infected with HIV through the blood of the biting person unless that person has blood in his or her mouth which comes into contact with the victim's blood. HIV cannot be transmitted through saliva. With HBV, however, transmission takes place through infected blood or blood-derived body fluids. Infection takes place by exposure of the eyes, mouth, or mucous membranes to the virus. Precautionary procedures to minimize the risk of infection include:

1. Encouraging the wound to bleed by applying pressure and gently "milking" the wound.
2. Washing the area thoroughly with soap and hot running water.
3. Seeking medical attention at the nearest hospital (if the skin is broken).
4. Advising your supervisor, make a report, or follow any other policy for reporting injuries, including the filing of appropriate Worker's Compensation forms.

G. Precautions when punctured by needles or knives

If an officer is cut or punctured by a needle or a knife or other instrument while searching a suspect or handling contaminated evidence, follow these general guidelines:

1. Allow the wound to bleed (unless severe bleeding occurs) until all flow ceases. Then cleanse the wound with alcohol-based cleanser (or pre-moistened towelettes) and then with soap and water. Do not rely exclusively on towelettes: wash wounds thoroughly with soap and water.
2. Seek medical attention as soon as possible after the injury. A physician will then decide the proper treatment.

3. Advise your supervisor, make a report, or follow any other policy for reporting injuries, including the filing of appropriate Worker's Compensation forms.

H. Precautions at major crime scenes

1. At the crime scene, officers and crime scene technicians confront unusual hazards, especially when the crime scene involves violent behavior such as homicides where large amounts of blood have been shed.
 - a. No person at any crime scene shall eat, drink, or smoke due to the potential hazard.
 - b. The best protection is to wear disposable latex gloves. Any person with a cut, abrasion, or any other break in the skin on the hands should never handle blood or other body fluids without protection. Officers shall carry latex gloves on their persons at all times.
 - c. Latex gloves should be changed when they become torn or heavily soiled or if an officer leaves the crime scene (even temporarily).
 - d. If cotton gloves are worn when working with items having potential latent fingerprint value, wear cotton gloves over latex gloves.
 - e. Hands should be washed after gloves are removed, even if the gloves appear to be intact. Officers shall take care to avoid contact between skin and soiled gloves.
 - f. Always keep a plastic bag in the communicable disease control kit to be used only to collect contaminated items (gloves, masks, etc.) until they can be disposed of properly. Clearly mark the bag "Contaminated Material."
 - g. Shoes and boots can become contaminated with blood. Wash with soap and water when leaving the crime scene, or use protective disposable shoe coverings.
 - h. Wrap-around eye safety goggles and face masks should be worn when the possibility exists that dried or liquid particles of body fluids may strike the face. Particles of dried blood, when scraped, fly in many directions, so wear goggles and masks when removing the stain for laboratory analysis.
 - i. Crime scene search personnel will wear full coveralls, protective goggles, shoe covers, gloves, and particulate masks when entering a crime scene where large amounts of blood or other body fluids are expected.

2. While processing the crime scene, be constantly on the alert for sharp objects, such as hypodermic needles, razors, knives, broken glass, nails, etc. Use of mirrors may be appropriate while looking under car seats, beds, etc.
3. Use tape--never metal staples--when packaging evidence.
4. If practicable, use only disposable items at a crime scene where blood or other body fluids are present.
5. Before releasing the crime scene, advise the owner of the potential infection risk and suggest that the owner contact the local health department for advice.
6. Warning labels must be placed on all plastic evidence bags to go to the crime laboratory.

VI. VACCINATIONS

The department affords all employees who have occupational exposure to hepatitis B the opportunity to take the HBV vaccination series at no cost within 10 working days of assignment to an occupationally exposed duty. The vaccination shall be provided only after the employee has received departmental training in communicable diseases, is medically fit for the vaccinations, and has not previously received them.

VII. OCCUPATIONAL EXPOSURE TO COMMUNICABLE DISEASES

A. Notification

1. As soon as practicable, all employees shall document possible exposure to infectious fluids or materials. In any case, employees shall immediately notify their supervisor of possible exposure.
2. Examples of such exposure include:
 - a. Direct contact with body fluids on chapped or open areas (cuts, scratches) on the skin or on mucous membranes (i.e., eyes, mouth).
 - b. Direct mouth-to-mouth resuscitation (CPR) without use of a one-way valve.
 - c. Receiving a cut or puncture wound as a result of searching or arresting a suspect or handling contaminated evidence.

B. Testing

1. If a member of the department is exposed to the body fluids of a person who has or is suspected to have a communicable disease, the member must be evaluated for evidence of infection by the department physician.

- a. The person whose body fluids came into contact with an officer may state that he or she has AIDS. Often, a person may try to prevent police from withdrawing blood for drug screening (as in a DWI arrest), although, in fact, he or she is not infected at all. While the department cannot coerce an individual--suspect or otherwise--to take periodic tests for infection, the department shall try to convince the subject who may have transmitted infection to do so.
 - b. HSC 81.050 states that if any person or employee has been exposed to body fluids, the person or employee whose fluids were involved will be requested by the agency to consent to HBV or HIV testing and disclosure of results.
 - c. CCP 21.31 provides measures whereby a person charged with any crime involving sexual assault, or particular offenses against children, may be ordered to submit to HIV testing.
 - d. Personnel should understand the difficulty of transmitting HIV and hepatitis B. If infection control measures have been followed, the risk is very low.
- C. Testing for presence of infection shall be done if indicated by a medical assessment (after an incident involving the possible transfer of blood or other body fluids). The following information details testing methods and their reliability.

1. AIDS/ARC/HIV

- a. Blood tests can detect HIV antibodies (produced by the body's immune system).
- b. The two common tests for HIV antibodies are the ELISA (Enzyme-Linked Immunosorbent Assay) and the Western Blot. Since the ELISA is less expensive and easier to perform, it is usually used as a first screen for HIV. If the ELISA identifies the person as seropositive, a second ELISA is performed. If the second test is also positive, a Western Blot is usually performed to confirm the results.
- c. Since HIV antibodies may not develop for some months after a person has been infected, an initial negative result may not mean freedom from infection. Typically, three to six months elapse following an infection for a positive reaction to occur. High false positive rates also occur with the use of only ELISA test.
- d. One must be tested, then, immediately following the incident (for a baseline) and then six and twelve months later.

2. Hepatitis B

A blood test can confirm the presence of hepatitis B virus six to eight weeks after exposure. Note that different tests exist for hepatitis B depending on the reason for testing.

3. Tuberculosis

- a. This disease is detected first by a skin test, and then confirmed by an x-ray. The department physician can order this test for the department employee.

D. Confidentiality

1. Confidentiality of information concerning test results is paramount. The victim has a right to privacy in employer-maintained information about his/her health. No need exists for a supervisor routinely to know that a person tests positive (for HIV or hepatitis B). The department views a breach of confidentiality as a serious disciplinary problem which may result in suspension or termination of employment.
2. Under most circumstances, medical authorities will retain confidential records unless the employee tested requests it or state law requires it.

E. Positive test results

1. Any person who tests positive for HIV or hepatitis B shall not be summarily removed from duty. The department shall make no restrictions simply because of diagnosis. These diseases are not spread by casual contact (as between coworkers in the department). The department shall alter an employee's assignment only when he or she can no longer perform the required duties.
2. The department shall ensure continued testing, if necessary, of members for evidence of infection, and shall provide psychological counseling if necessary.
3. Any person who tests positive for tuberculosis may be restricted from working for a period of time. The medical evaluation will determine the stage and type of disease the person has contracted and if he/she is contagious. A tuberculosis-infected person requires medication and shall not return to work until the doctor says he/she is non-communicable. (Tuberculosis is easily transmitted and its incidence in Virginia has recently shown a slight increase. After exposure to tuberculosis, a person may, after a medical evaluation, take medicine to help prevent the disease.)

F. Job performance

1. Infected employees shall continue working as long as they maintain acceptable performance and do not pose a safety or health threat to themselves or others in the department.
2. Where feasible, an employee who has medical complications from a communicable disease will either be reassigned to another job or have his/her job restructured so that he/she can remain employed. As necessary, medical documentation shall support requests for job restructure or reassignment. All personnel shall treat such employees in the same manner as employees who suffer from other serious diseases or handicaps: that is, fairly, courteously, and with dignity.

The department may require an employee to be examined by the department physician to determine if he/she is able to perform his/her duties without hazard to him/herself or others.

G. Discrimination

The department expects all personnel to continue working relationships with any fellow employee recognized as having AIDS/ARC, hepatitis B, or non-communicable tuberculosis. The department will consider appropriate corrective or disciplinary action against an employee who threatens or refuses to work with an infected employee or who disrupts the department's mission.

H. Records

The agency maintains a record for each employee detailing incidents of occupational exposure, including information on vaccination status; the results of examinations and tests; health care professionals' written opinion; and any other relevant information. These records are retained by the Chief in secure storage for the duration of tenure of employment, and shall not be disclosed or reported without the express written consent of the employee.

VIII. TRAINING

- A. The training officer shall ensure that all members of the agency receive a course of instruction on blood borne diseases and the use of Personal Protective equipment before their initial assignment. Further, each affected employee will receive annual refresher training plus any additional training appropriate to the particular employee assignment.
- B. The training officer shall retain complete records on instruction of employees to include dates of training; content of sessions; names and qualifications of trainers; names and job titles of attending employees.
- C. The training officer is responsible for dissemination of updated information to all personnel and for appropriate educational programs about communicable diseases. These programs shall include at a minimum:

1. Written information concerning AIDS/ARC/HIV, hepatitis B, and tuberculosis in the form of brochures, bulletins, memorandums, or fact sheets.
2. Group and/or individual presentations and discussions provided by adequately trained personnel or experts from outside the department.
3. Local resources for further medical and law-enforcement information.

IX. AIDS-RELATED CONCERNS OF PERSONNEL

ISSUE	INFORMATION
Human Bites	A person who bites is typically the one who gets the blood; viral transmission through saliva is highly unlikely. If bitten by anyone, gently milk wound to make it bleed, wash the area, and seek medical attention.
Spitting	Viral transmission through saliva is highly unlikely.
Urine/feces	Virus isolated in only very low concentrations in urine; not at all in feces; no cases of AIDS or HIV infection associated with either urine or feces.
CPR/first aid	To eliminate the already minimal risk associated with CPR, use masks/airways; avoid blood-to-blood contact by keeping open wounds covered and wearing gloves when in contact with bleeding wounds.
Body removal	Observe crime scene rule: do not touch anything; those who must come into contact with blood or other body fluids should wear gloves.
Casual contact	No cases of AIDS or HIV infection attributed to casual contact.
Any contact with blood or body fluids	Wash thoroughly with soap and water; clean up spills with 1:10 solution of household bleach.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.30 Traffic Enforcement	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.21, 7.22, and 7.28	

I. POLICY

Traffic law enforcement involves all activities or operations which relate to observing, detecting, and preventing traffic law violations and taking appropriate action under the circumstances. It is the policy of this department that motor vehicle stops shall be performed professionally and courteously, and with a view towards educating the public about proper driving procedures while recognizing and taking steps to minimize the dangers involved in this activity for the officer, the motorist, and other users of the highway.

Overzealous enforcement, however, without considering whether the violator is familiar with the legal requirements or without regard for the circumstances surrounding the violation causes disrespect for the law and poor relations between the department and the community. The emphasis of an officer's traffic enforcement is placed on violations that contribute to accidents and that prevent hazards to vehicular and pedestrian traffic. (TBP: 7.28a)

II. PURPOSE

It is the purpose of this policy to establish guidelines for stopping and approaching motorists in a manner that promotes the safety of the officer and the motorist.

III. PROCEDURES

A. Legal Basis for Stopping Motor Vehicles

1. Officers must have reasonable suspicion or probable cause for stopping a motor vehicle as provided by the Fourth Amendment to the U.S. Constitution. Officers are prohibited from stopping vehicles under the guise of legal authority when in fact the stop is based solely on the officer's prejudice concerning a person's race, ethnicity, sex, or similar distinction.
2. A motor vehicle may be stopped only for a period of time that is reasonable to issue a citation or conduct other legitimate police business.
3. Officers should avoid arrests solely for minor vehicle infractions even if permitted by law when a citation in lieu of arrest is a reasonable alternative.

4. Officers are reminded that they have full discretionary authority in the type of enforcement actions to be taken, subject to the guidelines contained herein. (TBP: 7.28b)

B. Types of enforcement actions

1. Warnings

Officers may issue warnings to a violator whenever a minor traffic infraction is committed in areas where traffic accidents are minimal, or when the act may be due to ignorance of a local ordinance which may be a unique violation or a violation of which the driver may not be aware. In their discretion, officers must recognize that a properly administered warning can be more effective than any other type of enforcement.

2. Traffic Citation

A traffic citation shall be issued to a violator who jeopardizes the safe and efficient flow of vehicular and pedestrian traffic, including hazardous moving violations or operating unsafe and improperly equipped vehicles.

NOTE: A violator may not be physically arrested but must be issued a citation for the offenses of speeding or violation of the open container law.

3. Physical Arrest (TBP: 7.28d)

- a. In compliance with Transportation Code 543.002, and other applicable state law, officers shall make a physical arrest and take the violator before a magistrate when the officer has probable cause to believe that the violator
 - i. has committed a felony
 - ii. has failed to stop at the scene of an accident involving property damage or committed any other violation where the punishment is greater than a fine only
 - iii. refuses to give a written promise to appear under TRC 543.005 (Promise to Appear).
- b. If the violator refuses to sign the citation, the officer will write "Refused to Sign" in the signature block and issue the citation to the subject. Physical arrests for refusal to sign will not be made by this agency.

C. Handling special categories of violators

1. Juveniles

Juvenile traffic offenders are prosecuted in municipal court. Juveniles over the age of 14 may be issued citations for offenses committed in cars. Juveniles over the age of 10 may be issued citations for offenses on motorcycles, motorized scooters, or ATVs. Officers issuing traffic citations to juvenile offenders shall advise

them that a parent or guardian must accompany them when they appear before the court. Juveniles must appear in court with their parents or other responsible adult. No prepayment is allowed.

2. Foreign diplomatic or other consular officials
 - a. Diplomatic immunity is granted by the United States Government. Generally, immunity may apply to diplomats, members of their families, and employees of diplomatic missions concerning acts performed in the course of their official duties.
 - b. Different levels of immunity exist. The burden is on the diplomat to claim immunity and show the appropriate U.S. State Department-issued credentials.
 - c. If the offense is a felony or one that involves bodily injury, serious bodily injury or death to an individual the State Department shall be contacted as soon as possible.
3. Members of Congress
 - a. Members of Congress may not be detained for the issuance of a summons while they are in transit to or from the Congress of the United States.
 - b. If a member of Congress is stopped for a traffic infraction, upon presentation of valid credentials, he or she shall be released immediately. The officer may then obtain a summons for the member of Congress covering the observed violation and make arrangements to serve the summons at a time when the member of Congress is not in transit to or from Congress or on official business.

D. Information regarding traffic summons

A citation shall be completed whenever a motorist is to be charged with a motor vehicle violation. Officers shall advise drivers of the following:

1. The court appearance schedule and contact information. (TBP: 7.21)
2. Whether the court appearance by the motorist is mandatory
3. Whether the motorist may be allowed to pay the fine before court and enter a guilty plea
4. Answers to the motorist's questions about the summons, being as thorough as possible.

IV. UNIFORM ENFORCEMENT POLICIES FOR TRAFFIC LAW VIOLATIONS

A. Speed violations

1. On public streets within the district that have a speed limit of 30 mile per hour or higher, officers shall not write citations for under 40 miles per hour unless specifically approved for a particular operation or problem-solving activity.
2. In school zones where the speed limit is posted, citations may be written for any vehicle traveling at a speed 5 miles per hour or greater than posted limit.
3. Officers shall use common sense and good judgement and understand that each stop should be taken at its own merit. These uniform traffic

enforcement guidelines are not intended to detract or diminish an officer's judgement and discretion. The goal of traffic enforcement is to correct a driver's behavior and that corrective action can be accomplished in more ways than simply issuing a traffic summons.

4. It is the policy of this Department only officers with proper formal training and / or calibrated equipment may enforce speed violations.

B. Other hazardous violations

Citations may be issued for any hazardous violation which in the officer's experience has caused accidents at the specific location.

C. Equipment violations

With only annual inspections required of vehicles, citations may be issued for any essential equipment defects which creates a danger or hazard to the driver or others or for expired inspections stickers. Officers shall not issue an inspection citation until the 10th day of the month following the month the inspection expired.

D. Public carrier/commercial vehicle violations

In issuing a summons, consider traffic congestion, lack of parking, and carrier needs for delivery access. Repetitive violators shall be cited.

E. Multiple violations

Officers may issue summonses for all appropriate violations. In the event of multiple violations, officers may issue multiple citations for the most serious violations and warn on others if appropriate.

F. Newly enacted laws

The law usually does not provide for a grace period when new laws take effect. Officers, though, may use discretion in observing a reasonable grace period before issuing a summons for the following:

1. A violation of a newly enacted traffic law.
2. Speeding violations in an area which the speed limit has been reduced.
3. Expired state license tags or expired state inspection stickers for approximately ten days after their expiration.

V. TRAFFIC LAW ENFORCEMENT PRACTICES - General

Normal traffic enforcement involves patrol by officers who observe and handle traffic violations during the performance of their duties.

- A. Area patrol involves traffic enforcement within the officer's assigned area of responsibility.

- B. Line patrol involves traffic enforcement with concentration on a particular section of roadway.
- C. Directed patrol instructions can specify enforcement in an area, on a line patrol, or at a specific location, depending on the nature of the hazard/violation.
- D. Stationary observation, either covert or overt, may be used as a technique to make observations about the flow of traffic at a particular location.
- E. Officers are encouraged, when completing reports or doing other activities which will keep them out of service for a short while, to park their patrol vehicles in a conspicuous location where the mere presence of the vehicle will serve to remind other drivers to comply with traffic laws.
- F. Objectives of traffic stops
 - 1. The two primary objectives of any traffic stop are
 - a. to take proper and appropriate enforcement action; and
 - b. to favorably alter the violator's future driving behavior.
 - 2. Achievement of these objectives requires the officer to evaluate the violator's mental and physical condition when assessing the facts of the violation itself. In achieving these objectives, officers must exhibit flexibility to minimize conflict or argument with the violator.
- G. Stopping a Violator / Issuing a Citation (TBP: 7.28 c)
 - 1. Rules to be followed in all traffic stops:
 - a. Be alert at all items for the unexpected.
 - b. Be absolutely certain that the observations of the traffic violation were accurate. The reasonable suspicion standard shall be met.
 - c. Present a professional image in dress, grooming, language, bearing, and emotional stability.
 - d. Be prepared for the contact by having the necessary equipment and forms immediately available.
 - 2. Before making a vehicle stop:
 - a. Maintain a reasonable distance between the violator and the patrol vehicle.
 - b. Locate a safe spot to stop the vehicle.
 - c. Activate the emergency lights and, when necessary, the siren to signal the vehicle to stop.
 - d. Advise the dispatcher of the intention to stop the particular vehicle, and give the following information:
 - i. The location of the stop.
 - ii. The vehicle's license tag number and a description when necessary.
 - e. The officer shall position the patrol vehicle approximately one-half to one car length behind the violator's vehicle. The patrol vehicle shall be positioned so that it will offer the officer some protection

- from oncoming traffic. This position shall be two feet outside and to the left of the violator's vehicle.
3. Additionally, when stopping a vehicle in which the occupant(s) is deemed to present a hazard to the officer's safety, perform the following actions.
 - a. Request a backup unit and calculate the stop so that the backup unit is in the immediate area before making the actual stop;
 - b. Train the unit's auxiliary lights (spotlight) on the occupant(s) of the vehicle when applicable;
 - c. When necessary use the vehicle's public address system to give instructions to the occupant(s) of the violator's vehicle.
 4. Hazards
 - a. On multi-lane roadways, the officer shall insure the safety of the violator during the lane changes by gradually changing from lane to lane with the violator until the right side of the roadway is reached.
 - b. Should the violator stop abruptly in the wrong lane or in another undesirable location, the officer shall direct him or her to move to a safer location. Officers shall use the public address system to instruct violators to move to a safer location. If the officer's oral directions and gestures are misunderstood, the officer shall quickly leave the patrol vehicle and instruct the violator.
 - c. At night, officers shall exercise caution in selecting an appropriate place for the traffic stop. Once the violator has stopped, to maximize officer safety, use the spotlight, and set the head lights for high beam, and employ emergency bar lights and emergency flashers.
 5. Approaching the violator (Left Side Approach)
 - a. The following steps in stopping and approaching a traffic violator are intended to provide maximum safety for the officer, the violator, and other users of the roadway. Varying conditions regarding the engineering of the particular traffic way, the urgency to stop the violator (drinking driver), and the existing volume of traffic may require adjusting or altering the recommended procedure. Follow these procedures unless circumstances dictate another reasonable method.
 - b. After properly advising the dispatch of the traffic stop, location, and vehicle license number, the officer shall leave the patrol vehicle and be continuously alert for any suspicious movement or actions on the part of the violator or other occupants in the violator's vehicle.
 - c. The officer shall approach from the rear of the violator's car, look into its rear seat, and stop behind the trailing edge of the left front door. On busy roadways, officers should consider the option of approaching the vehicle from the passenger's side (right) for officer safety. This position shall be maintained if there are only occupants in the front seat of the vehicle. From this position, the officer can communicate with the violator, and at the same time keep all occupants of the vehicle in view.
 - d. In cases where the violator's car has occupants in both the front and rear seats, the officer shall approach to the trailing edge of the left front door, alert for any unusual actions on the part of the occupants

and choosing a path so the door cannot be used as a weapon against the officer. From this position, the officer can communicate with the violator and keep all occupants in view.

