PULASKI COUNTY SCHOOLS
PULASKI COUNTY BOARD OF EDUCATION

NOTICE TO SCHOOL EMPLOYEES

In accordance with EPA regulations, the facilities containing asbestos which are owned by the **Pulaski County Board of Education** have been inspected for friable (easily crumbled) as well as non-friable (not easily crumbled) asbestos containing building materials. Asbestos containing materials are known to cause health problems when fibers are breathed or ingested.

Non-friable asbestos-containing building materials found at the **Pulaski County School Buildings** are typically present in the following materials:

(1) Floor Tile & other miscellaneous material
(2) Mastic
(3) Thermal systems insulation

For those facilities which have been positively shown or assumed to contain asbestos materials, a record of the Asbestos Management Plan, a diagram of the prior locations of friable and non-friable asbestos-containing materials and a copy of relevant EPA regulations are available in the Principal's Office for review by any employee of the Pulaski County Board of Education.

For further information, interested persons should contact the Pulaski County Board of Education's EPA designated person, Jason Eaton.
