2025 BOND VOTE BY MAY 6

NORTH OAKVIEW ELEMENTARY

Our WHY

Adding a **dedicated** cafeteria to North Oakview Elementary will greatly improve the school's functionality. Currently, sharing the gym for both meals and physical activities creates scheduling conflicts and limits the use of both spaces. A separate cafeteria will provide a **comfortable** space for students to eat and **socialize** while freeing up the gym for uninterrupted physical education and activities.

This change will enhance daily operations, allow for more **flexible** scheduling, and create better **opportunities** for students to learn, play, and grow in a well-equipped environment.

- DISTRICTWIDE IMPROVEMENTS:**
- HVAC IMPROVEMENTS INCLUDING AIR CONDITIONS, PLUMBING AND LIGHTING
 - SITE CIRCULATION AND PARKING IMPROVEMENTS
 - ACCESSIBILITY UPGRADES

2025 BOND VOTE BY MAY 6

EAST OAKVIEW ELEMENTARY

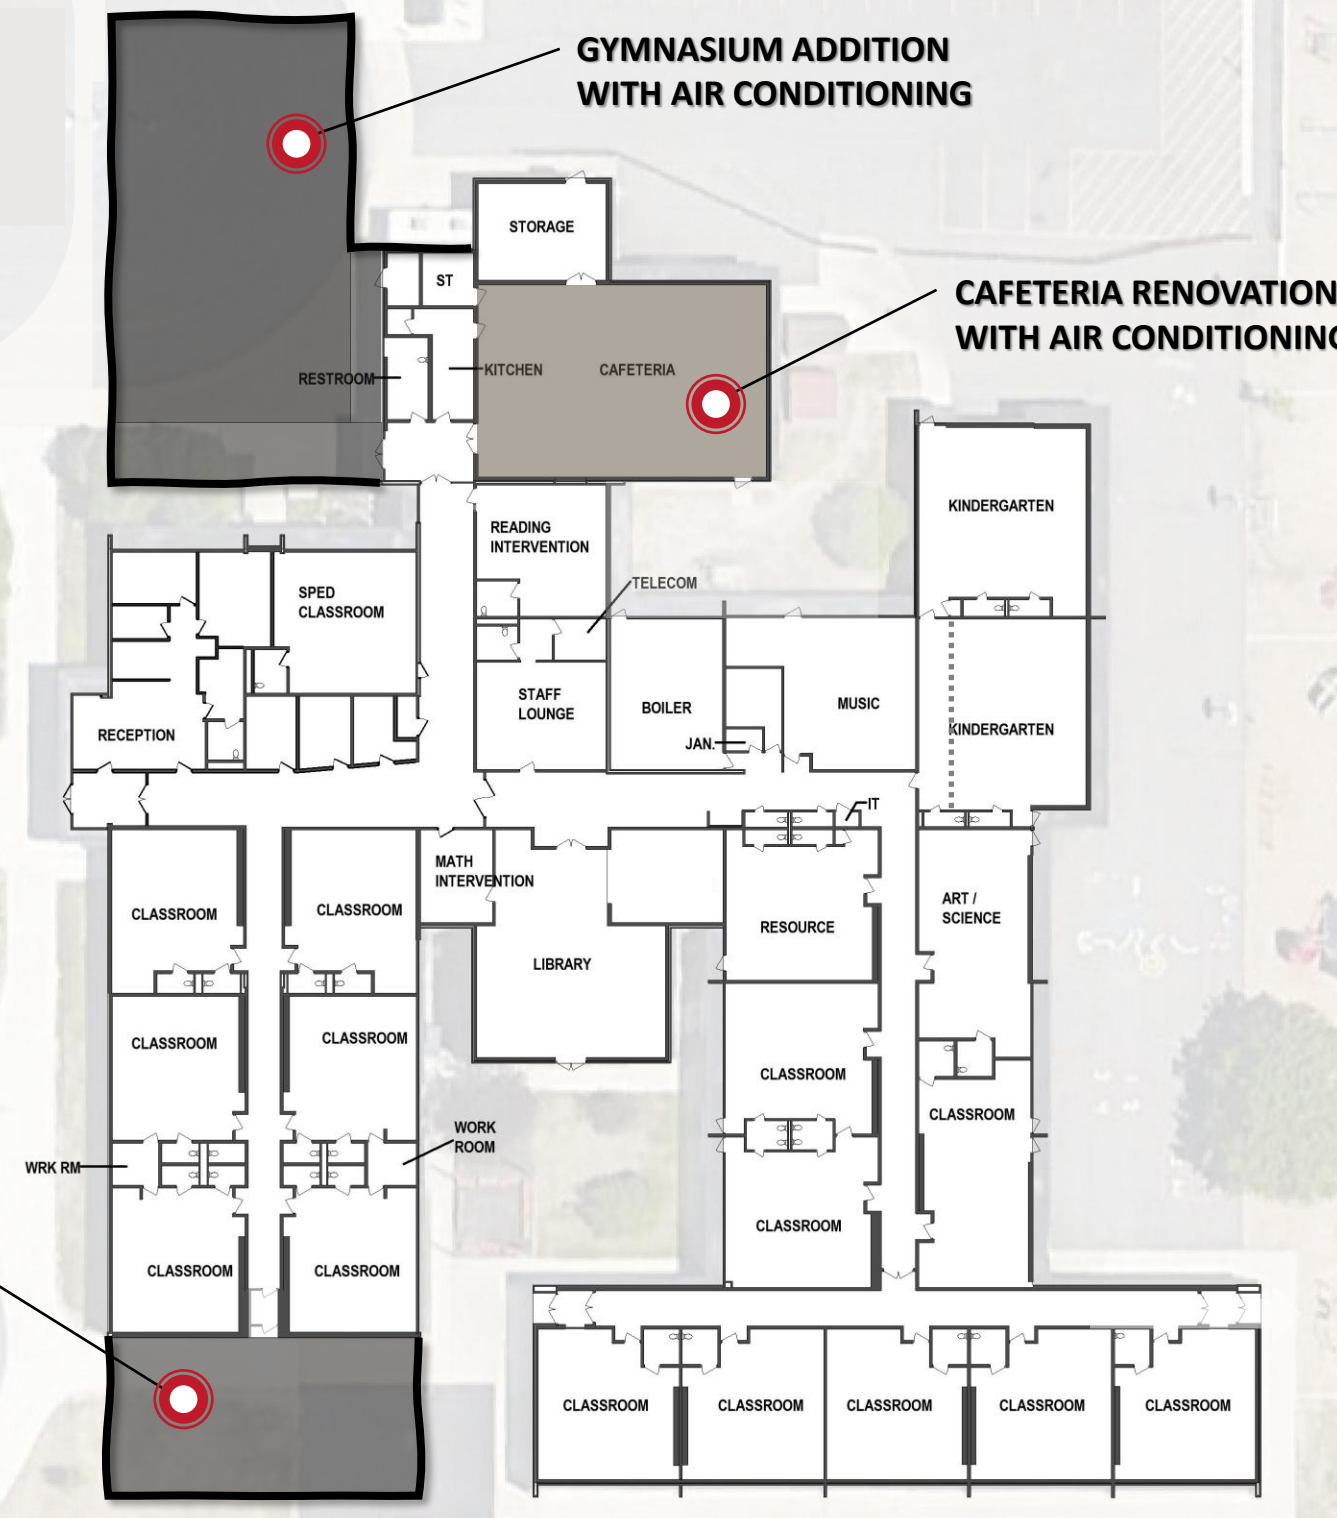

Our WHY

Adding a **dedicated** gymnasium to East Oakview Elementary will improve the school's functionality by separating physical education from cafeteria activities. The renovated cafeteria will also be designed to support meals and **21st-century learning** for young students, creating flexible, inclusive, and resource-efficient spaces that enhance teaching and learning.

Building a new classroom addition will allow the Field School to move out of aging portable structures into a modern, **safe**, and well-equipped space. These updates will provide students and staff with better **environments** to learn, grow, and succeed.

DISTRICTWIDE IMPROVEMENTS:

- HVAC IMPROVEMENTS INCLUDING AIR CONDITIONS, PLUMBING AND LIGHTING
- SITE CIRCULATION AND PARKING IMPROVEMENTS
- ACCESSIBILITY UPGRADES
- TECHNOLOGY

2025 BOND VOTE BY MAY 6

HIGHLANDS MIDDLE SCHOOL

Our WHY

Renovating unused gym locker rooms into new choir and band rooms at Highlands Middle School will provide dedicated spaces for **growing** music programs. Adding air conditioning to the gym will improve **comfort** for students, staff, and the community during classes, events, and activities.

Improving site and traffic flow will create a **safer**, more **efficient** process for families. These updates will enhance learning, safety, and daily operations for everyone at the school.