- e. In traffic stops made by two-officer patrol vehicles, the passenger officer shall handle all radio communications, write all notes, and act as an observer and cover for his or her fellow officer.

6. Communicating with the violator

In transacting business with the violator, the officer shall observe the following rules:

- a. Greet the violator courteously with an appropriate title.
- b. Inform the violator what traffic law he or she has violated and the intended enforcement action (do not keep the violator in suspense).
- c. Ask for and accept only the violator's driver license and vehicle registration. If the driver offers money, the officer shall refuse it and advise the driver of the illegality of the offer.
- d. If the driver has no driver's license, obtain another document of identification.
- e. Allow the driver to discuss the violation. Do not argue, berate, belittle, or otherwise verbally abuse the violator.
- f. Complete the forms required for the enforcement action or give an oral warning, if appropriate.
- g. If the enforcement action requires a court appearance, make sure the violator knows where and when to appear. Explain any alternatives to the violator, but do not predict the actions of the court.
- h. Be alert to any emotional stress exhibited by the driver. If stress is present, the instructions may have to be repeated or the violator may need to calm down before resuming driving.
- i. Officers should note if there is any information from dispatch or on the vehicle's license plate that indicates the driver has difficulty in communicating with the police.

7. Conducting the transaction

- a. Return the violator's driver's license, registration, and a copy of the citation or warning, if given.
- b. Release the defendant after he or she signs the summons, and receives a copy of the summons.
- c. Assist the violator in safely re-entering the traffic flow.
- d. Do not follow the violator.

VI. CITATION ACCOUNTABILITY

A. Citation Book Security (TBP: 7.22)

1. Citation issuing information, records, and storage of citations is the Administrative Sergeant and are located within the Departmental storage room safe. The Administrative Sergeant will notify the Chief of Police when

new citations are needed. The Administrative Sergeant will verify the number of books delivered and place them in a designated locked area.

2. Included with the citation books is an inventory log sheet that includes the book and citation numbers. The Administrative Sergeant will log citation books as they are issued or returned. This log will note the issued officer, ID, and citation book number. The officer will also sign the log.
3. The assigned supervisor will complete periodic inspections of citation books not yet issued to ensure they are accounted for and that the inventory log is being maintained properly. Discrepancies will be reported to the Chief by special report. This inspection will be annotated on the Inventory Log.
4. The Administrative Sergeant will provide completed logs to the Chief of Police for departmental records.

B. Citation Accountability

1. Officers are directly accountable for each citation issued to them. Audit will now be performed quarterly and all missing citations must be accounted for. Failure to be able to account for each citation issue may result in disciplinary action as appropriate.
2. Officers will keep the yellow copy of their citations for personal reference. Officers should maintain their copies for a minimum of six months in order to answer any questions regarding the citation on quarterly audits. Since these are copies and not originals, they do not have to be kept permanently under the governmental records rules.
3. Officers who make errors on citations and chose not to use a citation form will write "VOID" and the reason for the voiding on all copies of the citation, staple all copies and forms together, (except the yellow copy which the officer keeps), and turns in the remaining copies to their supervisor at the end of shift. (Violator's copy must be attached.) The supervisor will note "Approved" followed by their initials and forward the citation to municipal court.
4. Officers who discover errors after citations have been sent to the JP court must prepare a memorandum for Request for Dismissal, or a request that the violations be amended including any pertinent information regarding said changes, and send the request through their supervisor to the Chief of Police for approval and forwarding to court.
5. It is permissible for one officer to use a citation out of another officer's assigned book; however, the assigned officer should not loan the entire book to a fellow officer. The assigned officer is still responsible for the citations issued.

C. Voided Citations

Citations marked "Void" will be provided to the Administrative Sergeant and logged to prevent citations from appearing as missing. Periodic inspections should be completed to accurately track voided citations.

VII. TRAFFIC RECORDS SYSTEM

- A. The Operational Sergeant is responsible for compiling the following traffic information:
 - 1. Traffic accident data (to include location and accident causes)
 - 2. Traffic complaints
 - 3. Traffic engineering deficiencies

- B. The Operational Sergeant is also responsible for compiling traffic enforcement data to include:
 - 1. Analysis of traffic accidents
 - 2. Analysis of traffic enforcement activities
 - 3. Implementation of Selective Enforcement techniques and procedures
 - 4. Deployment of traffic enforcement personnel
 - 5. Evaluation of selective enforcement activities.

Note: "Selective enforcement" refers to selecting location and type of offense to enforce to address a particular problem. It does not refer to the selection of specific individuals to receive enforcement action.

- C. Annually the Operations Sergeant will prepare and distribute both traffic and patrol personnel the analysis of accident data and contributing factors. Any recommendations for enforcement and selective enforcement at high accident locations will be included.

VIII. DUI/DUI ENFORCEMENT PROCEDURES

A. Laws

It is unlawful for any person to drive or operate any motor vehicle, watercraft or airplane while under the influence of alcohol or while under the influence of any narcotic drug of any nature to the extent the driver has lost the normal use of his or her mental or physical faculties.

B. Responsibilities

Officers shall be alert for suspected DUI offenders. Officers shall use and document standardized roadside sobriety tests. Officers must carefully document the behavior of the DUI beginning with observations of driving. Once the violator has been stopped, the officer shall note the suspect's appearance, responses to stimuli, speech, admissions of drinking, or drug ingestion.

C. Breathalyzer

- 1. The security, care, and maintenance of the breathalyzer and all physical evidence obtained from it are every officer's responsibilities.
- 2. The breathalyzer is located at Johnson County Corrections.

D. Sobriety tests

1. Officers shall administer a minimum of three field sobriety tests from the following list, which names the most commonly administered tests.
 - a. Gaze nystagmus (only if properly certified).
 - b. Walk and turn.
 - c. One-leg stand.
 - d. Reciting of alphabet.
 - e. Ten count.
 - f. Nose find.
 - g. Officers may employ additional tests, but they must be performed in the same order and manner every time.
2. If the operator fails the roadside tests, an alco-sensor shall be offered if available. The operator may refuse the alco-sensor test, and shall be advised of his/her right to refuse.
3. At the officer's discretion or if the operator fails the alco-sensor test, he/she shall be arrested for DUI and taken before the magistrate.
4. If an officer suspects that the vehicle operator was driving under the influence of both alcohol and drugs, or drugs alone, he may require the operator to have a blood test performed in addition to testing for alcohol. Blood samples shall be analyzed DPS for evidence of alcohol and for various illegal, prescription, and over-the-counter drugs.
5. The officer shall make a full written report of the circumstances of the DUI arrest, formation of probable cause, and witnesses' observations.

E. Arrest

1. The arresting officer shall perform the following:
 - a. Advise the arrestee that any person, whether or not licensed by Texas, who operates a motor vehicle in this state gives implied consent to have a sample of his blood or breath taken for a chemical test to determine the alcoholic content of this blood or for the presence of drugs if such person is arrested for DUI.
 - b. Advise the arrestee that he/she may elect to have either a breath or blood sample taken, when available, but not both unless the officer suspects the presence of drugs. It is not a matter of defense for the driver in court that neither test was available.
 - c. If the arrestee refuses the available test, advise him/her that unreasonable refusal of the test constitutes grounds for the revocation of the driver's license.
 - d. If the arrestee refuses to sign a declaration of refusal, which shall be presented to the arrestee at this point, then the magistrate may sign the form certifying the refusal.

F. Blood-test procedure

1. The arresting officer may ask the arrested person for consent for a blood draw. If the arrestee refuses, the officer shall prepare a search warrant to obtain the blood sample.
2. Take the arrested person to a physician, registered professional nurse, phlebotomist, chemist, qualified EMT or Paramedic authorized by state law or other technician designated by order of the court who shall withdraw blood for the purpose of determining its alcoholic content and drugs.
3. The arresting officer shall also witness the taking of the blood sample and ensure that an alcohol solvent is not used to cleanse the withdrawal location. The officer shall initial the vial labels (on two vials) before the doctor or technician seals the vials in their containers. The initial shall be placed on the label where it does not interfere with the date written by the doctor or technician who took the blood sample.
 - a. The medical person taking the sample shall place his or her name and the name of the accused on the label of each vial with the date and time the blood was taken.
 - b. The arresting officer shall take possession of the two vials and seal them in two containers designed to hold them.
 - c. The arresting officer shall further perform the following:
 - i. Place the name of the arrested person, officer's name, date and time of arrest on each of the containers.
 - ii. Mail the container to the laboratory.

G. Breath analysis

1. Chemical analysis of a person's breath shall be performed by anyone possessing a valid license, issued by the Division of Forensic Science. This may include the arresting officer or anyone participating in the arrest. In the event the breathalyzer is inoperable or a licensed operator is not available, this test is deemed not available.
2. The type of equipment and the methods used to perform breath analysis shall accord with the regulations of the Division of Forensic Science.
3. The testing officer shall issue a certificate of breath alcohol analysis that indicates that the test was conducted per the manufacturers' specifications, the equipment on which the test was conducted has been tested in the last six months and was found to be accurate, the name of the accused, the date, the time the sample was taken from the accused, the alcohol content of the sample, and by whom the sample was examined.

H. Accident investigation

If the DUI suspect has been involved in a traffic accident, officers shall also undertake the following:

1. Identify any witnesses who saw the suspect operating a motor vehicle.
2. Question the witness about the suspect's condition, actions, and statements immediately after the accident.
3. Establish a time lapse from the time of the accident to the time of arrest.
4. Question the witnesses and the suspect about what, if anything, the suspect ingested between the time of the accident and the officer's arrival.

IX. SPECIAL TRAFFIC PROBLEMS

A. Identification and referral of driver recommended for reexamination to the Department of Public Safety (DPS). During routine traffic law enforcement activities, officers frequently encounter persons whom they suspect of being incompetent, physically or mentally disabled, or having other conditions that might prevent the person from exercising reasonable and ordinary care over a motor vehicle. In all such cases, in addition to whatever enforcement he or she may take, the officer shall notify DMV of these findings or suspicions, giving the violator's full name, date of birth, operator license number, and a brief description of the disability noted. A driver deficiency report may be used for this purpose.

B. Pedestrian and bicycle safety

The Chief of Police shall review the traffic accident records at least annually to determine what enforcement actions are needed to provide a proactive pedestrian/bicycle safety enforcement program. The Chief may recommend enforcement measures including steps to:

1. Reduce or eliminate human environmental factors leading to accidents.
2. Reduce or eliminate the behavior, decisions, and events that lead to the accidents.

C. Off-road vehicles (including dirt bikes, motorized scooters, and ATVs)

1. Accidents involving off-road vehicles that do not occur on a public highway do not require a traffic accident report. If the responding officer finds it convenient, he or she may complete an accident report and attach it to the offense report.
2. Any officer observing an unlicensed off-road vehicle on the highways that cannot be operated legally on public highways shall order it removed and enforce appropriate laws.
3. Officers shall enforce compliance with vehicle registration laws as they pertain to off-road vehicles.
4. Officers shall enforce laws, rules, and regulations concerning the operation of off-road vehicles on public-owned trails, parks, or property.

X. ESCORTS

A. General rules

1. Officers shall not provide emergency or non-emergency escorts for private vehicles. If a medical emergency exists, then an ambulance should be summoned.
2. Officers may provide escorts of vehicles with oversize or hazardous loads. These escort duties shall be conducted under the authorization of the Chief

of Police or the on-duty supervisor. The Chief shall coordinate the escort with the authority having control over the escorted vehicles. Further, the escort shall take place only per a written plan approved by the Chief.

3. Officers may provide funeral escorts with marked vehicles. The escort duty shall be conducted under the authorization of the on-duty supervisor only. Further, the escort shall take place per an articulated plan approved by the on-duty supervisor.

B. Funeral escorts

1. Before conducting a funeral escort, officers shall confer with the funeral home director to:
 - a. Plan the route to be taken to account for the most direct method, expected traffic density and anticipated obstacles.
 - b. Determine the circumstances of the escort to include which traffic lanes to use, speed of travel to the destination, and how to handle adverse weather.
2. Officers shall not lead funeral processions into an intersection on a red light. Once the procession has entered an intersection on a green light, the escorting officer shall take reasonable measures to allow the entire procession to continue even though the light changes.

	Policy 7.31 Accident Investigations	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.16	

I. POLICY

An objective of the department is the reduction of motor vehicle accidents. To accomplish this, the department performs a variety of functions such as providing emergency service to the injured, protecting the accident scene, conducting accident investigations and follow-ups, preparing reports, and taking proper enforcement action.

The purposes of accident investigation are to determine the cause of an automobile crash and to use the information to develop enforcement that will reduce accidents. Accident reports are used by the Department of Public Safety and the Department of Transportation at the state level, and by the city locally to study the frequency of crashes at a given location and time, the causes of accidents, and the road conditions that existed when the accident occurred. The reports are also used to develop selective enforcement programs, to provide engineering studies, and to promote street and highway safety.

II. PURPOSE

The purpose of this policy is to establish guidelines for the proper handling of traffic accidents and for the collection and use of data that will reduce automobile accidents resulting in property damage, injury, and death.

III. PROCEDURES – General (TBP: 7.16)

A. Accident report and investigation, general

1. Texas Transportation Code requirements concerning the reporting of traffic accidents include the following:
 - a. TTC 550.026. The driver of any vehicle involved in an accident resulting in death or injury shall immediately notify law-enforcement officials.
 - b. TTC 550.062. A law-enforcement officer investigating an accident resulting in injury or death or total property damage to an apparent amount of \$1,000 or more shall make a written report of it to DPS.
 - c. TTC 550.062. Officers who investigate an accident for which a report must be made, either at the time of and at the scene of the accident, or thereafter and elsewhere, by interviewing participants or

- witnesses, shall within 10 days after completing the investigation forward a written report of the accident.

 - b. Complete a report showing the name, address, operator license number, and telephone number of each driver.

IV. PROCEDURES - Accident scene

A. Collecting information

 - d. Take measurements as appropriate.
 - e. Take photographs as appropriate.
 - f. Collect and process evidence.
 - g. Make sure that the principals exchange information, such as insurance carriers, names, and phone numbers.

B. Follow-up activities

1. Follow-up activities that may be necessary include the following:
 - a. Obtain and record formal statements from witnesses.
 - b. Reconstruct the accident.
 - c. Submit evidentiary materials for laboratory examination.
 - d. Prepare accident or offense reports to support charges arising from the accident.
2. In a particularly serious accident involving severe injuries, fatalities, or multiple vehicles, it may be necessary to summon expert or technical assistance from photographers, surveyors, mechanics, physicians, accident-

crash team specialists, or other specialists. Expert assistance shall be requested through a supervisor.

3. At the accident scene, the officer may take immediate enforcement action and issue a citation for observed violations or violations witnessed and supported by the investigative process. In death cases, the district attorney may decide the appropriate charge.
4. If the investigating officer concludes that the accident was caused by a person driving under the influence of intoxicants (DWI) and the defendant is still at the scene, the DWI arrest shall be made before transport.
5. If the driver is transported to the hospital before the officer arrives and if the officer later concludes that the driver was intoxicated, an arrest warrant shall be obtained. If the driver is hospitalized, the warrant will be served when the driver is released.
6. In other traffic-related investigations, when the officer leaves the scene of the offense and later identifies an offender or offense, arrest warrants may be obtained. The citation can be issued at the hospital after the accident scene has been processed.

C. Accident scene procedures

1. Upon notification of an accident, the officer assigned shall proceed promptly to the scene. If injuries have been reported, every effort should be made to avoid delay.
2. The patrol vehicle shall not be parked at the scene in a manner that will endanger pedestrians or motorists. The officer shall consider using the vehicle as a shield to protect the scene, those involved in the accident, and others working the scene, including the officer.
3. The officer shall leave the vehicle emergency lights on.
4. At all times when investigating an accident on the streets or highways, the officer shall wear a reflector safety vest.

6. In case of fire danger from leaking or ruptured gas tanks or where the accident may involve hazardous materials, the on-scene officer shall summon the fire department.
 - a. All patrol vehicles are equipped with a copy of the current emergency response guidebook to aid in identifying vehicles carrying hazardous materials. The guidebook illustrates hazardous materials placards and identifies and describes the relevant hazard, appropriate emergency procedures, and evacuation procedures.
 - b. Any officer arriving at the scene of such an accident who sees hazardous materials placards shall immediately summon the fire department. The fire chief will assume control of any scene involving hazardous materials and all officers shall provide support as required. The investigation of the accident shall begin after approval by the fire chief.
7. Any property belonging to accident victims shall be protected from theft or pilferage and, if owners are not present, it shall be taken into custody, tagged, and held for safekeeping until it is claimed by the owner.

8. Minor debris will be removed from the roadway to assist in prevention of road hazards. Where the quantity of accident debris is too great for the wrecker operator to do this, the city public works services shall be requested. The fire department shall assist in washing down combustible substances.
9. If either driver is not present at the accident scene, do not assume that it is a hit/run unless further inquiry indicates the possibility. Perform the following actions if the incident appears to be a hit/run.
 - a. As soon as practicable, transmit the description of the vehicle and driver to dispatch, along with the direction of travel and time elapsed since the incident.
 - b. Process the accident scene as a crime scene.

D. Accident report

1. A report shall be filed on all accidents that occur on public property, or publicly accessed private property within the city if it meets any of the normal reporting criteria (death, personal injury, property damage in excess of \$1,000, or involvement of government-operated vehicles).
 - a. Public property is any highway, roadway, street, or public parking lot maintained by the state, county, or city.
 - b. Publicly accessed private property is a private access way or parking area provided for a client of a business, but not residential property or private parking where a fee is charged for parking.

