Addendum No. One (1)
To
BCSD RFP #25-03-01
MOBILE HEALTH VEHICLE

Response Due Date: Thursday, April 24, 2025 @ 11:00 A.M.

Issued by:

Department of Stores and Purchasing
David West, Director
Bakersfield City School District
March 26, 2025

Questions and Answers:

1. **Question:** In the description of the MHV, it is indicated that "the vehicle must run on gasoline fuel" and later it is indicated that a "20kW water cooled diesel generator" is requested. It is atypical for the chassis and generator to have different fuel types. Does BCSD prefer to have a gas chassis and generator or a diesel chassis and generator?

   Answer: Please change the generator to gas, not diesel, but still 20kW or larger.

2. **Question:** Should the vendor include any equipment for vision or hearing screening??

   Answer: No, this will be owner supplied.

3. **Question:** Should the vendor include any equipment for point of care testing? If so, please provide quantity and preferred make/models?

   Answer: No, this will be owner supplied.

4. **Question:** Should the vendor include a printer/fax machine for reception/waiting area? If so, are there any special capabilities that need to be considered?

   Answer: No, this will be owner supplied.

5. **Question:** Should the vendor include the Ritter 204 exam tables?

   Answer: Yes, vendor should include the Ritter 204 exam tables or equal.

6. **Question:** What is the expected timeline for delivery and/or requested in-service date?

   Answer: Delivery and in service date to be March 1, 2026 or earlier.

7. **Question:** Will BCSD accept a 30-day tag in lieu of "e" license plates?

   Answer: No.

8. **Question:** Will BCSD accept a vehicle with greater than 2500 cumulative miles, if vendor location exceeds this distance?

   Answer: Yes, but mileage must not exceed the distance from the vendor to the Bakersfield City School District Office.

9. **Question:** Will BCSD consider negotiation of terms and conditions to incorporate vendor terms and conditions

   Answer: No.

10. **Question:** We understand, you're looking for a layout with two entry doors, a reception area, an ADA-compliant wheelchair lift, and two exam rooms. Typically, we position the main entrance where the reception area is, and then access to the exam rooms from there. The second door would be for the wheelchair lift. To help make sure we're on the same page, do you have a preference for which exam room should have the additional entry door?

    Answer: The preference would be the second entry door is on the same side of the unit as the first entry door.

TO BE INCLUDED WITH BID:

I (we) acknowledge receipt of the following addenda to the specifications, all of the provisions and requirement of which have been taken into consideration on the preparation of the foregoing bid:
