

How to View Your Destiny Account Online for Textbooks, Chromebooks, and Library Books 2024-2025

1. Go to the OHS Classlink Launchpad: https://myapps.classlink.com/ 2. Login using your student ID and password (do not need to add "@oside.us")	
3. Click on the Destiny app.	
4. In Destiny, in the upper-right, you should see "Hi, (your name)"	
5. upper toolbar, click on "My Stuff"	
6. Checkouts: - Any library book, textbook, or OLD Chromebook that is checked out to you or overdue, will show in "Checkouts." - New Chromebooks (2024-2025) are checked out through a program called Incident IQ - you will not see them here.	
7. For Library books, the due date of the book will display in RED if the book is overdue.	
8. Fines - If you have had a Library book for over 8 weeks without renewing, the book will now be marked lost. You will see the book listed under the FINES tab. - If you have textbooks from previous school years that were never returned, those are now in Fines.	

• If you have technology, chargers, etc. that was not renewed or returned, those are in fines. • If you owe a fine on a Chromebook from prior to this school year, you will see that here. • If you owe materials to another site (elementary, middle school), it will show here.	
Note: • All of your fines are now in the online payment system MySchoolBucks. www.myschoolbucks.com • If you return an item, the fine is immediately removed from both Destiny and MySchoolBucks. • NEW Chromebook fines from the 2024-2025 school year are all in MySchoolBucks and you will get an email from Incident IQ.	
Remember, for lost or overdue items, there are no fines charged as long as you return the items. Fines are only due for non-returned items and Chromebook fines. Chromebook fees will need to be taken care of, if the cost protection plan /insurance was not purchased at the beginning of the school year. Chromebook chargers need to be returned.