3. Accidents that do not meet reporting requirements may still be reported by the vehicle operators. An informational report may be completed and the assistance in facilitating the exchange of information.

E. Disabled vehicles

1. Officers shall not push or tow any vehicle with a patrol vehicle unless the patrol vehicle is equipped with a department-approved push bar and the officer has been trained in its use.
2. Owing to the risk to radio and emergency equipment, officers shall not connect jumper cables to a patrol vehicle to start a person's vehicle. Officers should summon a wrecker if a jump-start is required.
3. Officers shall direct motorists who are low on gas to the nearest station. If a vehicle is completely out of gas and no station in town is open, summon a wrecker on behalf of the motorist.

I. POLICY

The primary purpose of an investigation is to collect facts leading to the identification and arrest of an offender and to organize and present the facts so that the result is a successful prosecution. The single most important criterion determining a successful investigation is the correct obtaining and handling of information supplied by an investigation of the crime scene, and from the victim(s) or witness(es) immediately after the crime.

The department expects officers to treat investigating as a skill developed through training and experience, a skill that demands intelligence, logic, and discipline.

Not every preliminary investigation will result in the identification of a suspect, an arrest, or the recovery of property. Solving a crime is most often a result of careful analysis of the physical evidence left at the scene or information provided by victims and witnesses. Follow up investigations are often necessary.

Because resources are limited, the department must prioritize their use. The department will investigate those crimes that are the most serious in nature and those that have the highest likelihood of solution.

II. PURPOSE

The purpose of this policy is to establish guidelines for the general conduct of preliminary and follow-up investigations.

III. PROCEDURES: PRELIMINARY INVESTIGATIONS

A. General

The preliminary investigation begins when the first officer arrives at the scene of a crime or when a citizen requests help, and it continues until a specialized investigator arrives and assumes responsibility. Patrol officers are responsible for the preliminary offense report in all cases except those specifically directed by a supervisor.

B. Caution

Officers who first arrive at a possible crime scene must take care not to enter hastily. The crime scene may pose a threat to the officer: an armed suspect may still be at the scene, toxic chemicals or infectious materials may be present, or evidence may be destroyed if the officer enters. When practicable, officers shall first note the total environment of the scene including, for example, whether doors and windows are open or closed, lights on or off, presence of odors, and the condition and circumstances of the victim.

- C. After forming an impression of the entire scene and ensuring that no threat exists, the officer shall proceed with the preliminary investigation, which consists of, but is not limited to, the following activities:
1. Providing aid to the injured.
 2. Defining the boundaries of and protecting the crime scene to ensure that evidence is not lost or contaminated. It should be cordoned with tape or rope. Any alterations to the crime scene should be recorded. Alterations might be caused by emergency assistance activity, the immediate necessity to handle evidence or assist victims, or the actions of witnesses or suspects at the scene.
 3. Determining if an offense has actually been committed and, if so, the exact nature of the offense.
 4. Determining the identity of the suspect or suspects and making an arrest if it can be accomplished either at the scene or through immediate pursuit.
 5. Furnishing other officers with information concerning wanted suspects or vehicles including descriptions, method, and direction of flight or any other relevant information.
 6. Determining the identity of all witnesses.
 7. Collecting evidence. Patrol will collect physical evidence to the limit of their ability and training. If the collection of evidence is beyond the capabilities or training of the officer, or is evidence in a serious crime, the patrol officer shall contact appropriate crime scene investigation officers.
 8. Obtaining written statements from the victim, witnesses, and suspects.
 9. Arranging for follow-up surveillance of the crime scene, if appropriate.
 10. Accurately and completely recording all pertinent information on the prescribed report forms.

D. Follow-up

While the initial stages of all preliminary investigations, including crime scene processing in some cases, shall be conducted by officers. Officers will conduct follow-up investigations in most misdemeanor crimes. In certain serious crimes, as defined in Section IV below, a supervisor may assign responsibility for completion of the investigation as needed.

E. Supervisory responsibilities

1. The on-duty supervisor shall ensure that an adequate and complete preliminary investigation has been made, and shall review, screen, and

approve the officer's preliminary report. Screening shall include a review of facts to ensure that all essential information is included and that the report is legible, clear, and complete. After the supervisor has reviewed, screened, and approved the report he/she will sign it.

2. Supervisors shall limit access to crime scenes to those persons immediately and directly connected with the investigation. Exceptions to this rule will not be made for other officers of the department, persons from other agencies, or members of the community, regardless of rank or position.
3. The supervisor shall authorize the call-out of a trained evidence technician or detective, if appropriate.
4. The supervisor may enlarge the preliminary crime scene if necessary by assigning officers to canvass the area for possible witnesses or suspects.

IV. ASSIGNMENT OF FOLLOW-UP INVESTIGATIONS

- A. All felony offenses, all sex crimes, all crimes involving juveniles as victims, and all domestic violence and hate crimes shall be followed the responding officer or as assigned by a supervisor. Officers who conduct preliminary investigations of these offenses shall contact an investigating Officer as soon as practicable. The initial responding officer is responsible for completing the original offense report with all details of the preliminary investigation included in the report.
- B. All other offenses will be investigated by the responding officer unless otherwise directed by the on-duty supervisor. Responding officers who believe they cannot conduct a follow-up investigation (either because of lack of expertise, shift assignment, or any other reason) will contact their supervisor for direction.
- C. The Operations Sergeant shall determine follow-up responsibility.

V. PROCEDURES: FOLLOW-UP INVESTIGATIONS

- A. Occasionally, additional investigation will be required at the end of the tour of duty of the assigned officer. In these cases, the on-duty supervisor shall determine whether the investigation should be (1) discontinued until the assigned officer's next tour of duty, or (2) overtime should be authorized.
- B. Except where the investigation might be jeopardized by its temporary discontinuance, the original assigned officer shall handle the case.
- C. A supplemental report must be prepared by each officer who works on the case, but not necessarily for each occasion that he/she works on it. A supplement recording the investigating officer's activity, the information developed, and case status shall be prepared at least every ten days and forwarded to the supervisor. The officer or investigator shall maintain a case file to include the supplemental report.
- D. Officers conducting follow-up investigations shall continue the investigation of each criminal offense until it is brought to a conclusion or until there are no additional

workable leads that would likely result in the identification of a suspect or recovery of property.

- E. If the officer's time is limited, follow-up of cases will be prioritized by seriousness of the crime and likelihood of identifying a suspect. Officers and investigators shall consult with their supervisors for additional assistance if cases with workable leads are not completed because of a shortage of personnel.
- F. Victims will be kept informed of the status of the case periodically and when the case is closed or suspended.
- G. Supervisors shall maintain a log of cases being worked by officers under their command. This log will be updated regularly when status supplements are received or when the case is closed or suspended. Officers and supervisors will keep the Chief of Police informed of the status of significant criminal cases.
- H. A follow-up investigation consists of, but is not limited to, the following activities:
 - 1. For most non-criminal cases:
 - a. Interviewing complainants and witnesses.
 - b. Locating missing persons.
 - c. Determining if information or suspicious activity relates to criminal activity.
 - d. Distributing information to the proper persons or agencies.
 - e. Locating lost property and returning same to the owner.
 - f. Investigating deaths, overdoses, suicides, and injuries to determine if a crime was committed.
 - g. Making necessary notifications or conducting necessary inspections.
 - h. Recording information.
 - 2. For most criminal cases:
 - a. Reviewing and analyzing reports of preliminary investigations.
 - b. Recording information.
 - c. Reviewing departmental records for investigative leads.
 - d. Seeking additional information from other officers, informants, contacts in the community, and other investigators/agencies or any other likely source.
 - e. Interviewing victims and witnesses.
 - f. Interrogating suspects.
 - g. Monitoring social media sites of potential suspects, victims, and witnesses for information related to the case.
 - h. Monitoring posted comments to on-line news stories about an offense.
 - i. Arranging for the dissemination of information as appropriate.
 - j. Planning, organizing, and conducting searches.
 - k. Collecting physical evidence.
 - l. Recovering stolen property.
 - m. Arranging for the analysis and evaluation of evidence.
 - n. Reviewing results from laboratory examinations.
 - o. Identifying and apprehending the offender.

- p. Checking the suspect's criminal history.
- q. Consulting with the district attorney in preparing cases for court presentation and assisting in the prosecution.
- r. Notifying victims and witnesses when their presence is required in court.
- s. Testifying in court.
- t. Arranging for polygraph examinations, if necessary.

VI. REPORT WRITING

A. Field notes.

All formal reports begin with field notes. Field notes are important for the following reasons:

- 1. To create a permanent record of events.
- 2. To aid the investigation.
- 3. To ensure accurate testimony in court.
- 4. To protect the officer from false accusations.

B. Formal reports shall include the following information:

- 1. Date and time of arrival at the scene.
- 2. Relevant weather or situational conditions at the scene upon arrival (e.g., a fire, crowd).
- 3. Circumstances of how the crime was discovered and reported.
- 4. Identity of other officers or emergency personnel at the scene.
- 5. Physical evidence present at the scene and the officers responsible for its collection.
- 6. Names, addresses, telephone numbers of victims or witnesses.
- 7. Results of interviews with the complainant, victim, or witnesses to include the identity or description of suspects.
- 8. Diagrams, sketches, photographs, or videotape taken at the scene, and the identity of the photographer or artist.
- 9. Recommendations for further investigation.

VII. SOURCES OF INFORMATION

A. Informants

Information is available from many sources, e.g., members of the community who wish to remain anonymous, criminals who have firsthand knowledge of illegal activity, and relatives or friends of those involved in crime. These sources shall be kept in mind when conducting investigations and interviews. Officers are cautioned to determine the motivation of people who provide information in order to evaluate it. For guidance on handling informants, consult Policy 7.43.

B. Interviews and interrogation

1. Field interviews

Field interviews are a productive tool and source of information for the department. They shall be used only in the pursuit of legitimate enforcement goals. When used properly they can discourage criminal activity, identify suspects, and add intelligence information to the files of known criminals.

2. Victim/witness interviews

- a. Officers must recognize the trauma/stress to which the victim or a witness has been subjected and shall conduct the interview in such a manner as to reduce stress.
- b. The age, physical limitations, and credibility of witnesses shall also be considered when evaluating their information.

C. Interrogation of suspects

1. Custodial statements and confessions.

- a. Miranda warnings are required and shall be administered prior any to custodial interrogation.
- b. The following represent examples of situations that are not custodial and do not require issuance of Miranda warnings.
 - i. Investigatory stop and frisk.
 - ii. Questioning during a routine traffic stop or for a minor violation, which includes driving while intoxicated (DWI) stops until a custodial interrogation begins. During routine questioning at the scene of an incident or crime when the questions are not intended to elicit incriminating responses.
 - iii. During voluntary appearances at the police facility.
 - iv. When information or statements are made spontaneously, voluntarily, and without prompting by police. (Note: follow-up questions that exceed simple requests for clarification of initial statements may require Miranda warnings.)

2. Administering Miranda.

- a. Miranda warnings shall be read by officers from the card containing this information to all persons subjected to custodial interrogation.
- b. Freelancing, recitation from memory, or paraphrasing the Miranda warnings is prohibited because it precludes officers from testifying in court as to the precise wording used.
- c. Officers shall ensure that suspects understand their right to remain silent and their right to an attorney. Suspects may be interrogated only when they have knowingly and intelligently waived their rights. Threats, false promises, or coercion to induce suspect statements is prohibited.

- d. The waiver of one or both of the Miranda rights must be performed affirmatively. Oral waivers are often sufficient but written waivers, particularly in felony charges, are preferred and should be obtained whenever possible on the appropriate agency form.
 - e. Officers arresting deaf suspects shall notify their immediate supervisor and make arrangements to procure the assistance of an interpreter in accordance with this agency's policy and state and federal law.
 - f. Officers arresting suspects who they believe may have limited English proficiency shall notify their immediate supervisor and make arrangements to procure the assistance of an interpreter in accordance with this agency's policy and state and federal law.
3. Invoking the Right to Silence
- a. When a suspect invokes his/her right to remain silent, all interrogation shall terminate immediately.
 - b. Officers may interrogate a suspect who has previously invoked his right to silence if, after the passage of time, the suspect initiates communication with officers.
4. Invoking the Right to Counsel
- a. If a suspect waives his/her right to counsel, a written waiver shall be obtained prior to questioning. If a suspect makes reference to counsel but his/her intentions are unclear, officers may question the suspect further to clarify his/her intentions. When a suspect invokes his/her right to counsel, all interrogation shall cease immediately.
 - b. The suspect may not again be interrogated about the crime for which he/she is charged, other crimes, or by other officers (from this or other agencies) unless (1) the suspect's attorney is present at the questioning; (2) there has been a break in custody of more than 14 days and the individual is re-advised of his Miranda rights and indicates he/she is waiving his right to counsel (written waiver), or (3) the suspect initiates new contact with the police. In this later case, Miranda rights must again be administered and a waiver obtained before any questioning may take place. Officers shall also document and, if possible, obtain written verification that the suspect initiated the communication.
 - c. Officers shall cooperate in any reasonable way with efforts by counsel to contact or meet with suspects in custody.
5. Other Interrogation Requirements
- a. Parents or guardians shall be notified whenever a juvenile is interrogated, taken into custody, or charged. Officers will take care when advising juveniles of their rights to ensure that the rights are understood before obtaining a waiver. Officers should honor a child's request to speak to a parent or guardian before waiving his or her rights. Whenever possible, the child's parents should be present while the child's rights are explained and the waiver obtained
 - b. The number of officers engaged in the interrogation shall be kept to a minimum.
 - c. The interrogation shall be as short as possible.

D. Recording of Statements and Confessions

1. The circumstances surrounding the conduct of interrogations and recording of confessions shall be fully documented. This includes but is not necessarily limited to;
 - a. location, date, time of day, and duration of interrogation;
 - b. the identities of officers or others present;
 - c. Miranda warnings given, suspect responses, and waivers provided, if any; and
 - d. the nature and duration of breaks in questioning provided to the suspect for food, drink, use of lavatories or for other purposes.
2. Officers shall electronically record custodial interrogations conducted in a place of detention involving major crimes as defined by this department. Officers are not required to record noncustodial interviews with suspects, witnesses, or victims during the initial interview phase of an investigation but may do so where deemed necessary, in accordance with law and departmental policy.
3. Electronic recording of juveniles shall be conducted if at the time the crime was committed the juvenile suspect could be charged with a major crime as an adult.
4. If electronic recordings cannot be conducted due to equipment failure, lack of suspect cooperation, or for any other reason deemed pertinent to successful interrogation by the case manager, the basis for such occurrences shall be documented. This includes but is not limited to spontaneous declarations or other statements not elicited by police questioning.
5. Transporting officers need not refrain from questioning a suspect who has indicated a willingness to talk either at the scene or en route to the place of detention. However, officers shall not purposefully engage in custodial interrogations involving major crimes as defined by this policy in order to avoid this department's requirement for electronic recording.
6. Recording Protocol
 - a. Suspects do not have to be informed that they are being recorded unless required by law.
 - b. The office of the prosecutor, the investigative case manager, or other authorized department official may direct that specific interrogations be recorded although they do not meet the criteria of major crimes as defined by departmental policy.
 - c. The primary interrogator shall, where possible, obtain a signed waiver from the suspect before beginning interrogation. If the suspect elects not to be recorded or refuses to engage in the interrogation, the suspect's rejection shall be recorded.
 - d. Interrogations and confessions shall be recorded in their entirety, starting with the interrogator's entrance into the interview room and concluding with the departure of the interrogator and suspect.
 - e. When commencing the recording, the primary interrogator shall ensure that voice identification is made of officers, suspect, and

- any others present, and that the date, time, and location of the interrogation is verbally recorded.
- f. When beginning a new recording, the interviewer shall announce the date and time that the interrogation is being resumed.
 - g. An authorized member of the department shall be assigned to monitor recording time to ensure the recording does not run out.
 - h. Each recording shall include the following:
 - i. Declaration of the time the recording began.
 - ii. Declaration of the start of the interrogation.
 - iii. Concurrence by the suspect that the interrogation has begun.
 - iv. Administration of Miranda warnings, even if the recording is a follow up to a prior interview or the suspect has been previously Mirandized.
 - v. Notation of the time the interrogation ends.
 - vi. Any lapse in the recording for comfort breaks or other reasons shall be accounted for on the recording. As an alternative, during a short recess, the recording may continue without interruption.
 - vii. Recording attorney-client conversations is prohibited.
 - viii. At the conclusion of the interrogations, the interrogator shall state that the interrogation is concluded and note the date of time or termination.
 - ix. The recording shall continue until all parties have left the interrogation room.
 - i. Recordings of interviews are considered evidence and shall be handled as such. In addition, the following shall apply:
 - i. Unused recording media shall always be used for interrogations.
 - ii. Both the original and copies of all recording media shall be protected from re-recording.
 - iii. Only one interrogation shall be recorded on each recording tape, disk, or other material used in recording.
 - iv. Before submitting the original recording to a secure evidence storage area a copy of the recording shall be made. Copies shall be maintained in the investigative unit.
 - v. The identifying information items supplied on the recording label shall be completed and the recording marked either as an original or a copy.
 - vi. The reporting detective's follow-up report shall note if and how the interview was recorded.
 - vii. All recordings shall be governed by this department's policy and procedures for the handling and preservation of evidence.

E. Collection, preservation, and use of physical evidence

1. Physical evidence is of major importance in all cases, particularly those without witnesses. The successful prosecution of a case often hinges on the quality of the physical evidence collected and preserved.
2. All officers are responsible for the preservation of evidence, and for maintaining and documenting the chain of custody of all evidence that is in their charge.

VIII. CONSTITUTIONAL REQUIREMENTS: GENERAL

- A. Officers conducting criminal investigations shall take all precautions necessary to ensure that all persons involved are afforded their constitutional protections. Officers shall ensure that:
 1. All statements, including confessions, are voluntary and non-coercive.
 2. All persons are advised of their rights in accordance with this general order.
 3. All arrested persons are taken promptly before a magistrate for formal charging.
 4. All persons accused or suspected of a criminal violation for which they are being interrogated are afforded an opportunity to consult with an attorney.
 5. Prejudicial pre-trial publicity of the accused is avoided so as not to interfere with a defendant's right to a fair and impartial trial.

IX. RELATIONSHIP WITH DISTRICT ATTORNEY

- A. All personnel shall respond to requests for appointments from the district attorney, be on time, and be ready to discuss the subject at hand.
- B. In every contested case, misdemeanor or felony, the officer involved shall make an appointment with the district attorney or his/ her assistant to discuss the case before trial.
- C. During any investigation (or during planning for arrest or in pretrial stages), any questions of law or criminal procedure shall be addressed to the district attorney. Questions on law-enforcement procedures shall be addressed to the Chief of Police.
- D. The district attorney may advise the Chief of Police of any cases where a decision was made not to prosecute or where the case was dismissed because of mishandling or error by an officer.

X. DISPOSITION OF CASES

- A. The officer or investigator shall maintain files of all cases assigned to him/ her. All case files shall be appropriately labeled with the date of incident, the name of victim, and/or the name of any suspect or arrested person.

