Concerning: Being at Bus Stop on Time

Dear Parents,

It has come to my attention that students are not at the bus stop on time in the mornings and it is delaying the bus because it is having to wait for students. Please make sure your student is at the bus stop 10 minutes prior to pick up time (2024-2025 Student Code of Conduct book, page 72 – Meeting and entering the bus before school). This does not mean waiting at the house for the bus to stop and then walking out or waiting in the car until the bus stops and then getting out. It means being at the end of the driveway or at the designated cross street and being ready to get on the bus when it pulls up. Thank you for your help and understanding with this issue.

Please keep in mind that the route times may to some extent vary due to traffic, weather and or other transportation circumstances.

If I can be of further assistance, please feel free to give me a call at 910-324-1034.

Thank you in advance for your patience and cooperation with these changes.
