

What HUSD has done in 19/20

Mission HUSD strives to provide our students, staff and community with a safe and healthy environment in and outside of our schools. Our mission is to create future healthier generations through good nutrition. HUSD believes that exposing young children to healthy whole and nutrient dense foods with a fruit & vegetable emphasis will encourage them to adopt healthy eating habits early in life. This foundation will make it more likely that they carry these good habits into adulthood.

Goals:

- *Improve our School Environment
- *Educate on Nutrition & Education
- *Demonstrate Physical Education
- *Inform our Community, Students, & Staff