The file shall contain the following:

1. Original incident report and any supplementary reports or statements.
2. Photographs.

3. Lab reports,
 4. Reports of disposition of any property pertinent to the case, such that which was stolen, confiscated, recovered, or otherwise dealt with.
 5. Arrest reports.
 6. Other items that the investigator deems pertinent.
- B. When the investigation is complete, the investigator shall close the case under one of the labels listed below. A statement that explains the reasoning for the label shall be included in the file.
1. Cleared. An arrest has been made in this case.
 2. Exceptional Clearance. The identity and address or exact location of the culprit is known and sufficient evidence to obtain a warrant exists. However, due to some reason outside the control of the police, no arrest will be made. Examples: Complainant will not prosecute; district attorney will not prosecute; perpetrator is dead; subject arrested by another jurisdiction and no charges will be placed by the department.
 3. False Report. The reporting party lied in order to mislead the police concerning the incident.
Unfounded. The offense did not actually occur in the first place, although at the time of the original report it was believed to have occurred. If the investigation has exhausted all leads, yet the possibility remains that new facts may come to light given future inquiry, the case shall remain open.
NOTE: Do not confuse “unfounded” and “false report.” It is a violation of the law to deliberately make a false report. An unfounded report is made in the belief that the offense actually occurred, but, in fact, it did not.
 4. Suspended. All leads have been exhausted. No further investigation is possible or practical until new leads develop.
- C. The officer’s or investigator’s supervisor shall approve the case closure in a manner consistent with current police reporting processes.
- D. When a case is closed, the case file is forwarded to the records custodian for filing.

	Joshua ISD POLICE DEPARTMENT	
	Policy 7.41 Crime Scene Processing	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: 12.02	

I. POLICY

Proper documentation, collection, preservation, and submission of physical evidence to forensic laboratories often provide the key to a successful investigation and prosecution. Through evidence located at the scene, a list of suspects might be developed or suspects may be eliminated. Investigative leads can be established, and theories concerning the crime are substantiated or disproved. It is imperative, therefore, that each officer carefully process a crime scene, being sure not to overlook or contaminate or destroy evidence. Physical evidence appears in many shapes, sizes, and forms, thereby necessitating various recovery, preservation, and submission techniques. The investigating officer shall be prepared to collect, identify, and package the evidence so that it will not be changed in form and value when it reaches the laboratory. The officer collecting the evidence shall maintain a chain of custody of that evidence in order to ensure that it is presented to the court professionally and in compliance with the law.

II. PURPOSE

The purpose of this policy is to establish responsibilities for officers who are investigating crime scenes and to establish guidelines for the proper documentation, collection, packaging, and submission of physical evidence to the forensic laboratory.

III. DEFINITIONS

- A. Chain of custody: The chain of custody is the series of documented links between the time the evidence was obtained and the time it is presented in court. The links are documented by officers who handle the evidence, showing where and when they did so.
- B. Exclusionary rule: A rule of law that states that evidence seized or discovered in violation of the suspect's fourth, fifth, and sixth amendment rights cannot be admitted in court.
- C. Evidence: Any substance or material found or recovered in connection with a criminal investigation.

- D. Evidence custodian: The employee designated by the Chief of Police to have administrative oversight of all found or confiscated property that comes into departmental possession.

IV. PROCEDURES. General crime scene processing

- A. Depending on the nature of the crime and the type of evidence present, patrol officers will normally collect and submit physical evidence to the extent they have been trained and have the equipment to do so. Normally patrol officers will collect and submit evidence on misdemeanor offenses and some felony offenses where document or video evidence is the only physical evidence present.
- B. The department has a number of officers trained and equipped to collect physical evidence. Officers will notify a supervisor when the offense is a felony, any sex crime, child abuse, or where the evidence present is beyond the capabilities of the officer's training or equipment.
- C. The officer/investigator who is called to a crime scene shall make a determination of the equipment needed for processing. The department maintains a complete evidence-collection kit to include a camera, film, sketching equipment, fingerprint recovery tools, blood recovery materials, tweezers, scissors, boxes, bags, envelopes, tape, marking tools, evidence tags, and materials for lifting impressions (footprints or tire tracks, for example).
- D. The property and evidence form shall be used to document all property and evidence coming into custody of the department.
- E. Officers and investigators shall use the following general order of processing a crime scene unless reason dictates otherwise.
 - 1. Before moving objects or collecting evidence at major crime scenes (except when it is necessary to help a victim, apply first aid, or handle a suspect), officers will photograph the scene. Photographs should start at the edge of the property and progress into the scene as needed to show the scene and its relationship to the evidence present. Close-up photographs of each piece of evidence will be taken with and without a measuring device in the picture.
 - 2. At major crime scenes, officers will also prepare a sketch of the scene. Sketches of any crime scene will be done if it will show relationships or locations of where evidence is collected.
 - 3. Before collecting any item of evidence, measurements using triangulation or the coordinate method should be taken and recorded.
 - 4. Perishable evidence should be collected first. Perishable evidence -- such as fresh blood, blood-stained objects, physiological stains and tissue or biological material -- shall be collected to submit the material to a lab.
 - 5. If the immediate destruction of evidence is not a concern, the investigating officer should work through the scene systematically, collecting in a logical sequence and trying to avoid disrupting other items of evidence.

6. The officer should collect comparison samples, since the forensic laboratory can only compare known items with those showing similar characteristics. Sufficient specimens or controls must be submitted for comparisons of such items as hairs, fibers, paint, glass, soil, and tool marks.
7. Once perishable and other evidence has been collected, fingerprints shall be identified and lifted where possible. If transporting evidence may damage or destroy the latent prints on an object, the evidence shall be processed for prints at the scene.
8. Taking overall measurements -- that is wall, room, and building measurements -- is one of the last operations to be performed in processing the crime scene. The overall measurements are vital for the production of the final crime-scene sketch but must be obtained last so as not to damage or destroy items of evidence.
9. One or more officers should conduct a final organized search in case evidence has been overlooked. If possible the final search should be conducted by officers who have not participated in processing the scene.
10. The officer processing the crime scene shall enter each item collected on the evidence recovery log. The following information that should be recorded for each item:
 - a. A complete description of the item (including make, model, and serial numbers, if any);
 - b. The source (from whom and/or the location from which the item was obtained);
 - c. The name of the person collecting the item.
11. The officer/investigator processing a crime/incident scene shall prepare a report giving an accurate account of events. This information shall be placed in a supplement to the offense/incident report.
12. All evidence shall be properly and prominently tagged or otherwise identified.
13. The recovering officer shall complete a chain-of-custody form for documentation.
14. Officers shall observe legal principles regarding the use of physical evidence. Officers shall rigorously maintain the chain of custody of all evidence and shall always remain mindful of constitutional safeguards. If officers are not scrupulous in observing these safeguards, the exclusionary rule may prohibit key evidence from being introduced at trial and the case may be lost or dismissed.

V. PROCEDURES. Evidence and property control

A. Collection of evidence

1. When collecting evidence, the officer shall use tongs or tweezers where possible. The officer shall avoid touching the evidence with his hands or anything that might contaminate the item.
2. Officers shall wear latex gloves while processing any crime scene. When collecting tissue or bodily fluid evidence, officers shall put on a new set of

gloves after collecting each separate evidentiary item, and discard the used gloves.

3. In collecting evidence, officers shall remain mindful about the possibility of contagion if the crime scene contains body fluids. Further, some evidence may consist of hazardous chemicals, waste products, explosives, or highly combustible materials. The evidence custodian in consultation with an evidence technician shall decide the best disposition of such items.
4. The investigating officer should not unload a firearm at the crime scene. The weapon shall only be unloaded after it has examined in the exact condition it was found in and documented.

B. Tagging evidence

1. Officers will tag evidence in a manner consistent with their training and by following the guidance and recommendations of local prosecutorial staff.
2. Officers will document the items recovered at a crime scene both in the property section and the narrative section of the offense report.
3. Officers tagging evidence will use the current system established by the police department for the chain of custody and the actual evidence description.
4. Officers and other police personnel collecting and tagging evidence are expected to be able to readily testify in court regarding their exact involvement in the collection, tagging, and submission of all evidence seized.

C. Packaging items of evidence

1. The officer who collects the evidence shall choose a container suitable for the type of evidence being packaged, and each piece of evidence should have its own container.
2. The exterior of the package should be labeled before the evidence is placed inside.
3. The officer should select a container that is appropriate for the size and weight of the item. He/she should give special consideration to moist or wet items, which could rot, rust, or otherwise deteriorate if packaged in plastic or an airtight container for an extended time.
4. The item should be packed in such a way as to minimize movement inside the container.

D. Special circumstances

1. Weapons
 - a. No officer shall, under any circumstances, personally retain custody of any found or confiscated weapon.
 - b. Officers bringing weapons into custody shall inspect them to ensure their safe storage. All firearms shall be unloaded before storage.

- c. The recovering officer or investigator shall check all confiscated or found weapons against NCIC/TCIC files.
2. Drugs and narcotics. See Policy 12.1.
3. Alcohol. NOTE: The only alcoholic beverages that are considered contraband are those seized from underage persons whose possession is, in itself, illegal.
 - a. All containers of alcoholic beverages shall be sealed or contained to avoid any chance of leakage.
 - b. If not destroyed at the scene on video, the contraband alcoholic beverages shall be destroyed upon conclusion of legal proceedings.
 - c. Alcoholic beverages seized or recovered that are not contraband or evidence shall be returned to the owner. Before agencies destroy any evidence in this or any other manner – make sure that your local prosecuting attorney approves.

E. Preservation and submission of evidence to the forensic laboratory

1. Under normal circumstances, the officer or investigator who processed the crime scene is responsible for submitting evidence to the forensic laboratory.
2. Where more than one officer processed the scene, the on-duty supervisor shall choose an officer to take custody of all collected evidence and submit it to the laboratory for analysis.

F. Preservation of perishable or deteriorating items

1. When a rapidly deteriorating item of evidence has been collected (for example, a liquid sample of semen, a blood-soaked shirt), it shall be transported to the forensic laboratory the same day, if at all possible.
2. Any time an officer transports a perishable item to the laboratory for immediate analysis, the laboratory shall be called first so someone with authority to receive it will be available.
3. In cases where immediate transport to the forensic lab is not possible, it should be air dried for no more than one week and transported to the lab as soon as possible.
4. Where appropriate, submit known specimens of evidence so that comparisons can be made. The investigating officer shall be responsible for obtaining any required known specimens and submitting them, along with the items of evidence, to the forensic lab for analysis and comparison.

	Policy 7.42 Eyewitness Identification	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: 7.32	

I. POLICY

This policy is designed to maximize the reliability of identifications and to minimize unjust accusations of innocent persons.

II. PURPOSE

The purpose of this policy is to establish department guidelines for a live line-up, a photographic line-up, and field identification procedures. The procedures in this policy are applicable when a person is known to an investigator and is suspected of criminal involvement in an incident under investigation.

III. DEFINITIONS

- A. Administrator: The person charged with presenting a photographic line-up or a live line-up to a witness.
- B. Assigned Investigator: The officer primarily responsible for investigating an incident.
- C. Blind Administrator: An administrator who does not know the identity of the suspect or the suspect's position in a photographic line-up or a live line-up.
- D. Blinded Administrator: An administrator who may know the identity of the suspect, but does not know the suspect's position in the photographic line-up or the live line-up.
- E. Blind Manner: The presentation of a photographic line-up by either a blind administrator or a blinded administrator.
- F. Field Identification: The presentation of a suspect to a witness following the commission of a crime for the purpose of identifying and/or eliminating a possible suspect.
- G. Fillers: The photographs of persons used in a photographic line-up whose race, sex, age, height, weight, hair style, and general appearance resemble the suspect.

- H. Folder Method: A photographic line-up that places the photographs in separate folders or envelopes that are randomly shuffled prior to presentation so that the assigned investigator does not know which photograph the witness is viewing.
- I. Illiterate Person: An individual who speaks and understands English but cannot read and write English.
- J. Interpreters: Individuals with the skills necessary to enable them to communicate with an illiterate person or a person with limited English proficiency to the degree that ensures the person clearly understands all instructions given them that pertain to viewing a suspect in any identification procedure. These instructions are given prior to the line-up.
- K. Live Line-up: The presentation of individuals, including a suspect, in person to a witness, usually in a manner preventing the individuals from seeing or identifying the witness, for the purpose of identifying or eliminating suspects.
- L. Person with Limited English Proficiency: An individual who is unable to communicate effectively in English with a level of fluency expected of a native English speaker. Such a person may have difficulty speaking, reading, or writing in English. The definition includes persons who can comprehend English but are physically unable to write.
- M. Photographic Line-up: A collection of photographs that includes one of the suspect and filler photographs. The photographs are placed in random order and shown to a witness for the purpose of identifying and eliminating suspects.
- N. Sequential Viewing: An identification procedure in which photographs are shown one at a time to a witness.
- O. Simultaneous Viewing: An identification procedure in which all photographs are shown at the same time to a witness.
- P. Suspect: An individual who has been specifically identified by the investigation as possibly being the person who committed the crime.
- Q. Witness: An individual who has witnessed an incident or some part of an incident who might be a complainant, a victim, an eyewitness, or any other form of witness to an incident.

IV. GENERAL PROCEDURES FOR LINE-UPS

- A. Live line-ups will not normally be used due to the difficulty of administering them and the difficulty of obtaining a sufficient number of individuals with similar physical characteristics. An investigator who determines that a live line-up is needed should contact the district attorney for procedural and technical assistance, and the line-up should be carried out with the principles of this policy in mind.

- B. Photographic line-ups are approved for use by this department if the procedures listed below are followed. Photographic identification of suspects by witnesses should supplement other investigative actions and/or evidence.

V. PREPARING PHOTOGRAPHIC LINE-UPS

- A. The assigned investigator is responsible for the following:

1. Preparing the photographic line-up, including the selection of fillers, and ensuring each of the photographs is numbered or lettered for later reference.
2. Determining before any presentation if the witness is deaf, illiterate, or has limited English proficiency. If the witness is deaf, illiterate, or non-English speaking, or has limited English proficiency, the investigator will arrange for assistance to translate the photographic line-up form in the language of the witness or otherwise assist the witness in understanding the instructions before proceeding. The identification of the assisting individual will be documented as well as the assistance provided.
3. Obtaining a sworn law-enforcement officer who is familiar with the contents of this policy and understands the line-up presentation process to act as a blind administrator of the line-up.
4. Preserving the photo line-up for future reference, whether an identification is made or not. For future reference, the photos in their original condition, full information about the identification process, the photographic line-up form, and the audio/video recording of the administration process are placed into evidence after the procedure.
5. The assigned investigator should prepare the photographic line-up according to the following guidelines:
 - a. Include only one suspect in each identification procedure.
 - b. Select fillers that generally fit the witness's description of the perpetrator. Fillers should be selected where no person stands out from the others.
 - c. Use photographs of individuals who are reasonably similar in age, height, weight, and general appearance and of the same sex and race. Avoid use of fillers that so closely resemble the suspect that a person familiar with the suspect might find it difficult to distinguish the suspect from the fillers.
 - d. If multiple photos of the suspect are available to the investigator, select a photo that resembles the suspect's description or appearance at the time of the incident.
 - e. Include a minimum of five fillers per identification procedure.
 - f. Avoid reusing fillers in line-ups shown to the same witness if showing a new suspect.
 - g. Ensure that no writings or information concerning previous arrest(s) will be visible to the witness.
 - h. Do not mix color and black and white photos.
 - i. Use photos of the same size and basic composition.
 - j. Mug shots should not be mixed with other photos.

- k. If mug shots are to be used, cover any portions that provide identifying information about the subject.
- l. All individuals in the photographic line-up and/or the origin of the photos should be known to the investigator, if possible.
- m. Photos should be reasonably contemporary.
- n. Do not use more than one photo of the same suspect.
- o. View the array, once completed, to ensure that the suspect does not unduly stand out.

B. The administrator is responsible for the following:

- 1. Ensuring that everyone connected with the line-up is familiar with the contents of this policy and the line-up presentation process.
- 2. Ensuring the photographic line-up is presented in a manner consistent with this policy.
- 3. Documenting the conduct and results of the line-up presentation in the manner approved within this policy.
- 4. Returning all line-up materials and documentation to the assigned investigator. (when blind administrator is used)

VI. PRESENTING PHOTOGRAPHIC LINE-UPS

- A. It is the intent of this department to present all photographic line-ups to witnesses in a blind manner and using a sequential presentation of the photographs.
- B. If a sworn member of the department is not available to conduct the line-up, a blind administrator or a sworn member of another local agency may be used. The assigned investigator preparing the line-up should ensure the assisting officer is aware of the procedures prior to presenting a line-up to a witness.
- C. Police personnel attending the line-up presentation should not make any suggestive statements or take any other action that may influence the judgment or perception of the witness.
- D. Prior to beginning the presentation, the person conducting the line-up must determine if the witness has seen the suspect at any time since the crime occurred, whether in person or in newspaper or television reports, etc. If so, he/she must contact the assigned investigator to determine if the identification process should continue, and document this action in the supplement report.
- E. The administrator arranging the line-up must provide the witness with a photographic line-up form and explain the instructions for the line-up. Instructions given the witness prior to viewing a photographic line-up can facilitate an identification or non-identification based on the witness's memory. The officer conducting the line-up should (1) read the instructions and admonitions verbatim from the form, (2) ensure that the witness understands the instructions before proceeding, (3) obtain the witness's signature indicating he/she understands the procedure, and (4) sign the form as "administrator." Any instruction given to the witness prior to the procedure shall include a statement

that the person who committed the offense may or may not be present in the procedure.

- F. The administrator must show the witness the photographs in a random order, one at a time, and document the order shown. Remove each photograph from the witness prior to providing a new one. Allow the witness to see only one photograph at a time.
- G. If the witness identifies a suspect, the administrator must record the number or other identification of the photograph. A witness who makes an identification based on a photograph or live lineup identification procedure shall be asked immediately after the procedure to state, in the witness's own words, how confident the witness is in making the identification. No person shall suggest wording of any kind to the witness. If the witness seeks clarification an officer shall only reply that the statute requires the statement of confidence to be in the witness's own words.
- H. All photographs must be shown.
- I. The administrator must complete the statement-of-witness portion of the form, including documenting the witness's confidence statement in his/her own words, regarding the relative certainty of any identification. The witness must complete and sign the appropriate portion of the form. The administrator must return all files, photographs, and forms to the assigned investigator and complete an offense supplement on the identification procedure.
- J. The administrator shall not provide any feedback of any kind to the witness during the procedure, including whether or not the suspect was picked.

VII. DOCUMENTATION OF PHOTOGRAPHIC LINE-UPS

- A. All photographic line-ups will be documented in the method reasonably available to the administrator at the time of presentation. Acceptable methods of documentation include the following:
 - 1. video and audio recording
 - 2. audio recording
 - 3. written documentation of the line-up presentation process.

In all cases, the administrator will, at a minimum, document in an offense-supplement report the details of the line-up presentation process and result, and return the supplement, the photographic line-up form, any video/audio recordings, and all original photographs and documents to the assigned investigator.

VIII. FIELD IDENTIFICATION PROCEDURES

The use of field identification should be avoided whenever possible in preference for the use of a photographic or live line-up. If there is some question regarding whether an

individual stopped in the field may be the right suspect, an attempt at field identification may prevent the arrest of an innocent person. Therefore, when circumstances require the use of field identification the guidelines listed below should be followed.

A. Procedures for Using Field Identifications

1. Supervisory approval should be obtained prior to any field identification. The officer is responsible for ensuring the witness is able to understand the instructions given by officers. If the witness is deaf, illiterate, or has limited English proficiency, the officer will either provide for an interpreter or other assistance or not continue with the field identification.
2. Single-suspect field identification shall not be used if there is adequate probable cause to arrest the suspect.
3. A complete description of the suspect should be obtained from the witness prior to conducting a field identification.
4. No field identification will be done if the witness is unsure of his/her ability to identify the suspected individual.
5. Whenever possible, the witness should be transported to the location of the suspect rather than bringing the suspect to the witness.
6. Field identifications should not be attempted more than two hours after the commission of a crime.
7. Field identification should not be conducted when the suspect is in a patrol car, handcuffed, or physically restrained by police officers unless such protective measures are necessary to ensure safety.
8. Field identification should be conducted with only one witness present at a time. If there is more than one witness a separate field identification should be conducted for each one. If one witness positively identifies the individual, the field administrator should consider making an arrest and using the above photographic line-up procedures for other witnesses.
9. The same suspect should not be presented to the same witness more than once in either field or photographic line-ups.
10. Field identification suspects should not be required to put on clothing worn by the perpetrator, to speak words uttered by the perpetrator, or to perform other actions of the perpetrator.
11. Words or conduct of any type by officers that may suggest to the witness that the individual is or may be the perpetrator will be avoided.
12. These restrictions apply not only to civilian field identifications, but to field identifications in which an officer is the witness.

