Robotics Summer Day Camp

Sponsored by the award winning DCHS Tribe Tech Robotics Team

TRIBE TECH 4485

The robotics camp will give participants a basic introductory into the design, construction, and programming of a robot of their own design. Students are guided through the design process and programming to create their own robot then must troubleshoot and optimize their design to compete.

Students meet for 3 hours for 5 days to build and program a robot to compete in a pre-determined game. Parents are invited to watch the students and what they achieved on the final day of the camp

Camp dates June 16th-20th, 2025

Registration Fee is $125.
A T-shirt is provided for those who sign up by May 1st.

Registration Deadline:
May 31st, 2024

Sign up on Google Forms:
