The proposed 2025-2026 North & South Timelines are an action item for approval at the November 13, 2024 athletic council meeting.

4.3 Section VI Representative - Jay Iwankow, Eden AD – NYSPHSAA Start Date Ad Hoc Committee
The Executive Committee recommended J. Iwankow (Eden Athletic Director) for Section VI representative on the NYSPHSAA Start Date Ad Hoc Committee.

This ad hoc committee serves to review concerns specific to the NYSPHSAA 7-year calendar. Concerns are increasing in years where the start dates fall late in the year.

M. DiFilippo to inform R. Zayas that J. Iwankow is Section VI's representative.

Concerns regarding start dates may be sent to league representatives, M. DiFilippo, or J. Iwanko.

4.5 August AD Workshop Update

The 24-25 mandatory athletic director workshop was held Wednesday, August 21 at West Hertel Academy. The council was reminded of the Inside Out presentation on transformational leadership and it's offering for athletic directors. This is a 3-year, voluntary program for athletic administrators, which is turn will benefit coaching staff. The next offering, via a 1-hour Zoom session, is October 8 or 16. The league heads are scheduled to meet next week where continued push-back regarding the structure of these meetings will be discussed.

4.8 Guardian Caps

Communication was sent via email regarding Guardian Caps. NFHS rules do not prohibit the use of the Guardian Caps during practice or games. NYSPHSAA recommends school districts contact their helmet manufacturer, to ensure the helmet warranty is not impacted if the Guardian Cap is used. 6.1.1 Boys Lacrosse – Lake Shore/Silver Creek

The Combining of Schools Committee has been asked to review placement of Lake Shore/Silver Creek in the sport of Boys Lacrosse. Currently the team falls in Class C. The Boys Lacrosse Committee proposed the team be moved to Class B. J. Sortisio is in the process of gathering data for review and will convene the Combining of Schools to provide recommendation for action at the November 13, 2024 athletic council meeting.

6.3 Finance Committee (S. Penhollow)

6.3.1 ***Motion to approve of the Treasurer's report*** (Appendix B)
CARRIED
Wiles/Salisbury

The fund balance was reported to be in good standing. It was noted that the dedicated funds; received participation fees for the sports of Indoor Track, Girls Ice Hockey, and Boys Ice Hockey as well as budgeted state championship funds were subtracted from the total current assets to reflect an accurate fund balance.

6.4 Sectional/Intersectional (M. DiFilippo)

6.4.1 through 6.4.3 are action items at the November 13, 2024 Athletic Council meeting:

6.4.1 Boys Wrestling – Individual Wrestling D1 and D2 Championship Tournaments
The Boys Wrestling Committee proposes each school may enter up to 15 wrestlers with a maximum of 2 per weight class. If entering a second athlete in the weight class, said athlete must have a minimum of 6 matches and record of 500 to qualify. This would be a double elimination event. This proposal is an action item at the November 13, 2024 athletic council meeting.

6.4.2 Boys Basketball Tiebreaker
The Boys Basketball Committee proposes adding overall winning percentage within class as the third tiebreaker and overall winning percentage of the entire 20 game schedule as the fourth tiebreaker be added to the tiebreaker procedure to be added to the tiebreaker to eliminate the coin toss. Already established is league winning percentage as the first tiebreaker and head-to-head as the second tiebreaker. This proposal is an action item at the November 13, 2024 athletic council meeting.

It was noted the Sectional Intersectional Committee has been inundated with tiebreaker proposals of late in an effort to eliminate the coin toss. Discussions continue to establish a universal tiebreaker framework.

6.4.3 Softball Championship Series Proposal (same as Baseball)
The Softball Committee proposes moving to the same best of 3 series championship format, which Baseball moved to, beginning with spring 2024. The rationale being to avoid teams sitting for an extended period between the end of post season and regional play.

Competitive cheerleading's season begins in November. Many teams are formulating their choreography early, in May/June/July, including running open gym and camps. 2023-2024 Coaches Sportsmanship Nomination: *(coaches to be considered for the sportsmanship award at the annual Section VI Recognition Dinner)*

Current Pilot Programs:

1. Split classifications after opt-out pilot for 2 years, 23-24 and 24-25, in the sports of Boys Basketball (approved at 6/12/24 AC to be removed from pilot after 23-24 season), Girls Basketball, Baseball and Softball (Approved 11/15/23 AC)

Report on changes in policy or practice that were implemented: The 4 5 6 worked very well. Waiting to split classes helped even out the B bracket, However made the A bracket one of 16 teams that added extra pre-Quarters and if we didn't have late drop out would have had a play in game.(see below why we want 16 as split number)

Problems encountered/concerns:

Softball Committee proposals for the 2024 season:

~~Proposal 1:~~ The Sectional Intersectional Committee (9/12/24) did not move this item forward. It violates the Section VI Policy Manual.

~~The committee voted 3-0 to make 16 the number for splitting of classes.~~

~~Reason: The classes were split to recognize more teams. With going to 6 classes will be harder to have 18 teams. With 16 teams would make an even split of 8 and 8 eliminating several pre-quarter final games. Should the class drop below 16 teams the class would remain as one~~

~~Proposal 2:~~ The Sectional Intersectional Committee (9/12/24) tabled this proposal
~~The committee also would like to use a new tie breaking policy for sectional seeding. Passed 3-0~~
~~Reasoning fairness~~
~~Proposal~~

1. ~~Head to Head if same division or league~~
2. ~~Winning percentage of league or division games scheduled (independents all games)~~
3. ~~Coin toss~~
4. ~~.3 way tie still pull out of hat after 1-3 are used~~

~~Rational: With the leagues playing different amount of league games, going by total league games won is no longer fair to the teams playing fewer league games.~~

Proposal 3: The Sectional Intersectional Committee (9/12/24) moves this item forward for discussion at the September 18, 2024 Athletic Council meeting and action at the November 13, 2024 Athletic Council meeting.
~~Championship Series Proposal~~
~~There will only be 3 teams in AAA we suggest 2 plays 3 winner plays 1 in best of three Reasoning first place team would only play 1 sectional game and have long layoff~~

Things to add to handbook::

1. *For sectionals the higher seed will be home team add and have choice of dugouts.*
2. *In regionals Rotate the teams playing on Friday not always c and d*
3. *It has been an agreement for the last few years about the playing of music. We would like to add to handbook for clarification.*
   Home team will play music before and in between innings with no walk up music.
   Reasoning: We have had both teams try to play music and out do each other with volume and walk up music is not shut off in time and is still playing when pitcher is pitching.

Will have calendar at pre-season meeting. Do not know date for seeding meeting and sub regional

Girls Flag Football 2024 Post Season Report

ALL WNY SPORTSMANSHIP WINNERS
- **Not applicable**

2022-2023 Coaches Sportsmanship Nomination: *(coaches to be considered for the sportsmanship award at the annual Section VI Recognition Dinner)*
- *Can this be added for 24-25 school year?*

Report on changes in policy or practice that were implemented:
- No changes occurred in season outside of the handbook. We changed from two divisions to three divisions as the number of participating schools grew. 32 schools participated in the 2024 season. Participation surveys for 2025 are due by September 1, 2024. Based on the number of participants for 2025, classes and BEDS breakdown, we will propose new alignments if needed for 2025.

Tournament report/concerns:

- Based on how many classes are approved at the state level, this may impact the structure and post season qualifications for our teams. The tournament ran smoothly in 2024, however there will be more teams participating in 2025 and the addition of a third class is likely. A new proposal will need to be created based on the factors above.
- Concern was to raised to increase days of rest in sectional play.
- Concern was raised about using a different ball in poor weather conditions.

Girls Flag Football Committee Proposals for the 2024 season:
- *Once classes are approved, and new teams have committed for participation in Flag Football for 2025, the committee will propose divisions, post season qualifications and schedules for the 2025 season.*

2024 Coaches Sportsmanship Nomination: *(coaches to be considered for the sportsmanship award at the annual Section VI Recognition Dinner) Megan Braun-Smith (Niagara Wheatfield), Kyle Brown (Hamburg), Rich Skrabucha (Lancaster), Justin Weldon (Clarence)*

Report on changes in Policy or Practice that were implemented:
Coaches were required to enter their state meet entries on Milesplit.com by Sunday at noon, after the state qualifier meet. Unfortunately five schools/coaches did not make that deadline but eventually their entries were completed.

The requirement for F.A.T. qualifiers for the 100, 200 and 100/110 hurdles went very well, and seemed to elevate the level of competition at the section meet as well as keep the integrity there.

The use of Milesplit and having no scratch adjustment period during the championship season seemed to go smoothly, only a few programs didn't know how to look at it.

Problems encountered/concerns:
General problems with coaches following policies and procedures that are outlined in the handbook and were reviewed at our preseason meeting and through emails throughout the season, from entry protocols and deadlines to submitting state meet opt-out forms.

We still have issues with teams not attending the Class Championships due to many different reasons, programs that inform us ahead of time are not an issue, but some schools didn’t tell us at all, or told us last second after duties were assigned.

Class championships continue to have issues with Pole Vault being the last event on the track, in every Class Meet, the pole vault concluded 30-60 minutes after all other events had ended. In some cases teams had to wait until final scores were determined to get their awards or waited around to get no awards.

-We had many issues including: late opt outs, not enough room on our reserved coach buses for our entire group of qualifiers and coaches, bus breakdowns, non-approved coaches showing up at the section hotel, coaches wanting to transport their athletes to and from the hotel to the track without district approval, etc. *Because of these ongoing issues and the fact that we will be adding a third division next spring, our strongest recommendation is that Outdoor Track and Field mirror Wrestling with coordinators only reserving blocks of hotel rooms for qualifying teams to use. Coordinators will no longer set up and manage transportation and meals for our group that consisted of 198 coaches and 70 rooms this past state meet to CNS High School, Syracuse.

