Dear WFPS Elementary School Parent/Guardians,

The purpose of this message is to share important information regarding elementary school attendance zones for the 2025-26 school year.

In a district that is as dynamic and growing as West Fargo Public Schools, it is necessary to review school attendance zones periodically. This periodic review helps to ensure reasonable balance in enrollment, monitor/maintain similar class and school sizes when possible, and allows the district to best utilize all existing spaces before asking our taxpayers to fund additional space.

The district recently received updated enrollment projections, which support the need for elementary boundary adjustments for this fall within the Hawks feeder system (Aurora, Deer Creek, Horace, and Legacy). Horace Elementary is at capacity now and the projections show continued growth within the current Horace Elementary attendance zone through at least the 2029-30 school year. Thankfully, the other elementary schools within the Hawks feeder system have capacity, so the district will be able to address the issue at Horace Elementary without impacting any learner's feeder system.

We recognize that changes to school boundaries have a significant impact on our families, and we are committed to open and ongoing communication with impacted families as decisions are made. Thank you for your partnership and support as we work to best serve all learners and families in our district.

Sincerely,
WFPS Administrative Team

PS: Pre-registration opens on Monday, March 3 for our incoming kindergarten class! If you have or know of anyone with a child that will be eligible for kindergarten this fall, encourage them to pre-register ASAP. That information is an important part of our boundary discussion.
