## IPM statement

It is the goal of Folsom Cordova USD to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to:

Focus on prevention. Enable/train operations employees to monitor and use minimally toxic products for pest control and sanitation. Any use of toxic pesticides, when needed to control pests, is handled by contracted/licensed pest control businesses. Spraying for weed control is handled by trained grounds staff with all required posting.

## IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Head Custodians	monitor and employ safe pest control practices/products
Grounds Crew	Apply herbicide and fertilizers

## Pest management contracting

- ✓ Pest management services are contracted to a licensed pest control business.  
Pest Control Business name(s): Clark Pest Control, Sac Valley Wildlife
- ✓ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

## Pest identification, monitoring and inspection

Pest Identification is done by: Clark Pest Control

(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by Custodial/food services/maintenance staff and results are communicated to the IPM Coordinator.

(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

Custodial staff checks subterranean boxes and drains for roaches on a rotating basis during spring through fall. Wasp traps deployed in early spring. Buildings and HVAC units are inspected for wasp nests throughout active season by custodial/maintenance staff. Glue traps are deployed in kitchen and any other areas where pest sightings are reported, to monitor type of pests and activity level. Portable buildings are checked monthly for signs of small mammal/rodent entry points around the foundations by custodial staff.

## Pests and non-chemical management practices

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
ants	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>		baits
cockroaches	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		baits
wasps			<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		
rats/mice	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>		baits
gophers						<input checked="" type="checkbox"/>		carbon monoxide gas
skunks	<input checked="" type="checkbox"/>					<input checked="" type="checkbox"/>		

## Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Herbicides applied by grounds staff: Monsanto: *Ranger Pro*, Nufarm Americas Inc: *Cheetah Pro*, Lesco Inc: *Lesco Pre-M Aquacap*, PBI Gordon: *SpeedZone*  
See Attached for Clark Pest Control products:

## Healthy Schools Act

- ✓ This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

## Training

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- ✓ Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- ✓ School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

## Submittal of pesticide use reports

- ✓ Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt<sup>1</sup> from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at [www.cdpr.ca.gov/schoolipm](http://www.cdpr.ca.gov/schoolipm). (Education Code Section 16711)

## Notification

This school district has made this IPM plan publicly available by the following methods (check at least one):

- ✓ This IPM plan can be found online at the following web address:  
<https://www.fcusd.org/departments/maintenance-operations/pest-management>
- ✓ This IPM plan is sent out to all parents, guardians and staff annually.

## Review

- ✓ This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

Date of next review: 9/3/2023

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Signature: \_\_\_\_\_

Date: 2/3/2023

<sup>1</sup> These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)

## **NOTIFICATION LETTERS FOR PARENTS:**

1. **Non exempt material letter**
2. **Healthy schools act introduction letter**
3. **Sample letter explaining annual written notification and individual application registry**
4. **Sample notice for specific pesticide application**
5. **Sample posting sign for pesticide application**

Dear Parent or Guardian,

The Healthy Schools Act of 2000 requires all California school districts to notify parents and guardians of pesticides they expect to apply during the year. Our goal, and the goal of our Pest Management Company, “Clark Pest Control”, is to utilize materials that are considered exempt by EPA as a pesticide. However, should a situation arise that these exempted materials are not enough to control a specific infestation the following pesticides may be used in your school this year.

