Transportation Information

Bus Transportation

Bus routes for the Old Rochester Regional School District and Massachusetts School Superintendency Union #55 for the Towns of Marion, Mattapoisett, and Rochester are established yearly. Eight buses transport our students. Routes are slightly modified each fall to accommodate new membership. Any questions regarding bus routes and/or stops that affect your child should be addressed to the District's transportation provider, **Amaral Bus Company Inc.** Ms. Cheryl Sweeney, Dispatch Manager at amaralbustritown@gmail.com or Phone: (508) 324-0551. Press 1 (for Amaral Bus Co). Then press 2 (for Tri-Town District).

At this time, changes in student transportation plans are strongly discouraged. Please Contact the main office with any questions or requests. For Rochester Routes, please use the following link. <https://rms.oldrochester.org/families-students/transportation>

Buses

The following safety precautions will be followed on school buses:

- Windows on buses will be kept open to circulate fresh air;
- Seating arrangements will account for students with disabilities who require close contact with adults.
- Routine cleaning of buses will be implemented.

There will be 8 Rochester bus routes this year and buses will continue to use the front loop of the building. Students will be encouraged to safely disembark from the bus.

Arrival

Upon entering the building, students will proceed directly to their classrooms.

Students will disembark in the following manner:

- Kindergarten and First Grade Teachers/Staff will gather their students from each bus.
- Kindergarten will enter the building through the K/Project Grow entrance and First Grade will enter through the middle entrance.
- Grade levels 2-6 will disembark their buses one grade level at a time as directed by their bus driver. Grade levels will disembark beginning with Grade 2; and then the other grades will respectively follow.
- Grades 2 will enter through the middle doors and will proceed down the hallway between the media center and the courtyard.
- Grades 3, 4, 5 & 6 will enter through the main entrance and will proceed

directly to their individual classrooms.

Departure

1. Students will be dismissed following the afternoon announcements and will depart through the same doors they entered the building in the morning.
2. Students will be dismissed by grade level beginning with grades 5 & 6 and progressing to Kindergarten.
3. Kindergarten and First Grade Teachers/Staff will escort their students to each bus.
4. Grades 2-6 teachers/staff will escort their students to the exits of the building.
5. Once all buses are fully loaded, they will be allowed to depart.

Parent/Guardian Drop-Off & Pick-Up

In an effort to facilitate the safest and smoothest transition for our students who are not riding the bus at the beginning and end of the day, we ask that you please adhere to the following safety precautions.

- Parents/Guardians may park their vehicle and walk their child to their respective grade level drop off location. (K-2 drop off/pick up @ main entrance with black bollasts, 3-6 drop off/pick up @ door near the structure)
- Please use the crosswalks at all times when walking your student(s) to and from your vehicle
- Staff will be stationed at the two rear entrances to support students' transition into the building.
- Please do not pull around and pass other parent/guardian vehicles during this process. Your patience is greatly appreciated.

Arrival (Drop Off)

- Parents/Guardians will drop-off their students in the back loop starting at 8:35 AM.
- Students in Grades K-2 will be dropped off and enter the building through the main rear entrance.
- Students in Grades K&1 will safely line up at a designated area outside or inside weather permitting. Once all students have arrived a staff member will walk them to their classrooms.
- Students in Grades 2 will go directly to their classrooms.
- Students in Grade 3-6 will be dropped off and enter the building through the rear entrance of the C Wing near the playground structure. These students will go directly to their classrooms.
- In order to ensure that other cars may pull in behind, parents/guardians will be encouraged to pull their vehicles all the way up to the end of the building.

Departure (Pick Up)

- Parents/Guardians will pick their students up in the back loop beginning at 2:55 PM.

- Parents/Guardians may park their vehicle and meet their child at their designated grade level location.
- Students in Grades K-2 will be picked up at the main rear entrance.
- Students in Grade 3-6 will be picked up at the rear entrance of the C Wing.
- As cars depart, please continue to pull your vehicle forward.
- Please refrain from pulling around and passing other vehicles during this process.
- Please stay in your car while your children are loading and please avoid allowing them to board on the passenger side of your vehicle.

Idling

School buses and personal motor vehicles are strictly prohibited from idling on school grounds.

Student Emergency Information or Status

Parent Notification to RMS

To ensure student safety, changes in family situations, addresses, or cell and telephone numbers **must be** reported to the school office ***immediately***. It is important that all our records are up to date. Please fill out the Student Information Update Form, included in your Power School profile online documents immediately. This form serves as an annual ‘affidavit’, attesting to a student’s residency in our town. Families moving from the town should notify the school office at least three days before their departure so transfer materials can be prepared. A *release of information* form must be received from the “new” school before any records will be forwarded.

Attendance

School attendance is compulsory. Attendance law states that:

- The Commonwealth of Massachusetts G.L. c. 76 sect. 1 requires that every child, with certain exceptions, between ages established by the state board of education, must attend a public day school or some other approved school, during the time when public schools are in session.
- Under G.L. c. 76, sect. 1, necessary absences by a student may not exceed 7 full-day or 14 half-day sessions in any 6-month period.
- Under G.L. c. 76, sect. 1, a pupil who is not present during at least half a session must be marked and counted as absent on the school register.

All Massachusetts schools are accountable for student achievement. Every Student Succeeds Act (ESSA) mandates particular indicators of success for all schools with one being “chronic absenteeism.” “All students are considered “chronically absent” if

they miss 10% of the school year.

Full days of attendance are essential to the learning process. If a child is to be out of school, parents/guardians should call the School Nurse's office at **508-763-2049 ext. 2019** before 9:00am on the morning of the absence. Please provide the following information in the message that you leave on the answering machine: **student's name, teacher, and reason for absence**. If a call is not received and a student is absent, the School Nurse uses the *Blackboard Connect* messaging system to contact parents/guardians at home or work.

Absences are "excused" for only the following reasons:

- Bereavement
- Hospitalization
- School-sponsored trip
- Documented court or legal commitment
- Obligatory religious holidays
- Illness substantiated by a note (Five days or more of continuous absence for medical reasons must be corroborated by a physician's note).
- Weather so inclement as to endanger the health of the child

A child may also be excused for other exceptional reasons with approval of the Principal or designee. In instances of chronic or irregular absence reportedly due to illness, the school administration may request a physician's statement certifying such absences to be justified.

Excessive absenteeism can occur because families take vacations during school time. This is strongly discouraged. Teachers **will not** provide assignments prior to vacations taken during school time. Upon students return, missed assignments will be made up as soon as possible. Missed assignments are factored into students' grades.

When Absences Exceed Three or More Days

On the third day of consecutive absence or tardiness, the school nurse or a designee of the principal will call the student's home. Each Principal or designee shall make a reasonable effort to meet with any student, and that student's parent/guardian, who has missed five (5) or more unexcused school days (a school day shall be equal to two (2) or more class periods in the same day) in a school year. The meeting shall be to develop action steps to improve student attendance and shall be developed jointly by the Principal or designee, the student, and the student's parent/guardian. The parties may seek input from other relevant school

staff and/or officials from relevant public safety, health and human service, housing, and nonprofit agencies.

On the eighth day of an unexcused absence, the school attendance officer will be notified and a complaint for Failure to Cause School Attendance pursuant to *G.L. c. 76, sect. 2* may be filed in Wareham District Court.

If the students' absences or tardiness occur on a regular basis and impede their academic progress, the school, as a mandated reporter, must consider filing a Child Requiring Assistance (CRA) report. Depending on circumstances, the school district may choose to file a 51A with the Massachusetts Department of Children and Families.