B. Documentation of Field Identifications

1. The officer conducting a field identification, after supervisory approval, should use the field identification form to inform the witness of the procedure and obtain evidence that he/she understands the procedure.
2. The officer will video/audio tape the witness viewing the suspect using the squad car video and audio recording system and will document on the field-identification form the witness's comments regarding the suspect. The form will be given to the assigned investigating officer who will include the form in the original case report. The video/audio recording

will be pulled and placed in evidence and the evidence number included in the offense or supplement report.

	Policy 7.43 Informants	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 7.11 and 7.12	

I. POLICY

In many instances, a successful investigation cannot be conducted without the use of confidential informants or CIs. While the use of CIs is an effective tool in investigations, it can be undermined by the misconduct of the CI or the officer utilizing the informant. Therefore, it shall be the policy of this law enforcement agency to take necessary precautions by developing sound informant-control procedures.

II. PURPOSE

The purpose of this policy is to provide regulations for the control and use of confidential informants (CIs).

III. DEFINITIONS

- A. Confidential Informant: An individual who provides services or information to the police, with or without being paid, but who wishes to remain anonymous.
- B. Confidential Informant File: File maintained in order to document all information that pertains to confidential informants.

IV. PROCEDURES

- A. Establishment of an Informant File System
 - 1. The Chief of Police shall be responsible for developing and maintaining confidential informant files.
 - 2. A file shall be maintained on each confidential informant (CI) used by officers with their respective code numbers. Each file shall be coded with an assigned informant control number and shall contain the following information:
 - a. Informant's code number;
 - b. Copies of Statements made by Informant;
 - c. Name of officer initiating use of the informant;
 - d. Informant's photograph, fingerprints, and criminal history record;

- e. Briefs of information provided by the CI and its subsequent reliability. If an informant is determined to be unreliable, the informant's file shall be placed in the unreliable informant file;
 - f. Update on active or inactive status of informant.
3. If it is determined that an informant is unreliable, the informant's file shall be placed in the "Unreliable Informant File."
 4. All persons determined to be unsuitable for use as a CI shall be referenced as "unreliable" in the Informant File.
 5. Confidential informants who at any time provide officers with false or erroneous information or statements shall have the notation "Unreliable" and the details of the erroneous information placed in the CI file. Officers shall not use any information provided by an individual who has previously been designated an unreliable informant.
 6. Informant files shall be maintained in a secured area within the criminal investigations section.
 7. Access to the informant files shall be restricted to the Chief of Police, and Joshua ISD Police Department Supervisors.
 8. Sworn personnel may review an individual's informant file only with the approval of a supervisor.

B. Recruitment and Use of Informants

It is critical that officers exercise good judgment in their use of informants, and that they understand the motivation that prompts an individual to serve as an informant. The most common motives include providing information as a means to eliminating or reducing a criminal case against themselves, for money, and a sense of civic responsibility. But there might be other reasons, making it important that officers ascertain the true motive.

1. Officers may recruit informants in the following manner:
 - a. From the members of the public who may have information about specific criminal activities occurring in the city.
 - b. From individuals arrested for non-violent crimes, such as possession of controlled substances. No CIs will be recruited for purposes of reducing or eliminating any charges where there is a victim of a crime or charges involving family violence.
 - c. From individuals who volunteer to be a CI, with or without payment.
 - d. Juveniles (under age of 21) shall not be used. While officers may receive information and act on confidential information given by a juvenile, the juvenile shall not be considered a CI nor encouraged nor paid any monies (other than through the Crimestopper program) for any work done. The use of juveniles for tobacco or alcohol sting operations is permitted if approved by the Chief of Police and with the approval signature of both custodial parents.
2. Before using an individual as a CI, an officer must receive initial approval from the Chief of Police.
3. Before using any individual who is currently on probation or parole, the officer must obtain permission from the controlling probation or parole officer.

4. The officer shall compile information through a background investigation that is sufficient to determine the reliability and credibility of the individual.
5. After the officer receives initial approval to use an individual as a CI, an informant file shall be opened.

C. General Guidelines for Handling CIs

1. All CIs are required to sign and abide by the provisions of the departmental informant agreement. The officer utilizing the CI shall discuss each of the provisions of the agreement with the CI, with particular emphasis on the following:
 - a. Informants are not law enforcement officers. They have no arrest powers, are not permitted to conduct searches and seizures, and may not carry a weapon;
 - b. Informants will be arrested if found engaging in any illegal activity, and they will receive no special legal considerations;
 - c. Informants are not to take, and the department will not condone, any actions that may be considered entrapment. Entrapment occurs when the informant encourages, persuades, or otherwise motivates a person to engage in criminal activity.
2. No member of this agency shall knowingly maintain a social relationship with CIs while off duty, or otherwise become personally involved with CIs. Members of this agency shall not solicit any favors, accept gratuities from, or engage in any private business transaction with a CI.
3. Whenever possible, an officer shall be accompanied by another officer when meeting with a CI.

D. Payments to Informants

1. The department will utilize the area Crime Stoppers for a confidential fund for payment to informants. Payments to informants (CIs) will be approved by the Crime Stoppers. Officers wishing to have an informant paid for information shall refer that person to the Crime Stoppers Coordinator:

	Policy 7.46 Generative Artificial Intelligence Use	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved: 	
	_____ Chief of Police	
Reference:		

I. POLICY

It is the policy of the Joshua ISD Police Department to maintain the highest level of training and professionalism as it relates to the evolving field of artificial intelligence. The Agency strongly supports the rights and liberties of those we serve, and the application of technologies will be done in accordance with these values.

II. PURPOSE

The purpose of this policy is to establish procedures for employees who use generative artificial intelligence as a means to further legitimate investigations. This policy does not apply to artificial intelligence that is integrated into facial recognition applications, voice recognition applications, biometric access controls, or software that redacts documents or video or similar applications.

III. STATEMENT OF SPECIFIC RESPONSIBILITY

The Chief of Police, as a department head of the Joshua ISD Police Department, has the authority and responsibility for the management of investigations conducted by the Agency. As the Chief of Police he/she reserves these rights as the head of the department and / or the responsibility of his designees upon his/her request.

IV. DEFINITIONS

- a. Generative artificial intelligence (GenAI) - A type of artificial intelligence that is algorithmically trained on one or more large data sets and designed to generate new and unique data (e.g., text, pictures, video) in response to a prompt (generally questions, instructions, images, or video) input by the user.

V. RESPONSIBILITIES

CHIEF OF POLICE:

The Chief of Police or designee shall approve generative intelligence systems, their acceptable uses, and their authorized user groups prior to the use, implementation, or development for any department functions.

A) Evaluating potential GenAI systems and recommending those GenAI systems that appear to be appropriate and trustworthy to the Chief of Police or the authorized designee. The trustworthiness of GenAI systems should be evaluated by balancing the following characteristics:

1. Validity and reliability - The system's apparent ability to meet the intended purpose and fulfill the needs of the Department consistently over time.
2. Safety - Any apparent risk to human life, health, property, or the environment that could result from the department's use of the system.
3. Security and resiliency - The system's capability to prevent unauthorized access and misuse and its ability to return to normal function should misuse occur.
4. Accountability and transparency - The ability to track and measure the system's use and activity through histories, audit logs, and other processes to provide insight about the system and identify potential sources of error, bias, or vulnerability.
5. Explainability and interpretability - The ability of the user to understand the purpose and impact of the system, how and why the system reached the resulting output, and what the output means for the user.
6. Privacy - The ability of the system to protect confidentiality and meet applicable privacy standards for the types of data intended to be input into the system (e.g., state privacy laws, Criminal Justice Information Services (CJIS), Health Insurance Portability and Accountability Act (HIPAA)).
7. Fairness - The ability of the system to operate in a way that avoids or minimizes bias and discrimination.

B) Ensuring appropriate contractual safeguards are in place to manage third-party use of department data and to restrict the use of input in AI training data sets. If the input of protected information is necessary for the proper use of the GenAI system, an information-exchange agreement in compliance with applicable rules and standards (e.g.,

CJIS requirements) should be used to outline the roles, responsibilities, and data ownership between the Department and third-party vendor.

- C) Coordinating with others within the Department and District, such as the information technology or legal departments, as appropriate to ensure GenAI systems are procured, implemented, and used appropriately.
- D) Maintaining a list or inventory of department-approved GenAI systems and, when appropriate for department transparency, making the list or inventory available to the public.
- E) Developing and maintaining appropriate procedures related to the use of GenAI systems, including procedures for editing and fact-checking output.
- F) Ensuring any public-facing GenAI systems notify the user that GenAI is being used.
- G) Developing and updating training for the authorized users of each departmental approved GenAI system.
- H) Ensuring access to department GenAI systems is limited to authorized users and establishing requirements for user credentials such as two-factor authentication and appropriate password parameters.
- I) Conducting audits at reasonable time intervals for each of the GenAI systems utilized by the Department to evaluate the performance and effectiveness of each approved system and to determine if it continues to meet the department's needs and expectations of trustworthiness. The coordinator should arrange for audits to be conducted by an external source, as needed.
- J) Ensuring each GenAI system is updated and undergoes additional training as reasonably appears necessary in an effort to avoid the use of outdated information or technologies.
- K) Keeping abreast of advancements in GenAI and any GenAI-related legal developments.
- L) Reviewing this policy and department practices and proposing updates as needed to the Chief of Police.
- M) Developing procedures in coordination with the Brady information coordinator and the Police Chief for the compilation and potential release of any discovery or records related to the use of GenAI systems consistent with Brady and the Texas Public Information Act.

VI. GENERAL PROCEDURES

The use of department GenAI systems by department members shall be limited to official work-related purposes, and members shall only access and use GenAI systems for which they have been authorized and received proper training.

Members shall use AI-generated content as an informational tool and not as a substitution for human judgment or decision-making. Members should not represent AI-generated content as their own original work.

AI-generated content should be considered draft material only and shall be thoroughly reviewed prior to use. Before relying on AI-generated content, members should:

- A. Obtain independent sources for information provided by GenAI and take reasonable steps to verify that the facts and sources provided by GenAI are correct and reliable.

Officers utilizing Generative Artificial Intelligence shall utilize non-descriptive / unidentifiable information in its place (e.g., Suspect, involved party, Victim, Actor).

PRIVACY CONSIDERATIONS:

Information not otherwise available to the public, including data reasonably likely to compromise an investigation, reveal confidential law enforcement techniques, training, or procedures, or risk the safety of any individual if it were to become publicly accessible, should not be input into a GenAI system unless contractual safeguards are in place to prevent such information from becoming publicly accessible. Members should instead use generic unidentifiable inputs, such as "suspect" or "victim," and hypothetical scenarios whenever possible.

Protected information should only be input into GenAI systems that have been approved for such use and comply with applicable privacy laws and standards (see the Protected Information Policy).

PROHIBITED USE:

Members shall not use GenAI systems to rationalize a law enforcement decision, or as the sole basis of research, interpretation, or analysis of the law or facts related to a law enforcement contact or investigation.

	Policy 8.2 Civil Disturbances and Mass Arrest	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 8.07	

I. POLICY

How law-enforcement officers interact with crowds in civil actions, whether in demonstrations or civil disturbances, has direct bearing on their ability to prevent property damage, injury, or loss of life, and to minimize disruption to persons who are uninvolved. Officers confronting civil disturbances and those called upon to assist in these incidents shall follow the procedures as enumerated in this policy to protect life, property, and first amendment rights.

In rare circumstances resulting from man-made or natural emergencies, and in widespread, highly volatile civil unrest with the potential for widespread violence, the incident commander may temporarily deviate from any policy, provision, or guideline contained herein when such action is determined to be the only reasonable alternative for the prevention of loss of life or major property damage.

It is critical to remember that the Constitution of the United States (and other important, binding documents and court decisions) afford the right of the people to express themselves in a variety of ways and for an almost infinite number of reasons. It is the policy of this police department that all human rights are respected and supported.

Further, this department will not provoke or incite demonstrators through any unnecessary show of force. Incident commanders will rely on their training and experience when faced with hostile crowds and will consult (when they're able) with the Chief of Police.

It is the policy of this department to avoid making mass arrests of persons when arrest avoidance is reasonable in the interests of safety and security. In addition, this department is committed to working with demonstrators to explore a peaceful and reasonable solution to prevailing concerns.

II. PURPOSE

The purpose of this policy is to establish guidelines for managing crowds and preserving the peace during demonstrations and civil disturbances.

III. DEFINITIONS

- A. Civil Disturbance: An unlawful assembly, as defined by state statutes and local ordinances. Normally, a gathering that constitutes a breach of the peace or any assembly of persons where there is a threat of collective violence, destruction of property, or other unlawful acts. These are typically, but not always, spontaneous occurrences requiring the emergency mobilization of police forces and related emergency services.
- B. Demonstration: A legal assembly of persons organized primarily to express a political position or other doctrinal view. These are typically scheduled events that allow for police planning. They include but are not limited to marches, protests, and other assemblies that are largely designed to attract the attention of onlookers, media, and others. Demonstrations can evolve into civil disturbances that necessitate enforcement actions. Although crowd control may be necessary at sporting events, festivals, concerts, celebratory gatherings, and related events, these are not defined as demonstrations.
- C. Crowd Control: Techniques used to address unlawful public assemblies, to include a show of force, crowd containment, dispersal equipment, and strategies, and preparations for multiple arrests.
- D. Crowd Management: Techniques used to manage lawful assemblies before, during, and after the event for the purpose of maintaining their lawful status as accomplished through event planning, pre-event contact with group leaders, issuance of permits, intelligence gathering, personnel training, and other means.

IV. PROCEDURES: General Management and Organization Principles

- A. By law, this jurisdiction may impose reasonable restrictions on the time, place, and manner of expressing first amendment rights. This department shall place only those limitations and restrictions on demonstrations necessary to maintain public safety and order and, to the degree possible, allow uninhibited commerce and freedom of movement for uninvolved persons.
- B. The on-duty supervisor will assume the role of incident commander (IC) at the scene of mass demonstrations and civil disturbances until relieved by a higher-ranking supervisor or the Chief of Police.
- C. The Chief of Police shall be responsible for preparing any tactical plans and management details associated with planned demonstrations.
- D. If at all possible, a member of the department should be detailed to conduct a video recording of the incident and the department's response to it, including any interactions involving use of force.
- E. The incident-command system shall be used in crowd management and civil disturbances to ensure control and unified command. The incident commander shall do the following:

1. Assume responsibility for issuing and disseminating all orders to members of his or her command and for determining the resources that are necessary and the extent to which they will be used.
2. Direct the establishment and organization of an incident command post.
3. Call for any necessary assistance.
4. Authorize such use of force and engagement with the crowd as deemed necessary to resolve unlawful actions.
5. Authorize the use of arrest as a means of curtailing unlawful behavior.
6. Designate a liaison officer to coordinate with other city or county emergency service providers as well as government offices, agencies, and departments.
7. Ensure that officers at the staging area are briefed on the type of crowd being monitored. They will be told what to expect from participants and what types of responses and force can be employed. They shall also be informed that the incident commander will order the response deemed appropriate and that the unit will act in concert with and follow the direction of the incident commander.
8. It is the policy of this department to avoid making mass arrests of persons when arrest avoidance is reasonable in the interests of safety and security.

V. USE OF FORCE

- A. The department's use-of-force policy is equally applicable to enforcement actions in the context of both mass demonstrations and civil disturbances. That is, officers may use only such force as reasonably appears necessary to protect themselves or others from physical harm, to restrain or subdue a resistant individual, or to bring an unlawful situation safely and effectively under control.
- B. Unity of action, command, and control are key to effective handling of demonstrations and civil disturbances. Thus, unless exigent circumstances require immediate action, officers shall not independently make arrests or employ force without command authorization. In exigent circumstances, supervisors shall independently authorize the use of force or such other tactics in accordance with the agency's use-of-force policy and this policy.
- C. All officers providing assistance to this agency through mutual aid agreements, contracts, or other means shall be briefed on the mutually agreed upon provisions of those agreements relating to the use of force and protocols for crowd control prior to deployment.
- D. The following restrictions and limitations on the use of force shall be observed during mass demonstrations and civil disturbances:
 1. Fire hoses shall not be used for crowd containment or dispersal.
 2. Motor vehicles may be used to surround and move persons as appropriate but shall not be brought into contact with them for purposes of containment or dispersion.

3. Less lethal projectiles shall not be fired indiscriminately into crowds. Skip-fired projectiles and munitions or similar devices designed for non-directional, non-target-specific use may be used in civil disturbances where life is in jeopardy.
4. Direct-fired impact munitions, to include beanbag and related projectiles, shall not be used for crowd control or management during demonstrations.
5. Direct-fire munitions may be used where reasonable during civil disorders against specific individuals who are engaged in conduct that poses a threat of death, great bodily harm, or serious property damage, when the individual can be properly targeted.
6. When reasonably possible, a verbal warning shall be issued prior to the use of impact munitions.
7. Electronic control weapons (ECW) shall be used during civil disturbances only for purposes of restraint or arrest of individuals who are actively resisting and when alternative, lesser means of control are not available or are unsuitable and only when an individual can be accurately targeted. ECWs may not be fired indiscriminately into crowds.

E. Use-of-Force Reporting and Investigation

Established use-of-force reporting requirements of this department are equally applicable to policing mass demonstrations and civil disturbances. However, reporting, documenting, and recording uses of force in the context of civil disturbances and mass demonstrations can be hampered by logistical and safety concerns. Officers will complete use-of-force forms as soon as practical after the event.

VI. DEMONSTRATIONS

- A. Preparation for responding to a demonstration is the responsibility of the Chief of Police. The incident commander shall ensure that a written, incident-action plan is developed for approval by the Chief or his or her designee.
- B. Every effort shall be made to identify the leaders of the demonstration and to make contact with these leaders in advance of the demonstration. A decision on personnel, resources, and related needs shall be based in part on information obtained from leaders, department intelligence, and other sources. In addition, answers to the following questions shall be collected:
 1. What type of event is involved?
 2. When is it planned?
 3. Is outside opposition to the event expected?
 4. How many participants are expected?
 5. What are the assembly areas and movement routes?
 6. What actions, activities, or tactics does the department anticipate the demonstrators will use, including devices designed to thwart arrest?
 7. Have permits been issued?
 8. Have other agencies, such as fire and EMS, been notified?
 9. Is there a need to request mutual aid?

