School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Jefferson Academy Charter	6010391	4/23/2024	5/22/2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Jefferson Charter Academy for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Jefferson Charter Academy for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The goals, actions, and services in this plan meet ESSA requirements for a schoolwide plan, and are aligned with the goals, actions, and services detailed in the district's Local Control Accountability Plan (LCAP).

Comprehensive Needs Assessment

The school plan shall be based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging state academic standards, particularly the needs of those children who are failing, or are at risk of failing, to meet the challenging state academic standards and any other factors as determined by the LEA.

(20 U.S.C. Section 6314[b][6])

Our School's Process:

School planning is an ongoing process. Each year, our school's leadership team with technical assistance from district leadership and input from site councils (SSC) and English learner advisory committees (ELAC), review our school's progress toward achieving the established goals.

Analysis of Data:

The comprehensive needs assessment shall include an analysis of verifiable data, consistent with all state priorities and informed by all indicators. (EC Section 64001[g][2][A]; 34 CFR Section 200.26[a])

Our school's process begins with a thoughtful analysis of student achievement data including data from:

- The California School Dashboard
- District formative and summative assessments
- School level assessments
- The HESD Parent Survey
- The HESD LCAP Student Survey
- Input from the district's curriculum committee (a representative body comprised of a majority of teachers)
- Teacher surveys to gather input on professional development needs.

Each school year, after data from the California School Dashboard is published by the California Department of Education (CDE), our school's leadership team meets with district leaders to analyze achievement and school climate data and to set proposed targets, called Annual Measurable Outcomes/Expected Outcomes, for "All Students" and for each student subgroup on both academic and school climate indicators.

Data from the Annual HESD Parent Survey and Student Survey are reviewed by our school site leadership team and proposed Annual Measurable Outcomes/Expected Outcomes are set for metrics relating to parent and student satisfaction with the instructional program, the school's services, programs, extra-curricular activities, and school safety.

These proposed Annual Measurable Outcomes/Expected Outcomes are taken to our SSC and

ELAC for input and, if requested, additional revisions. These Annual Measurable Outcomes/Expected Outcomes are part of this school plan and can be found immediately after each goal in the pages that follow.

The results of this analysis are summarized in a statement of “Identified Need” that follows each goal in the school plan.

School Site Councils and English Learner Advisory Committees

Our school holds four school site council meetings each school year. The first meeting is held in September. The purpose of the first meeting is to establish the school site council, elect members and officers for the year, and to train council members on their roles and responsibilities.

The second meeting is held in February after the publication of the California School Dashboard by the California Department of Education (CDE). At the second meeting, student achievement is reviewed, including the achievement of English learners. The school’s professional development needs and activities are reviewed. The implementation of the school plan is monitored, the needs assessment is reviewed, and any changes in the plan’s goals, action strategies, or expenditures are discussed and approved.

The third meeting is held in March. At the third meeting, student achievement is once again reviewed, but at this meeting, the focus is on school climate and parent involvement. Once again implementation of the school plan is monitored and any changes to the plan’s goals, action strategies, or expenditures are discussed and approved.

The fourth meeting is held in May. At this meeting, the Annual Update/Evidence Based Evaluation of the school plan is reviewed and revised based on recommendations from the committees. Using the Annual Update/Evidence Based Evaluation, the individual Actions/Strategies in the plan that were well-implemented and effective, and that should continue in the next school year, are discussed. Areas of need along with any recommended changes to the Actions/Strategies are also discussed. Major differences between intended implementation and/or the budgeted expenditures are reviewed. The school site leadership and school site council propose changes to the goals, the annual outcomes, metrics, strategies/activities, and/or expenditures that will be made to next year’s plan. Finally, the school plan for the next school year is approved by the SSC and the plan is recommended to the governing board for approval

Educational Partner Involvement

How, when, and with whom did Jefferson Charter Academy consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

School Site Council (SSC)

The school maintains a school site council. The SSC is comprised of parents, teachers, and school staff. Parents make up 50% of the SSC with parents of EL students representing at least the same percentage on the committee as the percentage of EL students enrolled at the school. The school holds four school site council meetings each year in October, December, February, and May. During these meetings student achievement is reviewed, the school's/students' needs are assessed, and based on this analysis the school plan is developed. The school plan is approved by the school site council each year in May (for the upcoming school year), and again the following February. The Hanford Elementary School District Board of Trustees approves the school plans after the school site council has given their approval.

