The Inventors Team

6 years old - 12 years old

Bilingual programme

Nobel Students 110 €

External Students 130 €

THE INVENTORS

These holidays can be much more than just chocolate eggs and stories about bunnies.

With The Inventors' Holiday Camps, young inventors can "come out of their burrow" and enjoy hands-on experiences in science, electronics, art, engineering, and mathematics! All in a practical, immersive way, with their imagination set on the future.
