2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

School Mission & Vision

Alder Creek Elementary strives to "Educate and empower lifelong learners." Our shared mission is, "In collaboration with our community, we will educate and empower lifelong learners in academic and social emotional competencies in a respectful, inclusive, and culturally responsive manner while developing a sense of gratitude, perseverance, and purpose in our community." As a collective staff, we promote excellence in education, and lifelong learning focused on student success for college and career readiness. A focus on building relationships amongst staff, students, and families to promote lifelong self-efficacy through an emphasis on culture, climate, coherence, and maximizing student engagement will help build a school

2024-25 School Description and Mission Statement

where students and staff grow and learn together. A collective focus on student engagement and learning, where every child is known by name, ensures that every student will have the tools to reach their full academic potential.

Furthermore, Alder Creek embraces the Folsom Cordova Unified District's mission & vision statements:

VISION STATEMENT

Empowering all students to thrive through educational excellence.

MISSION STATEMENT

FCUSD is committed to providing excellence in educational programs that carry high expectations for each student's success. In collaboration with our community, the mission of FCUSD is to ensure all students demonstrate high levels of learning through our commitment to continuous cycles of improvement, transformative social emotional learning, and engaging, culturally responsive instruction.

School & Community Profile

Alder Creek Elementary School opened on August 8, 2024. Nestled against the foothills of El Dorado, the homes of the Folsom Ranch community surrounding the campus. The future site of a park (coming 2027) is adjacent to the campus and will serve as a wonderful area for families to meet and play. Students in grades transitional kindergarten (TK) through fifth attend Alder Creek. There are approximately 575 students at Alder Creek Elementary, a population with 16% identified English Learner (EL) students, 0% foster youth, 16% of students qualifying for "unduplicated" status. The surrounding neighborhood is populated with families who are highly involved and eager to participate in the education of their children. The school reflects a culture of learning and a strong home-school connection. Alder Creek operates on a traditional calendar that begins in August, provides three trimesters of instruction for our students, and ends in May. The staff is made up of educators who hold California Teaching Credentials and paraprofessionals who support our students and staff.

The campus is made up of one primary two-story building, which includes five wings, a library, a multipurpose room, and an administration office. The building was built with collaboration in mind. Classrooms have glass accordion doors that open up to common areas that provide for opportunities for students and staff to engage with each other. Students are engaged in instruction as you enter each school. Everyone on campus has a sense of pride in our learning community. Parents are an important part of the daily classroom routine. Whether it is working with a small group, one-on-one, or assisting with procedures, volunteers are visible at Alder Creek on a daily basis.

A detached Student Care building for before and after school care also sits on our property to the south. Many students attend the before and after school Student Care Center located on campus.

Our School Site Council (SSC) is actively involved in our educational program. Our PTA Board will be established in the coming months, and they will plan numerous activities and events, which enhance family engagement and positive relationships among families, teachers, and students. The PTA will provide financial support through fundraising that supplements schoolwide curriculum, consistently supporting Science Technology Engineering Arts and Math (STEAM) integration, educational field trips and assemblies, and increasing and updating our library collection, in an effort to support our core curriculum. The school has Chromebooks in every classroom to enhance access to technology as a tool for learning. Each classroom is equipped with a document camera and Promethean Board to enhance learning and allow teachers to interact and engage with their students through technology.

Alder Creek Elementary School students have opportunities to be involved in Student Leadership, physical education, Gifted & Talented Education (GATE), music, and Special Education Services. Students can participate in after school enrichment activities such as engineering, art, coding, dance, chess, athletics, and other extra-curricular clubs.

Our school is structured around high academic and behavioral expectations, which help maintain a positive school culture and climate. Our staff believes that all students have the ability to learn and are committed to providing conditions that promote student success. This success is accomplished using clear expectations that are directly taught throughout the school year. Students are recognized through verbal and written feedback for expected behavior. The entire staff believes that "all means all" and shares in the collective responsibility of providing an environment where every student can meet or exceed their educational goals.

At Alder Creek, we believe that all students can learn and that we, working in partnership with families, can facilitate learning to ensure that our students will achieve their greatest potential. This will be accomplished by teaching a rigorous curriculum, maintaining high academic standards, promoting good character, and supporting the social and emotional needs of our

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Folsom Cordova Unified will have a Public Hearing on August 15, 2024, and determine that each school within the district has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the State Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Alder Creek Elementary School is a 75,000 square foot building that sits on a 10-acre site and accommodates approximately 700 students. The school is designed as a two-story, single building concept, which includes five wings with 30 classrooms, a library, a multipurpose room, and an administration office with one primary main entrance. The building was designed with collaboration in mind. Classrooms have glass accordion doors that open up to collaboration spaces, including smaller, break-out spaces that accommodate project-based activities and small group instruction. The school was built in 2024 and opened on August 2, 2024.

