Five Tips and Tricks for CMAS

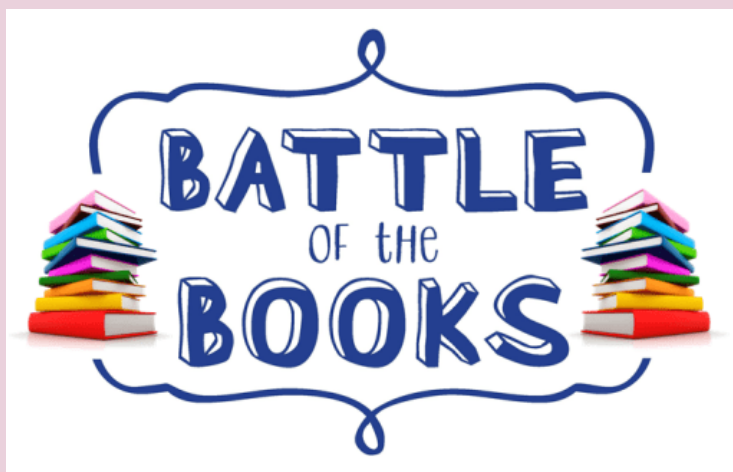

By: JR Salazar

1. When you are stressed, do box breathing so you can calm down.
2. Stretch when you need to.
3. Make sure you use positive self-talk with yourself.
4. Try to work hard even if you get something wrong.
5. If you are good at memorizing stuff, do that with your notes so you know what to do.

What is Battle of the Books? (BOB)

By Addy Hunter and Will Tyler

You might think that Battle of the Books is where people fight over books but it's really, really, not. Battle of the Books is where you read 10 chapter books and memorize things from the book. Then you compete in a competition against another team and see who can answer more questions about the books. Each time you win, the more of a chance you can go to the competition with other schools. There are 24 questions in each competition.

Student of the Month:

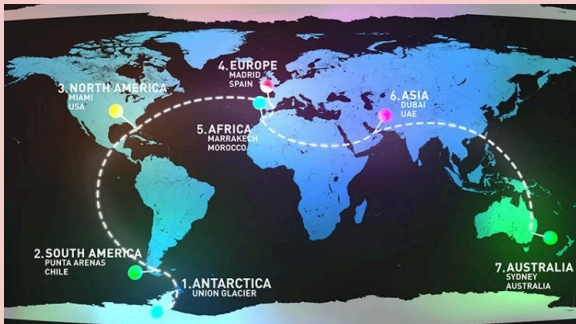

The March Student of the Month trait was risk-taking. You can view all the students who were nominated [here](#). Congrats to all the winners!

The World Marathon

By: Will Tyler

Running one marathon is hard enough but imagine running 7 marathons in 7 days. Welcome to the World Marathon. The World Marathon is an annual event limited to just 60 athletes and costs \$48,000 per person. This year's challenge, held from January 31 to February 6, 2025, drew participants from 21 countries. The youngest was 18, while the oldest was an impressive 68! The race kicked off in Ultima Base, Antarctica, followed by marathons in Cape Town, Perth, Dubai, Madrid, Fortaleza, and Miami. This marathon can have VERY different times and Weather as competitors start in Antarctica there can be a temperature of lower than 0 degrees but when the competitors can experience temperatures of 95 Degrees. Also they have to travel by Plane to all these different places. They also pass through 19 time zones. The 2025 overall winner was Paul Holborn, a British native who now lives in San Antonio, Texas. He averaged 3:22:36 per marathon, finishing with a total time of 23 hours and 38 minutes. Holborn's achievement is even more remarkable, considering he ran his first marathon just 19 months before the event.

How to Dye Easter Eggs

By Eveline Bain

Step 1 :Add one cup boiling water to a heat safe glass.

Step 2 :Add two teaspoons of vinegar.

Step 3 :Add 10 to 12 drops of food coloring, depending on how deep you want the coloring.

Step 4 :Lower an egg carefully into the colored water.

Step 5 :Repeat with all colors.

Step 6 :Let the eggs sit in the dye until the desired color is reached.

P.S. - The most popular colors for easter eggs are : pink, yellow, green, blue, white and gold. 🎉

Golden Retrievers

By: Anna Southwell

Golden Retrievers can weigh from 55 pounds to 75 pounds (25 kilograms to 34 kilograms). They are medium-sized dogs. Also, Golden Retrievers have long tails and friendly, innocent eyes but they are best known for their gold or cream colored fur. A female Golden Retriever gives birth then, after 12 months the puppies can leave their mother. Most Golden Retrievers live for 10 years to 13 years. You can take care of your dog Golden Retrievers by training, exercising and brushing their fur every

day. Did you know that Golden Retrievers love to swim, are from scotland, are great hunters, they are good listeners, they love to help people who are blind, and they love to learn tricks. I hope you liked learning about Golden Retrievers.

How to Take Care of a Cat

By Carrie and Eveline

Taking care of a cat can be hard work but if you give it food, water and a lot of love and attention it will be easy peasy.

Did you know that there are over 100 types of cats?

When a cat is happy it can sometimes purr but it doesn't always mean that they are happy.

A cat's purr can help to heal bones.

There are over 79 types of cats.

A kitten can run 30 mph, faster than a dog.

Cats have 32 muscles in their ears alone

A 22 year old cat is about 100 human years old.

You should get your own cat one day!