English Learner Advisory Committee (ELAC)

The school maintains an ELAC. The ELAC advises the School Site Council on programs and services for English learners and on the School Plan for Student Achievement.

District English Learner Advisory Committee (DELAC)

The district maintains a District English Learner Advisory Committee (DELAC). The DELAC is comprised The DELAC meets four times per school-year in November, January, March, and May. The DELAC advises the board on conducting a district-wide needs assessment on a school by school basis; advises the board on the district's plan for educational programs and services for English learners that takes into consideration the Single Plan for Student Achievement; advises the governing board on the district's (and school site) annual needs assessment.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable. This section is required for all schools eligible for ATSI and CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

Priority Area 4 (Academics) – Areas of Red or Orange

ELA:

- English Learners (Orange)

MATH:

- English Learners (Orange)
- Socioeconomically Disadvantaged (Orange)

In goal 1 of the SPSA, the strategies and actions describe the steps we are planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Priority Area 5 (Chronic Absenteeism) – Areas of Red or Orange

- None

In goal 3 of the SPSA, the strategies and actions describe the steps we are planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Priority Area 6 (Suspension Rate) – Areas of Red or Orange

- White students (Orange)

In goal 3 of the SPSA, the strategies and actions describe the steps we are planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

In Priority Area 4 (ELA), All students scored in the Green category and English Learners scored in the Orange category, which was two or more performance levels below “all student” performance.

In Priority Area 4 (MATH), All students scored in the Green category and English Learners and Socioeconomically Disadvantaged students scored in the Orange category, which was two or more performance levels below “all student” performance.

Priority Area 5 (Chronic Absenteeism), no student groups scored two or more performance levels below “all student” performance.

Priority Area 6 (Suspension Rate), All students scored in the Green category and White students scored in the Orange category, which was two or more performance levels below “all student” performance.

In goal 1 & goal 3 of the SPSA, the strategies and actions describe the steps we are planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](http://English Language Proficiency Assessments for California (ELPAC)) web page or the ELPAC.org website for more information about the ELPAC.

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Data from the 2024 CAASPP scores indicate that students have continued to make academic gains over the last several years. Even though there was an increase in CAASPP scores, the scores in ELA and math show that every subgroup has made progress from the previous year. There is a need to provide students with a strong educational program along with significant supplemental/after-hours intervention and instruction, especially for our most at-risk student groups.

With most subgroups performing at levels close to or similar to the school's overall average, the CAASPP scores indicate a need to provide support to all high-needs students across all of the subgroups. There is a need to provide high-needs students with instructional support that includes a strong core instructional program coupled with support and intervention.

English learners performed just below overall levels indicating there is a need to continue providing students who are English learners with language support in all academic areas and to provide these students with English language development instruction (instruction in learning the English language).