Track & Field Committee Proposals for the 2025 season: *(*any proposals for a change in policy or practice must be submitted on the post season report of the season prior to requested implementation. All proposals are held to the governance process: sport committee approval, Sectional Intersectional Committee (and/or Finance Committee) review and recommendation, Athletic Council action item)*

~~-Extend the FAT timing qualifier standard to the Class Meets as well for the 100, 200 and the 100/110 hurdles. -Class Meet starting times may need to be moved up to 2:00 to avoid issues with the pole vault finishing prior to darkness. This would also help with busing issues that required many teams to be dropped off early so their bus could travel back to their district and complete normal runs.~~ The Sectional Intersectional Committee (9/12/24) tabled this proposal.

-With the state and sectional championship moving to 3 divisions next year, the state qualifier meet order of events and event limitations will need to be adjusted so that the meet can still be conducted in its current two-day format. After state guidance comes out, we will need to address the order of events, how the meet is run and how many qualifiers we are taking per division and per event.

-We seem to have a need for an additional sectional policy, in addition to the state policy, regarding the State and Super Standards. There were many programs abusing the logistics and intent of the standards. This may include adding a top 8 place consideration for the super standard at the state qualifier meet. The Sectional Intersectional Committee (9/12/24) tabled this proposal.

Report on changes in policy or practice that were implemented:

No Changes needed

Problems encountered/concerns:

For the second year in a row I was on the telephone with AD's, coaches, and parents until late into the night of the state qualifier tournament because a golfer qualified but had a conflict with NYSPHSAA State Tournament.. This is unacceptable to not know thisbefore the tournament begins. From now on, coaches and golfers will sign a waiver prior to the tournament declaring their intentions if the golfer and/or coach can commit to the State Championship Tournament in the event the golfer or coaches golfer qualifies. This way we will know ahead of time so all tiebreakers are settled and will know who is representing Section 6 at the state tournament when we leave the afternoon of the sectional championship.

SECTION VI POST-SEASON REPORT
Girls Lacrosse 2024

All WNY Sportsmanship Winners

Girls LACROSSE	School	Individual	Coach of Year
Conference 1	Lancaster	Mieley Baran	Bridget Callahan (OP)
Conference 2	Grand Island	Charlotte Steck	Megan Barone (WSW)
Conference 3	Will. East	Siena Zgoda	Jane Woloss (SH)
Conference 4	Buffalo Public	Tessa Feuerstein	Lottie Gill (Gow.)

Report on changes in Policy or Practice that were implemented:
The conferences were very competitive for a third year in a row. Conference 1 & 2 champions were decided in head-to-head competitions. All Conference 1 teams had winning records, providing information that they were the best teams in the area and had competitive conference games (which is what we want)! Conference 2, 3, & 4 champions did control their conference. The conferences are working. This provides schools with the opportunity to be more competitive and successful in their conference. This helps the schools in recruiting by having the potential to play more competitive games or even win a Conference championship.

Problems encountered/ concerns:
Next year, Conference 3 & Conference 4 will play crossover games like Conference 1 & 2.
Coaches want to make the senior All-star game like the guys, have a set number, 1 - 2 players from each school.

Recommendations for 2025 season: (including calendar)
Keep the Conference Alignment the same, adjust teams into different conferences based on 2024 results & 2025 projections. Review any proposals by coaches and do what is best for All Teams.
****Our quarter & semi final games will be played on Monday & Wednesday next year to avoid conflicts with boys who will play Tuesday & Thursday. We will alternate Monday-Wednesday and Tuesday Thursday yearly as per our previous agreement.**

Number of Schools Participating/ Sectional Alignments

This will be our second season with 6 Classifications. AAA will have 3 teams this coming season, (Jamestown is joining Lancaster and Niagara Falls). This will be an unusual format, with just 1 semi-final game, and then a Sectional Final. Not sure how we will schedule the 1 Class AAA semi-final game, because we don't have the room within the schedule to use Buff State for that game, AND, if we waited that long, it would give all of those Class AAA schools almost 2 full weeks off from any competitive games. Scheduling all of this remains a work in progress.

Changes in Policy/Practice for the upcoming season

Starting date for 2024-25 season will be Monday, November 18th. # of practices before the first contest is 6. The State tournament will be hosted in Binghamton for the next three years. The

Federation tournament is still in a holding pattern and will 99% NOT be played this coming season. Spalding continues to be the state provider for basketballs; the "Legacy" will now be used for Sectional play and beyond.

A change for us here in Section VI - our "Regional Rotation" past our own Sectional Finals is now changing. We always played vs Section V, with the winner moving on to the State final 4. Moving forward we may have to play Section V in a sub-Regional game. This year there will NOT be any sub-regional games for Section VI - but next season (2025-26), Classes A, B, & D will play Section V in a sub-regional game here in Buffalo, with the winners advancing to a Regional final in Section 3. This will force us to re-examine how and when we schedule playoffs, particularly in those specific Classes next season, since they will need to travel to the Syracuse area for an extra game.

Adding an extra Class and changing from 2 officials to 3-man crews for ALL Sectional games has definitely had an impact on how we arrange our schedule the first few days of the tournament. The Southern tier officials' group, which has many dual certified officials (men's and women's Boards) is particularly stretched thin when both boys and girls are playing on the same night. Chris Durr and I have worked closely together to try and ensure we can still fit all the games in while being able to have quality officials on both the boys and the girls side.

CURRENT PILOT PROGRAMS:

Boys Basketball was approved to be removed from the split classification pilot program (June 2024 athletic council).

1. **4,5,6 Point System Pilot Program** (Boys Soccer, Girls Soccer, Girls Basketball, Boys Basketball, Softball, and Baseball) for the 23-24 and 24-25 school years.
*Note Boys and Girls Basketball began this pilot with the 22-23 school year, and was extended a year through 24-25 (approved AC May 2023).

CURRENT PROPOSALS

The following tiebreaker proposal is excluded from approval within this report at the September 18, 2024 Athletic Council meeting. The Sectional Intersectional Committee directed its representatives to discuss this item with their respective leagues. This proposal is an action item at the November 13, 2024 athletic council meeting.

~~The new policies in relation to seeding/point system/tie-breakers worked very well. However, we still believe strongly that the **# of league WINS AND LOSSES IS not best practice** Between Buffalo, ECIC, Niagara-Orleans, NFL, and CCAA, **WE ALL PLAY DIFFERING AMOUNTS OF LEAGUE GAMES**. We are trying to avoid ANY coin flips if possible. So here is a "NEW" proposal concerning seeding points tiebreakers. Four steps as follows:~~

~~1. League winning percentage (already in place)~~
~~2. Head to head in league (already in place)~~
~~3. Overall winning % WITHIN YOUR CLASS (new) - so if team A played 11 games is Class A, and team B played 14, the team with the higher winning % would be the higher seeds. This would allow teams to play difficult schedules against larger schools without being "punished"~~
~~4. Overall winning % of ALL 20 GAMES (new)~~

Re-Classification - Health Sciences is the only Charter school that we are recommending for reclassification. Last season they played in Class AA. We are recommending that they remain in that same class.

NYSPHSAA Proposals

- The Section Cheerleading Committee is presenting a proposal about teams that start early and do choreography before the season start date.

Changes in Policy/Practice for the upcoming season:
Discussion items:
I have expressed my concerns with teams starting their seasons and choreography in June. These teams are then competing against everyone else that does not start until August, giving them a 2 month head start. Over the last couple years, these teams have also been the state champions. Hard not to consider a correlation.
Coaches and AD's in Section 6 would like this looked at. ** proposal is being put in by Jen Simmons this

month.

Rule Changes for 2024-2025:
Clarifications based on recommendations from the Cheer Committee. NFHS added new legalities and progressions will be updated accordingly.

Other Pertinent Data:
- All schools competing in the NYSPHSAA State Championship have legally purchased the music they will use during their routine. NYSPHSAA expects all schools to follow copyright laws and puts the responsibility on the school to ensure they are following the copyright laws.

Important Dates for 2024-25:

Current Pilots:

Report on changes in policy or practice that were implemented: The first season of using the 1.5% descent plan for weight loss seemed to be a general success. Other than a few data entry errors on the coaches' part; with the help of the admins from TrackWrestling, we were able to rectify those situations that arose. Coaches and wrestlers seemed to learn quickly how to manage the descent plans as they pertained to lineups for their contests.

Problems encountered/concerns: Coaches were not happy with the Ad-hoc committee decision to give out Section patches at only one postseason event for individual sports. I reiterated to them that the decision was made for all individual sports and not just for wrestling. Coaches were informed at the beginning of the season about the new policy at our preseason meeting. Nevertheless, several still voiced their displeasure. From the feedback that I received from wrestlers and parents; it seemed apparent that some coaches did not inform their teams/parents that patches would not be given at the Class Tournaments until the weekend of the tournament.

Chairmen's recommendations / notes for 2024-25

1. NYSPHSAA Wrestling committee would like to implement an "early weight certification" around 1 month prior to the regularly scheduled centralized weight certification. This will serve those athletes who would like to have an early start on getting down to their minimum wrestling weight earlier in the season. The committee anticipates that only the most experienced of wrestlers may take advantage of this if implemented by NYSPHSAA. Final vote will take place this summer.

~~**Proposed new individual qualifying procedures for Section 6 Wrestling:**~~ The new Individual qualifying procedures for Section 6 Wrestling is excluded from approval within this report at the September 18, 2024 Athletic Council meeting. The Sectional Intersectional Committee directed its representatives to discuss this item with their respective leagues. This proposal is an action item at the November 13, 2024 athletic council meeting.

~~2 weeks prior to the NYSPHSAA Individual State Wrestling tournament, Section 6 will hold its Individual Wrestling Championships (2 tournaments – D1 and D2). Schools may enter up to 15 wrestlers total with a maximum of 2 per weight class. If there are 2 entries in any weight class, **both** entries must have a minimum of 6 varsity contests (on 6 separate dates) with at least a .500 win-loss record. All matches (Public, Private, Catholic, Federation) will count towards a wrestler's record. The tournament will be standard double elimination. If there are more than 32 wrestlers entered in a weight class, the school whose "second entry" has the worst win-loss percentage" will be forced to move to another weight class or withdraw from the tournament. Additional tiebreaking criteria will be established in the event that there is more than one second entry with identical records (to resolve which wrestler has to leave the weight class with more than 32 entries).~~

~~The tournaments will be held over 2 days. In most cases, they will be Friday-Saturday events. Saturday-Sunday will also be considered based on the availability of the host sites. An ideal site would have the space for putting down 5 mats (8-9 mats if we hold D1 and D2 at the same site. A typical schedule will resemble the following:~~

Saturday

2pm-3pm Weigh-ins

4:00pm Wrestling begins (32-man bracket)

A tentative schedule would be to wrestle 2 rounds forward in the championship bracket and 3 rounds back in the consolation bracket. This will allow for an early Friday departure. Wrestlers should not be competing in the later hours of the evening.

