

Havre Public Schools Choir Grade 7

Course Information:

Grade Level: 7th Grade Choir

Length: Semester

Periods Per Day: 1 period, 54 minutes

Essential Understanding:

Students will learn about elements of music and vocal technique. The choir will sing a variety of 2-part and 3-part music and participate in one concert performance per nine weeks. Time will also be spent on applying note-reading skills and exploring creative musical ideas.

Theme Samples:

- Fundamentals – Note, rhythm, and musical symbol reading with vocal application
- Creating – Conceiving and developing new artistic ideas and work
- Performing – Realizing artistic ideas and work through interpretation and presentation
- Responding – Understanding and evaluating how the arts convey meaning
- Connecting – Relating artistic ideas and work with personal meaning and external context

Course Objectives and Expectations:

Proper vocal tone production is emphasized throughout the course (proper posture, breath support, open tone quality, diction and vowel production). Students will also develop and practice skills such as matching pitches, extending vocal range, singing intervals and melodic lines in tune; will be introduced to musical symbols, terms, and vocabulary; to sight-reading rhythms; will use standard notation to write music; will evaluate music and music performances; will understand relationships between music, the other arts, and disciplines outside the arts and understand music in relation to history and culture; will create or improvise music.

Student Objectives:

- Students can analyze rhythms by demonstrating correct counting, clapping, singing, or writing
- Students can demonstrate correct vocal production as instructed.
- Students can respond to the artistic nuances of the conductor.
- Students can compare whether a pitch is high or low according to where it is located on the staff and can apply this information to vocal production.
- Students will reflect on the recorded performance of the concert and evaluate the good and bad moments.
- Students can describe the emotions conveyed in a piece of music.
- Students can demonstrate innovation by performing a phrase of music in different ways.
- Students can create unique musical ideas through compositions.
- Students can interpret musical expression through creating choreography.
