

Family- Fun Food Truck Festival!

Saturday, May 10th

Calvert County Fairgrounds

About Calvert Destination Imagination (DI)

Destination Imagination fosters creativity and innovation in students from kindergarten through college. Our local students create, present, and compete in a variety of STEAM (Science, Technology, Engineering, Arts, and Mathematics) based projects. This year, more than 50 elementary, middle, and high school teams represented CCPS at the Regional and State competitions.

In May, our teams will compete at the Global competition in Kansas City.

Thank you for your support!