Sunday

7:30 – 8:30 am Weigh ins

9:30 Wrestling starts with the Quarterfinal round of 8

11:00 - Semi finals

2:00 – Consolation Finals (5^{th} – 6^{th} place matches)

3:00 p.m. Finals (1st/2nd; 3rd/4th bouts run at the same time)

Followed by any "true second" bouts as needed to determine our state qualifiers.

Respectfully submitted.

Qualifiers for States - Section 6 automatic 24-25 season (22)
Automatic Qualifiers were approved at the July Central Committee meeting.
2024-25 Automatic Qualifiers for NYSPHSAA Girls Wrestling Championship
The championship will be a 16 bracket tournament. The Federation will not be part of the 2024-25 tournament, there will be 5 additional qualifiers after the 11 Sectional Champions are determined. To be eligible to participate in the NYS tournament, the wrestler must have competed and placed 1st, 2nd or 3rd in their Sectional tournament for the current season.
Each weight class has been ranked from most power points to least. This is the order that 2nd qualifiers from each section will be selected from each weight class.
If a sectional champion, or 2nd automatic qualifier is unable to participate, a section may replace the wrestler with the wrestler who earned 2nd or 3rd in that weight class at their sectional qualifier, but not 4th. If the 2nd or 3rd qualifier is not available, the spot will be offered to the next section on the power point list. (*The Boys Committee has a deadline before the seeding meeting when qualifiers can be replaced, after the deadline the spot remains empty and becomes a bye in the tournament unless a Section only had 1 qualifier and then she can be replaced.)

Freestyle Officials Update: We had 12 officials at the initial certification training August 25th. Some officials were not able to make that day work so we will have them participate in the October 27th preseason tournament for training and evaluation.

Starting September 1st anyone interested should be signing up on the USA wrestling website to become an M3 USA official. Those membership fees will be reimbursed by the state once they officiate at a tournament and have been evaluated.

At this time I believe we will have about 20 officials certified for the start of the girls freestyle season. With current girls participation numbers we would only need 5-7 to cover this season's scheduled events.

I am also recommending a 5-10 minute freestyle education session before all scheduled duals and tournaments. The education is for the parents, wrestlers and coaches. This should be arranged by each host school and run by the coach and assisted by his or her wrestlers.

2. The divisional alignment has been approved indefinitely by the executive committee. It is based on the existing leagues in the Section and on the BEDS numbers with respect to placement in

the ECIC division. A motion to play as many games as possible within the division for a balance schedule with the remainder of the league games to come from cross over divisional games was passed. Cross overs are determined by matching teams with traditional rivalries and then across divisions based on the previous year's standings.

3. Sectional seeding in Monsignor Martin Division will be based by the points earned in the qualifying games played within the division. DI schools will be seeding based on the games played against each other with in the ECIC I division with Lockport/Niagara Falls earning the final seeding position. DII schools will be seeding based on the hybrid system developed using MyHockeyRankings and division position.

   *NOTE: Clarence petitioned to play at the DI level as has been accepted policy int eh league for 30 years. This petition was not approved.

Changes in Policy/Practice for the upcoming season

The league will continue to use live electronic scoring. A coaches' rep was added to reflect even representation between all divisions. Teams will play as much as possible within their respective divisions. The number of league games has been dropped from 15 to 14. This allows for a balanced and even game schedule thus facilitating the scheduling of non-league games and tournaments.

Rule Changes for 2024-25

Any NFHS rule changes will be sent to the Section office to be published in the 24-25 handbook. There are no additional rule changes at this time.

Other Pertinent Data

Section VI will again host the NYS Championship Tournament at Harbor Center and host the regional games. The Section VI Annual Senior All-Star game will be at Harbor Center March 10th or 11th depending on the Buffalo Sabres' Schedule.

Budget 2024-25:

The dues for 24-25 will be $5,000 per school as was independently set by the Section VI Finance Committee.

Committee Meeting dates

There will be one in-person preseason meeting in October and another in-person postseason meeting in March, after the State Championships. We will also schedule virtual meetings as needed throughout the season to discuss any time sensitive issues during the season.

Postseason Information 2024

Section VI Championships / NYSPHSAA Qualifier: Saturday, March 1, 2025 at Houghton University

NYSPHSAA / Federation Championships: Saturday, March 8, 2025 at Ocean Breeze in Staten Island

Changes in Policy/Practice for the upcoming season:

1. NYSPHSAA has approved the commencement of having two relay qualifiers from each of the Sections for each of the 3 relay events at the NYSPHSAA Championships, one relay representing the Large School/Division 1 and the other representing the Small School/Division 2. Previously, there was only one division contested at the NYSPHSAA Championships with one automatic relay qualifier per Section with a potential 2nd relay who finished 2nd place overall at their State Qualifier Meet and additionally having met the established minimum qualifying standard during the season.

2. With the addition of 2 Divisions for the relay events at the NYSPHSAA Championships, we will require purchasing 32 additional Section 6 Shields to be distributed at the Section 6 State Qualifier

Championships. The 32 Shields (4 each of blue, red, white and green) are for the 1st, 2nd, 3rd and 4th place boys and girls relay teams for the newly established second relay team division at the NYSPHSAA Championships.

3. All of the Section 6 athletes and coaches who qualified for the NYSPHSAA Championships contested at Ocean Breeze Athletic Complex in Staten Island have traditionally departed 2 days before the meet date. This upcoming season, Section 6 will be departing the day before the meet. The necessary travel itinerary items, such as hotel room and transportation arrangements, have been or will be adjusted as needed prior to the meet.

4. Once again, the number of Section 6 schools/teams electing to participate in the Indoor Track and Field season has risen. This will further stress the already challenging task of meeting the required and desired educational and competitive goals for all of our Student-Athletes in terms of fairness, equity and safety. We will continue to generate and attempt sound competition procedures to best meet these goals as the needs arise in relation to our limited facility and space availability.

Rule Changes for 2024-25:

Track and Field Rules Changes - 2025

By NFHS on July 10, 2024

5-7-6: Adjusts the recall distance to within the first 50 meters.

Rationale: Starters oversee recalling races in track and field events. 50 meters is sufficient in calling a fair start. Athletes are accelerating and are up to racing speed well before the 100-meter mark. In addition, the current recall distance is problematic depending on the number of officials on the track and location of field events that may obstruct the view of the 100-meter distance around the entire curve.

5-10 and 11: Reorganizes Sections 10 and 11 for ease of use.

Rationale: Reorganization of Sections 10 and 11 concerning relay races and infractions. The change moves all infractions into Section 11 (Relay Infractions) for ease of use by officials.

5-13-3: Clarifies how to determine if an infraction occurred when an athlete leaves the track on a straightaway.

Rationale: Provides guidance to the meet referee as to when an athlete leaves the track on a straightaway and whether or not a competitor should be disqualified.

6-2-2f (NEW): Offers officials guidance when warning competitors their time limit is about to expire.

Rationale: This change gives athletes notification that their time limit is about to expire. Additionally, the change brings officiating practices in line with other rules codes while still giving the games committee options for using flags, signal clock or verbal signals.

6-2-2 CHART: Defines field event time limits for all competitors.

Rationale: The change to the table and additions of the notes helps clarify the time limits of all competitors throughout the entire competition in field events.

6-3-2 NOTES 1: Clarifies the starting height in a jump-off with athletes at varying heights.

Rationale: Aligns language in rules book with current situations and interpretations. Gives directions to officials and event judges for the starting height in a jump-off when athletes exit the event at varying heights due to passes. The jump-off will begin at the next height in the progression after the tying height.

6-8-2: Further defines an active flight and continuing flight.

Rationale: The change clarifies the definition of an active flight (five-alive) and continuing flight (straight through) for vertical jump competitions.

6-9-22: Establishes a standard placement of the high jump crossbar and standards.

Rationale: The change creates a standard distance for the placement of the high jump crossbar and standards.

*** Sectional Tournament format will depend upon the approval of the state championship format for teams and individual composite participation and the end of July.

State Competition:
Pending the approval of the NYSPHSAA there will be changes with regards to the number of composite bowlers competing. If approved, Each section will have two composite teams. This will allow top bowlers from teams that won their respective championships to qualify to bowl on the composite teams. This is so NYSPHSAA can crown a true state champion. Also pending approval for the team competition to go to a 6 person format like the composite division. This will not chage the dates of the state tournament, however, will effect theprocess of state qualifying for the sectional tournament.

Schools Participating / Sectional Alignments:
Schools will continue to be split into four “classes” (A, B, C, D) based on school size provided by the Section VI office. Due to the State Championship format, Classes A and B will now contain all of the “Large Schools” (BEDS 600+) and Classes C and D will contain all of the “Small Schools” (BEDS under 600). Based on BEDS numbers, we will rank all schools from largest to smallest. The top half of the large schools will comprise Class A, the bottom half of the large schools will make-up Class B. After ranking the small schools by size, this same procedure will be used to create Classes C and D.