Annual Measurable Outcomes

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

In comparing our ELA and Math CAASPP scores to years past we have continued to see an increase in most areas and subgroups. Here is a breakdown of how our school did based on Percent Proficient:

ELA: All Students: 22-23: 60.23% vs 23-24: 67.25% (Increase)

ELA: African Americans: 22-23: 75% vs 23-24: ____% (Not enough students to report data)

ELA: Hispanics: 22-23: 56.83% vs 23-24: 65.92% (Increase)

ELA: White: 22-23: 82.22% vs 23-24: 77.5% (Decrease)

ELA: English Learners: 22-23: 20.31% vs 23-24: 26.92% (Increase)

ELA: Socioeconomically Disadvantaged: 22-23: 55.17% vs 23-24: 63.38% (Increase)

ELA: Students with Disabilities: 22-23: 33.33% vs 23-24: 42.86% (Increase)

Math: All Students: 22-23: 52.52% vs 23-24: 58.84% (Increase)

Math: African Americans: 22-23: 75% vs 23-24: ____% (Not enough students to report data)

Math: Hispanics: 22-23: 47.48% vs 23-24: 54.98% (Increase)

Math: White: 22-23: 80% vs 23-24: 82.5% (Increase)

Math: English Learners: 22-23: 14.06% vs 23-24: 25% (Increase)

Math: Socioeconomically Disadvantaged: 22-23: 40.23% vs 23-24: 53.99% (Increase)

Math: Students with Disabilities: 22-23: 25% vs 23-24: 42.86% (Increase)

Implementation

The actions and services under Goal 1 were well implemented overall and when comparing our state CAASPP scores to the past several years, it shows an overall increase in our scores since 22-23. Standards-based ELA and mathematics instruction, as defined by the Common Core Standards incorporating state-adopted text and HESD pacing calendar is expected and implemented in all classrooms. School site leadership, with support from the district office curriculum and instruction department, monitors schools, classrooms, and student progress. Students requiring intervention are identified and provided with supplemental instruction/intervention. Integrated ELD (Core Program ELD/EL Support) instruction and EL support in academic content areas were implemented across the school at all grade levels. English learners received language instruction supporting access to the state-adopted content standards in ELA, mathematics, science, and history/social science. Designated ELD (Core Program) Students received 30 minutes of ELD instruction at their English language development level during the ELD instructional block. EL students received ELD instruction at their English language development level during the ELD instructional block. Teachers documented the progress of EL students using the district's EL rubric forms.

Effectiveness

The actions under Goal 1 continue to be effective showing students making progress toward proficiency on the state-adopted standards and English learners continue to make progress learning the English language. Since 22-23, CAASPP scores for students have increased overall, showing an effective use of instructional time and materials. When comparing scores over the last several years, proficiency levels are improving, showing students are making gains in academics. Based on the increase in achievement levels, there is not a need to make significant changes to the instructional program; rather, it indicates a need to continue to build upon and strengthen the school's existing instructional programs.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan:
SPSA: Evidence-Based Title I Funded Program Evaluation

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Although the strategies/activities in the plan were implemented, newer categorical funding was used to support some of the activities in this school plan. Struggling students received interventions through the Expanded Learning Opportunities Plan (ELOP) tutoring. Enrichment opportunities through Prop 28 for music and art provided additional time for students to broaden their horizons and ELOP funds for after-school Enrichment activities have created opportunities for a variety of students.

This year we had a decrease in educational tutors; we went from two tutors last year, to one tutor this year. We are utilizing our educational tutor to support students, as determined by assessment data. This year we also had an increased selection of enrichment classes offered after school. For example, we were able to add a theater class through TCOE's "OnStage" program, gardening, engineering with Legos, sewing, and chess in addition to the enrichment classes offered last year (folklorico and latin dance). Our 3rd and 4th grade students also received new tech devices.

We maintained our budget and met our allocations. We receive an increased allocation of \$22,180 for Title I SWP that went to supplies and materials. Adequate supplies and materials were available using less than the budgeted amount.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will continue to provide standards-aligned instruction to all students, interventions, and support for struggling students, in addition to designated and integrated ELD for English learners. The school will continue to provide students with an extensive suite of digital/online supplemental instructional materials.

Student CAASPP scores have increased over the past several years showing there is not a need to make significant changes to the instructional program; rather, it indicates a need to continue to build upon and strengthen the school's existing instructional programs. The strategies and activities under Goal 1 will continue into the coming year.

