

2025 Campus Climate Survey Summary

The 2025 Campus Climate survey was administered February 2025. Sylvia Pinto, Title IX Coordinator, sent email invitations in February 2025 to all current students to take the anonymous Campus Climate Survey. The Survey had a response rate of 5%.

Demographics of Respondents

Year: 10% Freshman, 18% Sophomores, 23% Juniors, 38% Seniors, 11% Other/Not Specified.

Gender: 52% Female, 38% Male, 10% Not Specified. No students selected Gender Non-Conforming, Gender Queer, Transgender or Not Listed.

Sexual Orientation: 65% Heterosexual, 19% Bisexual, 2% Gay, 4% Lesbian, 4% Asexual, 2% Queer, 6% Do not wish to respond.

Race/Ethnicity: 38% Hispanic, 3% Asian, 11% Black, 8% Two or more races, 25% White, 15% Unknown.

53% of respondents indicated they live on campus, and 47% indicated they live off campus.

Part I - Campus Culture

90% of students surveyed felt that Fisher faculty and staff were committed to creating campus culture where sexual and gender-based misconduct and interpersonal violence is not acceptable.

85% felt that their fellow students demonstrated such a commitment, and 98% felt that they themselves demonstrated such a commitment.

92% believed the College would take steps to protect the safety of a person making a report of sexual and gender-based misconduct and interpersonal violence.

90% believed the College would take corrective action to address factors that may have led to the sexual and gender-based misconduct and interpersonal violence.

91% of students indicated that they felt that Fisher is a safe campus.

Part II - Resources

83% of students indicated that they know how to find campus/community resources.

79% indicated they knew where to access confidential/private support after experiencing sexual/gender-based misconduct

79% indicated they knew where to access the policy and procedures.

76% indicated they knew how to make a report.

Part III - Preventing Violence

There were five questions in this section about preventing violence. The percentages below represent the amount of respondents who answered "Once," "Twice," or "Three or more times." Students were asked how often during the current academic year they had experienced the following:

34% - Been in a situation in which they were concerned someone was physically or emotionally harming their partner.

31% - Became aware of a situation in which someone was experiencing threats or persistent unwanted attention from another person.

25% - Overheard someone bragging or making excuses for forcing or coercing someone to have sex.

24% - Been in a situation in which they thought someone might be using alcohol or drugs to coerce another person into having sex.

22% - Been in a situation in which they were concerned that someone was at risk of being forced, coerced, or threatened to engage in non-consensual sex.

Part IV - Personal Experiences of Sexual and Gender-Based Misconduct and Interpersonal Violence

In this section respondents were asked seven questions about their personal experience regarding sexual and gender-based misconduct and interpersonal violence. The percentages are the sum of respondents who answered "Once," "Twice," or "Three or more times." In this section respondents were asked seven questions about how often they had experienced the following during their time of enrollment, not just in the current academic year.

21% - Non-consensual sexual contact

18% - Emotional/psychological/verbal abuse

16% - Stalking

16% - Violence by romantic/intimate partner

14% - Sexual contact when unable to provide consent or stop what was happening (passed out, drugged, asleep or otherwise unable to react normally.)

13% - Retaliation as a result of being part of an investigation

11% - Non-consensual penetration
