# A message from THE SUPERINTENDENT

As we embark on the 2024-2025 school year, I am excited about what lies ahead for Copley-Fairlawn City Schools.

Our district is built on a foundation of excellence, and it is my honor to continue this tradition as your superintendent.

We are committed to providing each student with high-quality educational opportunities that challenge and inspire them. By integrating innovative teaching practices and a robust curriculum, we aim to equip our students with the skills and knowledge they need to succeed in an ever-evolving world.

Our dedicated teaching staff is at the heart of our success. Their unwavering commitment to educational excellence ensures that each classroom is a place of learning and growth. Alongside them, our diligent support staff works tirelessly to maintain a safe and welcoming environment, from our clean and well-maintained facilities to the meals provided in our cafeterias.

This year, we will place a strong emphasis on community partnerships. We believe that a collaborative approach involving families, staff, students, and community members is essential for the development of our students. I encourage you to stay engaged with your child's education by maintaining open lines of communication with their teachers and participating in school events and activities. Together, we will create a nurturing environment that supports every student's academic and personal growth.

Financial responsibility remains a priority as we navigate the school year. We are committed to managing our resources efficiently to ensure that every dollar is spent in the best interest of our students and community. Transparency and accountability will guide our actions as we work to provide the best educational experience for all students.

We are excited about the many opportunities and initiatives planned for this year. From academic programs to extracurricular activities, we are dedicated to offering our students a well-rounded education that inspires them to reach their full potential in academics, fine arts, and athletics.

As we move forward, let us remember that our collective efforts and shared vision are what make our district strong. With your support and collaboration, I am confident that we will achieve great things this year. Together, we will continue to guide our youth, plan for the future, and foster a love of learning that lasts a lifetime.

Thank you for your trust and partnership. Here is to a successful and enriching school year ahead!

## FOR YOUR INFORMATION

# Annual District Notices

### Notification of Rights Under FERPA for Elementary and Secondary Institutions

The Family Educational Rights and Privacy Act ( FERPA ) affords parents and students over 18 years of age ( " eligible students " ) certain rights with respect to the student's education records.

They are:

- The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal ( or appropriate school official ) a written request that identifies the record ( s ) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
- One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member ( including health or medical staff and law enforcement unit personnel ); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task ( such as an attorney, auditor, medical consultant, or therapist ); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
  - » A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
  - » Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
  - » The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.
  - » The name and address of the office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. , SW, Washington, DC 20202-4605.

#### NOTICE OF PARENTAL RIGHTS UNDER SECTION 504:

Section 504 of the Rehabilitation Act is a nondiscrimination statute barring discrimination on the basis of one's disability. It is the policy of the school district not to discriminate on the basis of disability in its educational programs, activities or employment policies as required by the Act. The Act requires the school district to locate, evaluate and determine if the student is a qualified individual requiring accommodation necessary to provide access to educational programs. Parents are entitled to have the opportunity to review relevant educational records under the Family Education Rights and Privacy Act ( FERPA ). Parents or guardians disagreeing with the decisions reached by school personnel for accommodations necessary for access to educational programming and/or facilities may request a hearing before an impartial hearing officer by notifying the school principal.

#### CHILD FIND:

Local educational agencies are required under Federal Regulation 34 CFR 300.220 to initiate an awareness campaign to locate, identify and evaluate children with disabilities who may need special educational or related services. This campaign is known as " Child Find. " Parents, relatives, public and private agencies and concerned citizens can help school districts find any child, age birth through 21 years, who may have a disability and need special education or related services. If you are aware of a Copley - Fairlawn child who may have special needs and is currently not being served, call Pupil Services at 330-664-4855.

#### IDEA - B:

An application is on file at the Board of Education Office and is available for examination and recommendations by District residents. Questions or suggestions should be directed to the Coordinator of Special Education, 3797 Ridgewood Road, Copley, Ohio 44321, call: 330-664-4855.