CROSSROADS MIDDLE SCHOOL

NEW NATURAL GRASS
PRACTICE FIELD

ADD AIR CONDITIONING TO GYM

ENTRY ADDITION
WITH PUBLIC LOBBY, LOCKER /
TEAM ROOMS, AND RESTROOMS

CONVERT UNDERUTILIZED
SPACE TO INNOVATION LAB

Our WHY

Proposed upgrades at Crossroads Middle School will enhance student and staff experiences. A new athletic entry with a public lobby, locker/team rooms, and restrooms will create a more **functional** and **welcoming** space for events. Adding a dedicated natural grass practice field will give athletes a high-quality area for practice and games.

Converting unused shop space into an **innovation** lab will provide students with a modern, hands-on learning environment. Renovating the staff lounge will offer teachers a comfortable space to **recharge** and collaborate. These updates support both student success and staff **well-being** while making better use of existing spaces.

2025 BOND VOTE BY MAY 6

NORTHVIEW HIGH SCHOOL

Our WHY

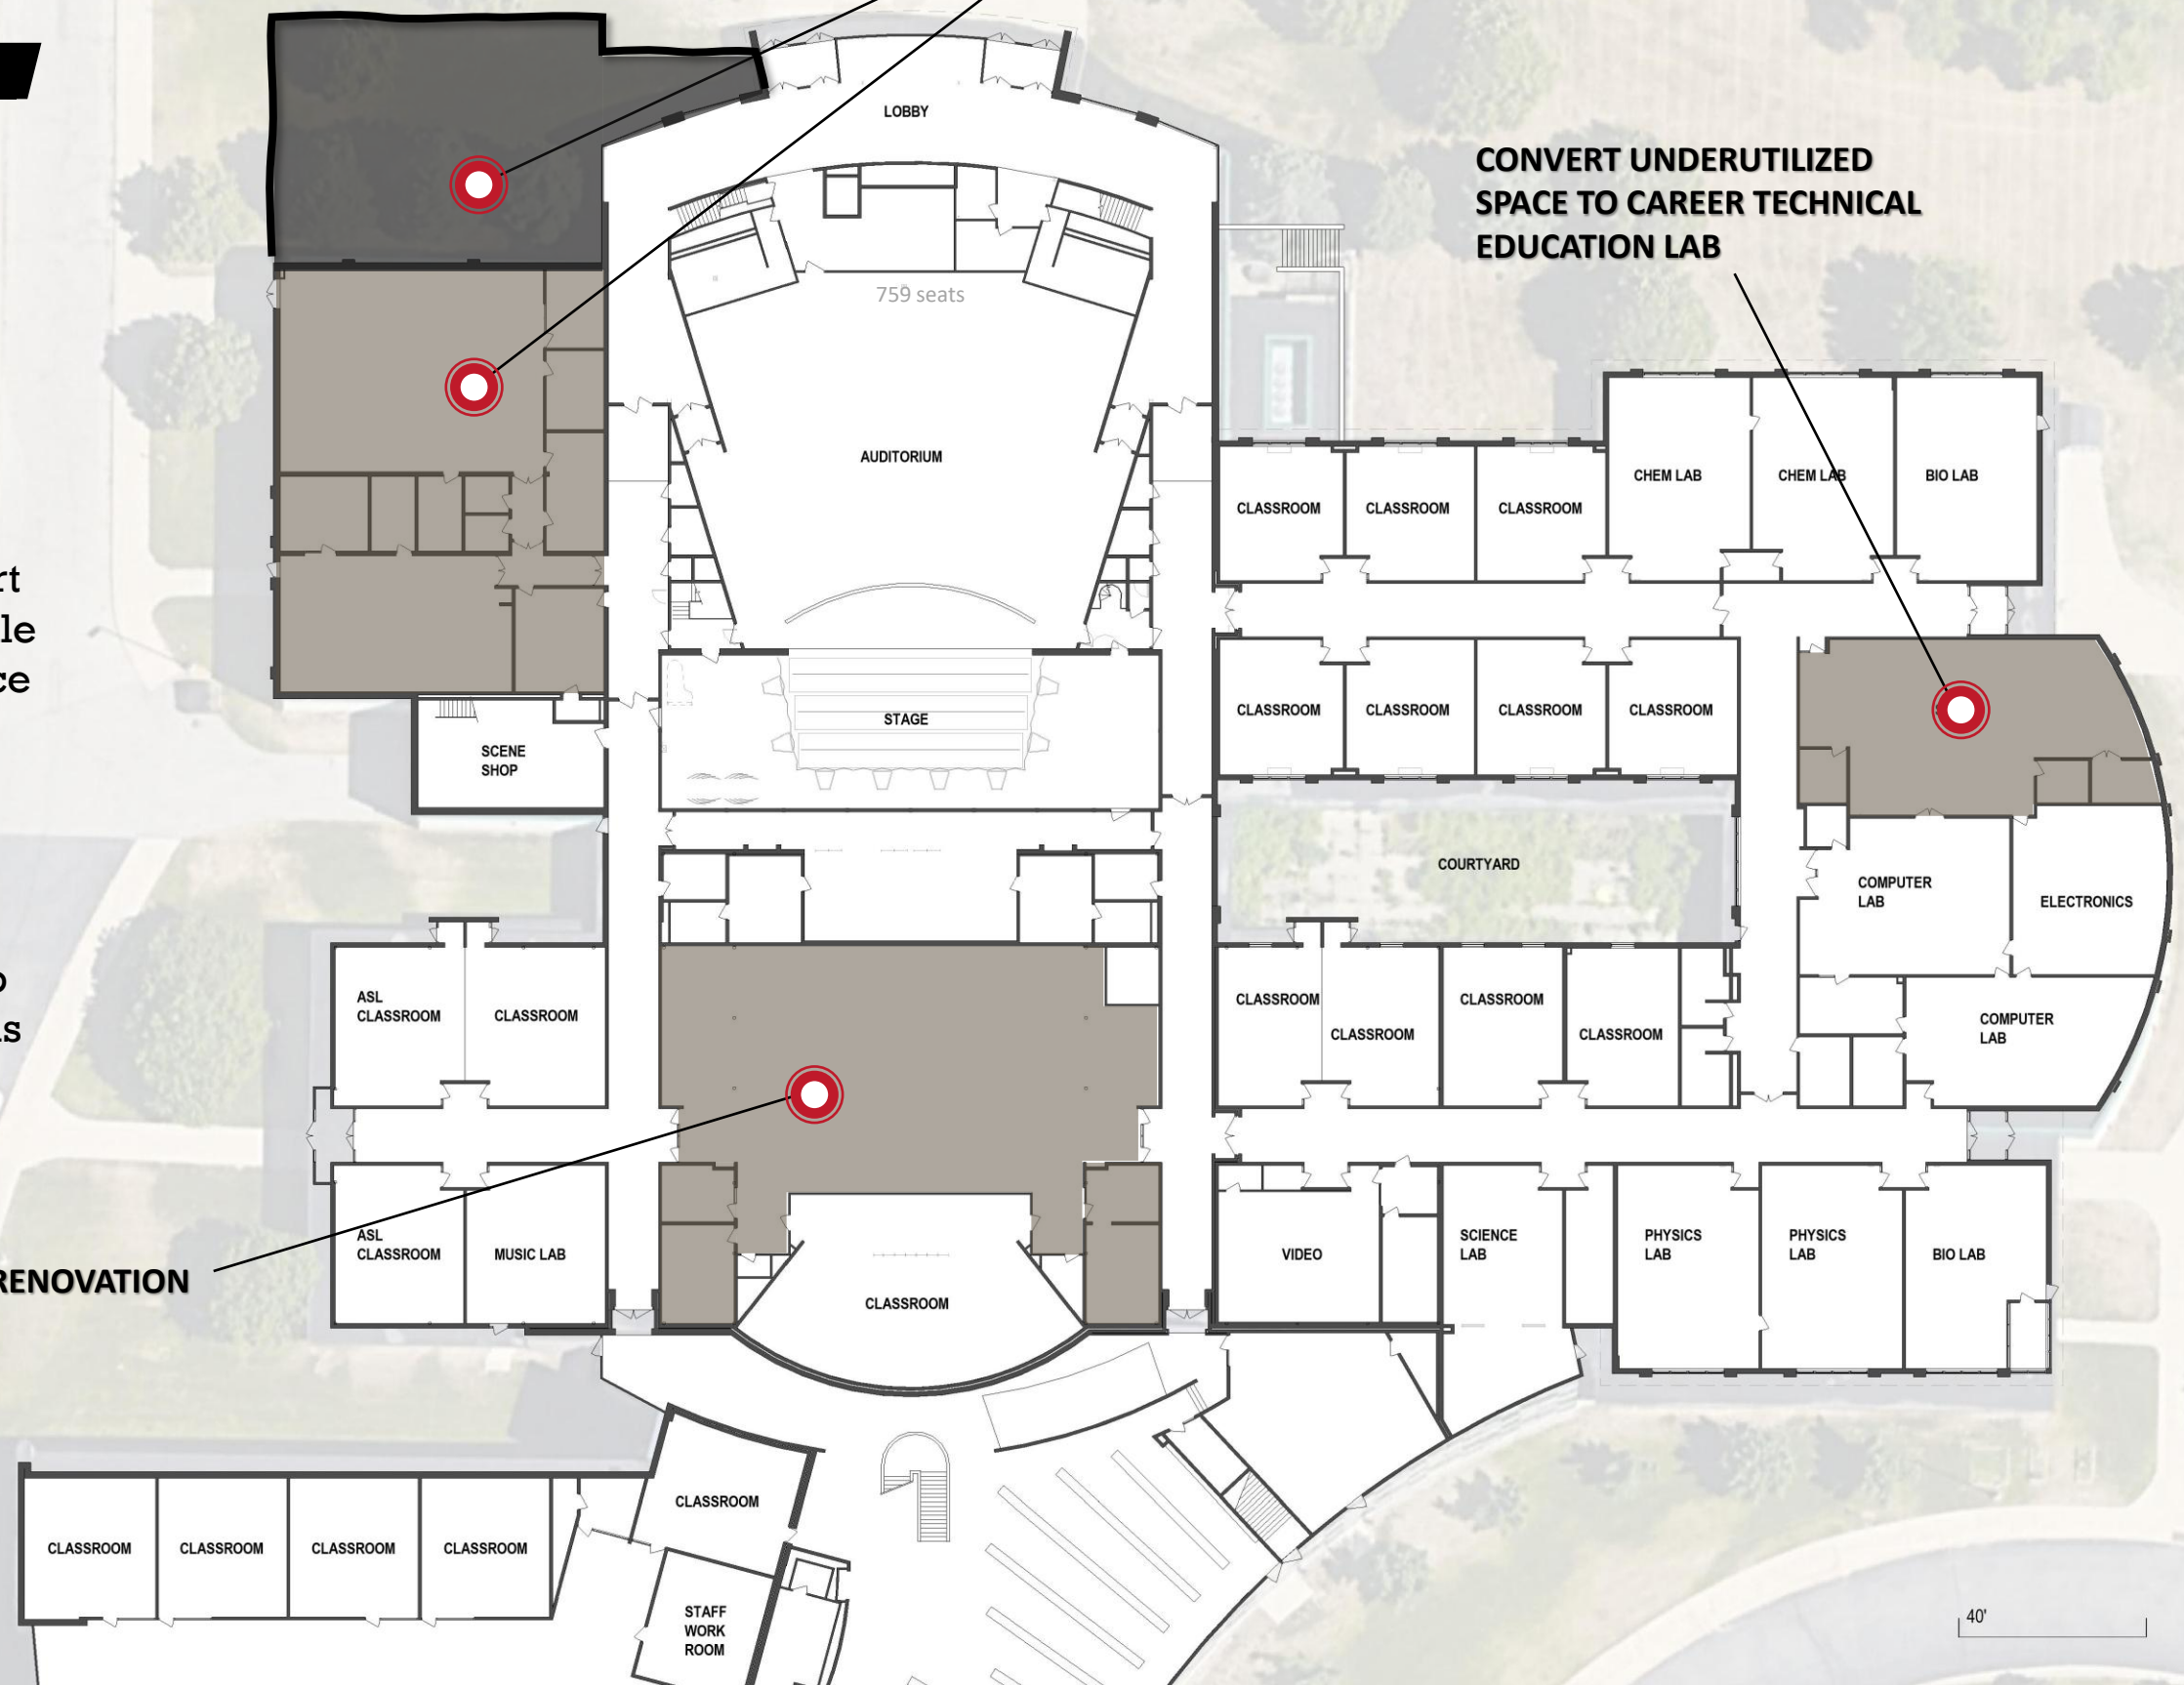

Renovating and expanding the north zone of Northview High School will support **growing** programs and better serve students and the community. A Performing Arts Center addition will provide space for gatherings and an art gallery to **showcase** student work, while updated band and choir rooms, practice spaces, and storage will support **thriving** programs.

A modernized Media Center will offer **flexible** spaces for study and collaboration, and a renovated CTE lab will equip students with **practical** skills and tools for **future** careers. These improvements will enhance learning, foster creativity, and prepare students for success.

REPLACE
LIGHTING

Our Students. Our Community. Our Future.

Our WHY

The proposed upgrades in the south zone at Northview High School will enhance its athletic facilities for students, athletes, and the **community**.

A new locker room with additional storage and support spaces will provide modern amenities to meet the needs of **growing** programs. Adding air conditioning to the gym will ensure **comfort** during classes, events, and activities year-round.