Tardiness

Tardiness negatively impacts the educational progress of all students. Therefore, the above policy will also be followed for excessive tardiness.

Dismissals

All dismissal policies are developed with students' learning and safety in mind. Policies are developed with input from the Rochester School Committee and town safety officials.

Dismissals During the School Day

No child will be dismissed from school during the day unless an authorized adult comes to the office to dismiss the student. This applies to daily, or occasional, pickup arrangements. Students being dismissed before the end of the school day must bring a note to the homeroom teacher that morning. Students will be called from class *when the parent/guardian arrives*.

Any Change in Dismissal Routine

To ensure each child's safety, a note from a child's parent/guardian must be provided before a child is allowed to leave school with any adult other than a parent or if the student is normally transported by bus. There must be a note for each change to a child's routine. Bus changes are allowed for childcare purposes only, not for play or party dates. Parent(s)/Guardian(s) must arrange with the office prior to a bus switch.

Riding Bicycles to School

Students may ride their bicycles to school provided that they wear a helmet (as required under state law) and obey all traffic regulations. **A blanket permission note is required before students begin riding to and from school.** Bikes must not be ridden on sidewalks just outside school where children and adults are

walking. Students not following safety rules may have their riding privileges revoked. A bike rack is available in front of the cafeteria. Students are encouraged to lock their bicycles.

School Breakfast & Lunch - Food Service

Full student breakfast and lunches are available at no cost. A la carte menu choices are available at a variety of prices. *Free and Reduced Lunch Assistance* forms are sent to all families electronically and are also posted to the RMS webpage. Paper applications may be sent home at the start of the school year if a family requires a paper version and are also available at the school office. Applications are accepted throughout the year.

Lunch Protocol

Students will come to the cafeteria line. The child's meal choice (hot or cold) is placed on the counter, and the student takes their meal package and proceeds to the cashier. Lunch monitors clean and sanitize desks after children leave prior to the next group entering.

Lunch Menus

Lunch menus will be posted on [Rochester Memorial School](#) website in the Families and Students menu, and the [Food and Nutrition](#) website.

In August 2023, Massachusetts enacted permanent universal free school meals. This means that breakfast and lunch will continue to be served at no cost to all students. However, students choosing only milk is not part of the free program and will be charged. A la cart items are not part of the free meal and students will be charged for any a la cart item they chose. Families that need assistance should complete a Free and Reduced Lunch Application immediately. Each application can be downloaded and emailed to the Food and Nutrition Director or by clicking the link and applying online. Online applications will be processed much faster than paper applications. The application for Free and Reduced Lunch can be found on the [District Food & Nutrition Website](#). Even though lunches are free, we still need to maintain our accounts in good standing with a debit balance. If students want an extra milk or snack, there will be a charge for those items and the student's account will be used. There are settings to automatically replenish your account once the balance reaches a minimum amount. Here is a link to Titan: <https://family.titank12.com/>

Bringing Lunch from Home

If you choose to have your child bring lunch from home each day, to keep it cold, we recommend (1) bringing food in an insulated lunch bag with a frozen gel pack or frozen juice box; (2) freezing the sandwiches overnight (will thaw by lunchtime but keep cold until then); (3) packing the foods in a cooler with ice or another cold

source.

Please note the District Life Threatening Allergy Policy Below:

[Life Threatening Allergy Policy](#)

School Safety and School Visits

All visitors and volunteers are required to have a valid driver's license or Massachusetts issued identification card to be scanned-in upon entering the building *for any reason*. Office staff will provide badges to wear once the ID is scanned into our system and each visitor is approved to enter. This includes stops at the Nurse's office. All visitors who do not have a valid driver's license or Massachusetts issued ID card will not be allowed to enter the school during operating hours.

Parents or guests wishing to visit a particular class are asked to plan with the teacher or the principal at least one day in advance. Teachers will always welcome an extra pair of hands; we encourage you to become an active part of our volunteer staff. Massachusetts State Law requires that all regular classroom volunteers, lunchroom visitors and field trip chaperones have a Criminal Record (CORI) check. These forms must be completed in the school office before your first volunteer visit. Visitors are asked to park in the lot at the rear entrance of the school. Do not park in the driveway or on the road in front of the school. Cars parked on either side of Pine Street during school hours will be ticketed.

Video Cameras

The School Committee, after carefully considering the privacy rights of students and drivers and the District's duty to ensure discipline and protect the health, welfare, and safety of staff and students on school transportation vehicles, has authorized the use of video cameras on its transportation vehicles when deemed necessary by school administration.

Student Dress Code

The responsibility for the dress and appearance of the students will rest with individual students and parents/guardians.

They have the right to determine how the student will dress providing that attire is not destructive to school property, complies with requirements for health and safety, and does not cause disorder or disruption. The administration is authorized to take action in instances where individual dress does not meet the stated requirements.

This does not mean that student, faculty, or parent groups may not recommend appropriate dress for school or special occasions. It means that students will not be prevented from attending school or a school function, or otherwise be discriminated against, so long as their dress and appearance meet the requirements set forth above.

Rochester Memorial School has a no head-adornment policy while students are in the school building, including but not limited to hats and hoods. Head adornments worn for medical, religious and/or cultural reasons are permitted.

Decorative footwear and flip-flops can create a safety issue when students play at recess and during Physical Education classes. Therefore, flip-flops or any other type of open-toed shoes are strongly discouraged for safety reasons.

Recess

Outdoor recess is held whenever possible. Please be sure that your child is properly dressed. During inclement weather, recess is held inside. The playground is supervised; however, the responsibility for appropriate behavior rests with the students. The playground and indoor recess expectations are discussed in school and students are expected to treat the playground with respect and to behave with consideration for other students. It is our policy that if a child is well enough to go to school, he or she is well enough to participate in all school activities, including recess. A child requires a doctor's note for temporary excuse from physical education or outdoor recess.

Student Valuables & Sports Equipment

It is strongly recommended that students do not bring large sums of money, hand-held video games, cell phones, smart watches, toys, Pokemon Cards, sports equipment or stuffed animals to school.

Inclement Weather: Cancellations and Delays

Please be attentive to our telephone messaging system for news of school cancellations or delays. During stormy weather the District may call school for an entire day, or for a one to two hour delayed opening. If bad weather develops during the school day, afternoon classes or special programs and after-school activities may be canceled. It is important that families have plans in place for dealing with these possibilities. We utilize the "BlackBoard" communication program that is capable of contacting all RMS families within a five to ten-minute window. As soon as the Superintendent has determined a delay, closing, or early dismissal, we will send out a "BlackBoard" call. As a result of all district schools utilizing the BlackBoard system,

storm delays and closings may not be broadcast on local television stations. We ask that you not call the school office or the police station.

The dispatcher reports they receive many calls which interfere with their ability to handle actual emergencies. If the decision is made to close school early or cancel after-school activities, due to inclement weather, an attempt will be made to contact parents, using all emergency contact numbers within the “BlackBoard” system. In the event of a non-weather emergency, we will contact all families using the same system.

Home/School Communication

Telephone Calls

No school telephone in any office may be used by students unless authorized by faculty. If students have forgotten books, classwork, or musical instruments, classroom teacher discretion will determine whether a call can be made via the front office. In cases of illness or emergency, calls will be made by the school nurse, an administrator, social worker or personnel in the main office.

