March 27, 2025

Dear Parents/Guardians,

In accordance with requirements from the New Jersey Department of Education and the Federal Environmental Protection Agency (EPA), all school districts in New Jersey must test their water for lead by June 30, 2025.

To comply with this mandate, we partnered with Epic Environmental LLC to conduct water testing at Pitman Elementary School, Memorial School, W.C.K. Walls School, and Pitman Jr./Sr. High School. Testing was performed on March 8, 2025, on a variety of water fixtures, including sinks, bottle-filling stations, and water fountains.

We are pleased to report that all 58 tested fixtures met state and EPA safety standards, meaning *no further action is required* by the Pitman Board of Education.

The full testing results are attached for your reference.

If you have any questions concerning this matter, please contact me at 856-589-2145 or my administrative assistant Mrs. Addeo at [aaddeo@pitman.k12.nj.us](mailto:aaddeo@pitman.k12.nj.us) with your concerns.

Sincerely,

A handwritten signature in black ink that reads "Robert J. Preston".

Robert J. Preston, Ed.D.  
Superintendent