After-school support and activities including enrichment and tutoring will continue to be funded through the district-wide Expanded Learning Opportunities Program (ELOP). All students will have the opportunity to participate in these programs.

We are going to continue analyzing data to drive instruction and interventions, and used the data to create the list of students our educational tutor will support. We will continue to support new teachers to Jefferson with additional supports such as, professional development and academic coaching. We will emphasize the integration of dual immersion instruction with the other content areas (science/writing/math) to support students' language development. We will target specific concepts for our EL students, based on their needs to be successful for the ELPAC.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

The school will support teachers and staff with professional development, training, and collaboration time.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

The district will support teachers and staff with professional development, training, and collaboration time.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

The rigor of CCCS and state assessments continues to create a demand for professional development to support teaching staff. District surveys of teachers and site administrators, as well as classroom observations all indicate a need for further professional development related to the implementation of the Common Core Standards.

There is a need to provide teachers with professional development and in-class coaching in the integration of technology resources with classroom instruction and the work students do.

There is a need to provide teaching staff with PD to build upon the analysis of student achievement data by studying the work of individual students, especially their written work, and diagnosing specific areas of strength and areas of need. There is a need to develop instructional planning based on this analysis.

Although English learners are performing well on the CA School Dashboard English Learner Progress Indicator, English learners are performing at lower levels in ELA and Math than their peers (overall) on the dashboard academic indicators. This indicates that there is a need to provide students who are English learners with language support in all academic areas (called Integrated ELD) and to provide these students with specific English language development instruction (instruction in learning the English language (called Designated ELD). In order to provide effective Integrated ELD and Designated ELD, there is a need to provide classroom teachers with leadership, training, and support in these areas.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

IMPLEMENTATION
 Teachers attended three district-led, full-day professional development sessions providing teachers with training in research-based instructional strategies for ELA, Math, and ELD. Teachers are provided with a “minimum day” each Wednesday to collaborate around student assessment data and to plan instruction and intervention based on this data.

A professional development team consisting of a curriculum specialist in English language arts, a curriculum specialist in Mathematics, and five instructional coaches all provide high-quality, research-based professional development to teachers and administrators. Instructional coaches specialize in reading, writing, mathematics/science, the integration of technology into instructional programs, and the development of digital literacy skills to improve academic achievement. These coaches provide whole-group professional development, in-class coaching, coaching during weekly collaboration, lesson development and planning, backward mapping, and analysis of formative and summative student achievement data. The professional development team provides training and professional development specifically designed to improve the academic achievement of various subgroups including English Learners.

New teachers were served with a CTC-accredited new teacher induction program with a director and two full-time, full-release induction coaches. New teachers received induction support for two years and cleared their credentials through the induction program.

EFFECTIVENESS
 Teacher surveys indicate that the professional development and collaboration time were effective and felt they were supported by this training, professional development, and collaboration.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan: SPSA: Evidence-Based Title I Funded Program Evaluation

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

All strategies/activities under Goal #2 were well implemented. There were no material differences between proposed and actual expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There is a continuing need to provide professional development around grade-level standards-aligned instruction. There is a need to continue to use the district's instructional coaches while also providing professional development opportunities from outside the district, such as from Tulare or Kings County offices of Education. Teachers will continue

to receive professional development from the district PD team. Teachers will continue to receive site-specific PD at their school sites.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Suspension

Although the school's suspension rate has decreased consistently over the last decade, since the COVID pandemics, there has been an uptick in the number of students who are suspended. There is still an increase in behavioral and social-emotional concerns extending from the prolonged pandemic and prior distance learning. There is a need to continue to reduce the number of students who are suspended by supporting all students with incentives and rewards for good behavior, good choices, and proper self-management, by identifying students with behavior challenges, and by providing those students with increasing levels of support.

