Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template**.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development**. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources**; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Redding STEM Academy's strategy for using federal funds to supplement to enhance local priorities is reflected in its LCAP.

Specifically, Title I dollars are being used for Tier 2 intervention. A Title I teacher and/or aides are working with small groups of students in third through eighth grade who are struggling with math and/or reading skills.

Title II dollars are being used to provide professional development to our teachers. Professional development is focused on the teacher induction program.

Title IV dollars are used to support the Title I teacher and aide.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Alignment between federal and state funding is reflected in our LCAP. A combination of base funding, supplemental and concentration funds and Title II funds are used for professional development. Goals have been developed and are being monitored. As stated above, federal dollars are being used primarily for teacher and administrator training, which is in alignment with our goals within our state plan.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students
2. Does the LEA have an educator equity gap –
 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

Redding STEM Academy has one class per grade level. There are currently no disparities with low-income students or minority students being taught at higher rates than other students by ineffective, inexperienced or out-of-field teachers. All students are taught by credentialed teachers. Currently, one of the teachers is an intern and is considered an "ineffective teacher" by the state. Two of the teachers are considered "inexperienced" by the state. They are all being mentored, either through an induction program. One teacher has a single subject credential and is working on a multiple subject credential. She is considered an "out-of-field teacher" by the state.

On November 6, 2019, the SBE approved updated definitions for "ineffective" and "out-of-field" teachers to be included in the amended California ESSA Consolidated State Plan.

Term	Definition
Ineffective teacher	An ineffective teacher is any of the following: • An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or • A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned)

	- An individual who holds no credential, permit, or authorization to teach in California. Under this definition, teachers with the following limited emergency permits would be considered ineffective: Provisional Internship Permits, Short-Term Staff Permits Variable Term Waivers Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record
Out-of-field teacher	A credentialed out-of-field teacher is: A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of the field: - General Education Limited Assignment Permit (GELAP) - Special Education Limited Assignment Permit (SELAP) Short-Term Waivers Emergency English Learner or Bilingual Authorization Permits Local Assignment Options (except for those made pursuant to the <i>California Code of Regulations</i>, Title 5, Section 80005[b])
Inexperienced Teacher	A teacher who has two or fewer years of teaching experience.
Minority Student	A student who is American Indian/Alaska Native, Asian, African American, Filipino, Native Hawaiian/Pacific Islander, Hispanic, or Two or More Races Not Hispanic.
Low-Income Student	A student who is eligible to receive Free or Reduced-Price Meals

Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

Because RSTEM is a small charter school, the LCAP is the focus for the Site Council/Parent Advisory Committee. The committee met and reviewed the LCAP and related documentation on 12/1, 1/26, 3/8, 5/31. Parents were able to observe RSTEM's programs in action on several occasions. School data and the dashboard were shared with them. The mid-year LCAP report was shared with them. They helped with deciding which LCAP goals and actions to focus on to support all student learning and particularly any student groups who are struggling.

A survey was sent on 2/26/24 to encourage parent feedback and to give them a place to share their ideas for the LCAP. Multiple reminders were sent. 61 families responded to the survey. Many of those families had multiple RSTEM students. This accounted for 39% of the school population. Parent surveys were mostly positive. The parents value the school staff, Academy intervention, after school clubs and sports, and are overall satisfied with their child's experience at RSTEM. Several parents were concerned about student discipline and the behavior of some students.

The parent club agreed with the goals and actions. They noted that the atmosphere on campus is positive overall. Parents like the new clubs on campus and are pleased to see the student interactions and academic growth on campus.

To meet this requirement, LEAs must provide a description of the following:

ESSA Section 1112(b)(3): how the LEA will carry out its responsibilities under paragraphs (1) and (2) of Section 1111(d);

1. How the LEA will involve parents and family members at identified schools in jointly developing Comprehensive Support and Improvement plans
2. How the LEA will involve parents and family members in identified schools in jointly developing the Targeted Support and Improvement plans
3. In the absence of the identification of any schools for Comprehensive Support and Improvement (CSI) or any schools for Targeted Assistance and Intervention (TSI), the LEA may write N/A. This provision will not be reviewed.

ESSA Section 1112(b)(7): the strategy the LEA will use to implement effective parent and family engagement under Section 1116; shall include how the LEA and its schools will build capacity for parent and family engagement by:

1. Describe the LEA parent and family engagement policy, and how it was developed jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy (ESSA Section 1116(a)).
2. Describe how the LEA will provide assistance to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children; (ESSA Section 1116(e)(1))
3. Describe how the LEA will provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement; (ESSA Section 1116(e)(2))
4. Describe how the LEA will educate teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (ESSA Section 1116(e)(3))
5. Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (ESSA Section 1116(e)(4))
6. Describe how the LEA will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand (ESSA Section 1116(e)(5))
7. Describe how the LEA will provide such other reasonable support for parental involvement activities as parents may request (ESSA Section 1116(e)(14)).
8. Describe how the LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language, such parents understand (ESSA Section 1116(f)).

