## CAMPUS REMINDERS

Each classroom now has a campus pass. In order to use the restroom or travel anywhere on campus, you will need the campus pass. Time out of the classroom should be no more than 5 minutes. Students who are found outside of class without a campus pass will be counseled and returned to their classroom. Students who continue to be out of class without a campus pass and without permission may find their campus movement restricted, may be put on structured day, or perhaps the non-privilege list. Please ask if you have any questions.

## ATTENDANCE AWARENESS

# Attendance Works

September is recognized nationwide as "Attendance Awareness Month," a time to emphasize the important role that consistent attendance plays in shaping the educational journey of our students. As we build attendance habits in September, we want to highlight the importance of regular attendance during the entire academic year.

Strong attendance is the foundation for academic success, personal growth, and building a strong school community. When students are present, they have the opportunity to engage with their teachers, peers, and the curriculum, leading to a more enriched and fulfilling learning experience.
