Eligibility

Eligible Employees:

You may enroll in the Gilbert Public Schools Employee Benefits Program if you are a full-time employee working at least 30 hours per week.

Eligible Dependents:

If you are eligible for our benefits, then your dependents are too. In general, eligible dependents include your spouse, domestic partner, and children up to age 26. If your child is mentally or physically disabled, coverage may continue beyond age 26 once proof of the ongoing disability is provided. Children may include natural, adopted, stepchildren and children obtained through court-appointed legal guardianship, as well as children of same sex state-registered domestic partners. Contact GPS Benefits to ensure all required paperwork is provided for eligible dependents.

When Coverage Begins:

The effective date for your benefits is July 1, 2025. All elections are in effect for the entire plan year and can only be changed during Open Enrollment unless you experience a qualified life event.

Qualified Life Events (QLE):

A QLE is a change in your personal life that may impact your or your dependent's eligibility for benefits. Examples of qualified life events include:

- Change of legal marital status (i.e., marriage, divorce, death of spouse, legal separation)
- Change in number of dependents (i.e., birth, adoption, death of dependent, ineligibility due to age)
- Change in employment or job status (spouse loses job, etc.)

If such an event occurs, you must request to make changes to your benefits within 30 days of the event date. Documentation is required to verify your change of status. Failure to request a change of status within 30 days of the event may result in you having to wait until the next open enrollment period to make your change. Please contact GPS Benefits to make these changes.

Medical Options - What's the difference?

Gilbert Public Schools offers medical coverage through AmeriBen using the Blue Cross Blue Shield of Arizona (BCBSAZ) network. The information below is a brief outline of the plans available to you and your eligible dependents. You can use any doctor or hospital in the PPO Blue Cross Blue Shield of Arizona network. Please visit <u>www.azblue.com/chsnetwork</u> to find a provider. Health Savings Account (HSA)

What is a Health Savings Account (HSA)?

An HSA is a tax-sheltered bank account that you own to pay for eligible health care expenses for you and/or your eligible dependents for current or future healthcare expenses. The Health Savings Account (HSA) is yours to keep, even if you change jobs or medical plans. There is no "use it or lose it" rule; your balance carries over year to year.

Plus, you get extra tax advantages with an HSA because:

- Money you deposit into an HSA is exempt from federal income taxes.
- Interest in your account grows tax free; and
- You don't pay income taxes on withdrawals used to pay for eligible health expenses. (If you withdraw funds for non-eligible expenses, taxes and penalties apply).
- You also have a choice of investment options which earn competitive interest rates, so your unused funds grow over time.

Are you eligible to open a Health Savings Account (HSA)?

Although everyone can enroll in the Qualified High Deductible Health Plan, not everyone is eligible to open and contribute to an HSA. If you do not meet the requirements below, you cannot open an HSA.

- You must be enrolled in a Qualified High Deductible Health Plan (QHDHP).
- You must not be covered by another non-QHDHP health plan, such as a spouse's PPO plan.
- You are not enrolled in Medicare.
- You are not in the TRICARE or TRICARE for Life military benefits program.
- You have not received Veterans Administration (VA) benefits or Indian health services (ISH) within the past three months.
- You are not claimed as a dependent on another person's tax return.
- You are not covered by a traditional health care flexible spending account (FSA). This includes your spouse's FSA. (Enrollment in a limited purpose health care FSA is allowed).

2025 HSA Contributions

You can contribute to your Health Savings Account on a pre-tax basis through payroll deductions, up to the IRS statutory maximums.

The IRS has established the following maximum HSA contributions:

FOR THE 2025 TAX YEAR: (GPS contributes \$375 annually for \$1,800 HDHP and \$725 annually for \$2,500 HDHP)

- \$4,300 Individual
- \$8,550 Family
- If you are age 55 and over, you may contribute an extra \$1,000 catch up contribution.
- You are responsible for making sure your annual contribution doesn't exceed the above maximums. Contributions from GPS are included in that total. For example, someone in the \$1,800 HDHP as an individual, after the GPS contribution, could contribute up to \$3,925 to not exceed IRS maximum.

Flexible Spending Accounts (FSA)

A Flexible Spending Account (FSA) allows you to set aside pre-tax dollars to cover qualified expenses you would normally pay out of your pocket with post-tax dollars. You pay no federal or state income taxes on the money you place in an FSA.

2025 FSA Contributions:

- \$3,300 Healthcare FSA
- \$5,000 Dependent Care FSA

How an FSA works:

Choose a specific amount of money to contribute each pay period, pre-tax, to one or both accounts during the year. This amount is pre-funded in full to your FSA at the beginning of the fiscal year. As you incur eligible expenses, you may use your flexible spending debit card to pay at the point of service. Please plan your FSA contributions carefully, as any funds not used by the end of the year will be forfeited. **Re-enrollment is required each year**.

Important rules to keep in mind:

- The IRS has a strict "use it or lose it" rule. If you do not use the full amount in your FSA, you will lose any remaining funds over the rollover allowance. You may roll up to \$660 of unused funds to the following year. You must enroll for the next plan year to roll over funds.
- Once you enroll in the FSA, you cannot change your contribution amount during the year unless you experience a qualifying life event.
- You cannot transfer funds from one FSA to another.
