from gamers to **GAME CHANGERS**

Kids learn to code by creating their own video games. Cultivate programming competencies, develop problem solving skills, collaborate with others and strengthen critical thinking in our CREATE (8- to 14-year-olds) and JR (5- to 7-year-olds) programs.

**KIDS
AND TEENS**

**YOUNG
EXPLORERS**

no school, ALL COOL

Ignite curiosity and creativity! Our day camps offer unforgettable adventures in immersive worlds, exciting robotic challenges and hands-on STEM experiences. Perfect for kids aged 5 to 14, these camps are designed for learning, innovation and endless fun!

**Themed week-long camps,
with full and half-day options,
over entire 2025 summer.**