Chronic Absenteeism:

Although the Chronic Absenteeism rate has decreased over the past few years, it has not quite returned to pre-Covid levels. There is a need to continue to educate our families about when to send their child to school based on various symptoms their child may have, which in most cases are typical cold-like symptoms. There is a need to continue providing students and their families with social and emotional support to keep them engaged in school and to further reduce the number of students who are chronically absent, along with education around when to send their student to school and when not to.

The goals, actions, and services in this plan meet ESSA requirements for a schoolwide plan (SWP) and Additional Targeted Support and Improvement, and are aligned with the goals, actions, and services detailed in the district's Local Control Accountability Plan (LCAP).

Improved social/emotional skills and decision-making will lead to an increase in academic achievement. The social-emotional learning (SEL) system will be designed to help leadership, staff, and students strengthen their social-emotional skills and create a positive and supportive school climate. This will also include increasing the neighborhood-to-school connection to build school pride and encourage a positive school community.	All Students/High Needs Students	

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

IMPLEMENTATION

The actions under Goal #3 was well implemented. All students received support and participated in activities to promote citizenship and good behavior. High-needs students received additional support. Learning directors monitored the social-emotional and health needs of students and coordinated the support that students received from counselors, social workers, nursing staff, and student specialists.

EFFECTIVENESS

Student behavior and attendance rates have improved over the years. The steady decrease in chronic absenteeism rate over the last few years have shown the plans put in place have been effective.

Anecdotal observations along with internal data for the current school year show that students are still experiencing a decline in social-emotional well-being. Although support from school staff has mitigated this decline, there is a great need to continue providing support and interventions for our most fragile students.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan: SPSA: Evidence-Based Title I Funded Program Evaluation

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

All strategies/activities under Goal #3 were well implemented. Although the strategies/activities in the plan were implemented, newer categorical funding was used to support some of the activities in this school plan. Struggling students received interventions through the Extended Learning Opportunities Plan (ELOP) tutoring. Enrichment opportunities through Prop 28 for music and art provided additional time for students to broaden their horizons and ELOP funds for after-school Enrichment activities have created opportunities for a variety of students.

Some of the changes that happened during the school year include an expanded variety of after-school enrichment class selection, which included: chess, sewing, gardening, engineering with Legos, and theatre. We also increased the time for the folklorico dance enrichment class.

Our supplemental and food service funds were underspent by more than 10%, however we have plans for how we can better allocate funds such as by purchasing more science materials, books for the classrooms, and student of the month rewards.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

All students will continue to receive support and will participate in activities to promote citizenship and good behavior. High-needs students will receive additional support. Learning directors will continue to monitor the social-emotional and health needs of students and coordinate the support that students' will receive from counselors, social workers, nursing staff, and student specialists.

There will be a great need to continue to build a culture where students and their families view attending school every day as very important. There will be a need to continue and build upon services and programs for students to support social emotional wellbeing and to promote good school attendance and behavior.

Our school's chronic absenteeism rate is the lowest compared to other sites in the district, with a chronic absenteeism rate of 3.6%. Our suspension rate is also the lowest, compared to other sites in the district with an overall suspension rate of 0.8%. We will continue to promote attendance rewards for reaching milestones, ASB incentives and Trimester rewards for our Jr. High students. These rewards and incentives encourage students and families to view good school attendance and behavior as important.

Communication between schools and home will be regular and meaningful.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In order for parents/guardians to actively participate in their children's education, there is a need for home-to-school communication and parent/guardian involvement. Parents need information and training to help their children achieve in school.

The HESD Parent Survey indicates the majority of parents agree or strongly agree with the statements:

- "The Parent/Teacher Conference was helpful to me in understanding my child's progress towards meeting ELA and math standards."
- "When I have questions about my child's classwork, I can ask for clarification and assistance from my child's school"

There is a need to continue providing parents with information on their child's progress and provide assistance when they have questions about their student's work. Students whose parents are informed about their children's progress in school achieve at higher levels.