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these

School Facility Conditions and Planned Improvements

standards is available at the school office, at the LEA office, or on the Internet at <https://www.fcusd.org/departments/maintenance-operations/covid-19-info-cleaning-standards>. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The LEA participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2024/2025 school year, the LEA has budgeted 9% percent of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents are an important part of the daily classroom routine. Whether it is working with a small group, one-on-one, or assisting with procedures, volunteers are visible at Alder Creek on a daily basis.

Our School Site Council (SSC) is actively involved in our educational program. Our PTA Board will be established in the coming months, and they will plan numerous activities and events, which enhance family engagement and positive relationships among families, teachers, and students. The PTA will provide financial support through fundraising that supplements schoolwide curriculum, consistently supporting Science Technology Engineering Arts and Math (STEAM) integration, educational field trips and assemblies, and increasing and updating our library collection, in an effort to support our core curriculum.

At Alder Creek, we believe that all students can learn and that we, working in partnership with families, can facilitate learning to ensure that our students will achieve their greatest potential. This will be accomplished by teaching a rigorous curriculum, maintaining high academic standards, promoting good character, and supporting the social and emotional needs of our students and staff.

2024-25 School Safety Plan

This Comprehensive School Safety Plan (referred to as “CSSP”) was developed in conjunction with our local fire department as well as our local law enforcement partners March 2022). The current plan is updated annually and reviewed by this site’s Safety Planning Committee (referred to as “the Group”) under advisement and with assistance from the Folsom Cordova Unified Safe Schools Team. This plan may be evaluated and amended as needed but shall be reviewed by the Group no less than annually and updated as required per CA Education Code (Sections 32280-32288).

2024-25 School Safety Plan

Consistent with CA Education Code Section 32281, the Plan Review Group minimally includes the site Principal (or designated administrator), 1 teacher representative, 1 classified employee representative, and 1 parent of a student that is currently enrolled. The Group also includes an identified Safe Schools' Safety Specialist. Additional members are included as necessary as recommended by the CDE such as students, mental health specialists, nurses, athletic coaches, multilingual liaisons, and other stakeholders. The Group is comprised of the following members:

Sara Parenzin, Principal
 Aimee Peterson, Teacher
 Bonnie Napton, Teacher
 Megan Delossantos, Teacher
 Micah Baker, Parent
 Malissa Thatcher, Classified Staff Member
 Jimmy Attebery, Head Custodian
 Dierdre McAuliff/ Morgan Sears, School Resource Officers
 Coordinator of Safe Schools D. T. Martin (Review date ___/___/___)

In accordance with guidance from the California Department of Education, the Group shall ensure the final reviewed and approved plan is completed, submitted to the District Safe School's Office and available to the public for inspection upon request no later than March 1 of each calendar year.

Where practical, The Group consulted and coordinated with local law enforcement, fire districts, other school sites, district safety planning teams and student support service teams to improve district-wide consistency in planning, response, and resource availability to increase campus safety and create a culture and environment that promotes positive student behavior and academic success.

A public meeting was held on October 7, 2024, at Alder Creek Elementary open to the school community to review the plan and receive input.

This plan has been approved by the group on November 7, 2024, and submitted to the Coordinator of the Folsom Cordova Unified Safe Schools Program on [November 22, 2024] for review.

Professional Development

Folsom Cordova Unified School District provided staff with three professional development days this school year. Each employee is encouraged to grow professionally through self-evaluation and reflection; by attending college and university classes as well as statewide and local workshops; reading professional literature, and networking. District-sponsored in-service training is provided through Professional Learning Communities (PLC) training, lead teachers, Teachers on Special Assignment (TOSA), and site-level academic, reading, math, science, and technology coaches. Professional development was also offered on the Science of Reading (SOR), English language development, Positive Behavior and Intervention Supports (PBIS), and on other instructional practices. FCUSD district staff works collaboratively to provide an induction program for qualified new teachers and ongoing professional development workshop options. Alder Creek Elementary School offers a comprehensive approach to professional learning. Professional Development (PD) is driven by needs as revealed in our annual Comprehensive Needs Assessment. PD is also determined by district initiatives. Staff members engage in PD on full days in August and October, as well as at each monthly staff meeting, and on super minimum days. Student achievement data and relevant topics, including standards-based instruction and student progress, family engagement strategies, school culture, and student engagement are discussed at each meeting. Teachers are also given one release day during the school year to engage in Every Student By Name (ESBN) and Professional Development.