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Parents are an integral part of the RSTEM decision-making team. They are given a copy of the family engagement policy with the RSTEM Family Handbook. The handbook outlines several places where they can regularly voice their ideas and concerns. The family handbook shares information concerning state standards, state and local assessments, and the various ways that the school monitors student academic and social emotional growth. It also lets them know how they can learn about their child's progress through report cards, progress reports, teacher conferences, Aeries, google classroom, and formal or informal meetings depending on the student's grade level. Parents can learn about how to support their children in their academic growth in literacy, math, or other subjects by contacting the teachers or the intervention coordinator. The school works to keep parents informed by sending out Bloomz notices, emails, physical paperwork, and phone calls. State test results are sent out once a year.

Parents are invited to attend in-person meetings such as: parent-teacher conferences, site council meetings, board meetings, parent club meetings and school site safety committee meetings. Additionally, they are encouraged to share their thoughts on the school's annual parent survey. Administration takes the results of the survey to the staff over a series of staff meetings and the teachers, office staff, paraprofessionals, and administrative team look through the data to discover the strengths and weaknesses in our school culture. The school uses all of this input to help make decisions for the future. Parent involvement continues to be instrumental in guiding our school.

The school currently has two students who have been identified as English language learners. The staff at RSTEM work to ensure the families of those students are connected and communicated with on a regular basis.

Safe and Healthy Students (ESSA Section 4108)

Identify any indicators, or measures/data points to examine needs for improvement of the Title IV, Part A priority content areas.

It was determined that there was no need for improvement for the physical safety and health of students based on the reflections of our safety committee and parent and student surveys. One area for improvement, based on student surveys, is the mental health needs of our upper elementary and middle school students. The goals, metrics and actions in the LCAP will be used to guide the staff in supporting student mental health needs.

What activities will be included within the support for safety and health of students?

The school will address the mental health concerns is by reviewing the PBIS strategies that focus on positive reinforcements and following a process whereby students have an opportunity to learn from their mistakes. The school's social-emotional team will strategically address students with big behaviors and emotional needs on campus. The team is working with students who have big behaviors to help them find other ways to express themselves and bring resolution to their struggles without hurting others. The school has recently adopted the SEL program "Character Strong" and is hoping that this helps students find ways to work through their feelings in a healthy way. The director of the school has participated in the state superintendent's webinar regarding disproportionality in disciplinary practices as well as a webinar regarding ATSI. RSTEM is using many of the strategies that were reflected in the webinar's content.

How will the activities be evaluated for the effectiveness of strategies and activities funded under Title IV, Part A. Include the indicators, or measures/data points used to determine future program planning?

Parents will be encouraged to give input about student mental health needs at parent-teacher conferences, site council meetings, and school site safety committee meetings. They will be encouraged to share their thoughts on the school's annual parent survey. Students in third through eighth grades will also participate in an annual survey. Administration will take the results of the surveys to the staff, and over a series of staff meetings, the teachers, office staff, paraprofessionals, and administrative team will look through the data to discover the strengths and weaknesses in our school culture and decide which activities to continue.

Additionally, students will participate in a series of SEL surveys through the KELVIN data system. The results from these surveys will help the mental health support team determine next steps in supporting individual students or class-wide needs.

Effective Use of Technology (ESSA Section 4109)

Identify any indicators, or measures/data points to examine needs for improvement of the Title IV, Part A priority content areas.

Two or three classroom sets of Chromebooks will be purchased yearly, depending on need.

Intervention Software and curriculum will be purchased to improve learning outcomes. Students will use the software with fidelity.

Interactive white boards and document cameras will be in every classroom so that students are able to better access a variety of curriculum.

What activities will be included within the support of effective use of technology? Note: No more than 15 percent on technology infrastructure (ESSA Section 4109[b])

Intervention Software and curriculum will be purchased to improve learning outcomes. Students will be trained in proper digital etiquette. They will use the software with fidelity.

How will the activities be evaluated for the effectiveness of strategies and activities funded under Title IV, Part A. Include the indicators, or measures/data points used to determine future program planning?

Using the same criteria as the school LCAP these activities will be evaluated for their effectiveness.

- Note: All planned activities must meet the authorized use of funds criteria located on the Title IV, Part A Authorized Use of Funds web page at <https://www.cde.ca.gov/sp/st/tivpaauthuseoffunds.asp>.
