SUMMER FUN FILLED WITH EXPLORATION AND DISCOVERY

WELCOME

Welcome to the fifth season of PCDS Summer! Our mission is to immerse children in a dynamic environment of exploration and discovery while ensuring their safety and well-being.

PCDS Summer builds upon the foundational principles of Park City Day School by fostering students' confidence, encouraging them to embrace new experiences, and supporting their ability to navigate challenges. Through collaborative play and experiential learning, campers will enhance their social-emotional skills, develop mindfulness, and cultivate an awareness of their beautiful mountain surroundings both on and off campus.

We invite you to explore this catalog and discover the enriching (and FUN!) opportunities that await.
