

USE OF CREDIT CARDS

The Bluffton-Harrison Metropolitan School District Board of School Trustees recognizes the value of an efficient method of payment and recordkeeping for certain expenses.

The Board, therefore, authorizes the use of Corporation and building-level extracurricular account credit cards.

The Superintendent shall develop administrative guidelines that specify those authorized to use credit cards, the types of expense which can be paid by credit card, and their proper supervision and use.

The administrative guidelines should also require that a log be kept which includes the names of the individuals using the cards, their position, estimated amounts to be charged and the date the card is issued and returned.

Credit cards are not to be used to bypass the accounting system of BHMSD. In addition, credit cards are not to be used for personal expenses not related to Corporation activities.

Procedures for payment of expenses charged to credit cards must be according to Board policy for the payment of claims.