New York State Public High School Athletic Association

Central Committee Meeting – July 30-31, 2024

Representation Rule – Mixed Competition

___ Action Item
_X_ Discussion Item
___ Informational Item

Vote Out

Presenter:
Pat Pizzarelli, Handbook Committee Chair

Proposal:
Consider approval to add the following language (**BOLD**) to the NYSPHSAA Representation Rule:

> *(D) Representation Rule: "NOTE: For individual, individual/ team sports, when a school district does not have a team designated for each singular gender, the Section Executive Director may grant a waiver of the Representation Standard for Sectional Competition when a student has met the qualification for participation in the current school year's NYSPHSAA Championship event. The waiver request must be submitted to the Section Executive Director before the start of Sectional Competition* ***(team and individual events are treated as separate post-season competitions for the purpose of this aspect of the Representation Rule)****. The athlete must meet all eligibility standards, to receive the waiver."*

Effective Start Date:
Fall 2024

Rationale:
Currently, when girls participate via mixed competition they are required to decide if they will participate in the boys post season or the girls post season. When the sport offers a "team" and an "individual" championship, the girls often miss the team event to participate in the individual event. This revision will afford the girls the opportunity to participate as a member of the boys team they have played with during the regular season as well as the individual girls championship.

Effective Start Date:
Fall 2024

Rationale:
Since adding a sixth classification, the Oversight Committee structure needs to be revised.

The NYSPHSAA Handbook states:

> *"An Oversight committee shall review the classification placement of non-public and charter schools and have the ability to remand the item back to the Section for rationale and further review. Football: Classification Cut-Off Numbers

____ Action Item
__X__ Discussion Item

Vote Out

Presenter:
Gary VanDerzee, NYSPHSAA Football Coordinator

Proposal:
The NYSPHSAA Football Committee is recommending the following change to the classification cut-off numbers.

Class AA	1025 and Up	58 schools
Class A	1024 – 651	87 schools
Class B	650 – 402	87 schools
Class C	401 - 273	86 schools
Class D	272 – down	59 schools

Effective Start Date:
Fall 2025

Rationale:
This proposal keeps the Class AA and Class D consistent with the philosophy of not getting too wide of a margin in the top and bottom classifications and equally dividing the middle classifications. There is a relative small increase in the class D number to ensure that the Class D stays larger then the number of 8 man football teams.

GIRLS VOLLEYBALL: Implement 15-Point Tie-Breaker in Deciding Set at State Tournament

____ Action Item
_X_ Discussion Item
____ Informational Item

Vote Oct

Presenter:
Peggy Seese, NYSPHSAA Girls Volleyball State Coordinator
Karla Prince, Section Girls Volleyball Coordinator

Proposal:
The NYSPHSAA Girls Volleyball State Committee is seeking approval to implement a 15-point deciding set tie-breaker when teams split 1-1 in the NYSPHSAA Girls Volleyball State Championship pool play and semifinals. This tie-breaker would determine the winner of that match up. Win/loss records would now be determined by overall match ups instead of overall win/loss or individual sets.

Effective Start Date:
Fall 2024

Rationale:
This proposal aims to reasonably align the pool play format with the current NCAA practices established in the regular season and postseason leading up to the NYSPHSAA State Championship Semifinals. The tie-procedures have not been updated since the inception in 1996. The committee feels this is a good compromise between bracket play and pool play, and better reflects how tournaments are run in 2024.

Current System and Issues:
The current pool-play structure utilizes a single set to 25 points tiebreaker among teams with the same win/loss record upon completion of pool play. This raises concerns:

- **Incomplete Matches:** A single set may not accurately represent a team's overall performance.
- **Disruption of Flow:** By implementing a deciding set in pool play, we can ensure each matchup concludes with a clear winner, mirroring the best-of-three format that fosters a truly competitive and definitive outcome, just like every match in the regular season.
- **NYSPHSAA Handbook:** The existing handbook supports tie-breaker deciding sets. Page 93 of the NYSPHSAA Handbook reads, "A tournament is 4 or more teams that participate in a pool play and bracket format is not a match. A bracket can consist of best 2 out of 3 or single set rounds. Scoring options are starting at 0-0 or 4-4 going until 25 points or a cap. The total number of tournament games played in one day shall not exceed
fifteen (15) games. An additional 15-point game is permitted only to break ties in pool play to advance to finals as per tie breaking procedures."

Proposed Solution:
This proposal recommends adopting a 15-point deciding set as a tiebreaker for split matches (1-1) in pool play. You will then have a winner of that match up. This aligns with the following justifications:

- **Consistency with Regular Season:** Volleyball matches throughout the regular season follow a best-of-five format, ensuring a definitive winner. This proposal extends a similar and reasonable structure to the NYSPHSAA Championship Weekend.
- **Preserving Flow and Momentum:** A 15-point set maintains the competitive intensity and momentum present in a standard set while offering a clear path to determine a winner within a reasonable timeframe.
- **Fairness and Representation:** A best-of-three format provides a more comprehensive picture of a team's abilities, minimizing the impact of chance occurrences in a single set.

Potential Concerns:

- **Extension of Time:** The committee has approved a 3-day tournament format, so the pool-play waves will no longer take place on the same day, allowing for the occasional 3 set match to align with the integrity of our current NCAA practices throughout the regular season and postseason.
- **Number of Sets:** The maximum number of sets allowed in 1 day established in the NYSPHSAA Handbook is 15. This proposal will not exceed a maximum of 9 sets per team.

Adopting a 15-point deciding set for tiebreakers in pool play fosters a more consistent, fair, and representative competition that reasonably aligns with the current practices of NCAA, our governing body. This change will elevate the NYSPHSAA Girls Volleyball Championship experience for players, coaches, and spectators alike by ensuring the top two teams compete in the championship match.

Proposal Originated:
NYSPHSAA Girls Volleyball Committee on April 24, 2024.

Budgetary Impact:
With the addition of a tie-breaker game there could potentially be one for every single match which is 36 total. There have been very few tie-breakers over the years. If there were tie-breakers for every single game, then it would result in 2 hours of additional facility rental costs ($500) and officials game fees totaling approximately $2,628.

Notes:
The NYSPHSAA Girls Volleyball Committee voted 10-0 in support of this proposal.

HANDBOOK – Game Day Cheerleading

____ Action Item

VOTE 0A.

Presenter:
Jennifer Simmons, NYSPHSAA Cheerleading State Coordinator

Proposal:
Consider approval to include Game Day Cheerleading Rules and Regulations in the NYSPHSAA Handbook.

Effective Start Date:
Fall 2025

Rationale:
NFHS does not have a rules book for Game Day Cheerleading. The rules and guidelines NYSPHSAA has been following are from UCs Organization. UCA changes its rules throughout the year and it is difficult to maintain, nor change rules mid-stream. Additionally, all of the changes do not fit within the spirit of what NYSPHSAA Cheerleading Committee is looking to do. As a new Competition, the Committee and NYSPHSAA Staff thought it best to produce our own.

Proposed NYS Deductions 2023 - 2025

Both Competitive and Game Day

Timing - Timing will begin with the first movement, voice or note of the music, whichever comes first. Teams may start in a load position or choreographed position before timing begins. The timing will end when the music ends or the team is done chanting. If teams end in stunts, the timing stops but can still receive applicable deductions. Judges will not issue a deduction until 2:34 for the full routine and less than 29 seconds for the cheer.

- Cheer Minimum (-5.0)
- Overall Routine 4 - 5 seconds over (-1.0)
- Overall Routine 6 seconds or more over (-2.0)
- Game Day timing will not include the team spiriting, rallying, jumping, kicking, or tumbling prior to the start of the routine. Game Day Routine timing will end with the last synchronized voice or note of music. This would include call backs after the music has ended.

Performance Error (2.0) – NFHS rules violations that were not choreographed into the routine. Performance error skills are still counted toward difficulty and execution scoring. Cited per occurrence.

Apparel/Jewelry & Prop Violations (0.5) - Cited per occurrence

Choreographed Violations (3.0) – Any NFHS rule violation that was choreographed into the routine. Choreographed Violation skills do NOT count towards difficulty and execution scoring.

**If it is not clear whether it is a choreographed Violation or Performance error (such as when there is a single stunt group) then the official will err on the side of the athlete and give a performance error.*

Out of Bounds (0.5) – One entire hand, foot or body part is completely outside of the performance Surface. Assessed per occurrence.

Athlete Bobble (0.25)

- Landing on hands during tumbling or jumps.
- Tumbling in/out of a stunt transition

Building Bobble (0.25)

- Stunts, tosses, or pyramids that almost drop or fall.
- Excessive movement of the bases.
- Dropping from below prep level skill.
- Dropping from an extended or prep level skill where at least one foot of support is at/above prep level.
- Dropping from an extended/prep level to a level where at least one foot of support is below prep level.
- Top person incorrectly becomes weight bearing on the bracer(s) of a pyramid/middle layer or base(s) of a stunt.

- Foot/feet/hand/hands coming in contact with performance surface during a cradle/prone.
- Dropping of a body position.

Athlete Fall (0.5)
- Landing on head, shoulders, back or other compromising positions during tumbling or jumps
- Drops from airborne tumbling skills to knees

Pyramid Collapse (3.0)
- Building bobbles and falls will be used until a single pyramid has received 3.0 in deductions. Once the pyramid has received 3.0 or more points in deductions, the Pyramid Fall deduction will be used.
- When multiple pyramids are built at the same time, each pyramid will be treated separately.
- If additional deductions are a result of the initial fall/falls, only 1 Pyramid Fall will be issued for that pyramid.
- Once a pyramid is rebuilt and shows stability, additional deductions can be given.

Minor Building Fall (1.0)
Stunt/Pyramid skills that almost fall or drop but are saved include:
- Lowering/Dropping from prep, extended or level in between to a load in, cradle, prone or flat back position.
- Top person incorrectly becomes weight bearing on a spotter.
- Base or spot landing on the performance surface anytime during a stunt, transition, or dismount.

Stunts
- Lowering of a falling top person to the performance surface.
- Dropping from a skill and support is below prep level (both feet in a 2-feet stunt or the foot of support in a 1-foot stunt)
- Initiating a skill but never establishing contact.
- Dropping to a load in, cradle, prone/flatback position or compromising positions with the top's head going toward the performing surface.
- Multiple bases/spotters or a base/spot and top landing on the performance surface.

Dismounts/Tosses
- Dismounts that land in upright (feet down) or inverted (head down) position.
- Tosses that land in prone (on stomach), upright (feet down) or inverted (head down) position.

Pyramid
- Lowering of a falling top person back to the performance surface.
- Middle layer falling prior to loading the top person.