Cell Phones/Smart Watches

A student may carry or keep a cell phone in their backpack if authorized by the school office. The phone must be shut off and kept in the child’s locker/backpack and may be used only for emergency or unusual circumstances as agreed by parents/guardians and administration. The phone and/or electronic watch may not be used to receive or send messages anytime during school hours or on school buses. Student phones/watches used to make, or receive, unauthorized calls during school hours, or on a bus, will be confiscated by the school administration or the bus driver.

Students with Smartwatches or the like, may wear them in school, but they are not to be used for anything other than telling time during the school day or during school sponsored activities without parents/guardians being present. In the event that a student uses the watch for other purposes, it will be confiscated and held in the front office until the end of the day.

Homework and Independent Reading

The School Committee has established homework guidelines that all teachers follow. Your child’s teacher will establish homework routines appropriate to the student’s grade level. The School Committee policy can be acquired through the main office at the school. We ask all family members to become “Reading Partners” with our students. Research shows the more children read, the better readers they become.

We encourage all students to read independently each night for 20–30 minutes before bed. In some classrooms, student reading logs are sent home for students and/or parents to initial.

Photographs of School Activities for Local Papers

Opt-Out Procedure for Parents Who Do Not Want Their Child's Picture to Appear:

As part of our public relations efforts, local newspapers are invited to photograph many school programs and events. Students are often included in these photos. As a parent, you have the right to request that no picture of your child is used in this way. You must make this request in writing by completing a FERPA Privacy Form and returning it to the Principal before September 3rd. If no letter is on file, we assume parental permission is granted for photographs to appear in local newspapers or on our school website

OPT Out for Library Books

If you prefer that your child does not check out a specific library book, you may opt out of having your child check out the book by emailing your school's librarian with the exact title of the book and the author's full name. If no email was sent to opt out, your student will have full access to the variety of books available in the library. Here is the link to the library book platform Alexandria: <https://rmstwogether.weebly.com/search.html>

Parent/Guardian Involvement & Concerns

1. Being actively involved in your child's school is helpful to both your child and the school community. The Parent Teacher Organization (PTO) meets for an hour once a month in the PTO Office at RMS.
2. School Council - In June of 1993, the Massachusetts State Legislature passed and Governor Weld signed into law The Education Reform Act of 1993. Section 59C of Chapter 71 of the Education Reform Act of 1993 calls for the establishment of a School Council at each elementary, secondary, and vocational school in the Commonwealth. The school council provision of the act is intended to enhance parent and community participation in the school. The PTO, by law, is responsible for conducting the election of all parent representatives to the School Council. The nomination and election process is conducted each September and parent volunteers are needed to be a part of our School Council. Representation from primary and intermediate grade students' families, as well as special education families (if available), staff members and the community sit on this advisory team. Meetings are typically one afternoon per month.

3. The Rochester School Committee sets its meeting schedule at the start of the school year. These meetings are typically held on Thursday evenings about once per month. Meetings are typically held at the Rochester Memorial School and are televised. Meeting schedules, resources and minutes are available on the [school committee webpage](#).
4. Constructive criticism of our school is welcomed on the assumption that it is motivated by a sincere desire to improve the quality of the educational program and to equip the school to perform its tasks more effectively. Complaints are resolved most expeditiously if they are first taken to the staff member or administrator immediately in charge of the area in which a problem arises, then through successive administrative levels to the Principal, Superintendent, and subsequently to the School Committee, if necessary.

Anonymous letters serve no positive purpose when trying to resolve problems and will not be given the same weight as an identified correspondence. The School Committee has adopted a policy to be followed when a parent/guardian has a concern that has not been satisfactorily addressed. A copy of that policy is available at the school office.

Mrs. Letendre, Principal, is available to all RMS families each month before PTO or School Committee meetings and at other times during the school day by appointment. Please call the school office or contact the principal directly via email: heidiletendre@oldrochester.org.

All teachers are accessible via the school's e-mail carrier as well. Go to our school website, <https://rms.oldrochester.org/> to access a list of staff/teacher email addresses.

Health Information

Health Records

Student health records are kept in a locked file in the nurse's office. It is the parents' responsibility to keep the nurse informed of new medical information. Students are required to have physical examinations in PreSchool, Kindergarten, 1st grade, 3rd grade, and 6th grade.

Vision/hearing screenings and height/weight measurements are done yearly. Parents are notified only if the results are not within normal limits. Postural screening is done only for students in grade 5. Screening for head lice is done as needed.

Dispensing Medications

Children are not permitted to carry medications on the bus or in the school building. A signed order from a physician, dentist, nurse practitioner, or physician's assistant is required to administer any prescription medications in school, as required by Massachusetts General Law. Parental permission is also required. A Medication Protocol form that covers non-prescription medications is included in this packet. Special arrangements for medication administration during field trips must be made with the school nurse. Medications will be given by a parent or by a school representative who has permission from the parent. Children will be allowed to self-administer inhalers on field trips only, with permission of the school nurse and when parental permission is on file at the nurse's office.

First Aid/Emergencies

If a sudden illness or an accident occurs at school, the school nurse will administer first aid and immediately notify parents. Parents are responsible for transporting the student home in the event of illness or injury. If a serious illness or accident (life-threatening accident) occurs at school, the Rochester EMS will be called for transport to the hospital.

Tobacco and Vaping

Paraphernalia or possession/use of tobacco and/or vaping within school buildings, facilities, on school grounds, and on school buses is prohibited. [See School Committee Policies ADC and JICH.](#)

Growth & Development Students will learn the basic characteristics of physical growth and development, including body functions and systems throughout the life cycle, and will acquire skills to promote and maintain positive growth and development. As a part of the Growth and Development curriculum, the 5th graders will participate in a program which focuses on the changes students go through during puberty. Interpersonal Relationships Students will learn that relationships with others are an integral part of the human life experience and the factors that contribute to healthy interpersonal relationships, and will acquire skills to enhance and make many of these relationships more fulfilling through commitment and communication.

Disease Prevention & Controls Students will learn the signs, symptoms, and treatment of chronic and communicable diseases, and will gain skills related to health promotion, disease prevention, and health maintenance.

Safety & Injury Prevention Students will gain the knowledge and skills to administer first aid and carry out emergency procedures, including cardiopulmonary resuscitation, will avoid, recognize, and report verbal, physical, and emotional abuse situations, and

will assess the factors that contribute to intentional and unintentional injury, including fire safety.

Violence Prevention Students will learn how their actions affect others, will understand the power that positive character traits can have in violence prevention, will gain skills to report incidents of violence and hurtful behavior to adults in the school and community, will avoid engaging in violence, and identify constructive alternatives to violence, including how to discourage others from engaging in violence. If parents/guardians wish their children to be exempt from any portion of the Health Curriculum, a written request should be addressed to the school principal.

Once during the school year, students in grade 5 participate in the Science Massachusetts Comprehensive Assessment System (MCAS) Test. Also, once a year all students in grades 3-6 will participate in the English Language Arts & Mathematics Massachusetts Comprehensive Assessment System (MCAS) tests. Testing during the 2024-2025 school year will take place at the following times:

It is highly recommended that all students must be present during MCAS testing.

