

# Future Pathways Facilitator

## Overview of the Role

The Future Pathways Facilitator plays a vital role in fostering academic and career growth within the Baldwin High School community. In this role, I am responsible for coordinating innovative learning experiences and empowering students to explore their academic & career pathways confidently, helping them unlock future opportunities. A main focus includes developing programs that connect students to essential resources, collaborate with community partners, and provide students with the tools and information they need to be successful after graduation. This unique position promotes collaborative learning opportunities, continuous growth, and interdisciplinary learning. It helps prepare students for life after high school, while still emphasizing creativity, community, and curiosity.

## Program Highlights

### **Career Speaker Series:**

These are unique opportunities to learn about careers/organizations, including UPMC, Dollar Bank, PennDOT, unions, & many more.

### **College/Military Reps:**

These visits provide a unique opportunity for students to explore a wide range of educational & career opportunities.

### **Catalyst Connection:**

This is an independent program available to students grades 9-12, providing the opportunity to earn industry-recognized certifications.

### **PartnerUp Pittsburgh:**

Sponsored by PNC, this program engages a cohort of career-bound HS seniors & helps prepare for the job market post-graduation.

## Physical Library Collection

In addition to College and Career readiness programming, I am responsible for maintaining the high school's physical and digital collections. This includes collaborating with teachers on research projects, independent novel studies, and ensuring the collection remains relevant.

## Collaboration + Change

My role coordinates with many different departments, including the School Counselors. This role is one of constant change, adapting to the interests and needs of our school community. Through my collaboration with district administrators, high school faculty & community partners, we are working to provide our students with even more opportunities (including personalized learning opportunities & internships)!
