

SPARTANS

THE SPARTAN STANDARD

BUILDING A FOUNDATION FOR STUDENT SUCCESS

ATHLETICS

The Spartans continued their tradition of excellence in the 2024 season, competing at the highest levels across multiple sports. A standout player, Ryan Williams, made significant contributions before graduating early to join the University of Alabama's football program. Saraland also made history as the only high school in Alabama to produce the state's Mr. Football winner three years in a row. Beyond football, Spartan athletes advanced in basketball, baseball, softball, volleyball, track, and wrestling, further cementing Saraland's reputation for extending regular season play.

THE ARTS

In 2024, Saraland's arts programs earned top honors across multiple disciplines. The instrumental and choral music programs received numerous Superior ratings and Best in Class awards, while multiple students were selected for All-State. The Spartan Sound Marching Band, indoor percussion ensemble, and winter guard ranked among the top groups in the Southeast and nation. With visual arts and choral music offered K-12, along with expanding piano and dance programs at both the middle and high school levels, students had even more opportunities to develop their talents. To cap off the year, the elementary show choir and high school band performed at Disney, while the middle school took the stage in Atlanta, continuing Saraland's tradition of artistic excellence. Up next, Nashville!

ACADEMICS

Saraland's commitment to preparing college- and career-ready students is reflected in high-quality instruction delivered in state-of-the-art facilities. The community's investment in education continues to yield strong results, consistently evidenced by the Spartans' state test scores.