Student Records

The privacy of student records is guaranteed. Only parents/guardians and appropriate school personnel are allowed access to the information in a student's record. Specific written consent provided by the parent or legal guardian is necessary for any other examination. A student transcript, which includes name, address, and grades, is kept for at least sixty years. However, the student's temporary record, containing standardized test scores, evaluations by teachers, and Special Education records are given to the student upon graduation or destroyed within five years after the student leaves the school system. In accordance with the student record regulations of the Massachusetts Department of Education, parents have the right to inspect a student's record. Records are made available within two (2) working days of a request being made. Copies of any part of the record may be requested and a reasonable fee may

be charged for the cost of duplicating these materials. It has been our practice to make any student records easily accessible to parents.

The Commonwealth of Massachusetts has adopted procedures for non-custodial parents who wish to receive separate copies of student records or school notices. Information is available in the school office.

Report Cards and Parent-Guardian Conferences

It shall be the duty of each teacher at the end of each term or at the end of any period of time designated by the Superintendent, to estimate and to record the progress of students. The report card is an effective means of communicating an individual student's progress in relation to the curriculum and the student's own mastery of skills and social development. In the elementary grades, the written record is a standards-based report that indicates a student's progress. Rochester Memorial School operates on a three-term grading cycle as noted below.

Term	Period Covered	Number of Days	Marks Close	Report Cards Issued
<u>1st</u>	Wednesday, Aug. 28th to Friday, Nov. 22nd	60 days	Friday, November 22, 2024	Friday, Dec. 6, 2024
<u>2nd</u>	Monday, November 25th to Friday, March 7th	59 days	Friday, March 7, 2025	Friday, March 21, 2025
<u>3rd</u>	Monday, March 10th to Wednesday, June 11th	61 days	Wednesday, June 11, 2025	Monday, June 11, 2025 Day 180

Regular communication between school and home is important if we are to be successful. Conferences between parents and teachers are scheduled once during the school year, but if questions about your child's progress should arise in any curricular area, initiate a conversation with teachers at any time.

Promotion/Retention of Students

It is expected that students' progress annually from grade to grade. Exceptions are made only when it is in the best educational interest of the student.

Student Enrichment:

RMS offers various ways for students to enrich their academic learning. Below are some examples:

- Student Ambassadors with 5th & 6th grade representatives and officers
- Project 351 Program
- Annual Talent Show
- Steam-A-Palooza
- 6th Grade Student vs. Staff Basketball Game
- 4th Grade Chorus: Students participate in a music-based production that is presented in January.
- 5th and 6th Grade Chorus: Groups meet once a week during school, several performances each year including the *FORM* concert which showcases all choruses in the district.
- 4th Grade Band: Students select an instrument for in-school instrumental instruction. In January, students come together as a beginner band.
- 5th and 6th Grade Band: Weekly instrumental instruction continues and the students meet as a band once a week.
- Jazz Band: Auditions are held in the fall and the band meets before school once a week.
- After School Activities: There are three enrichment/athletic sessions each year: one in the fall; two sessions in the spring. Each session lasts 8 weeks and offers a variety of elective programs. Brochures are sent home with students.

Field Trips

During the year, field trips may be scheduled at each grade level. A student's behavior while on these trips will reflect upon the student's school. Misconduct will not be tolerated. A permission slip must be signed by one of the student's parents or guardians before a student can participate in the field trip. The form must be returned to the teacher-in-charge prior to the trip. All school rules apply to field trips. Any child may be denied the privilege of going on a field trip based on poor academic performance or inappropriate behavior.

Party Invitations:

In keeping with RMS's C.A.R.E.S. philosophy, and as a result of not wanting any child to feel hurt or excluded, we remind parents of the insensitive practice of students bringing party invitations to school. Uninvited students, as well as the inviter, may be in unnecessarily uncomfortable situations. Please take the time to mail party invitations, or see that they are delivered outside of the school community and school day. The Rochester Blue Book is a great reference for parents to find addresses. We ask that you not call the office for this information.

Internet Use Policy

An Internet user agreement is given to students at the beginning of their elementary experience. Students and parents sign and return the agreement and it is kept on file.

Student Fee, Fines and Charges (Approved by the Rochester School Committee)

The School Committee recognizes the need for student fees to fund certain school activities. It also recognizes that some students may not be able to pay these fees. No student will be denied access into any program because of inability to pay these supplementary charges. A school may exact a fee or charge only upon School Committee approval. The schools, however, may:

- ***Charge students enrolled in a certain course for the cost of materials used in projects that will become the property of the student.***
- ***Charge for lost and damaged books, materials, supplies and equipment.***

Students who are experiencing financial hardship are exempt from paying fees. However, these students are not exempt from charges for lost and damaged books, locks, materials, supplies and equipment.

All student fees and charges, both optional and required, will be listed and described annually in each school's handbook or in some other written form and distributed to each student. The notice will advise students that fees are to be paid and of the penalties for their failure to pay them. Permissible penalties include the withholding of report cards until payment is made or denial of participation in extra class activities while the student is enrolled in this District. Any fee or charge due to any school in the District and not paid at the end of the school year will be carried forward to the next succeeding school year, as such debts are considered to be debts of the student to the District and not to a particular school.

School Rules and CARES

Rochester Memorial School emphasizes a positive, community-based sense of responsibility and respect throughout the school day. Students learn what is expected of them through the consistent modeling of the adults around them. Students, teachers, administrators and parents all work together to maintain a safe, orderly school environment where everyone can learn and grow.

Students are expected to follow the school-wide rules that follow. These rules apply at all times, in all areas of the school.

- **Take CARE of Yourself**
- **Take CARE of Others**
- **Take CARE of Our School Environment**
- **Everyone C...A...R...E...S!**

COOPERATION:	We work, learn and solve problems together, with our friends and teachers.
ASSERTIVENESS:	We assert ourselves appropriately and respectfully.
RESPONSIBILITY:	We make good choices about our behavior and our learning. We respect one another and ourselves throughout the day.
EMPATHY:	We think of our friends and their feelings; we care about how others will react to us.
SELF CONTROL	We stop to think about what it is we'll say or do - in class, on the bus, on the playground - everywhere.

School Staff Role in Establishing High Behavioral Expectations:

Teachers and support staff model and reinforce positive behavior and compliance

with school-wide rules and values. In addition, teachers implement classroom rules and policies. Generally, these rules are developed with student involvement appropriate to age and social development.

These classroom policies are submitted to the Principal for review. After administrative review, teachers will send home written classroom rules and consequences for family discussion. Students and parents/guardians and teachers will sign the Student Conduct Agreement that will be kept on file in the classroom. Teachers follow all disciplinary steps outlined in their program on a consistent basis. This may include notes or phone calls home, after school time, individual contracts as deemed appropriate, or other strategies. Teachers and parents who have ongoing concerns about a student's behavior have several sources of support - the School Social Workers, Administration, and the Building-Based Support Team (BBST).

Responsive Classroom

Rochester Memorial School utilizes the Responsive Classroom approach in supporting our students in the learning process and throughout the school day. All RMS teachers and administrators have participated in Responsive Classroom training.

Responsive Classroom is a way of teaching and leading that creates a safe, challenging, and joyful classroom and school wide climate for all students. Teachers who use the Responsive Classroom approach understand that all of students' needs—academic, social, emotional, and physical—are important.

Elementary teachers create an environment that responds to all of those needs so that your child can do their best learning. The Responsive Classroom approach develops teachers' competencies in four key areas:

1. Engaging Academics—Teachers create learning tasks that are active, interactive, appropriately challenging, purposeful, and connected to students' interests.
2. Positive Community—Teachers nurture a sense of belonging, significance, and emotional safety so that students feel comfortable taking risks and working with a variety of peers.
3. Effective Management—Teachers create a calm, orderly environment that promotes autonomy and allows students to focus on learning.
4. Developmentally Responsive Teaching—Teachers use knowledge of child development, along with observations of students, to create a developmentally appropriate learning environment.