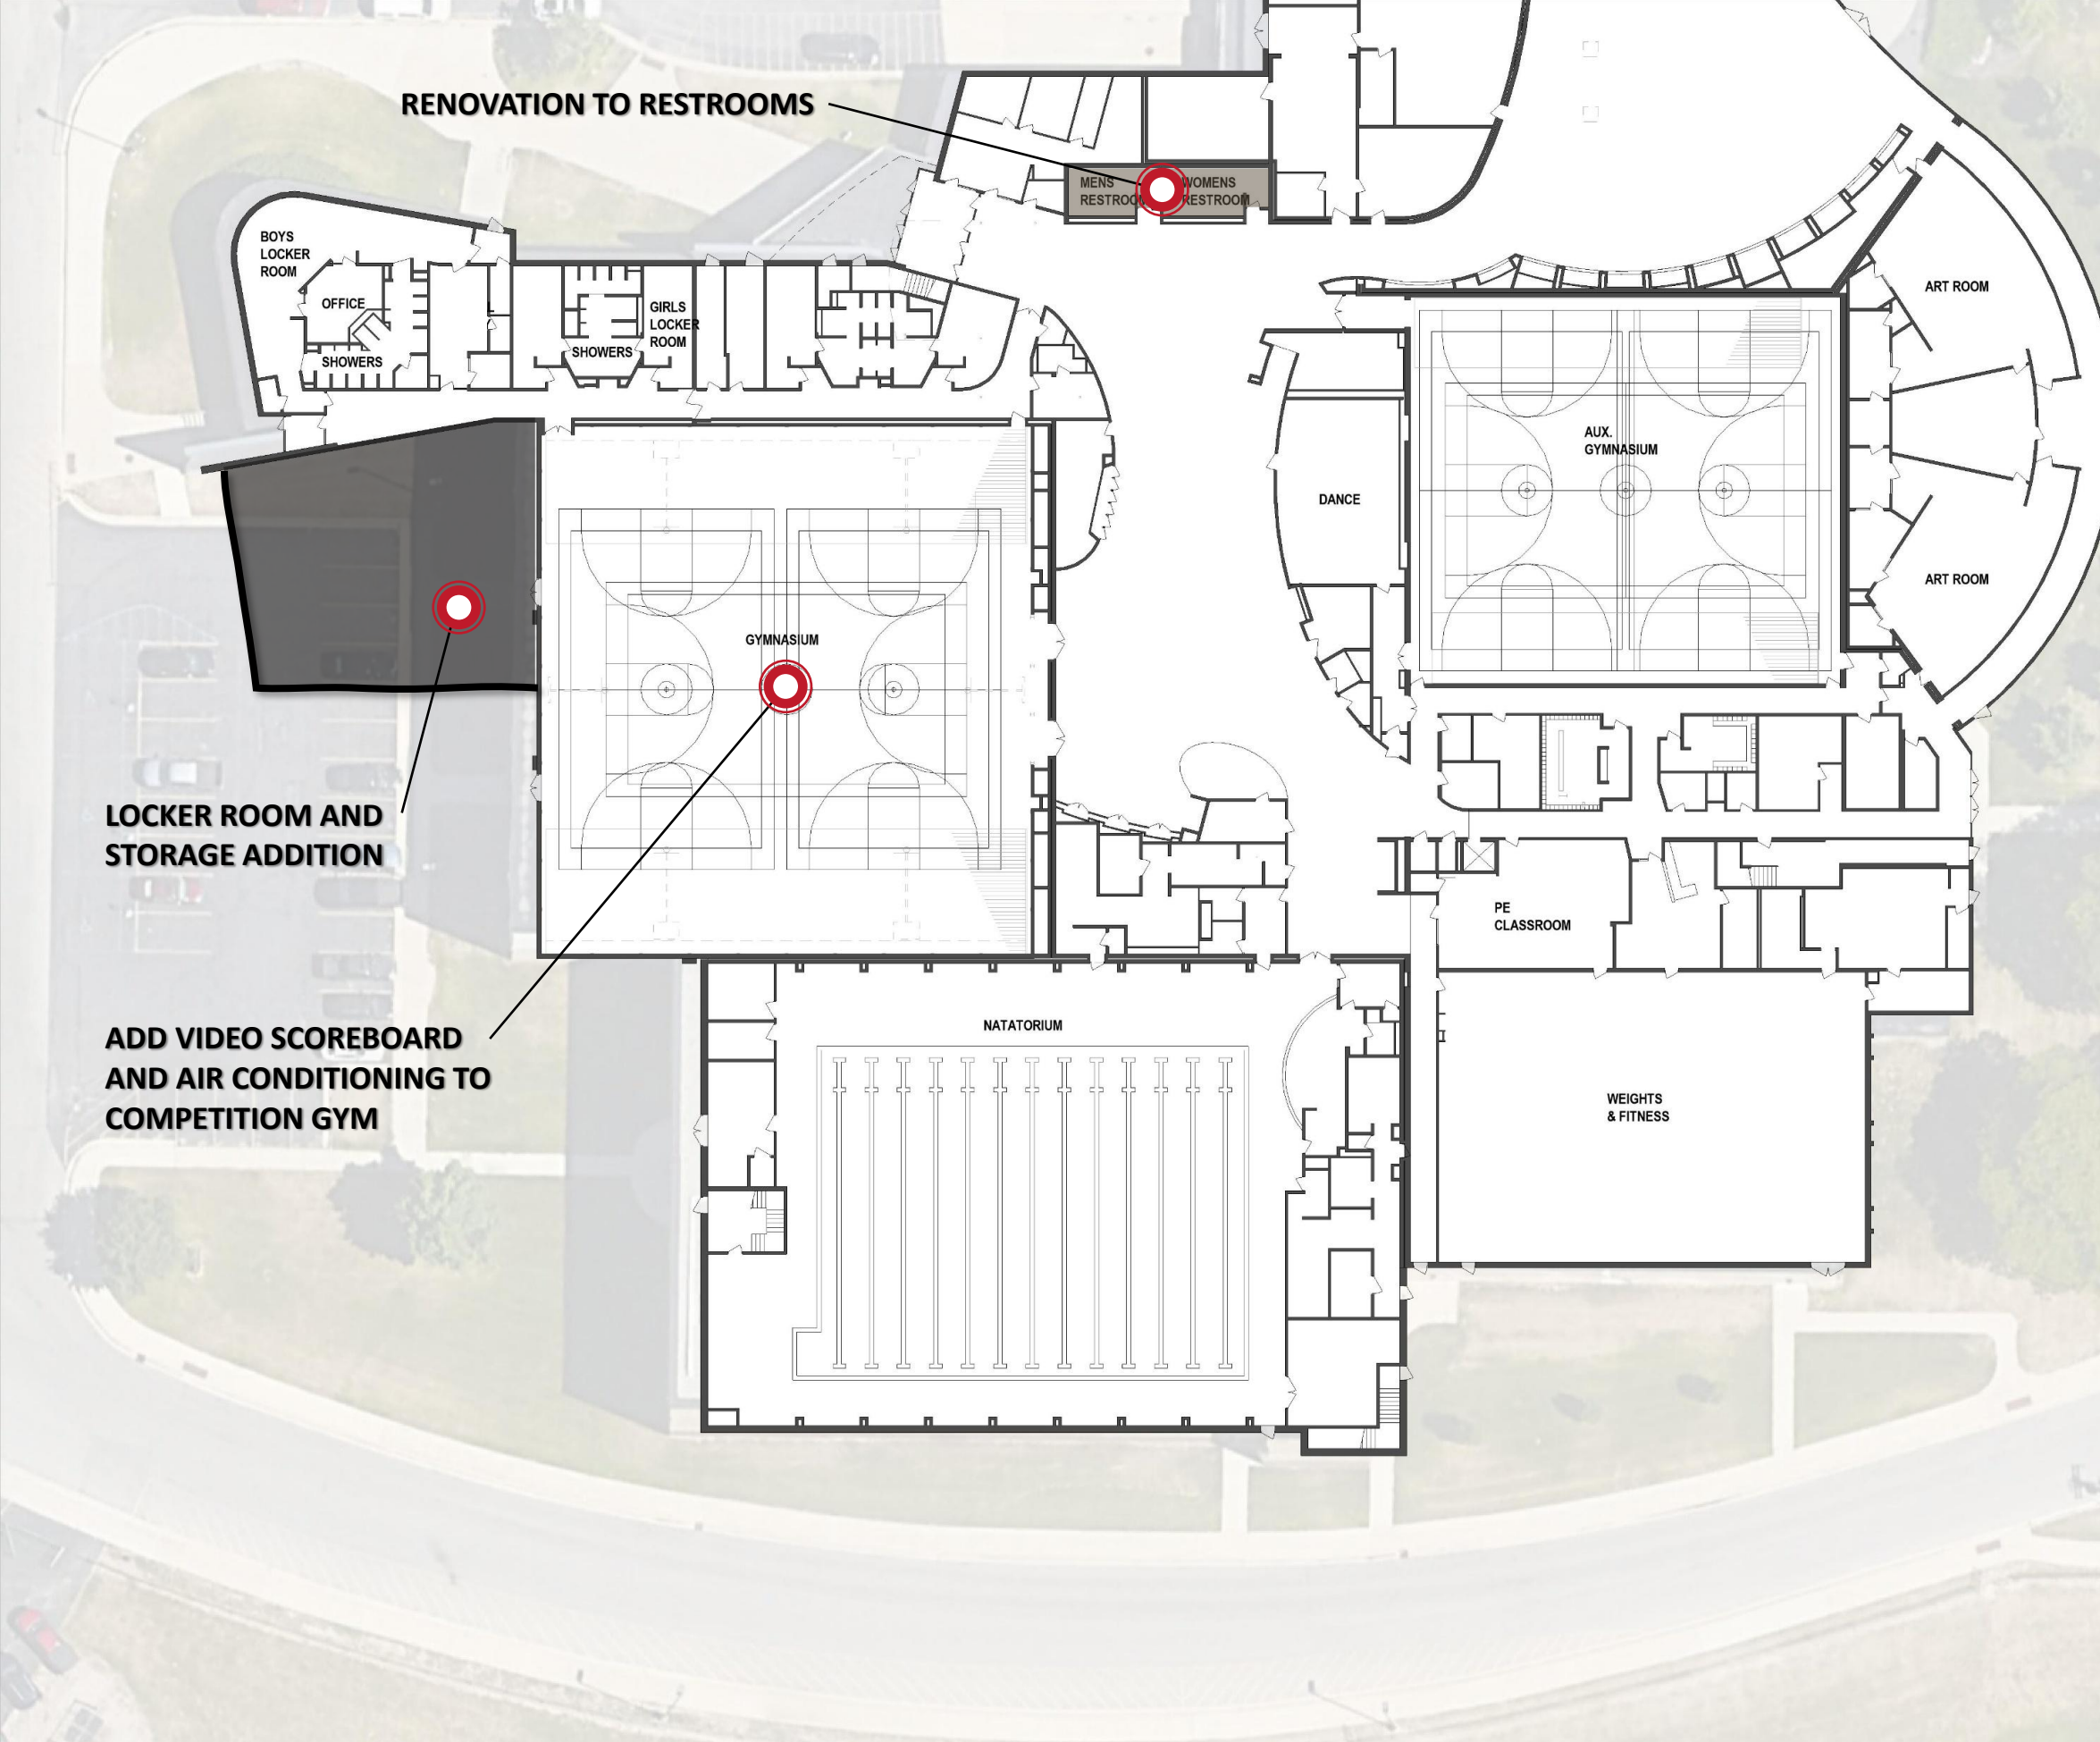

A new video scoreboard will create a more **engaging** fan experience, boosting **school spirit** and pride.

Renovating the athletics lobby restrooms will provide modern, **accessible** facilities for visitors. These updates support student success and create a more welcoming environment for all.

2025 BOND VOTE BY MAY 6

NORTHVIEW NEXT

Our WHY

The proposed upgrades at Northview Next will create a safer, more modern, and **engaging** learning environment for students. Adding a secure entry will enhance building **safety**, ensuring a controlled and welcoming access point for all who enter. Replacing the aging portable classrooms with new **innovation and training** labs will provide students with state-of-the-art spaces for hands-on, **career-focused** learning, better preparing them for future opportunities.