**Product Name**

**Active Ingredient**

Advance 375A Select	Abamectin B1
Advance Granular Carpenter Ant Bait	Abamectin B1
Advion Ant Gel	Indoxacarb
Advion Cockroach Bait Arena	Indoxacarb
Advion Cockroach Gel Bait	Indoxacarb
Advion Insect Granular Bait	Indoxacarb
Advion WDG	Indoxacarb
Alpine Flea with IGR	Dinotefuran, Pyriproxyfen, Prallethrin
Alpine PI	Dinotefuran
Alpine WSG	Dinotefuran
Archer	Pyriproxyfen
Arilon	Indoxacarb
AzaSol	Azadirachtin
Bora-Care	Disodium Octaborate Tetrahydrate
Borid	Orthoboric Acid(boric acid)
Chase Granular Mole Gopher Repellent	Castor Oil USP, Sodium Lauryl Sulfate
CimeXa	Amorphous Silica Gel
Conserve SC	Spinosad
Contrac All Weather Blox	Bromadiolone
Crossfire	Clothianidin, Metofluthrin, PBO
Cy-Kick C & C Pressurized Residual	Cyfluthrin
CyKick CS	Cyfluthrin
Demand CS	Lambda-Cyhalothrin
Dimension Ultra 40 WP	Dithiopyr
Drione	Pyrethrins, Piperonyl Butoxide Technical, Amorphous Silica Gel
Esplanade EZ	Indaziflam, DiquatI Dibromide, Glyphosate, Isopropylamine Salt
Essentria IC3	Rosemary Oil, Geraniol, Peppermint Oil
Exciter	Pyrethrins, Piperonyl Butoxide
Fendona	alpha-Cypermethrin
Gallery 75 DF	Isoxaben
Gentrol IGR Concentrate	Hydroprene
Gentrol Point Source	Hydroprene
Heritage	Azoxystrobin
Impel Rods	Anhydrous Disodium Octaborate
Lifeline	Glufosinate-ammonium

Maxforce FC Select	Fipronil
Maxforce Granular Fly Bait	Imidacloprid
Maxforce Impact	Clothianidin
MaxForce Quantum	Imidacloprid
Merit 75 WSP	Imidacloprid
Niban Granular Bait	Orthoboric Acid
No Foam A	Nonylphenoxy polyethoxy ethanols, Isopropanol and Fatty acids
No Foam B	Octyl phenoxy polyethoxy ethanolsopropanol, Linear alkyl sulfonate, Buffering acids, Coconut amine, condensate, Silicone defoamer
Onslaught FastCap	Esfenvalerate, Prallethrin, PBO
Optimate	Gamma Cyhalothrin
OUST XP	Sulfometuron methyl
Permethrin SFR	Permethrin
Phantom SC	Chlorfenapyr
Premise 75	Imidacloprid
Premise Foam	Imidacloprid
Premise Pro	Imidacloprid
Sedgehammer	Halosulfuron-methyl
Sluggo	Iron Phosphate
Snapshot	Trifluraline, isoxaben & isomers
SpeedZone Southern	Carfentrazone-ethyl , 2,4-D, 2-ethylhexyl ester, MCPP , Dicamba
Suspend PolyZone	Deltamethrin
Suspend SC	Deltamethrin
Takedown	Bromethalin
Taurus SC	Fipronil
Tekko Pro	Novaluron, Pyriproxyfen
Tempo SC Ultra	Beta-Cyfluthrin
Terad3 Blox	Cholecalciferol
Termidor HE	Fipronil
Termidor SC	Fipronil
Terro Ant Liquid Bait Station	Sodium Tetraborate Decahydrate
Timbor	Disodium Octaborate Tetrahydrate
Wasp Freeze II	Pallethrin
WHY Trap	Heptyl Butyrate, 2-Methyl-1-butanol, Acetic Acid

You can find more information regarding these pesticides and pesticide use reduction at the Department of Pesticide Regulation's website at [www.cdpr.ca.gov](http://www.cdpr.ca.gov).

## **Information Sheet for Parents Regarding AB2260, The Healthy Schools Act of 2000**

In September 2000, Governor Davis signed into law the Healthy Schools Act of 2000 (Assembly Bill 2260). This law requires schools to notify parents, guardians and school employees about pesticides used in their schools, and requires the Department of Pesticide Regulation to promote the voluntary adoption of integrated pest management (IPM) practices in California schools. Most provisions of the law take effect January 1 2001. Each school district is to implement the following requirements of the law:

- Notification of all pesticide products the school district expects to use on school grounds must be sent annually to parents or guardians of all students. These products include over-the-counter pesticides available at retail outlets, but do not include certain products exempted under the law. The notifications must list the active ingredients in each pesticide product and the Internet address for the Department of Pesticide Regulation (DPR) to access additional information. Visit DPR's website at [www.cdpr.ca.gov](http://www.cdpr.ca.gov) and click on School IPM Program.
- Each school will establish a list of parents or guardians who want to be notified before individual pesticide applications are made.
- Each school district will ensure that warning notices are posted in areas where pesticides will be applied. These signs will be posted 24 hours in advance and 72 hours after application of pesticides, and will contain information as specified in the law.
- Each school will maintain records of all pesticide use at the school for four years and the records will be available to the public upon request.