10. Will off-duty personnel be required?
 11. Have demonstration leaders been identified, and, if so, what is their past history of conduct at such events?
 12. Is it possible to meet with group leaders?
- C. Based on this and related information, the department will develop an action plan together with outside agencies where necessary. The plan shall address provisions for the following and be distributed to all affected command and supervisory officers.
1. Command assignments and responsibilities
 2. Manpower, unit structure, and deployment
 3. Liaison with demonstration leaders
 4. Liaison with outside agencies
 5. Release of information to the news media
 6. Transportation, feeding, and relief of personnel
 7. Traffic management
 8. Demonstrator devices, extrication teams, and equipment
 9. First aid stations
 10. Transportation of prisoners
 11. Prisoner detention areas
 12. Any intelligence information
- D. Officers shall monitor crowd activity. Sufficient resources to make multiple simultaneous arrests should be available, depending on the fluidity of the situation and degree of actual or likely disruption.
- E. Assigned officers shall wear their badges and nameplates or other personal identification on the outside of their uniforms or on their helmets at all times.
- F. Officers shall be positioned in such a manner as to minimize contact with the assembly.
- G. Officers shall not engage in conversations related to the demonstration or react to comments from demonstrators.
- H. Officers shall maintain a courteous and neutral demeanor.
- I. Persons who reside, are employed, or have business of an emergency nature in the area marked off by a police line shall not normally be barred from entering the demonstration area unless circumstances suggest that their safety would be jeopardized or their entry would interfere with police operations.
- J. The Chief of Police shall establish and maintain communication with demonstration leaders and relay information on crowd mood and intent to the incident commander. Supervisors shall maintain close contact with officers under their charge to ensure their compliance with orders, to monitor their behavior and disposition, and to ensure that they are aware of any changes in crowd attitude or intent.

K. Before ordering forced dispersal of demonstrators, the Chief of Police shall determine whether lesser alternatives may be effective. These alternatives include the use of containment and dialogue, as follows:

1. Establish contact with crowd leaders to assess their intentions and motivations and develop a mutually acceptable plan for de-escalation and dispersal
2. Communicate to the participants that their assembly is in violation of the law, that the department wishes to resolve the incident peacefully, but that acts of violence will be dealt with swiftly and decisively
3. Negotiate with crowd leaders for voluntary dispersal, or target specific violent or disruptive individuals for arrest. Prior to issuing dispersal orders, the Chief of Police shall ensure that all potentially necessary law enforcement, fire, and EMS equipment and personnel are on hand to successfully carry out tactical requirements for all contingencies, and that logistical requirements related to the potential for making mass arrests are in place.
4. When the Chief of Police has made a determination that crowd dispersal is required, he or she shall direct unit commanders to issue warnings prior to taking physical actions to disperse the crowd if time and circumstances permit,
5. The warnings shall be issued loudly enough and often enough to be heard by the crowd from stationary vantage points or with the use of public address devices in moving patrol vehicles.
6. The warning shall consist of an announcement citing the offenses or violations being committed, an order to disperse, and designated dispersal routes. A second and a third warning shall be issued at reasonable time intervals before designated actions are taken to disperse the crowd. Where possible, the warnings shall be audio- or video-recorded at a point to the rear of the crowd, and the time and the names of the issuing officers recorded in the Chief of Police's event log.
7. Specific crowd-dispersal tactics shall be ordered as necessary where the crowd does not heed warnings. These include any one or any combination of the following:
 - a. Display of forceful presence to include police lines, combined with police vehicles, and mobile field forces.
 - b. Crowd encirclement
 - c. Multiple simultaneous arrests
 - d. Police formations and tactics for forcing crowd movement

VII. SPONTANEOUS DEMONSTRATIONS AND CIVIL DISTURBANCES

A. Demonstrations or large gatherings of any kind that escalate into disturbances are governed by the policies and regulations concerning crowd management, control, and dispersal as identified here with respect to civil disturbances. The first officer to arrive on the scene of a spontaneous demonstration or civil disturbance shall do the following:

1. Observe the situation from a safe distance to determine if the gathering is currently or potentially violent
 2. Notify the communications center of the nature and seriousness of the disturbance, particularly the availability of improvised or deadly weapons, its location and estimated number of participants, current activities (such as blocking traffic), direction of movement, and ingress and egress routes for emergency vehicles
 3. Request the assistance of a supervisor and any necessary backup, and advise as to the present course of action
 4. If approaching the crowd would not present unnecessary risk, instruct the gathering to disperse
 5. Attempt to identify crowd leaders and agitators and anyone engaged in criminal acts
- B. The first field supervisor in charge at the scene shall assess the situation and request sufficient personnel and related resources to perform the following tasks:
1. Deploy officers to the best vantage points to observe and report on crowd actions
 2. Establish an outer perimeter sufficient to contain the disturbance and prohibit entrance into the affected area
 3. Ensure that, to the degree possible, uninvolved civilians are evacuated from the immediate area of the disturbance
 4. Establish a temporary command post based on proximity to the scene, availability of communications, space, and security from crowd participants
 5. Continually assess the situation and advise communications of any change in status and any additional needs
 6. Ensure that surveillance points are established to identify agitators, leaders, and individuals committing crimes, and to document and report on events as they happen
 7. Where illegal gatherings engaged in civil disturbances cannot be controlled with available field personnel within a reasonable period of time, the agency Chief of Police or his or her designee shall serve as or appoint an IC to direct operations.
 8. The primary objectives of the IC will be as follows:
 - a. Protect persons, including nonparticipants and participants alike, and property at risk
 - b. Disperse disorderly or threatening crowds in order to eliminate the immediate risks of continued escalation and further violence
 - c. Effect the arrest of those individual law violators and the removal or isolation of those persons inciting violent behavior
 - d. To achieve the foregoing objectives, the IC shall employ tactical operations that include but are not necessarily limited to approaches previously identified in this policy
 - e. In the area outside the perimeter surrounding the disorder site, the IC shall ensure that the following actions are taken:
 - f. Move and reroute pedestrian and vehicular traffic around the disorder

- g. Limit access to the disorder to those persons approved by the IC or other commander
 - h. Control unauthorized egress from the disorder by participants
 - i. Repulse attempts to assist or reinforce the incident participants from outside the area
9. The IC shall also ensure the following matters are addressed where indicated:
- a. Ensure that adequate security is provided to fire and EMS personnel in the performance of emergency tasks
 - b. Ensure that feeding and relief requirements of personnel have been addressed
 - c. Ensure the adequacy and security of the incident command post and designate a staging area for emergency responders and equipment
 - d. Establish liaison and staging point for media representatives and, to the degree possible, provide them with available information
 - e. Ensure that the IC's event log is staffed for documenting activities and actions taken during the course of the incident
 - f. Take photographs and make video-recordings of event proceedings
 - g. Take photographs of any injuries sustained by police officers or the public
 - h. Determine the need for full mobilization of sworn officers and the recall of off-duty officers.

VIII. MASS ARRESTS

- A. During the course of civil disturbances, it may be necessary to make arrests of numerous individuals over a relatively short period of time. In order for this process to be handled efficiently, safely, and legally, the following shall be observed:
- 1. Except for felony offenses, officers shall not pursue demonstrators into buildings for the purpose of making arrests unless specifically instructed to do so by a supervisor. Supervisors shall accompany and exercise control over members under their command who go on private property or enter buildings to make arrests.
 - 2. Designated, supervised squads of officers shall perform mass arrests.
 - 3. If required, an adequate secure area shall be designated for holding prisoners after initial booking and while awaiting transportation.
 - 4. Arrest teams shall be advised of the basic charges to be recorded in all arrests.
 - 5. Arrestees who are sitting or lying down but agree to walk shall be escorted to the transportation vehicle for processing. Two or more officers shall carry those who refuse to walk.
 - 6. At the transport vehicle, the arrestee shall be advised of the charges. The prisoner shall be searched for weapons, evidence, and contraband, and

where possible, by an officer of the same sex. Such items shall be secured and identified prior to transportation.

7. Polaroid or digital photographs shall be taken of the arrestee with the arresting officer, and of the prisoner and any property that is turned over to the transporting officer. Transporting officers shall not accept prisoners without a properly prepared field arrest form and photographs and shall ensure that all property is placed in a container that is legibly marked with the arrest-form number.
 8. Upon arrival at the detention facility, the transporting officer shall deliver the prisoner together with the arrest form and personal property.
 9. All injured prisoners and those who request medical attention shall be provided medical attention prior to transportation to the detention facility.
 10. Photographs shall be taken of all injuries.
- B. All arrested juveniles shall be handled in accordance with this department's procedures for the arrest, transportation, and detention of juveniles.

IX. DEACTIVATION

- A. When the disturbance has been brought under control, the IC shall ensure that the following measures are taken:
1. All law-enforcement officers engaged in the incident shall be accounted for, and an assessment and documentation made of personal injuries.
 2. Witnesses, suspects, and others shall be interviewed or interrogated.
 3. All necessary personnel shall be debriefed as required.
- B. All written reports shall be completed as soon as possible after the incident. They will include a comprehensive documentation of the basis for the incident, the department's response to the incident, and a statement of impact that includes the cost of equipment, personnel, and other expenses related to the incident.

	Policy 8.4 Assisting the Mentally Ill	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions

I. POLICY

It is the policy of this department to protect an emotionally or mentally unstable person from harming themselves, others, or property. Police work brings officers into contact with persons who are emotionally or mentally unstable. This instability may be due to any number of factors, including alcohol/drug dependency, emotional trauma, or some form of mental illness.

Our primary concern in these cases is the safety and welfare of that person, the community, and the officer. An officer who has probable cause to believe that an emotionally or mentally unstable person presents an immediate threat of harm to himself/herself or another person will take that person into protective custody and transport him/her to a facility where trained professionals can evaluate the emotional and mental status of that person.

II. PURPOSE

The purposed of this policy is to provide officers with guidance on responding to calls involving the mentally ill.

III. PROCEDURES

- A. Recognizing abnormal behavior: Mental illness is often difficult for even trained professional to define in a given individual. Officers are not expected to make judgments of mental or emotional disturbance but rather to recognize behavior that is potentially destructive and/or dangerous either to the person or others.

The following are generalized signs and symptoms of behavior that may suggest mental illness although officers should not rule out other potential causes, such as reactions to narcotics or alcohol or temporary emotional disturbances that are situationally motivated. Officers should evaluate the following and related symptomatic behavior in the total context of the situation when making judgments about an individual's mental state and the need for intervention absent the commission of a crime.

1. Degree of Reactions. Mentally ill persons may show signs of strong and unrelenting fear of persons, places, or things. The fear of people or

crowds, for example, may make the individual extremely reclusive or aggressive without apparent provocation.

2. Appropriateness of Behavior. An individual who demonstrates extremely inappropriate behavior for a given context may be emotionally ill. For example, a motorist who vents his frustration in a traffic jam by physically attacking another motorist may be emotionally unstable.
3. Extreme Rigidity or Inflexibility. Emotionally ill persons may be easily frustrated in new or unforeseen circumstances and may demonstrate inappropriate or aggressive behavior in dealing with the situation.
4. In addition to the above, a mentally ill person may exhibit one or more of the following characteristics:
 - a. abnormal memory loss related to such common facts as name, home address, (although these may be signs of other physical ailments, such as injury or Alzheimer's disease);
 - b. delusions, the belief in thoughts or ideas that are false, such as delusions of grandeur ("I am Christ.") or paranoid delusions ("Everyone is out to get me.");
 - c. hallucinations of any of the five senses (e.g., hearing voices commanding the person to act, feeling one's skin crawl, smelling strange odors, etc.);
 - d. the belief that one suffers from extraordinary physical maladies that are not possible, such as persons who are convinced that their heart has stopped beating for extended periods of time;
 - e. extreme fright or depression.
5. Determining Danger: Not all mentally ill persons are dangerous while some may represent danger only under certain circumstances or conditions. Officers may use several indicators to determine whether an apparently mentally ill person represents an immediate or potential danger to himself/herself, the officer, or others. These include the following:
 - a. The availability of any weapons to the suspect.
 - b. Statements by the person that suggest to the officer that the individual is prepared to commit a violent or dangerous act. Such comments may range from subtle innuendo to direct threats that, when taken in conjunction with other information, paint a more complete picture of the potential for violence.
 - c. A personal history that reflects prior violence under similar or related circumstances. The person's history may be known to the officer, the family, friends, or neighbors, who may be able to provide such information.
 - d. Failure to act prior to arrival of the officer does not guarantee that there is no danger, but it does in itself tend to diminish the potential for danger.
 - e. The amount of control that the person demonstrates is significant, particularly the amount of physical control over emotions of rage, anger, fright, or agitation. Signs of a lack of control include extreme agitation, the inability to sit still or to communicate effectively, wide eyes, and rambling thoughts and speech. Clutching one's self or other objects to maintain control, begging

to be left alone, or offering frantic assurances that one is all right may also suggest that the individual is close to losing control.

- f. The volatility of the environment is a particularly relevant factor that officers must evaluate. The surroundings should be kept as calm as possible. Any elements that agitate the environment, or that make for a particularly combustible environment, or that may incite violence should be taken into account.

IV. APPROACH AND INTERACTION – General Guidelines

A. The following general guidelines detail how to approach and interact with a person who may have a mental illness and who may be a crime victim, witness, or suspect. These guidelines should be followed in all contacts, whether on the street or during more formal interviews and interrogations. Officers, while protecting their own safety, the safety of the person with mental illnesses, and others at the scene should do the following:

1. Recognize that these events are dangerous and officers must be prepared to protect themselves and others. The person may be suffering from mental instability, extreme emotions, paranoia, delusion, hallucinations, or intoxication.
2. Remain calm and avoid overreacting. Surprise may elicit a physical response, or the person's "fight or flight" may be engaged.
3. Approach the individual from the front.
4. Be helpful and professional.
5. Provide or obtain on-scene emergency aid when treatment of an injury is urgent.
6. Check for and follow procedures indicated on medical alert bracelets or necklaces.
7. Indicate a willingness to understand and help. Use active listening, and paraphrase responses.
8. Use the person's name and your name when possible.
9. Speak slowly, simply and briefly.
10. Move slowly.
11. Remove distractions, upsetting influences, and disruptive people from the scene.
12. Understand that a rational discussion may not take place.
13. Recognize that sensations, hallucinations, thoughts, frightening beliefs, sounds ("voices"), or the environment are "real" to the person and may overwhelm the person.
14. Be friendly, patient, accepting, and encouraging, but remain firm and professional;
15. Be aware that your uniform, gun, and/or handcuffs may frighten the person with mental illnesses. Reassure him or her that no harm is intended.
16. Attempt to determine if the person is taking any psychotropic medications.
17. Announce actions before initiating them.
18. Gather information from family or bystanders.
19. Use patience and communications to control.
20. Use physical force only as a last resort.

21. Don't be afraid to ask direct questions about what the person is experiencing, such as, "Are you hearing voices? Are you thinking of hurting yourself? Are you in need of something?"
- B. Officers should be aware that their own actions might have an adverse effect on any situation that involves a mentally ill person. Actions that officers should generally avoid include the following:
1. Moving suddenly, startling the person, giving rapid orders, or shouting.
 2. Forcing discussion.
 3. Cornering or rushing.
 4. Touching the person (unless essential for the safety of the person, bystanders, or the officer involved).
 5. Crowding the person or moving into his or her zone of comfort.
 6. Expressing anger, impatience, or irritation.
 7. Assuming that a person who does not respond cannot hear.
 8. Using inflammatory language, such as "mental" or "mental subject."
 9. Challenging delusional or hallucinatory statements;
 10. Misleading the person to believe that officers on the scene think or feel the way the person does.
- C. The department shall provide training to all department personnel. This training shall be provided to all newly hired personnel during their first week of employment, with refresher training given to all personnel at least every three (3) years.

V. EMERGENCY APPREHENSION AND DETENTION

- A. HSC 571.003 defines "mental illness" as an illness, disease, or condition, other than epilepsy, senility, alcoholism, or mental deficiency, that has the following effects:
1. Substantially impairs a person's thought, perception of reality, emotional processes, or judgment; or
 2. Grossly impairs behavior as demonstrated by recent disturbed behavior.
 3. HSC 573.001 empowers peace officers without a warrant to take into custody a person if the officer has reason to believe and does believe the following:
 - a. the person is mentally ill; and
 - b. because of that mental illness there is a substantial risk of serious harm to the person or to others unless the person is immediately restrained; and
 - c. believes that there is not sufficient time to obtain a warrant before taking the person into custody.
 4. A substantial risk of serious harm to the person or others under Subsection (a)(1)(B) may be demonstrated by the following:
 - a. the person's behavior; or
 - b. evidence of severe emotional distress and deterioration in the person's mental condition to the extent that the person cannot remain at liberty.

5. The peace officer may form the belief that the person meets the criteria for apprehension on the basis of the following:
 - a. representation of a credible person;
 - b. the conduct of the apprehended person;
 - c. the circumstances under which the apprehended person is found.
6. A peace officer who takes a person into custody shall immediately transport the apprehended person to:
 - a. the nearest appropriate inpatient mental health facility; or
 - b. a mental health facility deemed suitable by the local mental health authority, if an appropriate inpatient mental health facility is not available.
7. A jail or similar detention facility may not be deemed suitable except in an extreme emergency.
8. A person detained in a jail or a non-medical facility shall be kept separate from any person who is charged with or convicted of a crime.

B. Juvenile Mentally Ill Patients: Emergency detention procedure for juveniles is the same as for adults.

VI. TAKING A PERSON INTO CUSTODY FOR EMERGENCY DETENTION

- A. If an officer determines that an emergency detention is necessary, the following procedures will be utilized:
 1. A minimum of two officers should be present before any action is begun toward taking the subject into custody.
 2. An officer who feels that a patient should be taken into custody will not force entry into the home of the mentally ill person/her unless a life is in immediate danger.
 3. The officers taking the person into custody will apply handcuffs for transport. The officers should explain that handcuffs are necessary for everyone's protection. They should use front cuff with belt restraint if possible. Officers who believe the subject will not resist should inform the subject of their intentions beforehand and explain their reasoning. Officers who believe the subject will resist should understand that immediate forceful action may be necessary to restrain the individual. Officer safety is paramount.
 4. Officers are reminded that the use of force is authorized to the extent necessary to take the subject into custody.
 5. The officers should proceed to the mental health facility and turn the subject over to the staff.
 6. The officers must complete an application for emergency detention, which details actions of the subject that led the officer to believe there was danger to the subject or to others.
 7. The officer must complete a miscellaneous incident report detailing the event and attach a copy of the petition to the report.
- B. Physically Ill Mentally Disturbed Persons. When a mentally ill person is also physically ill or injured so that transport by ambulance is necessary, an officer will ride in the rear of the ambulance with the person.

VII. CRIMINAL OFFENSES INVOLVING THE MENTALLY ILL

- A. If an officer believes that an individual who commits a crime is exhibiting symptoms of mental illness and the person is an immediate danger to himself/herself or others, the officer should apprehend the person and take him/her to a mental health facility under an Application for Emergency Detention. The officer will prepare an offense report that provides all the details of the offence and a description of the subject's behavior. If an evaluation determines that the individual is competent he/she will be filed on for the offense and an arrest warrant obtained.
- B. Individuals who commit criminal acts and are believed by the officer to be exhibiting symptoms of mental illness but there is no evidence that the person is an immediate danger to themselves or others should be treated as follows:
 - 1. If the offense is a misdemeanor, release to a competent adult caregiver or booked into jail. If booked into jail, every attempt will be made to locate a caregiver and release the person to the caregiver on personal recognizance.
 - 2. If the offense is a felony, the individual will be booked into jail and every attempt will be made to contact a caregiver. The individual will be required to make bond.
 - 3. In cases of family violence, a supervisor or the Chief of Police should be consulted to determine an appropriate response.
 - 4. In any case involving a person whom the officer suspects is mentally ill is booked into jail, but not housed with other inmates. Every effort will be made to monitor that person's safety. Process the individual as quickly as possible to remove him/her from the facility.
 - 5. Juveniles who are suspected of being mentally ill but non-violent who are being cared for by a responsible person will not be detained unless a felony has been committed.
 - 6. Violent juveniles who are suspected of being mentally ill or those who have committed a felony will be transported to the mental health facility.

VIII. REPORTING

- A. If a criminal incident involving a mentally ill person is reported, all pertinent information involving the offense must be included in that report.
- B. Certain individuals may habitually display unusual behavior that is or may become well known to the police department. Whenever contact is made with these individuals' documentation of these encounters should be made through dispatch or with a Field Interview "FI" card.

