

DONATIONS NEEDED TO HELP OUR GARDEN GROW!

Pollinator Garden
New Benches
New Fruit Trees

My name is Gavin Cruz and I will be sprucing up the Joe Michell garden area for my 8th Grade IB Community Project. My garden plan will help our 2nd graders with their pollinator unit. Our school garden plays an integral part in teaching us garden procedures and growing our own food.

I am accepting donations, big or small, via venmo (see QR code below or sent to @NDCruz). To make different donation arrangements or to ask questions about my project, please email gavkaimana@gmail.com.