Additionally, site improvements will prioritize safety and improve the overall **experience** for students and visitors. These enhancements reflect a commitment to fostering a secure, innovative, and supportive environment that meets the evolving needs of students and the community.

2025 BOND VOTE BY MAY 6

TRANSPORTATION BUILDING

Our WHY

Improvements to the transportation facility will enhance operations and support the district's needs.

Expanding the bus maintenance garage with longer bays will accommodate newer, longer buses, ensuring proper servicing and **reducing downtime**. Improved site flow for bus traffic will increase **safety and efficiency**, minimizing congestion during daily operations.

Renovated support areas will provide staff with modern, **functional** spaces to work effectively. These upgrades are essential for maintaining reliable transportation, supporting newer buses, and ensuring the safety of students and staff.

ATHLETICS & SITE

Our WHY

The proposed upgrades to district site and athletic facilities will improve **safety**, functionality, and the **experience** for athletes, fans, and the community. A new secured stadium entry will enhance safety while creating a **welcoming** gateway for events. The addition of a support building with team rooms, storage, and an officials' room will improve operations, and expanded bleachers, lighting upgrades, new turf, press box improvements, and a video scoreboard will **elevate** the fan experience and build **community**.

A new marching band practice field will provide a **dedicated** space for the arts, while a new secondary competition field will increase **capacity** for athletic events. Expanded parking and improved site circulation will enhance safety and convenience, making it easier for fans and **families** to attend. These updates will create a vibrant, inviting space that celebrates students, athletes and strengthens **school pride**.

BAND PRACTICE FIELD TURF AND TOWER REPLACEMENT