IX. REFERRALS TO MENTAL HEALTH FACILITIES

- A. When a police employee receives a telephone call from a person who appears to be mentally disturbed or irrational, the employee should proceed as follows:
 - 1. Obtain the caller's name, telephone number, and address or the location from which the individual is calling.

2. If the caller indicates that any life, including the caller's, may be in danger, an officer will be sent and the on-duty patrol supervisor advised of the situation.
3. If the caller is not an immediate threat to themselves or others, the employee may suggest that the caller contact a local mental health center for assistance.
4. When an officer is dispatched to a call in which a person has attempted suicide or is threatening suicide, the officer shall make certain that the immediate situation is stabilized. The officer shall also attempt to locate a relative, close friend, or other responsible party who is available. The officer shall then contact the appropriate mental health facility/provider for assistance and/or emergency detention. An incident report shall be completed regarding the attempted suicide.

	Joshua ISD POLICE DEPARTMENT	
	Policy 8.5 Assisting the Developmentally Disabled	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference:	

I. POLICY

Persons afflicted with developmental disabilities are limited in their ability to effectively communicate, interact with others, and make reasoned decisions on their own. While the symptoms may appear similar to individuals with mental illness, the reason for their behavior is different. Therefore, it is the policy of this agency that officers understand the symptomatic behavior of such persons and be prepared to deal with them in a manner that will best serve their needs and the needs of this department and the community as a whole.

II. PURPOSE

It is the purpose of this policy to provide officers with information on the symptoms and effects of developmental disabilities so that officers may better recognize and deal with such persons in enforcement and related capacities.

III. DEFINITION

- A. **Developmental Disability:** A potentially severe, chronic disability attributable to a physical or mental impairment or combination of impairments resulting in substantial functional limitations to major life activities, such as understanding and speaking, learning, mobility, self-direction, self-care, capacity for independent living, and economic self-sufficiency.

Developmental disabilities -- such as developmental delays, autism, or Tourette's syndrome -- are not the same as and should not be confused with forms of mental illness, such as schizophrenia or the more common mood disorders.

Many of the symptoms of a developmental disability resemble the symptoms of mental illness. However, they are quite distinct in origin. A developmental disability is one that has slowed or halted an individual's normal development. The result may be permanent. Mental illness may occur in individuals who have fully developed mentally and physically but whose illnesses impact their behavior.

IV. PROCEDURES

A. Common Symptoms. Developmental disabilities take many forms. Also, many of the persons who have such disabilities have other related but distinct disorders as well, such as Asperger syndrome, Fragile X syndrome, and Rett syndrome. Although officers are not in a position to diagnose persons with such disabilities, officers shall be alert to the symptoms that are suggestive of such disorders. These include but are not limited to the following symptoms in various combinations and degrees of severity:

1. Difficulty communicating and expressing oneself.
2. Communication by pointing or gesturing rather than words.
3. Repetition of phrases or words.
4. Repetitive body movements some of which may be harmful to themselves. These movements may include, but are not limited to, swaying, spinning, clapping hands, flailing arms, snapping fingers, biting wrists, or banging the head.
5. Little or no eye contact.
6. Tendency to show distress, laugh, or cry for no apparent reason.
7. Uneven or gross movements with poor fine motor skills.
8. Unresponsiveness to verbal commands; appearance of being deaf even though hearing is normal.
9. Aversion to touch, loud noise, bright lights, and commotion.
10. No real fear of danger.
11. Oversensitivity or under sensitivity to pain.
12. Self-injurious behavior.

B. Common Encounters. Officers may encounter persons who have developmental disabilities in a variety of situations many of which involve persons without such disabilities. However, due to the nature of developmental disabilities, it is possible to identify some of the most common situations in which such persons may be encountered.

1. Wandering. Developmentally delayed, autistic, or other developmentally disabled persons sometimes evade their parents, supervisor, caregiver, or institutional setting and may be found wandering aimlessly or engaged in repetitive or bizarre behavior in public places, such as stores or on the street.
2. Seizures. Some developmentally disabled persons, such as those suffering from autism, are subject to seizures, and may be encountered by police in response to a medical emergency.
3. Disturbances. Disturbances may develop and a caregiver may be unable to maintain control of the disabled person who is having a tantrum or engaging in self-destructive or threatening behavior.
4. Strange and bizarre behavior. Strange or bizarre behavior may take innumerable forms, such as picking up items in stores (perceived shoplifting), repetitive and seemingly nonsensical motions and actions in public places, inappropriate laughing or crying, and personal endangerment.
5. Offensive or suspicious persons. Socially inappropriate or unacceptable acts, such as violation of personal space, annoying others, or inappropriate

touching of others or oneself, are sometimes associated with the developmentally disabled who often are not aware of what constitutes acceptable social behavior.

C. Handling and De-escalating Encounters. Some persons with developmental disabilities can be easily upset and may engage in tantrums or self-destructive behavior. They may become aggressive. Fear, frustration, and minor changes in their daily routines and surroundings may trigger such behavior. Therefore, officers shall take measures to prevent such reactions and de-escalate situations involving such persons in the course of taking enforcement and related actions. These include the following:

1. Speak calmly; use nonthreatening body language, with your hands to your sides. Using a stern, loud, command tone to gain compliance will have either no effect or a negative effect on a developmentally disabled person. Be aware that such persons may not understand the Miranda warning even if they say they do.
2. Keep the commotion down. To the degree possible, eliminate loud sounds, bright lights, and other sources of overstimulation. Turn off sirens and flashers, ask others to move away, or, if possible, move the developmentally disabled person to more peaceful surroundings.
3. Keep animals away. Keep canines in the police vehicle and preferably away from the area, and ensure that other dogs are removed.
4. Look for personal identification. Look for medical ID tags on wrists, neck, shoes, belt, or other apparel. Some persons carry a card noting that they are developmentally disabled and possibly nonverbal. That card should also provide a contact name and telephone number.
5. Call the contact person or caregiver. The person's caregiver or institutional or group home worker is an officer's best resource for specific advice on calming the person and ensuring the safety of the person and the officer until the contact person arrives on the scene.
6. Prepare for a potentially long encounter. Dealings with such a person should not be rushed unless there is an emergency situation. De-escalation of the situation, using calming communication techniques, can take time, and officers should inform their dispatcher or supervisor or both that this might be the case if circumstances dictate.
7. Repeat short, direct phrases in a calm voice. For example, rather than saying, "Let's go over to my car where we can talk," simply repeat "Come here," while pointing until the person's attention and compliance are obtained. Gaining eye contact in this and related situations is essential but may be difficult. Be direct by repeating, "Look at me," while pointing to the person's eyes and yours.
8. Be attentive to sensory impairments. Many persons who have autism or other developmental disabilities may have impairments that make it difficult for them to process incoming sensory information properly. For example, some may experience buzzing or humming in their ears that makes it difficult for them to hear. An officer who identifies a sensory impairment should take precautions to avoid exacerbating the situation.

- a. Don't touch the person. Unless the person is in an emergency situation (e.g., has been seriously injured or is in imminent peril), speak with the person quietly and in a nonthreatening manner to gain compliance.
- b. Use soft gestures. When asking the person to do something, such as look at you, speak and gesture softly. Avoid abrupt movements or actions.
- c. Use direct and simple language. Slang and common officer expressions (e.g., "spread 'em") have little or no meaning to such persons. Normally, they will understand only the simplest and most direct language (e.g., come, sit, stand).
- d. Don't interpret odd behavior as belligerent. In a tense or even unfamiliar situation, these persons will tend to shut down and close off unwelcome stimuli. For example, they may cover their ears or eyes, lie down, shake or rock, repeat questions, sing, hum, make noises, or repeat information in a robotic way. This behavior is a protective mechanism for dealing with troubling or frightening situations. Don't stop this repetitive behavior unless it is harmful to the individual or others.
- e. Be aware of different forms of communication. Some developmentally disabled persons carry a book of universal communication icons. Pointing to one or more of these icons will allow these persons to communicate where they live, their mother's or father's name, address, or what he or she may want. Those with communication difficulties may also demonstrate limited speaking capabilities, at times incorrectly using words such as "you" when they mean "I."
- f. Don't get angry at antisocial behaviors. For example, when asked a simple question, such as "Are you all right?" the person may scream, "I'm fine!" Many such persons don't understand that this is not appropriate.
- g. Maintain a safe distance. Provide the person with a zone of comfort that will also serve as a buffer for officer safety.

D. Taking Persons into Custody. Taking custody of a developmentally disabled person should be avoided whenever possible as it will invariably initiate a severe anxiety response and escalate the situation. Therefore, in minor offense situations, officers shall explain the circumstances to the complainant and request that alternative means be taken to remedy the situation. This normally will involve release of the person to an authorized caregiver. In more serious offense situations or where alternatives to arrest are not permissible, officers shall observe the following guidelines:

1. Contact a supervisor for advice.
2. Avoid the use of handcuffs and other restraints unless absolutely necessary. Use of restraints will invariably escalate panic and resistance.
3. Summon the person's caregiver to accompany the person and to assist in the calming and intervention process. If a caregiver is not readily available, summon a mental health crisis intervention worker if available.

4. Employ calming and reassuring language and de-escalation protocols provided in this policy.
 5. Do not incarcerate the person in a lockup or other holding cell unless absolutely necessary.
 6. Do not incarcerate the person with others.
 7. Until alternative arrangements can be made, put the person in a quiet room with subdued lighting with a caregiver or other responsible individual or an officer who has experience in dealing with such persons. Provide the person with any comfort items that may have been in his or her possession at the time of arrest, such as toys, blankets, foam rubber objects.
- E. Interviews and Interrogations. Officers conducting interviews or interrogations of a person who is, or who is suspected of being, developmentally disabled should consult with a mental health professional and the prosecuting attorney's office to determine whether the person is competent to understand his or her rights to remain silent and to have an attorney present. If police interview such persons as suspects, victims, or witnesses, officers should observe the following in order to obtain valid information:
1. Do not interpret lack of eye contact and strange actions or responses as indications of deceit, deception, or evasion of questions.
 2. Use simple, straightforward questions.
 3. Do not employ common interrogation techniques, suggest answers, attempt to complete thoughts of persons slow to respond, or pose hypothetical conclusions, recognizing that developmentally disabled persons are easily manipulated and may be highly suggestible.

	Joshua ISD POLICE DEPARTMENT	
	Policy 8.6 Active Shooter Response	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: 6.01, 6.02, 6.07, 7.34, and 8.07	

I. POLICY

An active shooter is defined as one or more subjects who participate in a random or systematic homicidal spree by demonstrating their intent to continuously harm others. The subject’s overriding objective appears to be mass murder rather than other criminal conduct, such as robbery or kidnapping.

It is the policy of this agency to respond, contain, and stop the threats and to administer aid to the victims.

II. PURPOSE

To establish policy and procedures governing the response and activities associated with an active-shooter event that will mitigate any further risk of injury or death to civilian or law enforcement personnel.

III. PROCEDURES

A. Notifications

The ranking supervisor or officer will notify the chain of command to include the Chief of Police or his/her designee of any active shooter event. Fire and EMS should be notified and requested to stand by in accordance with their protocols.

B. Mutual Aid

Upon arriving at the scene of an active shooter event and after assessing the crime scene, the agency should implement its mutual aid agreements with other police agencies if necessary, and with fire and rescue agencies. Additionally, it may be necessary after the incident to collaborate with recovery agencies to assist with the scene and any victims.

IV. ACTIVE SHOOTER RESPONSE

The first two to five responding officers should form a single team and enter the structure. (A single officer entering a structure must understand the inherent risk assumed

in taking such an action.) The first officers entering the structure should recognize that their primary objective is to stop further violence. Officers should identify and communicate locations of victims needing medical attention. If practical, and absent continued shooting, officers should treat any massive hemorrhaging that may result in the immediate loss of life.

A. Concepts and Principles

Safe, effective responses to active shooters are designed around concepts and principles. The first responding officers should:

1. Stay together as much as possible and enter the involved structure quickly.
2. Maximize communication by staying in close contact with other first responders.
3. Maximize threat coverage by addressing all angles.
4. Visually search involved areas using 540 degrees of coverage around and above the team.
5. Evaluate rooms from the threshold (commonly referred to as slicing the pie).
6. Differentiate between deliberate and direct-to-threat speeds and use the appropriate speed for the circumstances.
7. Use cover-contact principles when taking suspects into custody.

B. Follow-On Responders

Follow-on responders should be directed to victim locations if there is no active threat. Follow-on responders should:

1. Establish and maintain security in the area that follow-on responders occupy.
2. Consider the involved structure as unsearched.
3. Not enter a hallway unannounced if it is occupied by other officers.
4. Unless what other officers want accomplished is very clear, move to them after notifications and conduct a face-to-face meeting.
5. Direct victims to safety by utilizing either shelter-in-place or evacuation. If evacuating, establish a cordon of first responders to the desired exit point to ensure safety of victims.
6. Establish a casualty collection point (CCP) for injured persons. The CCP should be a room or open area (if outside of the structure) capable of holding all victims with injuries that require medical treatment. A series of rooms next to each other can be considered if casualties exceed available space.
7. Communicate with all involved responders to ensure the area remains secure while facilitating victim treatment.

C. Post-Event

Responses to an active-shooter event must include the aftermath of the incident. Officers should apply the SIM model (Security / Immediate Action Plan / Medical).

1. Security should take priority. Responding officers must ensure that the immediate environment they are working in remains secure, particularly if the active shooter remains a threat.
2. After officers address known threats, they should formulate an immediate action plan as quickly as possible. This plan should be quick and simple and address: “if / then” – the fluid variables of the situation.
3. Responding officers should address medical issues as soon as they establish security and have an immediate action plan in place.

D. OIS Investigations

Should there be an exchange of gunfire the agency will implement its officer-involved-shooting policy and respond accordingly.

V. Media Inquiry

All requests for information should be funneled through the public information officer (PIO) or the incident commander (IC) for vetting and coordination. Consideration should be given to establishing a media staging location that is not within the immediate vicinity of the active-shooter event.

	Policy 8.7 Line of Duty Death or Injury	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  _____ Chief of Police	
Reference:		

I. Policy:

It is the responsibility of every law enforcement agency to provide liaison assistance to the immediate survivors of any officer who dies in the line of duty, whether feloniously or accidentally, or who is hospitalized for an indefinite period of time or requires repeated and/or intermittent hospitalization because of a line-of-duty injury or systemic illness. This assistance shall include, but not limited to, the clarification and comprehensive study of survivor benefits and emotional support during this traumatic period of re-adjustment for the surviving family.

II. Purpose:

The purpose of this policy is to establish procedures, duties, and responsibilities for providing appropriate emotional care for the seriously injured, ill or deceased employee’s family. If the incident is the line-of-duty death of a police officer, funeral arrangements are to be decided by the family of the officer with their wishes taking precedence over those of the agency.

Although this policy is intended to address the line-of-duty death or injury of police officers, many provisions provided in this document, including death notification and family assistance, may be applicable to any agency employee regardless of whether or not the death is duty related.

III. Definitions:

- A. Line-of-Duty Death: Any action, felonious or accidental, which claims the life of a Joshua ISD Police Officer who is performing work related functions either while on or off-duty.
- B. Line-of-duty Injury or Illness: A line-of-duty injury or illness shall be an injury or systemic illness serious enough that hospitalization or time away from the department is ordered by a physician for an indefinite period.
- C. Survivors: Primary family members of the injured or deceased officer, including spouse, children, grandchildren, parents, grandparents, siblings, fiancé, and/or significant others.
- D. Beneficiary: Those designated by the officer as recipients of specific death benefits.

- E. Benefits: Financial payments made to the family to assist with financial stability following the loss of a loved one.
- F. Funeral Payments: Financial payments made to the surviving families of an officer killed in the line of-duty which are specifically earmarked for funeral expenses.
- G. Officer-In-Charge: The agency representative designated by the Chief of Police for assuming responsibility to carrying out specific tasks.
- H. Family Liaison Officer (FLO): consults and coordinates the needs of the family with the police department concerning the Wake or Funeral service.

IV. Procedures:

A. Officer in Charge (OIC)

1. In order to prevent duplication of efforts, maintain order, and ensure that the process works for the benefit of the officer or his or her family, the OIC shall coordinate all departmental functions regarding the incident. When possible, the OIC should be the rank of Lieutenant or higher.
2. The OIC shall make assignments of tasks and responsibilities to department personnel. Those persons shall report the status of their tasks to the OIC and personnel shall not perform incident related tasks without the approval of the OIC unless exigent circumstances exist.
3. If the OIC does not already possess communications equipment via which assigned personnel can make prompt contact with him or her (wireless telephone), he or she will be provided with the necessary means to facilitate such communications.
4. Personnel appointed to the position of OIC shall be thoroughly familiar with the concept and procedures of peer support, Critical Incident Stress Debriefing, Honor Guard protocols and other internal and/or external organizations involved in the process.
5. Personnel assigned to tasks regarding this policy shall be placed on special assignment and not available for routine calls until relieved of duty. OIC personnel may be required to obtain an evaluation by an approved mental health professional prior to return to regular duty.
6. In the event the officer has multiple families and/or an adversarial relationship exists between the families, the OIC may assign a separate liaison for each family.

B. Death or Life-Threatening Injury Notification:

1. Line-of-Duty deaths or life-threatening injuries notifications shall be made as soon as possible. Notification should be made by the Chief of Police or his/her designee to the immediate survivors prior to the name being released to the media. It is recommended that the informing law enforcement representative partner with a public safety chaplain, Concerns of Police Survivors (COPS) representative, psychologist, and/or another public safety survivor to convey the notification.
2. The name of the injured or deceased officer will be released by the PIO or Chief of Police designee only after notification of the primary family members.
3. The notification plan will be communicated using the most recent confidential Line-of-Duty Death or Injury Information provided by the officer.
4. If there is knowledge of a medical condition with a primary survivor, medical personnel will be dispatched to the vicinity of the residence to coincide with the death or serious injury notification.
5. Notification will always be made by two or more persons. The Chief of Police, his representative, COPS representative and/or pre-selected persons of the officer's choice will notify the family if time to assemble these persons exists. Delays in developing the appropriate notification team must be weighed against the importance of the timely notification of the primary family.
 - a. If the above-suggested persons are not readily accessible, notification shall be made by a supervisor on-duty. The opportunity to transport the family to the hospital prior to the demise of the officer is significantly more important than who delivers the notification.
 - b. If the family wishes to go to the hospital, they may be transported via Department vehicle. It is highly recommended the family not drive themselves to the hospital.
 - c. If the primary survivors are not in close proximity to Johnson County, the OIC shall request personal notification from a public safety agency from their locale.
 - d. The OIC is permitted to assist in making transportation arrangements to the requested location but may not assume responsibility for travel expenses on behalf of the Police Department without the authorization of the Chief of Police.
6. As soon as most public safety families see you, they will know something is wrong.
 - a. Ask to be admitted to the house. Do not make a notification on the doorstep.
 - b. Gather everyone in the home and ask them to sit down.
 - c. Inform them slowly and clearly of the information you have on the incident.
 - d. It is important to use the officer's name during the notification.
7. If the officer has already died, relay that information. Do not give the family a false sense of hope.

