

Below is the list of chosen numbers from today's UPK lottery draw. As stated earlier by Dr. Ferris, the number of sections that will be run next year has not been determined and will be contingent upon the budget passing. This is the order in which students will be selected **after** the district determines how many seats will be available. Once all seats have been filled, the remaining numbers will be placed on the wait list in the order they were selected..

Mrs. Makris from the Pupil Personnel Office will reach out in April to the families who have secured a spot.
