

February 2025

Congratulations to the FMES team! It is a remarkable achievement to be recognized as a Distinguished School of 2024, an achievement of 2 schools in NY State . This national recognition is a testament to your dedication and hard work in fostering early literacy and math skills among your students. This award is given by The National Association of ESEA State Program Administrators (formerly the National Title I Association) , which is committed to enhancing the capacity of education professionals to provide high-quality education for disadvantaged children. Fort Montgomery is being honored for its success in closing the achievement gap among specific subgroups, including economically disadvantaged students, students with disabilities, English language learners, as well as Black and Latino students.