School Bus Conduct Rules

1. Treat your bus driver and other passengers with respect and courtesy.

2. Get on and off the bus by moving slowly and safely.
3. Passengers must be seated at all times with their feet on the floor, and facing forward.
4. Conversations should be carried on in a normal tone of voice. Shouting is inappropriate and unsafe.
5. Arms and heads must be kept inside the bus.
6. Windows may be open only by the bus driver or with their permission
7. Aisles must be kept clear at all times.
8. Profane and bullying language is forbidden.
9. Horseplay is unsafe and forbidden.
10. Throwing objects is unsafe and forbidden.

Bus Expectations

The driver of the offending student will report violations of bus rules to the student, the school principal and the student's parents in writing promptly. Violations may result in the loss of bus privileges or application of discipline sanction up to and including suspension.

- 1st Offense – Warning
- 2nd Offense – Detention or Assigned Seat at Front of Bus – *This will be strictly enforced in conjunction with changes to our bullying policy*
- 3rd Offense - bus suspension
- Repeated Offenses* - Consideration of permanent exclusion
- *Including exclusion from the bus for the balance of the school year. Complete copies of the Transportation Policy are available upon request and for all new incoming students.

The Rochester School District has established rules and policies regarding bus discipline. Bus drivers report violations of rules to administration. Parents receive a written notice of the incident and its consequences. School buses are equipped with videotape equipment. Taped incidents may be used in the process of dealing with infractions of school bus rules.

Copies of the Rochester School District Bus Policy are available at the RMS office.

Student Behavior Expectations

Student Behavior Expectations

Old Rochester Regional School District's school discipline philosophy recognizes and respects the rights and dignity of others. As a community of educators, we believe that building relationships with students is paramount. This includes collaboration with students and their families, so together we can partner to ensure student success. We need the support of all stakeholders, especially our families, to make this goal a reality.

The ultimate goal of our school discipline philosophy, including restorative practices, is to build inclusive school communities that allow students to remain actively engaged in learning and minimize time taken from instruction and learning.

Rules for behavior in school are necessary to protect the educational rights and privileges of all students. It is essential that all students accept personal responsibility for maintaining high standards of conduct, including the observance of all school rules. The purpose of the Rochester Memorial School discipline policy is corrective; it is to encourage students to improve their conduct.

The school's discipline code is designed to assist students to show respect for others and their property, as well as for themselves. We ask our students to take a look at themselves and their actions. Being respectful is defined as having common courtesy, treating others kindly, saying please and thank you, etc. Students are reminded of these goals throughout their school day. Students are expected to comply with school rules and accept the leadership of teachers and school staff. Students should fully understand that any staff member in the building has the authority to address behavior at any time. Students must adhere to school rules not only on school grounds, but also on the way to and from school, on school buses, during after school activities, field trips and any other time when they are under school supervision. All students must also comply with state and federal laws as they apply to the conduct of minors and juveniles

Our intentions for school discipline are aligned with the following objectives:

- Students, parents/guardians/caregivers, and school personnel, are provided with a clear understanding of the various administrative responses to discipline as described in the student handbook.
- Utilization of discipline practices that are progressive and tiered by design.
- The exercise of any of a student's rights ceases when it impacts the rights of another individual or group.
- No student has the right to disrupt the educational process within a school or designated learning environment.
- Provide students with ample restorative opportunities to change behavior and nurture relationships when possible.
- Provide professional learning and support to employ strategies and actions that align with the principles of restorative practices.
- Every reasonable effort will be made to keep students actively engaged in their learning environment as much as possible.
- An office visit, detention, suspensions, and/or expulsions are used judiciously in alignment with the expectations of student behavior.

Each day in our schools, we support our students' social emotional learning and development, while employing practices to help strengthen our learning community. We are focused on building healthy, positive relationships, preventing harmful behavior, productively resolving conflict with individuals and groups, and fostering a positive and inclusive learning environment. We value open dialogue to repair relationships, and we remain committed to the idea that harmful and disruptive behavior shall not be permitted to interfere with other students' access to learning. Families are encouraged to reach out to classroom teachers, school social workers or school administration with any questions or concerns.

Student Conduct and Discipline

The School Committee believes that all students deserve every opportunity to achieve academic success in a safe, secure learning environment. Good citizenship in schools is based on respect and consideration for the rights of others. Students will be expected to conduct themselves in a way that the rights and privileges of others are not violated. They will be required to respect constituted authority, to conform to school rules and to those provisions of law that apply to their conduct.

Each Principal shall include prohibited actions in the student handbook or other publication to be made available to students and parents/guardians.

The Principal may, as a disciplinary measure, remove a student from privileges, such as extracurricular activities and attendance at school-sponsored events, based on the student's misconduct. Such a removal is not subject to the remainder of this policy, law, or regulation.

The Superintendent shall provide each Principal with a copy of the regulations promulgated by DESE and shall have each Principal sign a document acknowledging receipt thereof, which shall be placed in their personnel file.

Student Code of Conduct: (Standards for due process, as set forth in M.G.L. c. 71, §§ 37H, 37H¹/₂ and 37H³/₄.)

In addition to providing students with academic rigor and educational opportunities, the staff and community of the Old Rochester Regional School District & MA Superintendency Union #55 strive to support students' conduct and discipline toward becoming contributing members of society and achievement of their individual and collective goals. Students are expected (a) to arrive at school and at classes promptly, (b) to be in attendance every day except for illness or family emergencies, (c) to be prepared for classroom work, (d) to contribute in positive ways to the activities of each class, and (e) to accept responsibility for any inappropriate actions while working to be sure they are not repeated.

Our Code of Student Conduct provides guidelines for students to maintain a positive and supportive environment where students and staff are able to work collaboratively. It establishes every individual's responsibility to respect the rights of others. Finally, it identifies possible consequences for misconduct, ensuring that students know in advance of their actions what obligations may be due.

Conduct expectations are based on a system of progressive discipline, where an administrator has the discretion to significantly increase penalties in cases of second or subsequent offenses, or in cases where the severity of the infraction requires it. In addition, student discipline might be provided not only to hold students accountable for inappropriate behaviors but also to teach students about their responsibilities for good citizenship. Students may participate in a community service project or other alternative remedy as a means of accountability. Alternative remedies may include (but are not limited to): lunch detention, structured school day, collaborative problem solving, removal of privileges, referral to outside support (e.g. counseling).

The principal or designee will consider ways to re-engage the student in the learning process and shall not suspend the student until alternative remedies have been employed and their use and results documented. Alternative remedies may include, but shall not be limited to: (i) mediation; (ii) conflict resolution; (iii) restorative justice; and (iv) collaborative problem solving. Principals or designees will document the use and results of alternative remedies. Principals or designees do not have to utilize alternative remedies in the following situations: 1) if the alternatives are unsuitable or counter-productive, and 2) in cases where the student's continued presence in school would pose a specific, documentable concern about the infliction of serious bodily injury or other serious harm upon another person while in school.

Disciplining of Students with IEPs

State and federal regulations provide eligible students with certain procedural rights and protections in the context of student discipline. The Individual Education Program (IEP) for a student must indicate whether the student can be expected to meet the regular discipline code of the school or whether the code should be modified due to the student's disability. Such modifications will be described in the student's IEP.

