

**Greater Lawrence Technical School**

Chet Jackson  
Principal

December 18, 2024

Greater Lawrence Technical High School is committed to ensuring that all children, including those who may have disabilities, are identified and evaluated as required by federal and state law. Under the **Individuals with Disabilities Education Act (IDEA)**, **Child Find** mandates that public schools identify children who may have disabilities that impact their ability to learn and participate in educational programs.

If you suspect that a child may have a disability, we encourage you to contact the Special Education Department for further guidance and support. We work collaboratively with families and professionals to ensure that all eligible students receive the appropriate services and support for their educational success.

To learn more about our **Child Find** procedures and how to refer a student for evaluation, please contact the Special Education Director or principal at Greater Lawrence Technical High School or visit the Massachusetts Department of Elementary and Secondary Education (DESE) website for further information on Child Find policies and procedures.
