Who: Parents and children concerned about mental health in the digital age

Millions of young people experience high levels of stress, anxiety, and depression. In this context, we follow physician and filmmaker Delaney Ruston as she explores innovative solutions for enhancing adolescent well-being in the digital age.

During our time together, we will view the film, which serves as a resource to uncover essential skills for building stress resiliency within schools and our community. This film is primarily intended for children aged 10 and older but may also be suitable for younger audiences with parental guidance.

Cold & Flu Season is HERE

Please report any symptoms of illness to the school. Please be specific- report symptoms such as sore throat, nausea, and fever instead of reporting "ill" or "sick". Giving symptoms helps with Health Department Reporting and to see illness trends in the district.

REASONS TO STAY HOME

- Fevers over 100.0
- Diarrhea
- Vomiting

Please keep your child home if they have NOT been fever free for a full 24 hours total with out the aide of fever reducing medication.

Free Covid Test

Families, the State of Kansas provided free over-the-counter covid tests, which are located in a basket in the front office. Free to take, no names or sign up required; no need to share the result with the school nurse unless you choose to do so.

FYI - the nurse's office DOES NOT have medication for allergy symptoms. Most medicines last for 12 hours - please take those at home.