Game Day Format Violations (1.0 per occurrence)

- Skills that do not meet the additional skill restrictions for a Game Day Performance:
  - Tosses (basket, sponge or elevator) are NOT allowed.
  - Inversions are NOT allowed.
  - Twisting Released Dismounts are NOT allowed.
  - Single leg stunts are limited to liberties and liberty hitches.
  - Running Tumbling is NOT allowed.
  - Standing Tumbling is allowed. Connected tumbling skills are NOT allowed and a back tuck is the most elite tumbling skill allowed. Examples: Standing full is not allowed. Rippled Single Back Handsprings would be allowed. Jump tumble (single skill) would be allowed.
  - Tumbling during the Band Chant.
- The performance will follow this order: Band Chant, Situational Sideline, Cheer, followed by the Fight Song.
- Exceeding 3 consecutive 8-counts of incorporation during the fight song (High School and Below)
  - Building Skills that are stationary prior to the end of the 3rd 8-count may remain stationary until the end of the routine.
  - Dismounts following the completion of the routine will not be included for timing purposes.
- Stunting outside the allotted restrictions (before a routine begins and in between sections)
- Incorrect Situational Sideline response including calling a general sideline.

GAME DAY GUIDELINES

1. The Game Day Championship showcases what traditional cheerleading is all about – leading the crowd! Teams will be evaluated on their ability to lead the crowd, proper game day skill incorporations / performance, motion/dance and overall routine.

2. The performance will follow this order: Band Dance, situational sideline into Cheer, Fight Song. Collectively the sideline and cheer section will be defined as the Crowd Leading portion of the routine.

3. The use of crowd leading tools such as signs, poms, flags and/or megaphones is encouraged.

4. The incorporation of skills (Stunts and tumbling are allowed in the fight song, sideline and cheer) Stunts and Tumbling are not allowed in the band dance.

5. The Band Dance should have an emphasis on crowd appeal and practicality – No stunts or tumbling permitted however jumps and kicks will be allowed.

6. Following completion of the band dance, the announcer with give squads a game scenario indicating an offense or defense situation. Teams should show their definitive understanding of the situation with an offense of defense crowd-leading response, which transitions the squad into the crowd leading portion.

7. Each section should have a beginning and end. Note: Spirited crowd leading interaction between each section is encouraged to continue the game day feel.

8. Traditional game day uniform is required.

9. Total Time is limited to 3 minutes.

10. Additional Skill Restrictions • No Tosses (basket, sponge or elevator) are allowed. • No Inversions are allowed. • No Twisting Dismounts are allowed. • Single leg stunts are limited to liberties and liberty hitches. • No Running Tumbling is allowed. • Standing Tumbling is limited to one tumbling skill and a back tuck is the most elite tumbling skill allowed.

Game Day Rules & Regulations 2023-2024

https://www.varsity.com/uca/school/competitions/game-day/

The format for GAME DAY Cheer (as adopted from UCA/Varsity) is inspired by what teams do at home and is similar to camp with the addition of Fight Song as a fourth element. Teams are permitted, but not required, to use camp material to demonstrate the game day environment at their school. With all four elements combined, the Game Day performance cannot exceed a 3 minute time limit. All skill restrictions below will be enforced. Check out the Game Day Competition – Video Tips https://www.varsity.com/uca/school/competitions/game-day/ for more information.

BAND CHANT: The Band Chant will be consistent with the summer camp format. Teams should demonstrate spirit and enthusiasm while entering the performance floor and before the music begins. A cue will **not** be given to start the Band Chant. Once the music begins, the teams cannot incorporate any skills other than kicks and jumps, just like summer camp. Squads should utilize spirit raising props and focus on creative movements such as level changes or ripples, execution of the material and encouraging the crowd to participate.

SITUATIONAL SIDELINE: Following the Band Chant, the announcer will provide a cue for offense or defense. Teams should wait until the announcer finishes the cue and show the proper response to the game day situation. **Starting this year, teams will not pick which situational sideline they will perform. An offense or defense cue will be given at random. Each competition will use the same cues throughout the season.** Squads should focus on crowd effectiveness, motion technique and skills relevant to a game day environment. NOTE: It is a **requirement** to incorporate skills into the Sideline (stunts and/or tumbling, if the division allows). Please review skill restrictions below.

CROWD LEADING: Following the Sideline, teams must return to the performance surface and show a clear separation between elements. Teams can show spirited interaction as a clear transition into the Crowd Leading material but are not allowed to stunt. Crowd Leading can include a cheer reflective of a timeout, general sideline / spell-out or other cheer material with minimal words, inciting a response and encouraging a crowd to yell along. Teams are required to incorporate spirit props and practical skills (stunts and/or tumbling, if the division allows).

FIGHT SONG: The final element should reflect your school's traditional Fight Song. Teams should incorporate crowd effective skills (stunts and/or tumbling, if the division allows) and can include spirit raising props to enhance the overall effect. Fight Song incorporation is limited to three (3) consecutive 8-counts of stunts and/or tumbling. Counting will begin with the initiation of a skill and continue until either the incorporation is complete or the end of the 3rd 8-count. (If the Fight Song repeats, the incorporation will only be permitted both times if the skills are repeated exactly the same.) For teams that do not have an official Fight Song, it is recommended to use a second selection of band chant music. Music guidelines are available at varsity.com/music.

Cheerleading - Rule Implementation on Choreography

VOTE Oct.

Presenter:
Jennifer Simmons, NYSPHSAA Cheerleading State Coordinator

Proposal:
Consider approval to regulate and impose a rule that bans choreography development of a routine to be used for Competitions prior to the beginning of the season's official start date.

Effective Start Date:
Fall 2025

Rationale:
Schools are paying and starting team routines well prior to the official start date; as early as May for the Following year, and designating who is on the team (or how many based on established routines).Currently there are 17 schools registered to have their Choreography done prior to the fall start date, and most of it will be used for the Winter Season. 69 schools are registered to date for Choreography. 17 from May 30-8/25. 13 more are scheduled the first three days of the season, and the rest are through 9/30.
The Committee believes allowing this to continue will continue to give teams a distinct advantage for Competitions as well as encourage other schools to also do this. The Committee is firm that this is a violation of the out of season rule as this type of activity is very specific to the team and the upcoming competitions.

INDOOR TRACK – QUALIFYING STANDARDS FOR DIVISION 2 RELAYS

____ Action Item
_X_ Discussion Item
____ Informational Item

VOTE OUT

Presenter:
Kristin Frazer, NYSPHSAA Boys Indoor Track Coordinator
Bob Wallen, NYSPHSAA Girls Indoor Track Coordinator

Proposal:
The Boys and Girls Indoor Committees are seeking approval to create automatic qualifying standards for the Division 2 relays which will be added to the State Championship meet in 2025 (approval for that has already occurred).

Girls 4X200 Relay -	1:52.84	Boys 4X200 Relay -	1:36.65
Girls 4X400 Relay -	4:22.46	Boys 4X400 Relay -	3:41.46
Girls 4X800 Relay -	10:30.52	Boys 4X800 Relay -	8:54.50

Effective Start Date:
Winter 2024-25

Rationale:
While creating a second Division for Relays, the state committee did not have historical State Meet data to rely on for a standard. We used a combination of the 6th place performance statewide for Division 2 relays and the rankings over the past 5 years to develop an average that would be utilized for the automatic standard. Moving forward we will be able to utilize data from State Meet results.

Proposal Originated:
Boys and Girls Indoor Track Committees at their June 13, 2024 meeting

Budgetary Impact:
Budgetary impact will not be felt by NYSPHSAA as the 2 divisions were previously approved. Implementing the automatic standard may or may not get extra teams into the meet but no additional awards are needed as our original proposal to move to 2 divisions included the awards.

Notes:
The Girls and Boys State Committee voted 21-0 in favor of this proposal at its June 2024 meeting.

CAC Feedback:
Voted 9-0 in support of this proposal.

Flag Football: Additional Classification and Classification Cut-Off Numbers

V. TK OCT

Presenter:
Jen Lapinski, NYSPHSAA Flag Football Coordinator
Marissa Dauria, NYSPHSAA Flag Football Coordinator

Proposal:
The NYSPHSAA Flag Football Committee is recommending a third classification be established using the following classification cut-off numbers.

Class A	1018 – Up	75 schools
Class B	1017 - 601	75 schools
Class C	600 - Down	75 schools

Effective Start Date:
Spring 2025

Rationale:
Flag Football has seen a tremendous amount of growth across the state over the past 3 years. This past school year we had 185 teams competing across 10 sections. In the 2025 season 225 teams have committed to compete in 10 sections. The 225 exceeds the criteria of a team sport needing 201 teams to compete in 3 classes for a NYSPHSAA State Championship.

Proposal Originated:
NYSPHSAA Flag Football Committee

Budgetary Impact:
An additional class will increase the number of games needed at the NYSPHSAA semifinal and finals. NYSPHSAA anticipated the growth and requested a second location for the NYSPHSAA semifinals to hold 2 semifinal games. Homer was part of the bid submitted by Cortland and would host the additional class semifinal games. All 3 finals would be played at Cortland High School. The total cost to NYSPHSAA for facilities on the Cortland/Homer bid is $2900. There would be an increase in officials for the additional semifinal and final games. Sections would also see an increase with 3 additional games and an additional regional game.

Notes:
The NYSPHSAA Flag Football Committee voted unanimously in favor of this proposal.

CAC Feedback:
CAC voted 10-0 in support of 3 classes but asked the state committee to meet and discuss re-considering using a more balanced distribution.

VOTE OUT.