Parents have a right to be involved in the decision-making process at the school and district levels. (California Education Code 52062-52063). There is a continuing need to involve parents in the decision-making process through the School Site Council (SSC), District English Learner Advisory Committee (DELAC), and Parent Advisory Committee (PAC).

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

IMPLEMENTATION
 The actions under Goal #4 were well implemented. The school held a variety of parent activities to educate and support parents. The school employs a suite of resources to facilitate and support communication with parents.

The school's electronic system for communicating with families, Parent Square has been liked by the majority of our families. School leaders along with individual teachers made extensive use of online communication tools to communicate with families.

School Site Council meetings, District Parent Advisory Committee, and District English Learner Advisory Committees continue to support family engagement and input.

Effectiveness:
 The school's parent-conference attendance rate was 100% with parent/teacher conferences. The strategies and activities were effective in achieving the goal, that communication between schools and home will be regular and meaningful. Data from the HESD Parent Survey indicate that parents are overwhelmingly satisfied with the level of support, outreach, and communication they receive from the school.

Note: For individual analysis of each action under this goal, please see the attached addendum to this school plan:
 SPSA: Evidence-Based Title I Funded Program Evaluation

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Most strategies/activities under Goal #4 were well implemented, however there was some of the planned school programs and operations were disrupted, which resulted in not all funds being spent. There are no material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The school will continue to provide support, outreach, and education for parents. The school will continue to give parents a voice in the programs and activities that are developed and implemented. In-person parent involvement/education activities will continue to be expanded upon. The school will continue to implement the upgraded communication system

(Parent Square). The SSC, PAC, and DELAC will continue meeting in-person to acquire input from our parental educational partner group.

Our parent-teacher conference rate has maintained 100% participation over the last five school years. We will continue to provide parents and families with opportunities to maintain and increase their involvement with the school and their students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 5

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Implement a Spanish & dual language immersion program that will support all students to become bilingual and biliterate in both English and Spanish. Students are expected to reach high levels of functional and academic proficiency in English and Spanish as demonstrated by district and teacher assessments. The ELPAC will be utilized to measure English language proficiency for those students identified as English language learners.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

All students will make progress toward proficiency on the state adopted standards and English learners will make progress learning the English language.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

There is a need to provide students in the district the option of a rigorous dual language immersion acquisition program where they can learn in both Spanish and English and become bilingual and bi-literate.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
California School Dashboard EL Progress Indicator:	Low: 44.3 Making Progress	High: 55% Making Progress
California School Dashboard ELA Indicator: English Learners	Yellow: Medium--Declined Significantly (1.8 points below level 3) (2019 Dashboard)	Green: Increase 3.2 above standard
California School Dashboard Math Indicator: English Learners	Yellow: Medium--Declined (0.4 points below level 3) (2019 Dashboard)	Green: Increase 5.4 above standard

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

This year our staff collaborated to create and establish an on-going language vertical alignment across all grade levels. The purpose of this alignment is to continue building and developing students' language acquisition and language skills as they progress through the grade levels. Our staff will also continue to receive support and attend CABE professional development opportunities, as long as they are available.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Javier Espindola	Principal
Guadalupe Rangel-Lemos (2025-2026)	Other School Staff
Anel Acosta (2025-2026)	Classroom Teacher
Roxana Rodriguez (2025-2026)	Classroom Teacher
Sophia Medina (2025-2026)	Classroom Teacher
Rosa Williamson (2024-2025) (EO)	Parent or Community Member
Irene Guevara (2025-2026) (EO)	Parent or Community Member
Magda Ponce (2024-2025) (EO)	Parent or Community Member
Lisa Rocha (2024-2025) (EO)	Parent or Community Member
Arizbeth Jimenez (2025-2026) (EO)	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 4/23/2024.

Attested:

Principal, Javier Espindola on 4/23/2024

SSC Chairperson, Jasmine Posey (Vice Chair) on 4/23/2024

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