For more information, contact your local school district.

The Department of Pesticide Regulation's school IPM program aims to promote and facilitate the voluntary adoption of IPM programs.

- DPR has developed a model IPM program guidebook that reflects conditions in California.
- DPR has established and maintains an Internet website that functions as an comprehensive directory of IPM resources.
- DPR assists school districts to establish IPM policies and programs.
- DPR has established an IPM training programs for individuals designated by the districts to be in charge of pest management.

For more information, go to [www.cdpr.ca.gov](http://www.cdpr.ca.gov) and click on School IPM Program,  
or email DPR at: [school\\_ipm@empm.cdpr.ca.gov](mailto:school_ipm@empm.cdpr.ca.gov)

Dear Parent or Guardian,

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. However, our goal and the goal of our pest management professionals at Clark Pest Control is to utilize materials that are considered exempt by EPA as pesticides. Of course, if a situation should arise that these exempted materials are not enough to control a specific infestation then use of registered pesticides may be necessary. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (www.cdpr.ca.gov) for further information on pesticides and their alternatives. We will send out annual notifications starting 8/8/2022.  
(DATE)

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning 8/9/2022, people listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below and mail it to:

Jim Bonovich jbonovic@fcusd.org  
1965 Birkmont Drive, Rancho Cordova, CA 95742

If you have any questions, please contact Jim Bonovich at 916 294-9095

**REQUEST FOR INDIVIDUAL PESTICIDE APPLICATION NOTIFICATION**

Name of School: \_\_\_\_\_

I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this school. . . . .

I would prefer to be contacted by (circle one):      US Mail      E-mail      Phone

**Please print neatly:**

Name of Parent/Guardian: \_\_\_\_\_ Date: \_\_\_\_\_

Address: \_\_\_\_\_

Day Phone: (    ) \_\_\_\_\_ Evening Phone: (    ) \_\_\_\_\_

E-mail: \_\_\_\_\_

Return to: \_\_\_\_\_  
(SCHOOL OFFICIAL)

\_\_\_\_\_  
(SCHOOL ADDRESS)

Dear Parent or Guardian,

At your request, we are writing to notify you about a specific pesticide application(s) at your school. Please see below for detailed information. If you would like to see the Material Safety Data Sheet for this chemical, it is available at \_\_\_\_\_.  
(SCHOOL LOCATION)

If you have any questions, please contact \_\_\_\_\_ at \_\_\_\_\_.  
(SCHOOL DISTRICT REPRESENTATIVE) (PHONE)

Sincerely, \_\_\_\_\_

### Notice of Pesticide Application

Date Form Completed: \_\_\_\_\_

School Name: \_\_\_\_\_

Location of Planned Pesticide Application: \_\_\_\_\_

Building Name/Number: \_\_\_\_\_

Playground or Grounds Section: \_\_\_\_\_

Name of Pesticide To Be Applied: \_\_\_\_\_

Active Ingredient(s): \_\_\_\_\_

Planned Date/Time of Pesticide Application: \_\_\_\_\_

For more information regarding these pesticides and pesticide use reduction, visit the Department of Pesticide Regulation's website at [www.cdpr.ca.gov/](http://www.cdpr.ca.gov/) and click School IPM Program.

# WARNING/PESTICIDE TREATED AREA

An application of a pesticide is deemed necessary to get control of pests that are invading this area:

\_\_\_\_\_.

This notice is  a 24-hour (State Req'd.)  a 72-hour (Not on preapproved list)  
 an EMERGENCY Posting

Product Name: \_\_\_\_\_ Mfg. Name: \_\_\_\_\_

Active Ingredient: \_\_\_\_\_ USEPA Reg. No.: \_\_\_\_\_

Target Pest: \_\_\_\_\_ Date of Application: \_\_\_\_\_

Reason for Application: \_\_\_\_\_

Date Sign May Be Removed \_\_\_\_\_ (No less than 72 hours from application)

**Signal Word:**     **Danger**                       **Warning**                       **Caution**

Should you have questions regarding this notification or require additional information, it can be provided.

Please contact \_\_\_\_\_

This information as well as other IPM related records are maintained in the Main Office of the School site. You may review this information by contacting the site administrator or their designee.