Presenter:
Dr. Jim Wright, NYSPHSAA Softball State Coordinator

Proposal:
Due to NYSPHSAA Softball adopting NFHS rules, the state committee is seeking approval of the following waivers of the NFHS rules for the start of the spring 2025 season:

1. **Adding Player/Sub to Line Up Card**
   a. Drop NFHS (3-1-3): If a player/sub is added to the lineup card after being submitted, the umpire shall issue a team warning to the head coach. Any further changes made to a player/sub name or number result in the head coach being restricted to the dugout/bench area for the remainder of the game.
   b. Keep USA (1 4.1): No penalty or restriction

2. **Extra Player**
   a. **NFHS: NO such rule**
   b. **USA (4.1C.1): Has the option of using an Extra Player-(EP)-**

3. **Shorthanded**
   a. **Drop NFHS (4-3-1f): Must have nine (9) players to start the game.**
   b. **USA (4.1D 1-2): Teams can play shorthanded to start or continue a game. The game can start or finish with one less player than required to start (8)**

4. **Fitness of the Grounds**
   a. **Drop NFHS (4-1-1): The home coach shall decide whether the grounds and other conditions are suitable for starting the game.**
   b. **USA (5.2): Fitness of the grounds for a game shall be decided solely by the plate umpire.**

5. **Tie Games**
   a. **Drop NFHS: If a regulation game has a tie score, as in 4-2-2, it is a tie game.**
   b. **USA (5.3F): Regulation tie game-games that are regulation tie games shall be resumed at the exact point where they were stopped.**

DATE REVISED: July 2, 2024

6. **Tie-Breaker Procedure**
    a. Drop NFHS (4-2-5....4-2-6): A regulation-called game has a tie score when ended as in 4-2-2 it is tie game unless the State Association has a tie-breaker procedure.
    b. USA (5.11 A/B): Starts at the top of the 10th(state wavier from the 8th inning). Place the person who is scheduled to bat last in the inning on second base.

7. **American Disability Act Rule**
    a. NFHS: No Rule
    b. USA: ADA Rule 4-2

8. **Double First Base**
    a. NFHS: By state association adoption, a double first base is permitted.
    b. USA (2-3 H): The base is required to be 15 x 30.

Effective Start Date:
Spring 2025

Rationale:
NYSPHSAA adopted the NFHS Rules in May 2024 (after using USA Softball Rules), and the state committee would like to utilize some of the current USA Softball Rules.

Call to Order by Chair Greg Ransom at 10:04 am. Dr. Robert Zayas welcomed and thanked the committee for their work. Greg also thanked everyone and reminded the committee that our task is to vet proposals and represent the association and not our section individually. Sport Coordinator, Superintendent and Executive Director representatives of the committee should also vote on items pertaining to those groups and keep them informed. He asked for a motion to approve the minutes of the April 9, 2024 meeting. **MOTION by Josh. SECOND by Mike. CARRIED 10-0.**

PROPOSALS

(*These items will be presented as discussion or action at the next Executive Committee Mtg)*

Following proposal presentations by Sport Coordinators, Greg announced Sport Coordinators may depart the call so the CAC can discuss and vote on proposals.

REGIONAL ROTATION with Guiding Principles - BASEBALL– Coordinator Al Roy explained the proposal. No questions/concerns were raised.

DURING CAC-ONLY DISCUSSION: Deb asked Tim Mullins (as chair of the Ad Hoc Committee) about the bye team traveling as part of the guiding principles. Tim stated it came up but not in the same manner as baseball and softball discussed.

MOTION by Kathy to support the proposal. SECOND by Mike. CARRIED 8-1.

REGIONAL ROTATION with Guiding Principles – SOFTBALL– Coordinator Jim Wright explained the proposal. No questions/concerns were raised.

DURING CAC-ONLY DISCUSSION: Eileen indicated there were three differences in softball compared to baseball, perhaps typos, but they are not the same. Joe confirmed via text with Jim Wright that the differences were intentional. Section 5/6 and 8/11 wanted to have all their home/away games in one year.

MOTION by Josh to support the proposal. SECOND by Jamie. CARRIED 7-2

REGIONAL ROTATION with Guiding Principles – FLAG FOOTBALL – Coordinator Jen Lapinski explained the

proposal. No questions/concerns were raised.
MOTION by Kathy to support the proposal. SECOND by Deb. CARRIED 8-1.

REGIONAL ROTATION with Guiding Principles – BOYS LACROSSE – Coordinator Jim Amen explained the proposal. Josh asked about the close 5-3 vote. Jim explained the "no" votes: Section I was not in favor of the VIII/XI matchups. Section III and IX were concerned about where the semifinals would be. There was some concern about travel by these sections but it was mostly on a Saturday. Susan inquired about the East/West issues and teams from the East going to the West and teams from the West going to the East. Joe stated the committee will annually review the regional matchups and plan for sections crossing over to East/West.
MOTION by Josh to support the proposal. SECOND by Jamie. CARRIED 8-1.

REGIONAL ROTATION with Guiding Principles – GIRLS LACROSSE – Coordinator Liz Parry explained the proposal. Mike expressed a concern about Section IV playing in X and said it was unacceptable. Susan brought up a concern of neighboring sections not being a guiding principle and should be looked at. Deb stated the girls lacrosse rotation is a significant change from the other rotations.
MOTION by Mike to support the proposal. SECOND by Josh. DEFEATED 6-3.

REGIONAL ROTATION with Guiding Principles – GIRLS BASKETBALL – Joe explained the proposal on behalf of the coordinator. Eileen brought up some sections do not compete in Class C or D. Joe indicated there's a place holder for those in the document just in case, otherwise teams will advance to a regional final.
MOTION by Josh to support the proposal. SECOND by Mike. CARRIED 8-1.

STATUS UPDATES – Boys Soccer, Boys Basketball, Boys Tennis – Joe explained the status of each of these. Boys Basketball has not yet met and has needed clarification on the task and timeline of new regional rotations. They are meeting later this week and intend to use the soccer rotation as its foundation for theirs.

Boys Tennis discussed but did not recommend a proposal offered to them similar to Girls Tennis, and plans to meet again to discuss an alternate regional rotation.

Mike Andrew, Boys Soccer Coordinator, explained the situation with boys soccer and that they are planning to meet to discuss an alternate regional rotation due to the initial one not being recommended by the committee.

INDOOR TRACK – Qualifying times for Division 2 Relays – Coordinators Kristin Frazer and Bob Wallen explained the proposal. Greg inquired if only electronic timing could be used. Kristin confirmed at least five teams must be present at the meet and FAT timing is required for these times. Kathy asked how many athletes can the relay list. Bob Wallen responded you can list up to eight athletes.

DURING CAC-ONLY DISCUSSION: Kathy was concerned about the number of athletes added to the meet. Deb noted she was a part of the committee meeting and that was discussed and they had to figure out reasonable numbers. Mike was concerned about the added expense for some sections adding athletes. Todd said the difference between outdoor and indoor is that outdoor is anyone who meets the standards qualifies.
MOTION by Deb to support the proposal. SECOND by Jamie. CARRIED 9-0.

GIRLS VOLLEYBALL – Tie-Breaker #1 – Coordinator Peggy Seese explained the proposal. No questions/

concerns were raised.
MOTION by Susan to support the proposal. SECOND by Josh. CARRIED 9-0.

GIRLS VOLLEYBALL – Tie-Breaker Alternate – Coordinator Peggy Seese explained the proposal. No questions/ concerns were raised. This was not necessary to vote on since the above tie-breaker was recommended.

REVISED PROPOSAL - GIRLS WRESTLING – Qualifier Format – Coordinator Ryan Palmer and state committee member Frank Fronhofer explained the proposal. They noted it was a sectional qualifier system, not a state qualifier system. Sections would have 1-2 wrestlers per weight class based on Sectional allocations by weight class. Mark asked if this format would be revised every year. Ryan indicated yes, data would be reviewed immediately after the state tournament. Todd indicated the importance of sections having the chart and allocations prior to the season so sections know how many qualifiers they would get. Greg asked the status of freestyle vs folkstyle. Ryan noted qualifying tournaments and states would be freestyle. Greg also asked if officials were prepared for freestyle. Ryan responded five sections were ready to go with freestyle but stated there is a belief that the numbers will grow now that we have established freestyle. The committee is working with USA Wrestling to waive the certification process for officials to learn freestyle. Greg asked about sections who competed folkstyle all season then went to freestyle in the postseason. Ryan said many neighboring sections have freestyle tournaments that schools can participate in and officiating should not be an issue. The state committee voted 7-3 in favor of freestyle but the three against were OK to go with it if it ended up being the way to go. Greg said he didn't think we were ready for freestyle since only six sections were ready and five weren't. Todd noted this was approved in October but it's a valid concern. He said what happens with the Board of Regents amendments may determine a change. The Committee believes we can move forward with Freestyle. Robert feels that if we are going to move forward with Freestyle, there may not be a "perfect" time; we will get through the struggle with officials begin certified. Todd and the coordinator will give an update at the July meeting.
MOTION by Susan to support the proposal. SECOND by Deb. CARRIED 9-0.

STATUS UPDATE: FOOTBALL – Regional Championship Game Week #22 at Dome – Joe explained CAC defeated this proposal in April but Central Committee is voting on this in July. If it does not pass in July, the football committee will have alternatives.

FOR REVIEW/INPUT/CHAMPIONSHIP SITE SELECTIONS:

Setting Regional Dates (Section I Concern from May 2024 Executive Committee Meeting) – Robert explained the request from Section I to have consistent dates for regional games without having significant restrictions. Susan, who also served on the softball state committee, stated there were significant concerns with basketball being mishandled with inconsistent dates of regional games. Mike indicated boys and girls soccer have a good system with set dates. Girls on Tuesday and boys on Thursday with finals on Friday or Saturday. Todd suggested looking at guidance of a certain # of nights rest. Greg said we are not going to solve this today but maybe we develop a sub-committee to discuss. President Bartlett sent this to CAC and it was agreed CAC look at it. Robert suggested 2-3 nights rest minimum between regional games.
Greg recommended a sub-committee gather prior to the October meeting to discuss a plan to present. Interested CAC members should send Greg an email so he can start planning the committee.

