8th Grade Trip Parental Agreement

We are excited to offer our 8th grade students the opportunity to participate in our overnight field trips! While this is an exciting and fun experience, we recognize that it also comes with some stress since a student is away from home without a parent/caregiver. These trips are a great chance for 8th grade students to feel a sense of independence in a structured setting. We are asking that parents/caregivers read through the expectations below in order to best support your student on the trip and to be sure you are aware of systems we have in place around communication. Please sign and fill out the information at the end of this form once you have read through the information. If you have questions or concerns, please contact the trip coordinator.

- In order to maintain security and safety for the entire group of students:
 - Parents/caregivers who are not chaperones will not be permitted to follow the group independently.
 - Students are not allowed to visit with out-of-town family who live in the area where we are traveling.
- We recognize that communication is important during the trip. With that said, chaperones are directly working with students for the duration of the trip and may not be immediately accessible via email. The following protocols are in place for communication.
 - A Remind App will be provided to relay any general/whole group information for parents throughout the trip. This includes any issues that come up with travel schedules.
 - You will hear from a trip coordinator or administrator directly if there is a true concern to report to you regarding your student. Issues we encounter that are addressed likely will not be reported (i.e. hotel room issues, low-level conflicts between students).
 - Parents/caregivers are encouraged to support their student's independence on this trip. Should your child report an issue to you, advise them to report the concern to their chaperone.
 - If the issue is emergent or not resolved by your student speaking to a chaperone, parents/caregivers should reach out to the 8th grade house office and an administrator will get in touch with a trip coordinator.
- Parents will complete and submit all necessary paperwork for the trip by the specified due dates. These documents include but are not limited to:
 - permission to travel form
 - medical form

- parental agreement form
- trip insurance sign- off
- passport or birth certificate (Quebec trip only)

- If your student cannot find roommates, they will be assigned. School staff will work with students to find an appropriate match and will do their best to make sure students are familiar with each other prior to the trip.

- District policy states that bags may be searched prior to trip departure. Students should come to school the morning of the trip prepared to have their luggage searched by an administrator. Parents/caregivers are welcome to be present for this process if their student has their bag(s) searched.

I understand and am in agreement with the information above. I also understand that this is a school trip and that my student must adhere to the expectations in the Clarence Central School Code of Conduct and Clarence Middle School Handbook.

CLARENCE CENTRAL SCHOOL DISTRICT

MEDICAL GUIDELINES FOR OVERNIGHT FIELD TRIPS

A new form is required for each overnight field trip even if you already have submitted them for previous trips in the same school year.

Both pages of these forms must be turned in together, to the person coordinating the trip (unless otherwise instructed.) The coordinator should turn them in as a group to the school nurse.

The **form and medications** must be turned in with all signatures *at least 3-weeks prior* to the trip. If you cannot get the form completed **by the due date**, please notify the person coordinating the trip. If there will be a change in the medications before the trip, please contact the school nurse and provide an updated order from the doctor.

- 1. Medical Information Form** must be completed and signed by a parent or guardian and signed by a doctor if any medications are to be given (including over-the-counter.) It will be on file with the school nurse and will be carried by a designated person or nurse going on the trip. It is important for trip planning to notify of any allergies *well before the trip*.
- 2. Medication Order** must be completed. If you check "I DO NOT give permission...", sign and date below, and a doctor signature is not needed but then keep in mind the nurse going on the trip cannot give any over-the-counter medications under any circumstances. If you check "I DO give permission...", for prescribed and/or over-the-counter medications, this section *must be completed and signed by your child's physician* and the following information will apply:
 - Medications that are already in the health office with a signed doctor's order: please check the box for "Please send the following medication(s) *already on file in the health office*" *contact the nurse to request the medications to be sent on the field trip*.
 - If medications are *not* already in the health office, the Parent/Guardian is responsible for *bringing medication to the school at least 3-weeks prior to the trip*. Any prescription or nonprescription medication sent on the trip must include the *original labeled container*, and *only the amount needed for the trip*.
 - Medication not kept in school may be picked up during normal school hours at the end of the trip. Any remaining medication will be disposed of by the end of the school year.

Special Notes for Medications:

Students are NOT permitted to carry or self-administer medications, EXCEPT for inhalers, diabetic supplies, and EpiPen, and ONLY with prior approval from their doctor.

- If it is necessary for a student to carry and self-administer a medication: 1) the physician must order it; 2) the parent/guardian must request it in writing; and 3) the student must be evaluated for competency in self-administration by the school nurse.

Please contact your school Health Office with any questions.