As provided for in state and federal regulations:

- Any eligible child may be suspended up to 10 school days in any school year.
- After a student with special needs has been suspended for 10 school days in any school year, during subsequent removal, the school district must provide sufficient services for the student to continue to receive a free and appropriate public education.
- A suspension of longer than 10 consecutive school days or a series of suspensions that constitute a pattern are considered to represent a change of placement.
- Prior to a suspension that constitutes a change of placement, district personnel, the parent/guardian and other relevant members of the team will convene a "Manifestation Determination" meeting to review all relevant information to determine whether the behavior was caused by or had a direct and substantial relationship to the disability or was the direct result of the district's failure to implement the IEP.
- If the Manifestation Team determines that the behavior was not a manifestation of the disability, then the district may suspend or expel the student consistent with the policies applied to any student without disabilities. The district will, however, provide services to enable the student, although in another setting, to continue to participate in the general education curriculum and to progress towards IEP goals. A functional behavioral assessment and appropriate behavioral intervention services will be provided to lessen the likelihood of the behavior reoccurring.
- If the Manifestation Determination determines that the behavior is a manifestation of the disability, then the team will complete a functional behavioral assessment and behavioral intervention plan. Except when the student is placed in an interim alternative education setting, the student will return to their original placement unless the parents and district agree otherwise
- Regardless of the manifestation determination, the student may be placed in an interim alternative education setting (as determined by the team) for up to 45 school days if the behavior involves weapons or illegal drugs, another controlled substance, or the infliction of serious bodily injury on another person at school or school function; or, considered case by case, unique circumstance; or on the authority of a hearing officer if the district provides evidence the student is "substantially likely" to injure himself or others.
- These procedural requirements apply to students not yet determined to be eligible for special education if the Parent/Guardian has expressed concern in writing or requested an evaluation, or if staff had expressed concerns about the student's behavior directly to the director of student service or other supervisory personnel.

Disciplining of Students with 504s

The code of conduct applies to students with and without disabilities; however, students on 504 plans must have an equal opportunity to be successful with classroom rules and

behavioral regulations. Section 504 prohibits districts from disciplining students more severely than non-disabled students on the basis of disability. The free and appropriate education (FAPE) requirement of Section 504 provides that appropriate procedures for discipline are designed to meet individual educational needs of students with disabilities as adequately as the needs of non-disabled students are met.

Students with 504 plans may be excluded from their programs, as can students without disabilities. If students are suspended or expelled, they are entitled to oral or written notice of charges and an appeal for the opportunity to tell their side. Expulsion or suspensions of 10 or more days are considered a change of placement and must follow the procedures designated by the Americans with Disabilities Act (ADA).

When students with 504 plans are excluded from their program for more than 10 school days in the school year, it must be determined if the behavior was a result of the students' disability (manifestation determination). If it is determined that the behavior was related to the disability, students may not be excluded from the current educational placement until a new plan is written. The behavioral intervention services and modifications in the plan should address the behavior violation so that it does not recur.

If the student's misconduct is determined not related to their disability then the district may discipline in the same way as other students would be disciplined. 504 students do not have to be provided with a free and appropriate public education (FAPE) during expulsion or suspension for behavior not related to the disability. Students currently engaged in drug or alcohol abuse are not protected under Section 504.

When the placement of students with disabilities is changed for disciplinary reasons, the students and parents are entitled to the procedural protections required by Section 504 and the ADA. A school district may employ due process procedures that meet the requirements of IDEA to comply with the Section 504 and ADA requirements for procedural safeguards. These protections include appropriate notice to parents or guardians, an opportunity for their examination of records, an impartial hearing with the participation of parents or guardians and an opportunity for their representation by counsel and a review procedure. Thus, if, after a reevaluation of an initial placement decision, the parents disagree with the determination regarding the relationship of the behavior to the disability or with the subsequent placement proposal in those cases where the behavior is determined to be caused by the disability, they may request an impartial hearing.

A school district is not prohibited from employing its normal, reasonable procedures short of a significant change in placement for dealing with 504 students who are endangering themselves or others. When students present an immediate threat to the safety of others, school officials may promptly adjust the placement or suspend the students for up to 10 school days, in accordance with rules that are applied evenhandedly to all children.

Disciplinary Investigations

Nothing shall prevent a school administrator from conducting an investigation, including student interviews, of a school-related disciplinary incident. After a behavior complaint is made, an investigation will take place. This investigation, in accordance with M.G.L Ch 76, Section 5, will be nondiscriminatory, and will take into account explanations from involved parties and witnesses. Student discipline shall be addressed on an individual basis with each student, and may range from a conversation with the student to an expulsion, depending on the infraction. Individual student discipline will only be discussed with the family/guardians of the child directly involved. No information regarding students or their discipline will be given to anyone who is not a parent or guardian of that child. If the disciplinary procedures herein have been implemented and have been unsuccessful in changing the unacceptable behavior of a student, the parents/guardians will be contacted by the administration and may be asked to come into school to meet with their child's team of teachers and/or the administration.

Suspension

In-School Suspension: removal of a student from regular classroom activities, but not from the school premises, for no more than 10 consecutive school days, or no more than 10 school days cumulatively for multiple infractions during the school year.

Short-Term Suspension: removal of a student from the school premises and regular classroom activities for 10 consecutive school days or less. May be served in school, at the Principal's discretion.

Long-Term Suspension: removal cumulatively 10 to 90 days from the school premises and regular classroom activities. A Principal may, in his or her discretion, allow a student to serve a long-term suspension in school.

- Long-term suspension may not exceed 90 days (becomes expulsion)
- Suspension may not extend beyond the end of the school year in which the suspension is imposed

Suspension and Extracurricular Activities

Students, who are suspended from school, whether that suspension is an in-school or out-of-school suspension, are ineligible to participate in or to attend any extracurricular activity until the first day they return to school. For example, if a student's suspension runs through close of school on Friday, that student is not eligible to participate or to attend any school-sponsored activities, whether they are on or off school property, until the student has re-entered school on Monday. Furthermore, if a student's suspension runs through the close of school on Friday and a vacation period or school cancellation follows, the student is not eligible to participate in or to attend any school-sponsored activities, on or off campus, until the student has re-entered school.

Emergency Removal

Emergency Removal: temporary removal from school, not more than 2 school days following date of removal, when student is charged with offense, and where continued presence poses danger or presents material and substantial disruption, and in the principal's judgment there is no alternative.

Questions and Answers Addressing the Needs of Children with Disabilities and the Individuals with Disabilities Education Act's (IDEA's) Discipline Provisions.

Suspension

In every case of student misconduct for which suspension may be imposed , a Principal shall consider ways to re-engage the student in learning. Unless specific reasons are documented as to why such alternative remedies are unsuitable or counter-productive, and/or in cases where the student's continued presence in school would pose a specific, documentable concern about the infliction of serious bodily injury or other serious harm upon another person while in school, the principal shall not suspend or exclude a student until alternatives have been employed and their use and results documented. Alternatives may include but shall not be limited to the use of evidence-based strategies and programs such as mediation, conflict resolution, restorative justice, and collaborative problem-solving.

The superintendent and/or principal shall also implement district/school-wide models to re-engage students in the learning process which shall include but not be limited to positive behavioral interventions and support models, and trauma sensitive learning models.

