April 7, 2025 | 6:00pm  
Mount Pleasant High School  
5201 Washington Street Extension  
Wilmington, DE 19809

- Learn about the high-potency marijuana products used by today's youth
- Understand how adolescent marijuana use can lead to mental illness and psychosis
- Understand the connection between marijuana and suicide in youth

For 30 years, Laura Stack was best known in the business world as "The Productivity Pro." Her career as a keynote speaker, bestselling author of eight books, and corporate spokesperson came to a screeching halt after her son's death. Her platform now brings prevention education to drug prevention conferences, community groups, and schools to stop youth marijuana use. Johnny's story has been told in People Magazine, the New York Times, the Wall Street Journal, PBS, and Dr. Phil. Laura is a powerful speaker who brings Johnny's personal warning and solid research together in her book, *The Dangerous Truth About Today's Marijuana: Johnny Stack's Life and Death Story*. Described as a force of nature with unstoppable drive and unwavering purpose, Laura is determined to get teens to #StopDabbing.
