

VIRTUAL ACADEMY

VISUAL ARTS COURSES

VISUAL IMAGERY

This course is an integration of communication skills and artistic proficiencies using photography as a focus. Students learn color management, graphic design and/or selection of typography, texture, and layout design.

MULTIMEDIA CONTEMPORARY DESIGN

Digital illustration and graphic design are emphasized in this course as well as an introduction to simple animation in 2-D format and its application in current industries.

INTRO TO DESIGN-FASHION AND INTERIOR DESIGN

Students will gain an understanding of how design is applied to fashion and home interiors, and will explore historical architecture, furniture, fabrics, textiles, and finishes used in designing interior spaces.