Notice of Suspension

Except for emergency removal or an in-school suspension of less than 10 days, a Principal must provide the student and the parent/guardian oral and written notice, and provide the student an opportunity for a hearing and the parent/guardian an opportunity to participate in such hearing before imposing suspension as a consequence for misconduct. The Principal shall provide both oral and written notice to student and parent/guardian in English and in the primary language of the home if other than English. The notice shall include the rights enumerated in law and regulation. To conduct a hearing without a parent/guardian present, the Principal must be able to document reasonable efforts to include the parent/guardian.

The principal or a designee shall notify the superintendent in writing, including by electronic means, of any out-of-school suspension imposed on a student enrolled in kindergarten through grade 3 prior to such suspension taking effect. That notification shall describe the student's alleged misconduct and the reasons for suspending the student out-of-school. For the purposes of this section, the term "out-of-school suspension" shall mean a disciplinary action imposed by school officials to remove a student from participation in school activities for 1 day or more.

For any suspension or exclusion under this section, the principal or designee of a school in which the student is enrolled, shall provide to the student and parent/guardian, notice of the charges and the reason for the suspension or exclusion in English and in the primary language spoken in the home of the student. The student shall receive the written notification and shall have the opportunity to meet with the principal, or a designee, to discuss the charges and reasons for the suspension or exclusion prior to the suspension or exclusion taking effect. The principal, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal, or a designee, can document reasonable efforts to include the parent or guardian in that meeting.

Emergency Removal

A Principal may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the Principal's judgment, there is no alternative available to alleviate the danger or disruption. The Principal shall immediately notify the Superintendent in writing of the removal including a description of the danger presented by the student.

The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the Principal shall:

1. Make immediate and reasonable efforts to orally notify the student and the student's parent/guardian of the emergency removal, the reason for the need for emergency removal, and the other matters required in the notice as referenced in the applicable regulation;
2. Provide written notice to the student and parent/guardian as required above. The notice shall include the rights enumerated in law and regulation;
3. Provide the student an opportunity for a hearing with the Principal that complies with applicable regulations, and the parent/guardian an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the Principal, student, and parent/guardian;

4. Render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of applicable law and regulation.

A Principal shall also ensure adequate provisions have been made for the student's safety and transportation prior to removal.

In School Suspension - not more than 10 days consecutively or cumulatively

The Principal may use in-school suspension as an alternative to short-term suspension for disciplinary offenses provided that the Principal follows the process set forth in State regulation and the student has the opportunity to make academic progress.

Principal's Hearing - Short Term Suspension of up to 10 days

The hearing with the Principal shall be to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

At a minimum, the Principal shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information.

The student also shall have an opportunity to present information, including mitigating facts, that the Principal should consider in determining whether other remedies and consequences may be appropriate as set forth in law and regulation.

The Principal shall provide the parent/guardian, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student.

The Principal shall, based on the available information, including mitigating circumstances, determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

The Principal shall notify the student and parent/guardian of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal, as required by law and regulation. The determination shall be in writing and may be in the form of an update to the original written notice.

If the student is in a public preschool program or in grades K through 3, the Principal shall send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension, before the short-term suspension takes effect.

Principal's Hearing - Long Term Suspension of more than 10 days but less than 90 days (consecutive or cumulative)

The hearing with the Principal shall be to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

At a minimum, in addition to the rights afforded a student in a short-term suspension hearing, the student shall have the following rights: In advance of the hearing, the opportunity to review the student's record and the documents upon which the Principal may rely in making a determination to suspend the student or not; The right to be represented by counsel or a lay person of the student's choice, at the student's/parent's/guardian's expense; The right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; The right to cross-examine witnesses presented by the school district; The right to request that the hearing be recorded by the Principal, and to receive a copy of the audio recording upon request. If the student or parent/guardian requests an audio recording, the Principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent/guardian upon request.

The Principal shall provide the parent/guardian, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the Principal should consider in determining consequences for the student.

The Principal shall, based on the evidence, determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension as required by law and regulation, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The Principal shall send the written determination to the student and parent/guardian by hand-delivery, certified mail, first-class mail, email to an address provided by the parent/guardian for school communications, or any other method of delivery agreed to by the Principal and the parent/guardian.

If the Principal decides to suspend the student, the written determination shall: Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing; Set out the key facts and conclusions reached by the Principal; Identify the length and effective date of the suspension, as well as a date of return to school; Include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school as required by law and regulation; Inform the student of the right to appeal the Principal's decision to the Superintendent or designee, but only if the Principal has imposed a long-term suspension. Notice of the right of appeal shall be in English and the primary language of the home if other than English, or other means of

communication where appropriate, and shall include the following information: The process for appealing the decision, including that the student or parent/guardian must file a written notice of appeal with the Superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days; and that the long-term suspension will remain in effect unless and until the Superintendent decides to reverse the Principal's determination on appeal.

If the student is in a public preschool program or in grades K through 3, the Principal shall send a copy of the written determination to the Superintendent and explain the reasons for imposing an out-of-school suspension before the suspension takes effect.

Superintendent's Hearing

A student who is placed on long-term suspension following a hearing with the Principal shall have the right to appeal the Principal's decision to the Superintendent.

The student or parent/guardian shall file a notice of appeal with the Superintendent within the time period noted above (see Principal's hearing - Suspension of more than 10 days). If the appeal is not timely filed, the Superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

The Superintendent shall hold the hearing within three (3) school days of the student's request, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days, in which case the Superintendent shall grant the extension.

The Superintendent shall make a good faith effort to include the parent/guardian in the hearing. The Superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent/guardian and Superintendent to participate. The Superintendent shall send written notice to the parent/guardian of the date, time, and location of the hearing.

The Superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. The Superintendent shall arrange for an audio recording of the hearing, a copy of which shall be provided to the student or parent/guardian upon request. The Superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent/guardian upon request. The student shall have all the rights afforded the student at the Principal's hearing for long-term suspension.

The Superintendent shall issue a written decision within five (5) calendar days of the hearing which meets the requirements of law and regulation. If the Superintendent determines that the student committed the disciplinary offense, the Superintendent may impose the same or

a lesser consequence than the Principal, but shall not impose a suspension greater than that imposed by the Principal's decision. The decision of the Superintendent shall be the final decision of the school district with regard to the suspension.

Expulsion

Expulsion is defined as the removal of a student from school for more than ninety (90) school days, indefinitely, or permanently as allowed by law for possession of a dangerous weapon; possession of a controlled substance; assault on a member of the educational staff; or a felony charge or felony delinquency complaint or conviction, or adjudication or admission of guilt with respect to such felony, if a Principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school.

Any student expelled from school for such an offense shall be afforded an opportunity to receive educational services and make academic progress.

Academic Progress

Any student who is suspended or expelled shall have the opportunity to earn credits, make up assignments, tests, papers, and other schoolwork as needed to make academic progress during the period of his or her removal from the classroom or school. The Principal shall inform the student and parent/guardian of this opportunity in writing, in English and in the primary language of the home, when such suspension or expulsion is imposed.

Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, shall have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan.

The Principal shall develop a school-wide education service plan describing the education services that the school district will make available to students who are expelled or suspended from school for more than ten (10) consecutive days. The plan shall include the process for notifying such students and their parents/guardians of the services and arranging such services. Education services shall be based on, and be provided in a manner consistent with, the academic standards and curriculum frameworks established for all students under the law.