Championship Philosophy Committee Report

Date: July 10, 2024 at 10am

Attendees: Tom Baker (I), Doug Gejay (2), Scott Sugar (III), Mike Andrew (IV), Jen Lapinski (V), Mark DiFilippo (VI), Mike Graney (VII), John Mankowich (VIII), Greg Ransom (IX), Mark Wilson (X), Joe Mercado (XI), Tim Lincoln (Team Sports), Dan Doherty (Individual Sports), NYSPHSAA – Dr. Robert Zayas, Kristen Jadin, Todd Nelson, Joe Altieri, Chris Joyce, Lexi Swatt, Renee James, Debra Ferry

Status Updates/Items Discussion/Action Taken:

1. Welcome – Dr. Zayas welcomed the committee and thanked them for joining.
2. Championship Awards - An award audit sheet was presented to the committee for review.
    a. Award Criteria – Robert shared the inconsistency with the number of awards provided at state championship events. In Cross Country, the top 20 receive medals. In Boys Wrestling, the top 8 are awarded. In Swimming/Diving, the top 20 are awarded. In Golf, the top 10 are awarded. Dr. Zayas posed the question, if the committee was in favor of the staff creating a proposal to provide consistency. Discussion ensued regarding this topic. The consensus was for the NYSPHSAA staff to develop a strategy and provide a proposal to the Championship Philosophy Committee.
    b. Section Champions –Dr. Zayas shared that in some sports, Section Champions are recognized. Some sports provide medals, others provide boards and shirts. Is this necessary? Todd N. – It seems like the same kids that are successful are being recognized as individuals, school, and section. Kids are leaving with multiple shirts and multiple medals. What is the purpose of recognizing a Section team? Dan D. – Many kids in Cross Country who receive the board for Section Team Champion have no idea what it is for. The committee believes Section Champions do not need to be awarded. The NYSPHSAA staff will create that proposal and bring it back for consideration and review.
3. Regional Rotations – Dr. Zayas explained the concepts presented are just that, concepts. This is simply a starting point.
    a. Regional Rotation Guidelines (current) – Joe Altieri reviewed the current Regional Rotation Guidelines that were approved by the Executive Committee on February 26, 2024. Sport Committees revised the regional rotations using the Guidelines.
    b. 3 Region Concept – Dr. Zayas presented the 3 Region Concept provided in the meeting packet. The goal of this was to afford sections to have consistent geographic partners. At-Large seems to be the major concern with different concepts. For this concept, At-Large would rotate and only Sections with 4 or more teams would be considered. Sport Examples were provided. After thorough discussion, the committee is interested in examining this concept and providing it to the membership to discuss.
    c. 16-Team Bracket (Regional Weekends) – Todd presented the Regional Championship Weekend concept that was provided in the meeting packet. He asked if the number of teams is needed? Every section is sending their champion. Level playing field starting state championship series from regionals on. Further discussion ensued regarding the concept.

    These concepts will be distributed to Sections via the Section Executive Directors. The goal is for the committee to gather feedback and come back at the next meeting with all questions/concerns/ideas. Which concept is each Section in favor of? This will be discussed at the next meeting

Future Items/Meeting:

1. Next Meeting: Fall 2024

NYSPHSAA Guiding Principles for Regional Rotations

1. No Section will play in a sub-regional classification for more than two consecutive years.
2. If there is a bye for sub-regionals, the "bye" will always host the regional game.
3. One Section will not host more than 75% of Regional games in a given year in a sport.
4. At-Large teams will have no travel restrictions.
5. The term of rotations should reflect equity for all sections; with a minimum of at least 6 years.
6. Mid-week travel should be limited/ minimized.
7. Contiguous sectional competition should be considered.
8. The number of participating teams in each Region should be considered.
9. If any of the above guiding principles cannot be met, the sport committee must provide rationale as to why.

Process:

1) NYSPHSAA Sport Committee meets to develop regional rotation using established guiding principles.

→ **2)** NYSPHSAA Staff examines regional rotation for equity and fairness.

→ **3)** NYSPHSAA Championship Advisory Committee examines regional rotation and votes to recommend to NYSPHSAA Executive Committee.

→ **4)** NYSPHSAA Executive Committee examines regional rotation provides approval or denial

Note:

The current NYSPHSAA Championship Philosophy states:

"NYSPHSAA CHAMPIONSHIP PHILOSOPHY: "NYSPHSAA will sponsor Championships that represent excellence achieved in each sport. In the interest of equitable competition, minimal loss of academic time, financial impact and logistical concerns including, but not limited to, travel, lodging, meals and facilities for competition, the NYSPHSAA will sponsor one championship experience in a sport when six or more of its sections having four (4) or more of their member teams each sponsor that sport. Championships will be conducted according to established guidelines. All sports will be recognized by the NYSPHSAA as either a team sport or an individual sport, or a combination team/individual sport. Variations will be permitted in the NYSPHSAA classification system."

3 Region Concept

At-Large Selection:
Only Sections with 4 or more participating teams during a season shall receive an at-large.
At-large would rotate through the Sections with 4 or more participating teams.
If At-Large wins sub-regional, the winner of the "other" Sub-Regional would host Regional Final.

Host:
Sections would follow current system for hosting (i.e., Section responsibility)

Pros:
Reduces overall travel costs and time.
Reduces mid-week travel.
Reduces school time missed during Regionals.
All Sections have a consistent geographic opponent on an annual basis.
At-large selection is minimized or eliminated.
Limits the number of At-Large teams needed to reduce travel costs & school time missed.
Simplicity & consistency!

Concerns:
Some Sections always host the At-Large.
Potential for At-Large to play their own Section Champion.
Extensive travel for At-Large is possible; mileage restriction could be implemented for these rare cases.

NYSPHSAA GIRLS WRESTLING Committee Meeting
Monday, June 17, 2024
10:00am

Minutes

1. Welcome, Introductions & Announcements – Ryan Palmer (State Coordinator)

Meeting Called to Order at:

Roll Call:

Section 1 – Jamie Block
Section 2 – Frank Fronhofer
Section 3 – Rick Spicer
Section 4 – Brandon MacWhinnie
Section 5 – Eric Mullen
Section 6 – Alex Conti, Brad Rowe, Tom Shifflet
Section 7 – Rob Witkiewicz
Section 8 – Carol Roseto, Sean Severin
Section 9 – Eric Hartmann
Section 10 – Randy Morrison
Section 11 – Dave Shanahan
NYSPHSAA – Todd Nelson, Joe Alteri, Chris Joyce
NYSWOA – Matt Smith, Frank Marotta, Gene Tracy, Nick Graziano
PSAL - Ken Bigley
Coordinator – Ryan Palmer

1. Freestyle:

Officials - please be prepared with your anticipated number of officials for each Section. Part of us being ready for Freestyle, means that we have enough Officials. The last email that you had sent sounded very encouraging, and we would like to be able to advise NYSPHSAA with some good data (numbers) in terms of anticipated officials for the 24-25 season.

Minutes - Currently 69 officials (NYSWOA Members) are certified for Freestyle, some are dual members in other associations; not all are "Varsity" caliber officials. 36 Non-NYSWOA Members are certified for Freestyle

Current Information (NYSWOA Members, Non-Members):
Section 1 – 4, 5
Section 2 – 4, 3
Section 3 – 19, 5
Section 4 – 2, 3
Section 5 – 3, 1
Section 6 – 1, 0
Section 7 – 0, 0
Section 8 – 2, 8
Section 9 – 0, 4
Section 10 – 0, 0

Section 11 – 3, 2

As is, the NYSWOA is not comfortable with the number of officials, and are concerned with how you might run tournaments.

In conversations across the State, a lot of officials are excited for Freestyle, but are waiting to become certified until "Freestyle" is 100% happening. Widespread hesitation surrounds, *is it happening or not*. Some sections can actively train officials during JV level matches, during the season. Section 2 has an estimated 15 interested officials, but will join once it's a go.

Some chapters are still hesitant, making it difficult for NYSWOA to be willing to say "yes" we are prepared.

Section officials may be willing to travel to fill voids in some areas.

Scheduling could be an issue. Communication may alleviate issues.

If there is a conflicting boys' event on the same weekend, the assignor may be boxed in to assign particular officials to particular events; could cause a moral issue.

Certification process for new officials.

Is there still time for existing NYSWOA Members to become Freestyle eligible? → Yes, attendance of meetings, completion of exams.

Each chapter may have differing regulations on travel pay for officials. If you bring in officials from other sections, you may have to pay mileage, when typically you may not.

Section Chairs - please be prepared to answer the question - *is your section prepared to move forward with Freestyle?* Being ready would imply that your section has enough athletes, coaches and officials. While we will be hearing from the State Officials Association prior to this portion of the meeting, I know that most of you have developed relationships with local officials as well. I know that a lot of sections have, or plan, to host clinics to get a better idea of preparation.
Minutes:

Section 1 – As of now we only have one certified official, who came from PSAL. Biggest question → what happens if you don't have any officials? Would those girls have to wrestle folkstyle tournaments? → those would not count towards the postseason → Correct. Section is hesitant to get into "travel" and "contract" issues. Currently, it does not appear as though Section 1 officials want to get involved in officiating freestyle. Section 1 struggles to get out of section officials, due to complexity of contracts. Officials are run through BOCES.

Section 2 – If you are a varsity official, you can still complete the training prior to October 1st, and still be able to officiate a Freestyle Varsity match. Current dilemma, with a lot of participation, comes with a lot of need. The survey done in Section 2, a majority of officials said that they did not want. 18 said that they would get certified, if Freestyle came to fruition. Once the change occurs, we anticipate more officials jumping on board. Officials association feels as though they have a plan in place to get people certified.

Section 3 – Our chapter has multiple officials willing to travel, until other chapters can stand alone on their feet. If you're a first time official, coming in as an M3, you would not be eligible to officiate Varsity matches right away.

Section 4 – Most sections might not be capable of running more than two tournaments on a weekend, due to participation numbers by section.

Section 5 – Do we have any sections that are ready for a formal "Dual Meet" schedule? Are most of the events going to be tournaments? If tournaments, realistically how many tournaments would occur on the same weekend. Communication during scheduling is key.

Section 6 – Recent events ran well with present officials. Once I receive the pathways document, I can certainly reach out to local officials to advocate. If a section feels that the stipulations set by the NYSWOA are not reasonable, can the individual sections provide a NYSPHSAA approved pathway for officials → no, this is strictly governed by the NYSWOA and local chapters.

