Re: September 2024 Treasurer's Report

Date: November 26, 2024

Attached are financial reports for September 2024. Below are explanations of major variances compared to the prior year.

Local revenue is approximately \$221,000 greater than the prior year primarily due to increases in real estate transfer tax revenue and other tuition by approximately \$620,000 and \$151,000, respectively. These increases are offset in the month of September primarily due to the timing of receipts for real estate taxes which is less than the prior year by approximately \$42,000 and will self-correct in October to reflect a 2.65% increase in taxes and assessed value growth of 1.22%. Other offsetting decreases are due to the timing of receipts and include public utility tax and interim real estate tax, decreases of approximately \$121,000 and \$101,000, respectively. Interest on investments is also less than the prior year by approximately \$312,000 (due to the General Fund holding more fixed term investments "CDs" in FY 2025 than FY 2024).

State revenue is approximately \$590,000 greater than the prior year. This increase is primarily related to increased subsidies in basic education \$183,000 and special education \$35,000. Property tax reduction revenue also increased by \$188,000. Retirement and social security revenues are greater than the prior year by approximately \$123,000 and \$48,000, respectively, because of increased salary expenditures. Federal revenue is approximately \$208,000 less than the prior year primarily due to the elimination of CARES Act funding and the timing of the receipt of Title funding.

Expenses are more than the prior year by approximately \$2,154,000. Personnel expenses are greater than the prior year by approximately \$1,349,000. Salaries and benefits increased by \$568,000 and \$781,000, respectively. Salaries are reflective of contractual salary increases. Benefits are primarily reflective of increases in health insurance of approximately \$627,000 and PSERS expense increase of approximately \$140,000 due to salary increases. Non-personnel related expenses are greater than the prior year by approximately \$805,000, most notably due to the timing of technology related licensing, repairs/maintenance costs, insurance expense, and charter school payments; offset by the net reduction of supplies/equipment primarily due to the one-time nonrecurring implementation costs of the new reading program in the previous fiscal year.

On a monthly basis, actual revenue and expense by detailed lines are compared to budget and prior year actuals. The budget column represents the full year, therefore, each month we look at the receipts or spending to date as a percentage of the total budget, taking into consideration known variations in the timing of each line.
