

# Building Bridges

## Partnerships for Student Success

Families are invited to get the tools and resources they need to support their children's academic journey. There will also be an opportunity to provide feedback to help shape future events.

### Parent Learning Sessions

Attend three 20-minute learning sessions on topics ranging from tips for math and reading to bullying prevention.

- Strategies to improve fluency
- Tips for reading foundation skills
- Supporting students in math
- Preventing the "Summer Slide"
- What is Highly Capable?
- FAQ: Neuro-divergent learners
- Bullying prevention
- Anxious Generation: Impact of smartphones
- 5th grade puberty and HIV video preview
- Roles of our school staff
- Nutrition and physical activity
- School safety

### District & Community Resource Tables

Meet with local organizations that offer resources for your family, including Pierce County Library, food banks, and more.
