NEWBURY TOWN SCHOOL DISTRICT

OXBOW HIGH SCHOOL

2024-2025 BUS ROUTES

For further information, please contact Butler's Bus Service at 603-787-6925. Listed below is a brief statement regarding rules for the transportation of students followed by the bus routes. The daily transportation of the area students is a privilege accorded by the school system and complies with statutory requirements regarding such transportation. To provide maximum safety, each eligible student riding the school bus shall conform to the regulations as established:

1. Not occupy any position that would interfere with the bus driver's vision.
2. Always remain seated when the bus is in motion.
3. Not place bundles, books etc., in the aisles or step well or in front of the emergency door of the bus. Any parcel a student brings on the bus must fit in their lap and cannot be higher than the back of the seat facing the student.
4. Follow the same standards of conduct and courtesy that are expected in the classroom or as prevail for the school system.
5. Please keep the noise level to a minimum. This can cause a distraction for the driver whose top priority is safety.

The bus drivers reserve the right to assign seats without cause to maintain a distraction free bus ride.

(Students must have permission to ride another bus. A "pass" must be given by an authorized person at the school before a student can ride on another bus.)

Please have your child out 5 minutes before the stop times provided below and allow up to 5 minutes after. Keep in mind that until a routine is established at the start of the school year times may vary. Times will be more consistent a couple weeks into the start of the school year. Thank you in advance for your patience. If your child is new or has changed addresses, keep in mind the roads that the routes travel on, if you see we are already on that street have them out 5 minutes before the times listed as well.