8. Notifying personnel must be prepared for unexpected responses from survivors to include hysteria and possible verbal or physical attack, anger, fainting, shock, etc.
9. Notifying personnel must be reassuring to the survivors. The most acceptable comment to newly bereaved people is something such as “I’m so sorry this has happened” and “The agency will do everything we can to help you through this”

C. Assisting the Family at the Hospital

1. An Emergency Department Liaison (EDL.) will be appointed by the OIC to act as information liaison for medical personnel to the family of the officer and fellow police officers. It is recommended that the EDL be an agency individual who has a rapport with emergency department personnel and practices.
2. The EDL shall arrange for appropriate waiting facilities for family and fellow police officers to gather at the hospital.
3. The duties of the EDL include but are not limited to the following:
 - a. The EDL will ensure the family is updated as soon as they arrive at the hospital.
 - b. The EDL will guarantee that pertinent information on the officer's condition is relayed on a timely basis. He or she shall also make the family and fellow police officers aware of hospital policy about visitation with the injured officer and/or visitation with the body following the demise, and explain why involvement of the Medical Examiner’s Office is necessary.
 - c. The EDL should prepare the family for what they might see and accompany them to the hospital emergency department.
 - d. The EDL will be responsible for notifying the emergency admitting personnel that all medical bills relating to the care and treatment of the officer should be forwarded to the Police Department.
 - This will require the EDL to have essential information regarding the officer. The officer’s residence address and next of kin information should be omitted on the admitting form.
 - Do not ask a family member to sign as guarantor of payment for treatment.
 - Omit requests for any insurance information.
4. If the injuries to the officer are likely fatal and it is possible for the family to visit their officer prior to death, they should be afforded the opportunity. There is definite need to touch and hold the body while there is still life, and being present when death occurs can be comforting to the family.
5. Peer support members or Chief of Police representative will be present the entire time the family is at the hospital and should arrange whatever assistance the family may need in cooperation with the EDL.

6. The personnel who made the initial notification should be among those at the hospital.
7. Any promises, such as, "We'll promote him/her posthumously." or "We'll retire his/her badge", shall not be made to the family by any person except the Chief of Police.
8. EDL, peer support members or Chief of Police representative will make arrangements for transportation of the family back to their residence or other desired reasonable destination.

D. Support for the Family prior to, during and after a Wake or Funeral

The following services will be offered to and provided for the family unless they request otherwise.

1. The Chief of Police will appoint a Family Liaison Officer (FLO) to coordinate the needs of the family with the police department concerning the Wake or Funeral service. The family needs will take priority over those of the agency. Although the FLO should know the deceased officer and be aware of the family relationships, the FLO should not be so emotionally involved with the loss that he or she would become ineffective. The duties of the FLO shall include but not limited to the following:
 - a. Insure the needs of the family come before the wishes of the department.
 - b. Meet with the family and relate the duties of the FLO or allow the family to designate the person, if appropriate, they wish to perform the tasks.
 - c. Meet with the family regarding funeral arrangements.
 - Since many officers have not prearranged their wishes for the handling of their own funeral, the family will most likely need to decide all aspects of the funeral.
 - The FLO should only make the family aware of what they can offer in the way of assistance if the family decides to have a Line-Of-Duty funeral.
 - d. The FLO shall have access to a wireless phone to facilitate an immediate line of communication among all personnel involved.
 - e. The FLO should become familiar with all information concerning the death and the continuing investigation in order to answer family questions.
 - f. The FLO will be constantly available to the family throughout this traumatic process.

1. The Chief of Police will designate a benefits officer (sworn or unsworn member of the organization) to gather information regarding all department, association, and Federal benefits available to the surviving family and ensure the department's full support pursuing these benefits. The benefits officer is responsible for filing appropriate paperwork and following through with the surviving family to ensure benefits are being received.
2. A benefits officer should visit with the surviving family to discuss the benefits within a few days following the funeral. A prepared printout of the benefit payments due the family, listing named beneficiaries, contacts at various benefit offices, and when they can expect to receive the benefit should be given to the family. This same explanation procedure should be repeated within a month following the funeral since the initial contact is clouded by the emotional numbness of the family during the first benefits meeting. A follow up will be made every six months until the surviving family receives every possible benefit.

In addition, the COPS area chapter will meet with the primary family and agency (when possible) two (2) weeks to one (1) month following the funeral to provide packet with materials about COPS as well as benefit packet and instructions to agency.

3. If there are surviving children from a former marriage, the guardian of those children should also receive a printout of benefits to which the child or children are entitled.
4. A benefits officer should pay special attention to the problems with possible revocation of health benefits to the surviving family. The Joshua ISD Police Department requires survivors to contact Joshua ISD human resources department if they wish to continue coverage.

F. Providing Departmental Support during Criminal Legal Proceedings

1. If criminal violations surround the death, the family will be informed of all developments prior to any press release. Also, the COPS organization will provide support to family and agency members during court proceedings.
2. If there are not any court proceedings surrounding the circumstances of the officer's death, the department will relay that information to the surviving family as soon as it becomes known.

G. Providing Extended and Follow-up Support

1. Peer support members or the Chief of Police designee will encourage and assist the family with obtaining peer support and/or professional counseling services.
2. It is of paramount importance to help the primary surviving family maintain a relationship with the agency if they desire. To that end, the following suggestions are made.

- a. Peer support members or the Chief of Police designee should schedule follow up visits with the primary surviving family for at least two years following the line-of-duty death, to include monthly phone calls and greeting cards on special occasions and holidays.
- b. Peer support members or the Chief of Police designee will ensure primary family members are invited to all memorial services or other agency functions deemed appropriate.
- c. Peer support members or the Chief of Police designee will provide the primary family members with information from organizations such as Concerns of Police Survivors (COPS) and other recognized police survivor organizations.

H. Line-of-Duty Deaths in other Texas Agencies

1. When any member of the Joshua ISD Police Department becomes aware of a law enforcement line-of-duty death within the State of Texas, they should immediately notify the Office of the Chief of Police. If after normal business hours, including weekends or holidays, the highest ranking on-duty supervisor should be notified.
2. As soon as practical after notification of a law enforcement line-of-duty death, the Chief of Police shall cause notification to be made to all agency personnel. The notification should include an order to lower the department flags to half-staff and for personnel to wear mourning ribbons.
3. Flags shall be lowered to half-staff and mourning ribbons worn until after the funeral of the involved officer.
4. The Chief of Police may order observances as deemed appropriate on a case by case basis in the event of unusual line-of-duty death circumstances occurring within the State of Texas, or occurring outside of the state.
5. Mourning ribbons may be worn on badges and may be worn by non-uniformed personnel, including civilians, in the form of a looped black ribbon.

	Joshua ISD POLICE DEPARTMENT	
	Policy 12.1 Property and Evidence Management	
	Effective Date: 04/01/2025	Replaces: All Prev. Versions
	Approved:  Chief of Police	
	Reference: TBP: 12.01, 12.03, 12.04, 12.05, 12.06, 12.07, and 12.08.	

I. POLICY

Proper documentation, collection, preservation, and submission of physical evidence to forensic laboratories may provide the key to a successful investigation and prosecution. Through evidence located at the scene, suspects are developed or eliminated, investigative leads are established, and theories concerning the crime are substantiated or disproved. The purpose of property and evidence management is to maintain those property items coming into the possession of the department in such a manner as to secure them from theft, loss, or contamination, and to maintain them for easy retrieval as needed.

II. PURPOSE

The purpose of this policy is to establish property room procedures that will protect the integrity of the property and management system.

III. ORGANIZATION AND ACCOUNTABILITY

- A. The Chief of Police will appoint a primary and an alternate property custodian. The property custodian is responsible for maintaining security and control of property and evidence that the department acquires through normal duties and responsibilities. The alternate serves as backup when the assigned property custodian is unavailable.
- B. The property custodian reports to the Operations supervisor, who is accountable directly to the Chief of Police.
- C. The property custodian shall satisfactorily complete a TCOLE approved basic course on the management of the property function, on-the-job training, and other related training courses, seminars and/or conferences as appropriate.
- D. Duties Responsibilities
 1. The primary duty of the property custodian is to log, classify, store, dispense, destroy, and release property and evidence to its rightful owner, for court

presentation and/or for destruction or auction. Additional duties include but are not limited to the following:

- a. Maintain evidence or property in such a manner that the individual items are secure from theft, loss, or contamination, and can be located in a timely manner.
Maintain property reports and other documentation associated with the “chain of custody” for all property.
- b. Ensure the timely and legally correct notification of owners and release/disposal of property recovered, found, or seized by the Police Services.
- c. Operate computer terminals to access information regarding case dispositions and other related information involving the classification and proper disposition of property/evidence.
- d. Coordinate the disposal of unclaimed and/or surplus property and the special disposal of narcotics, weapons, explosives, and hazardous materials pursuant to law.
- e. Release of property for court, auction, disposal, or person legally entitled to the item.
- f. Provide in-service training to department personnel regarding the appropriate logging, packaging, documenting, and storage of property and evidence.
- g. Provide effective liaison between the department and local, county, state, and federal law enforcement agencies.
- h. Represent the department while attending state and local associations involved with the management of property and evidence.
- i. Stay abreast of local, state, and federal law involving property and evidence handling. Recommend and facilitate appropriate changes.
- j. Maintain a clean and orderly property storage facility.

IV. FACILITIES SECURITY (TBP: 12.04)

A. Access

1. The property room is maintained as a secure location. Access to the property room and all other temporary or long-term property storage areas is restricted to the property custodian and the alternate property custodian. All other persons entering the property room will sign in and out on the property room entry log.
2. Other department personnel do not enter property storage areas unless escorted by a property custodian. Except for the property custodians, all Department personnel, visitors, contractors, etc., who enter the property room must sign in and out on the visitor’s log, and the date, duration and purpose of the visit must be noted.
3. Property or evidence is removed from its storage location only by the property custodian or the authorized designee.
4. The doors or other closure devices to any storage area are secured whenever the property custodian or other authorized personnel is not on the premises.

B. Key Control

1. Keyed access is required to open the main property room door. The property custodian and alternate are the only individuals with these keys.
2. The keys to all other property storage facilities are kept in the key box located inside the main property room. Both the duplication of keys and the unauthorized possession of keys to secured property storage areas are strictly prohibited.
3. A complete set of other storage facility keys, safe combinations, codes, etc., are in a sealed property envelope, initialed and dated by the property custodian and Operations Supervisor. That envelope stays in the Police Chief's safe as a backup for property room personnel. Inspection of this envelope is part of all property room audits and inventories.
4. Property room personnel may not relinquish property room keys, combinations, or codes to anyone other than authorized personnel.
5. When property custodians leave their assignment, the Chief of Police maintains all locks, combinations, and code security as necessary.
6. New locks will be installed in the event that a key is lost or security is otherwise compromised.

C. Other Security Measures

1. Firearms are stored separately from other property in the property room in a clearly marked area.
2. Controlled substances are stored separately from other property in the property room in a clearly marked area.
3. Money is stored separately from other property in the property room in a clearly marked location. Currency is maintained within the evidence room for temporary purposes only. Currency requiring long term storage or as evidence shall be deposited into a departmental interest bearing bank account.

V. CATEGORIES OF PROPERTY

A. For the purpose of these procedures, property in police custody falls into these categories:

1. Evidence. Evidence is property that comes into the custody of a police department employee when such property may tend to prove or disprove the commission of a crime, or the identity of a suspect, pursuant to an official criminal investigation. Evidence or assets seized for forfeiture are handled in the same manner as other evidence.
2. Found Property. Found property is property of no evidentiary value that comes into the custody of an agency employee, and whose rightful owner may or may not be known to the finder or the department. Due diligence must be exercised to discover the rightful owner. If the owner cannot be located, the Department will dispose of the property in a time and manner prescribed by law.
3. Safekeeping. Safekeeping is property of no evidentiary value surrendered to an employee of the agency for temporary custody. This arrangement comes with the understanding that the person surrendering the property has the legal

right to do so, and that the property will be returned to the rightful owner(s) at the end of a specified period, unless disposition by the Department, in a manner prescribed by law, is requested by the owner(s).

VI. DOCUMENTATION AND RECEIPT OF PROPERTY (TBP: 12.01)

A. Documentation of Property

The police employee accepting property writes a report with the following components: (1) a description of the item (2) pertinent details of how the item came into the employee's possession and (3) complete information about the person who found the property, or the person from whom it was seized or recovered.

B. Receipt of Property

The property custodian provides a receipt to any person from whom property is taken regardless of the classification of that property.

C. Computer Inquiry and Entry

1. All employees make the appropriate inquiries to the TCIC on all serialized or identifiable items collected or seized prior to placing the item into storage. This determines if the property has been reported stolen or has been entered into the statewide system for any reason.
2. Dispatch verifies all "hits" before the item is confiscated. After verification, a dispatcher sends the "locate" information.
3. The offense and property report reflect the status of the property items. The report also indicates that a "locate" was sent to the originating agency. It is the originating agency's responsibility to update the TCIC information from "stolen" to "recovered" status.

D. Property Forms: The property and evidence function require the use of the following forms:

1. Evidence Bags and Boxes
 - a. Evidence bags and boxes. These serve as the primary method for submitting property for storage. A listing of the case number, date, and officer's name and ID number properly identify the property and its origin.
 - b. Chain of Custody Form. This form, submitted with each property container (bag, box, etc.), tracks the movement of the item, including its release. Digital forms as well as hand written forms may be utilized to maintain chain of custody.
 - c. Property Tag. Officers affix a property tag securely to items that do not fit into evidence bags or boxes. This tag designates the case number, date of submission, and name and ID number of the submitting officer.

- d. Money Form. This form serves as the sole method for logging cash money into the property room. Cash is defined as United States coin and currency. Checks, credit cards or other negotiable items do not require the use of a money envelope. The property custodian does not accept money unless it is packaged and logged appropriately, according to the following procedures:
 - i. Itemize money by denomination, listing subtotals and total amounts.
 - ii. All money logged into the property room requires at least two officers or employees to verify the count.
 - iii. All money envelopes must contain at least two signatures verifying the amount listed and enclosed. The entering officer and verifying officer sign their names and numbers to the front of the envelope, and seal the envelope with tamper-proof security tape. Both then initial the back of the envelope prior to entering it into the property locker. For accuracy, the officers must conduct two separate counts on large amounts of cash.
 - iv. Extremely large amounts of coin and/or currency seized can be difficult to package in a money envelope, e.g., coins stored in a large piggy bank or bottle, a large amount of bills in a briefcase or satchel. In those rare cases, it is acceptable to log the container and money as is. However, the need for a money count and money form still applies. Officers submitting the money secure the container with evidence tape to prevent tampering and tape the money form to the container.
 - v. Suspected counterfeit bills require a money form, but have no cash value. Make a notation on the outside of the money envelope reflecting that the contents contain suspected counterfeit bills.
 - vi. The money form is also used for foreign currency. Officers will indicate on the outside of the envelope that the envelope contains foreign currency.
- e. Property Receipt Form and Property Release Form. The Property Receipt Form serves as a receipt for property taken into custody and documents the release of property to other entities. The Property Release Form also authorizes the release of property. No property is released without a completed Release Form.

VII. LOGGING PROPERTY AND EVIDENCE

- A. Officers who seize property and are able to determine ownership in the field may release the property immediately to the owner if the property is not needed for prosecution in a criminal case. Officers should contact the investigating officer or, if necessary, the district attorney's office to determine prosecutorial need. If the property can be released in the field, the officer will complete a Property Release Form and have the owner sign for receipt of the property. The form will be turned in to the property room where the property custodian will enter the property into the

system and show that it was released in the field. The Property Release Form will be attached to the case file. (TBP: 12.06)

- B. Property that is seized by the department and not immediately released to the owner will be entered into the computer system and secured in the property room as soon after seizure as possible. Personal lockers, files, or desks are not approved storage for property or evidence items. Officers will log all property and evidence into the property room before the end of their shift. (TBP: 12.03)
- C. Maintaining property/evidence in a case file may be acceptable when it is necessary for the proper investigation of the case by the assigned detective; however, the property/evidence must first be logged into the property system and then signed out. The detective signing out the property /evidence is responsible for the evidence until returning it to the property room. The detective is also responsible for the integrity of the evidence while checked out.
- D. Marking and Packaging

- 1. All collected property is marked for identification and packaged to avoid contamination.
- 2. Permanent and distinctive marks, such as initials, ID numbers, and case numbers, should be marked directly on objects collected (when possible) without damaging the evidence.
- 3. When unable to mark the exhibit itself (such as in the case of stains, hair, blood, controlled substances, etc.), the officer must place the item in a vial, envelope, box, bag or other suitable package, then seal and mark the container as instructed in item 2 above.
- 4. Containers and materials for use in packaging physical evidence and other property come in a variety of shapes and sizes. Officers strive to use the size and type container appropriate for the type of property. An assortment of packaging materials and supplies for this packaging are near the book-in counter. The property custodian is responsible for maintaining property packaging and storage supplies.
- 5. Always package FIREARMS, MONEY AND CONTROLLED SUBSTANCES separately from other property or evidence items. See section C above.
- 6. Firearms Evidence. The collection of firearms is appropriate for both criminal and non-criminal cases. Due to the very nature of these items, extreme care is taken to ensure the safe handling of all weapons and preservation of their evidentiary value. Weapons are unloaded ONLY after the officer notes the position of the bullets, empty cartridges, safety, bolt, breechblock, hammer, cylinder, magazine, etc.

NOTE: NEVER PLACE A LOADED FIREARM IN AN EVIDENCE STORAGE LOCKER.

Exception: If a weapon cannot be unloaded due to a mechanical defect the officer must attach a warning note to the weapon indicating that it is loaded. The property custodian arranges for the range master (or a

qualified designee) to unload the weapon prior to placing it in storage or transporting it to a laboratory. Unfired cartridges may be left in the magazine provided the magazine is removed from the gun.

7. Hazardous Materials / Devices: No unexploded device, or a device that is suspected of being one that might explode, will be transported or stored in or about the police facility. No Class A explosive, such as dynamite, desensitized nitroglycerin, large quantities of fireworks, or more than one pound of black powder will be transported or stored in or about the police facility.
8. Money: All monies will be itemized by denomination and quantity on the approved money form before it is placed in a property locker. See Section C above.
9. Jewelry: Jewelry items will be packaged individually in an appropriate and suitable container such as an envelope, box, or bag.
10. Bicycles: All bicycles or portions thereof retained by police services are placed into the Police Storage Room or Evidence Room. Different levels of security for the storage of bicycles may be utilized depending on the property classification of the bicycle (Evidence vs. Found Property).
11. Motor Vehicles: Motor vehicles requiring retention are stored at 1800 Ridgemar Dr. North Lot (Johnson County Corrections) for temporary storage and or evidence processing. Note: Vehicles temporarily stored at the police facility while being processed during a crime scene search. The keys for motor vehicles retained as long-term evidence (homicides, fatal traffic accidents or serious hit-and- runs) remain in the ignition of the vehicle if mechanically feasible. Otherwise, those keys are logged into evidence.
12. License Plates: License plates are the property of the Department of Public Safety (DPS, or appropriate motor vehicle department) from the state of jurisdiction. The public is permitted to use the license plate when the annual fees have been paid. License plates maintained as evidence are logged into evidence. Officers must attempt to return a found license plate to its owner. If that is not feasible, the officer logs the plate into property. The property custodian is then responsible for returning the plate to the owner or DPS.
13. Alcohol: Open containers of alcohol are not logged into the property room. The investigating officer pours out the contents at the scene. The officer then describes the condition of the container and its contents in the police report. Officers avoid booking large quantities of alcoholic beverages into evidence. In rare situations, such as when a sample of the evidence is necessary for prosecution, one unopened container (bottle, can, etc.) is retained, and a photograph of all of the evidence is attached to the report. A video is made of the destruction of the remainder and this video is attached to the report or otherwise submitted per department video submission policy.

VIII. TEMPORARY STORAGE FACILITIES

- A. After property is marked for identification and packaged, officers deposit the property into one of the following temporary storage areas:

1. Metal Storage Lockers: Individual metal property lockers are located on the wall of the property room. Officers lock the property into one of these lockers and deposit the key into drop box, which is also for the deposit of small evidence items, undeveloped film, license plates, etc.