The Principal shall notify the parent/guardian and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice shall be provided in English and in the primary language spoken in the student's home if other than English, or other means of communication where appropriate. The notice shall

include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

For each student expelled or suspended from school for more than ten (10) consecutive days, whether in-school or out-of-school, the school district shall document the student's enrollment in education services. For data reporting purposes, the school shall track and report attendance, academic progress, and such other data as directed by the Department of Elementary and Secondary Education.

Reporting

The school district shall collect and annually report data to the DESE regarding in-school suspensions, short- and long-term suspensions, expulsions, emergency removals, access to education services, and such other information as may be required by the DESE.

The Principal of each school shall periodically review discipline data by selected student populations, including but not limited to race and ethnicity, gender, socioeconomic status, English language learner status, and student with a disability status in accordance with law and regulation.

Bullying Prevention

The Old Rochester/MA School Superintendency Union #55 School Districts are committed to providing a safe, positive and productive educational environment where students can achieve the highest academic standards. No student shall be subjected to harassment, intimidation, bullying, or cyberbullying.

"Bullying" is the repeated use by one or more students or school staff members of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at a target that:

- causes physical or emotional harm to the target or damage to the target's property;
- places the target in reasonable fear of harm to themselves, or of damage to their property;

"Cyber-bullying" means bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature.

Cyber-bullying shall also include the creation of an electronic medium in which the creator assumes the identity of another person or knowingly impersonates another person as author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying.

Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Bullying and cyber-bullying may occur in and out of school, during and after school hours, at home and in locations outside of the home. When bullying and cyber-bullying are alleged, the full cooperation and assistance of parents and families are expected.

The Principal is responsible for the implementation and oversight of the bullying prevention and implementation plan within their school.

Reporting

Students, who believe that they are a target of bullying, observe an act of bullying, or who have reasonable grounds to believe that these behaviors are taking place, are obligated to report incidents to a member of the school staff. The target shall, however, not be subject to discipline for failing to report bullying.

Each school shall have a means for anonymous reporting by students of incidents of bullying. No formal disciplinary action shall be taken solely on the basis of an anonymous report.

Any student who knowingly makes a false accusation of bullying shall be subject to disciplinary action.

Parents or guardians, or members of the community, are encouraged to report an incident of bullying as soon as possible.

A member of a school staff shall immediately report any instance of bullying the staff member has witnessed or become aware of to the school Principal or their designee.

If the school Principal or a designee determines that bullying has occurred they shall take appropriate disciplinary action and if it is believed that criminal charges may be pursued against the perpetrator, the Principal shall consult with the school's resource officer and the Superintendent to determine if criminal charges are warranted. If it is determined that criminal charges are warranted, the local law enforcement agency shall be notified.

The investigation shall be completed within fourteen school days from the date of the report. The parents or guardians shall be contacted upon completion of the investigation and informed of the results, including whether the allegations were found to be factual, whether a violation of this policy was found, and whether disciplinary action has or shall be taken. At a minimum the Principal or their designee shall contact the parents or guardians as to the status of the investigation on a weekly basis.

Disciplinary actions for students who have committed an act of bullying or retaliation shall be in accordance with district disciplinary policies.

Each school shall document any incident of bullying that is reported per this policy and a file shall be maintained by the Principal or designee. A monthly report shall be provided to the Superintendent.

Harassment

Harassment is oral, written, graphic, electronic or physical conduct on school property or at a school related event, function or activity relating to an individual's action or perceived race, color, national origin, ethnicity, religion, sex, sexual orientation, age, or disability (i.e., protected status), that is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the district's programs or activities, by creating a hostile, humiliating, intimidating, or offensive educational environment. For purposes of this policy, harassment shall also mean conduct, if it persists, that will likely create such a hostile, humiliating, intimidating or offensive educational environment.

Retaliation

Any form of intimidation, reprisal, or harassment by a student directed against any student, staff or other individual for reporting or filing a complaint, for aiding or encouraging the filing of a report or complaint, for cooperating in an investigation under the district's Comprehensive Civil Rights Policy, or for taking action consistent with the policy.

Hate Crime

A hate crime is a crime motivated by hatred, bias, or prejudice, or where the victim is targeted or selected for the crime at least in part because of their actual or perceived race, color, ethnicity, national origin, religion, sexual orientation, age, disability or sex. A hate crime may involve a physical attack, threat of bodily harm, physical intimidation, or damage to another's property.

Sexual Harassment

We are committed to providing an educational environment that is free of sexual harassment. Sexual harassment is unacceptable and will not be tolerated in any form at any level of the school system. Any student or employee found to have condoned or engaged in sexual harassment may, depending upon the extent of the student's participation, be subject to disciplinary sanctions, up to and including suspension, in or out of school, or permanent exclusion from school in the case of a student, and up to and including termination of employment, in the case of an employee.

If a student or employee believes that they have been subjected to sexual harassment,

whether by a student, a school employee, or any other person who comes on school property with permission, or that they have witnessed the sexual harassment of another, the student or employee should report the incident promptly to the Principal, the Assistant Principal, the Superintendent, the Assistant Superintendent, or any other administrator with whom the student or employee feels comfortable. A complaint of sexual harassment by a student, or by a parent on the student's behalf, may also be made to any counselor or teacher. A counselor or teacher who receives such a complaint will notify the appropriate administrator to initiate an investigation.

It is the policy of the school committee to have all complaints of sexual harassment promptly and fully investigated and to take any steps necessary to remedy the situation. Normally, the Principal/Assistant Principal will conduct the investigation of a complaint of sexual harassment or a designee selected by the Principal and will include separate private interviews with the complainant, each person accused of harassment and each of the witnesses, if any. The administrator conducting the investigation will ordinarily document the interview, but those interviewed may also be asked to provide a written statement. All students and employees are expected to cooperate fully with any investigation of sexual harassment. Information provided during an investigation of sexual harassment will be accused may be informed of the identity of the complainant or witnesses, but, in those circumstances, the accused will be cautioned against reprisals or recriminations or any attempted intimidation or coercion of the complainant or witnesses. At the conclusion of the investigation, the administrator will prepare a report, which will be shared with both the complainant and the person or persons accused of harassment. If the complainant or the accused is dissatisfied with the results of the investigation, either may discuss the issue directly with the superintendent.

Conflict of Interest Law and Gifts for Teachers

The Commonwealth's conflict of interest law, G.L. c. 268A, and the financial disclosure law, G.L.c.268B, restrict gifts and gratuities that school staff may receive. All teachers and school volunteers must be made aware of the content of these laws, specifically sections 3 and 23 of 268A, and section 6 of 268B. Section 3(b) prohibits a public employee from requesting or receiving anything of 'substantial value'* which is given for or because of an official act or act within the public employee's official responsibility. Similarly, under section 3(a), no one may give or offer such gifts to public employees.

In addition, G.L.c. 268B, section 6, specifically prohibits public employees or members of their immediate families from soliciting or accepting gifts with an aggregate value of \$100.00 or more in a calendar year. Next, under G.L.c. 268A, section 23(b)(2), public (school) employees are prohibited from using or attempting to use their position to obtain for themselves or others unwarranted privileges of substantial value that are not properly available to similarly situated individuals. Finally, even if a gift or gratuity is not of substantial value or does not fall within the prohibitions discussed above, G.L.c.

268A, section 23(b)(3) will, in many situations, require public (school) employees to disclose to their appointing authority, the gift and their relationship with the giver.

All school volunteers are required to be aware of the state's general laws and language surrounding gifts.

****Anything worth \$50.00 or more is considered to be "of substantial value" for the purposes of the conflict of interest law.***