Section 7 – We don't have any certified officials, and do not have anyone willing to go through it at this point. There are not enough girls to warrant the work. In total, we have three varsity refs for the boys. They do not want to put in the money, for the minimal participation that we have. We have roughly 15 total in the section, most of which do not match up - weightwise.

Section 8 – Have the first official team in Section 8. We have two split officials, between sections. The president of the officials association reached out to gain interest. Roughly 6-7 officials expressed interest. Three step approach to becoming a USA membership - with USA Wrestling willing to reimburse fully for expenses. If the official is already a member of the local chapter, there is no additional fee for insurance. Is there a way for committee members to receive the list of officials.

Section 9 – Spoke with the executive director. Their only hesitation was the officials. We will have up to 10 teams, but there are not enough officials to push forward this year. Anticipating that of the 10 teams 2 may have full lineups, 2 will be near full lineups, and the bottom six teams will have 3 to 8 per team. We used a lot of Multi-Meets this past year.

Section 10 –

Section 11 – Have 5 full dual meet teams. Looking to pair with some boys dual meet events, to raise awareness and to grow the sport. Spoke to a local officials chapter representative, who had a lower number of officials than presented by NYSWOA.

Are You Prepared with Officials?

Health & Safety: From a Health & Safety perspective, is it okay for a girl to wrestle folkstyle all year, then compete in Freestyle in the postseason? We may be already doing this with mixed competition rules. Girls, in schools where Girls Wrestling is not offered, this may be the case.

By the end of this meeting we need to be able to advise "yes" or "no" with respect to being prepared to push forward with Freestyle for the 2025 State Championship

Minutes -

Concerns with Track Wrestling - is there an ability to run tournaments (freestyle) in Track? Is there a way for the HS Girls Portal to accept Freestyle tournaments/results?

2024-25 Transition Year

- **State Championship will be a Freestyle Event**
- **Qualifying Events will be a Freestyle Event**
- **Regular Season tournaments may be Freestyle, or Folkstyle, as chosen by the section**
- **Folkstyle Events will follow the Boys Folkstyle Rule book**

Motion to Approve 2024-25 Transition Year, as noted above:

Motion: Brandon MacWhinnie
Second: Frank Fronhofer

Section 1 – Yes
Section 2 – Yes
Section 3 – Yes
Section 4 – Yes
Section 5 – Yes
Section 6 – Yes
Section 7 – Yes
Section 8 – No
Section 9 – No
Section 10 – Abstain - Absent
Section 11 – No

Motion Passes: 7 Yes, 3 No

At the end of this section, Officials may leave the meeting

2. Qualifiers for States

Section Chairs - we need to solidify and finalize our proposal for qualifiers/allocations for the 2025 State Tournament. As of now, we should plan to fill all 16 bracket slots with NYSPHSAA Wrestlers. At this time, the Federation does not intend to participate. As such, we will need to provide a proposal on how the 16 wrestlers will be selected.
Minutes -

Without Federation being involved, most of the sections who may be concerned with having adequate representation, may be getting their two representatives.

Championship advisory committee wants to know precisely how each section's allotments are selected.

NCAA did away with historical content for slots. When you use historical data, a lot changes from year to year. Utilizing something other than historical data would be ideal.

The Regional concept brought the top competitors to the state tournament.

Can girls wrestling on the Boy's Teams (folkstyle) participate in the Girls State Championship (Freestyle) → Yes.

By the end of this meeting we need to able to provide a plan for myself and Frank to be able to propose to the Championship Advisory Committee on June 18 @ 10am

KEEP CURRENT VOTED PROPOSAL

6. Sectional Concerns

Section 1 – Transition year will be helpful

Section 2 – Two ideas I heard today that I would like to put on future agenda: Dual Meet Championship for 2026, Should we look into a grandfather idea as we look to end mixed competition.

Section 3 – None

Section 4 – None

Section 5 – From our last meeting with Dave Matthews, did Todd give permissions for Track Data?

Section 6 – None

Section 7 – If we don't have enough teams for the girls to get competition, and cannot wrestle with the boys…how will seeding work beyond this year?

Section 8 – Girls Fargo Camp at Nassau Community College. This might be an opportunity to get some officials trained.

Section 9 – If some sections would like to form a sub-committee on how to seed a Sectional Tournament (Qualifier) that may help keep some consistency.

5. Forfeits/Max Contests: A team which accepts a forfeit may include that forfeit in their record as a win for the purpose of standings, but does not not have to count in max contests played, therefore, they may play another game to replace the missed game. NOTE: ONLY the team accepting the forfeit, has this option. If your team forfeits, you must count the game and may not play another game.
6. NFHS: Home team shall wear dark uniforms. Visitors will wear white. Joe noted there is no prescribed penalty for a violation of the uniform rule.

After discussion, a motion was made by Keith Kempney (Section 3), seconded by Scott Barker (Section 5) to read **"The-8 Man Football Regional Championship shall be played at an outside venue on the Saturday afternoon at the same time as the 11-man championships."** Motion Carried by a vote of 9-yes, 1-absent, (Section 11) 1-abstain (Section 8)

OFFICIALS: Patrick English clarified the NFHS rule change that the home team shall wear dark jerseys and the visitors shall wear white jerseys. Questions regarding the color of a jersey should be forwarded to the NYSPHSAA office.
Ric Hamblin made a suggestion for sections to use 6 officials on regional games to help officials gain experience for semi final and final contests. Ric has asked for sections using 6 man crews to alert him through email so he is aware.

2. Rule Book Amendments

a. Why was this tabled at the NYSPHSAA Central Committee Meeting in July?
   i. We had received a document from a committee member, who collaborated with USA Wrestling Officials, that outlined some of the rule variations between “USA Junior Freestyle” and what the committee felt was more suitable for interscholastic competition. It was the opinion of the NYSPHSAA Staff and the State Coordinator, that it would be best to table this adoption. To do this properly, we would need to adopt a rule book, and then adopt “waivers” or “amendments” to the adopted rulebook. The NYSPHSAA Staff and State Coordinator felt that full input from our NYS Girls Wrestling Committee was needed.

3. Qualifiers for States

Automatic Qualifiers were approved at the July Central Committee meeting.

2024-25 Automatic Qualifiers for NYSPHSAA Girls Wrestling Championship

The championship will be a 16 bracket tournament. The Federation will not be part of the 2024-25 tournament, there will be 5 additional qualifiers after the 11 Sectional Champions are determined. To be eligible to participate in the NYS tournament, the wrestler must have competed and placed 1st, 2nd or 3rd in their Sectional tournament for the current season.

Each weight class has been ranked from most power points to least. This is the order that 2nd qualifiers from each section will be selected from each weight class.

If a sectional champion, or 2nd automatic qualifier is unable to participate, a section may replace the wrestler with the wrestler who earned 2nd or 3rd in that weight class at their sectional qualifier, but not 4th. If the 2nd or 3rd qualifier is not available, the spot will be offered to the next section on the power point list. (*The Boys Committee has a deadline before the seeding meeting when qualifiers can be replaced, after the deadline the spot remains empty and becomes a bye in the tournament unless a Section only had 1 qualifier and then she can be replaced.)

2024-25 Order to fill each automatic qualifier by weight. The top five sections in each weight class, in green, will earn two automatic qualifiers. This list will also be used to fill any openings in a weight class.

4. Officials Participation

The Central Committee meeting left many of the Sections concerned over the number of officials. While we have seen an increase in the number of USA Wrestling Officials, we have not seen that increase in our local NYSWOA Chapters. This is likely due to the local chapters not meeting and establishing their rosters.

a. Survey Draft - DO NOT SHARE out yet

Committee Task:
Connect with your local USA Wrestling Officials, and get an understanding of their intent to join their local chapters.

5. Sectional Concerns

Section 1 – Seeding States, Sectional Singlets/warm-ups, Girls Tourney spreadsheet (Jeff C.), States: Practice, officials/weigh-ins, tablehelp, etc., Guide Book something similar for girls. A great resource, with the understanding it is a guide book. If it's a rule it must also be in NYSPHSAA handbook. (Reality everything in guide book goes in handbook, just easier to read.

NYSPHSAA STAFF: No reports

2025 Start Date: Discussion took place on future start dates. Joe Altieri informed the committee that a committee is being formed specifically to explore starting dates for all sports. More information will be provided soon. The football committee, however, has concerns over the start date for the 2025 season. The following motion was made by Tim Horan Tim Horan (Section 11) and seconded by Scott Barker (Section 5). " The NYSPHSAA Football Committee would recommend allowing NYSPHSAA Football programs to begin practice on Monday of Week 7 for 2025 which would be August 18th". Motion carried 9- yes, 0-no, 2-absent. Sections 1,2,3,4,5,6,7,8, and 11 voted in favor. Sections 9 &10 were not present.

Guardian Caps: There was discussion on the use of guardian caps for games and practices. Patrick English provided clarification that guardian caps are legal per the NFHS regulations and added that they do not have to be the same color as the helmet.

8 MAN FOOTBALL: There is a meeting of the NYPHSAA Officers on 9/11 to discuss the 8 Man Regional Championship. The NYSPHSAA Football Committee will discuss options in October after we have the findings from the 9/11 meeting.

Officials: Tim Arden led discussion on the issue of players not wearing pants that are too short and do not allow for knee pads to cover the knees as specified by the NFHS. This seems to be a problem in many, if not, all Sections of the state. Todd Nelson recommended the following course of action. If officials see athletes wearing pants that do not meet the required specs, they should contact the Executive Director of that Section. The director should then notify the state office. Tim will also

look into the possibility of creating a form for tracking.

MODIFIED: No report.

NYSHSFCA: Paul Sealy noted that the NYSHSFCA Football Clinic will be the first weekend in March.

ROUND TABLE: Section 8 brought up a concern over coaches using headsets in the endzones. It was noted that Sections can be more stringent with this rule than what is stated in the NFHS rules. NYSPHSAA football schools may require all coaches to be in the designated coaching areas which refers to the coaching area on the field or the designated coaches box (area) in the stands.
